A Legacy of Service. A Passion for Property. A Reputation Built on Trust.

Born in the charming town of Heilbron in the Free State and raised in Klerksdorp as one of five spirited daughters, my journey has always been rooted in people.

After matriculating, I pursued my studies in Social Work at the P.U. for CHE—now Northwest University, Potchefstroom campus—laying the foundation for a career defined by empathy, integrity and dedication.

Early in my professional life, I served at the Mental Health Society and the Dutch Reformed Church Welfare Organisation before moving into Industrial Social Work at the Anglo American Corporation of South Africa in Welkom.

I later obtained my Master's degree from the University of the Free State, with a thesis focused on the Employee Assistance Programme within the mining sector.

My career path then led me to the role of Senior Community Development Manager at the South African Housing Trust—an experience that sparked my passion for property.

Recognising my natural business acumen and entrepreneurial flair, I transitioned into real estate and never looked back. With both my NQF4 and NQF5 (Principal's) qualifications, I have proudly served as a Master Property Practitioner for over 11 years.

In this time, I have cultivated a respected name in the industry—known for my insight, dedication and the personal relationships I build with each client.

To me, property is never just about bricks and mortar—it's about people, lifestyle, legacy and trust. Exceptional service isn't just a promise; it is the foundation upon which I've built my business.

My clients coming back to me, is a testimony to that.

MY MOTTO IN LIFE:

Peace of mind,
is what my clients deserve.

Your Favourite PA, Social Media Sorceress & Real Estate Ray of Sunshine

Raised in Pretoria and proud to have matriculated in 2013, I began my property journey as an intern agent at Dunamis Properties—while also teaching Ballroom and Latin dance.

Life then led me on a creative and colourful ride, I moved to Jongensfontein in the Western Cape to pursue a BA in Forensic Science and Technology with a focus on Criminology—no doubt influenced by growing up in a legal household. Along the way, I added a florist certificate to my bouquet of talents, dabbled in transcription, website design, crafts and digital marketing.

Then, in June 2020, one meeting changed everything—I met Isabel. Her passion for real estate reignited mine and my heart returned to property. It's been home ever since.

In late 2021, I took a sabbatical to care for my grandparents. That time grounded and refueled me. I returned to Isabel Jacobs Properties with fresh heart, hustle and humour.

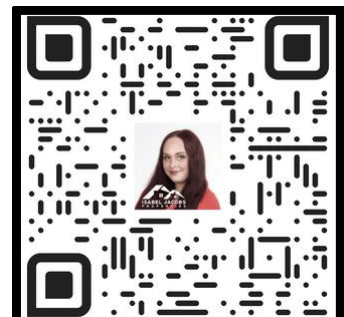

Since 2022, I've proudly served as Isabel's PA and the Social Media Specialist for Isabel Jacobs Properties—growing our brand's voice and digital presence. I genuinely love what I do and I believe it shows in my professionalism, creativity and willingness to go the extra mile.

In 2024, I am humbled to say that I obtained the Employee of the Year award, something I've worked very hard. Fast forward to 2025: I'm more driven than ever to push IJP forward—one post, campaign, listing and happy client at a time. All while keeping us sharp, relevant and tech-savvy.

At Isabel Jacobs Properties, my role isn't just a job—it's a joy. A daily blend of property, personality and people. And I'm here to make your real estate journey not just smooth, but absolutely spectacular and tech-driven!!

From Lightbulbs to Leases - The Go To for Getting Things Done

I was born and raised in Pretoria and am the youngest of three sisters. Coming from a sporty family, I started tennis lessons at the age of six and quickly found my rhythm—earning my provincial colours by the age of 12.

After losing my father at 13, my mother’s encouragement and his values stayed with me: give your all in everything you do. When it came time to choose between classical piano and tennis, tennis won—and that decision led me to an elite tennis academy at Menlo Park High. With just seven students in the program, we completed two academic years in one and had the opportunity to apply for international scholarships by age 17.

I accepted a scholarship to Graceland University in Iowa, USA, where I studied advertising and marketing for a year before returning to South Africa to be closer to loved ones. I then completed a 3-year diploma in Sports and Exercise Management at Tshwane University of Technology, launching my coaching career under Riaan Venter in Vanderbijlpark and eventually coaching for PUKKE.

Back in Pretoria, I opened my own tennis academy—until a new opportunity called. My mother and stepfather invited me to join their real estate business and I never looked back. I completed my NQF4 and found my passion in property.

After their business closed, I joined Stats Properties, where I spent 7 valuable years. During this time, I completed my PDE4 and NQF5, deepened my industry experience and learned the power of open, honest client relationships.

In 2023, I joined Isabel Jacobs Properties as Office Manager and Professional Property Practitioner, focusing on both Sales and Rentals—and was honoured to be named Rental Agent of the Year in 2024.

Now, in 2025, I continue to manage the IJP office with care and precision, oversee maintenance with my signature eye for detail and serve rental and sale clients with dedication and integrity. I’m excited for the journey ahead and committed to growing both personally and professionally with this dynamic and driven team.

The PayProp Pro, Crunching Numbers, Creating invoices and Keeper of the Coins.

Hi, I am Henriëtte Reinecke (nee Griffin) and was born, raised and married in Pretoria where I grew up on a small holding east of Moreleta Park. I was fortunate enough to matriculate at Hoër Landbouskool Bekker close to Magaliesburg where I obviously resided in the school hostel. Nature is my first love, so being on the “Platteland” was right up my alley!

Thereafter I completed a BA degree in Communications at University of Johannesburg, previously known as Randse Afrikaanse Universiteit where I was a “koshuis-brak” once again. As toddlers we were sent to Sungardens Nursery school and I could speak English almost before I could speak Afrikaans therefor one of my main subjects on university was English. The others were related to the field of communication. I funded my studies with a Study Loan from ABSA (the then Volkskas Bank) and strived to get employment at ABSA bank. After a couple of unsuccessful attempts, I finally landed myself a job there.

As life goes... got married and raised three lovely children. Our eldest Riaan is married to Anneke and expecting their first baby. Second born, Lize, married to Jacques and recently obtained her Masters Degree in Science (Plant pathology). The last born, Liané is engaged to Diederick and enrolled to study law.

I have been involved in office administration for more than 30 years, and have had the benefit of working in a wide variety of sectors.

I’m always ready to learn something new did some work at the local Post Office for the duration of my studies where I worked every Saturday morning to be able to pay for the textbooks I needed for my studies. More that 10 of the 30 years were spent in the financial industry. I can honestly say figures make me tick!

I feel as if I have “come home” by working in the property industry and am loving every minute of it especially the dynamic’s where no day is the same day, and I get to work with an abundance of different personalities and situations

Working at Isabel Jacobs Properties makes me proud as it is there ultimate goal to connect the right people to the right property.

Decades of Deals. A Lifetime of Charm. Old School Service. Property Pioneer

My name is actually Panagiotis but that soon changed to Peter as people in the Moot struggled to pronounce my name.

I spent almost 40 wonderful years in the Moot before moving in the early 1990s to Lynnwood Glen where I currently reside. During this time I have been a member of the LGRAG (Lynnwood Glen Residents Action Group) and served my term on the Governing Body at Lynnwood Ridge Primary School.

Having qualified as an Estate Agent (as we were then known) in 1992 I am now qualified to be called a Master Practitioner in Real Estate, a fancy title in acknowledgement of my many years in the industry.

I worked for 11 happy years at City Property in the Pretoria CBD and ended my stay there as General Manager of the Independent Owner's Portfolio. During this time, I was an active member of the Pretoria Chamber of Commerce and helped with the formation of the CBD, Arcadia and Hatfield Central Improvement Districts (CIDs). I then left the industry for a brief period without giving up my accreditation as I always knew that I would be back in the industry soon, which was the case.

In 2004 I started Stats Properties with the help of my friend Millie Goodchild and my father-in-law Johnny Greene. It took us 6 months to do our first sale, but we never looked back after that thanks to the referrals of friends, family and past clients.

In 2023 Stats Properties was bought by Isabel Jacobs Properties (IJP) and I happily joined IJP as a Residential Sales Property Practitioner. Isabel and I share the same Christian values and principles and we both have a sincere commitment to client service.

I am sure that we will bring out the best in each other which will lead to the ultimate benefit of our clients and the growth of IJP. I strive to base my life on Christian principles and to always endeavour to leave whoever I meet better off for having met me. However, this does not mean that I will compromise on what I believe is right even if it means facing legal challenges. I have been involved in almost every sphere of church life in the Methodist Church, from being a Sunday School teacher to organising camps for the Over 60s.

I am happily married to Karin for over 40 years and we have 2 married sons and 5 wonderful grandchildren.

I come from a soccer-mad family, have represented Northern Transvaal from junior to Currie Cup level and have played a couple of seasons at the highest professional level in the 1970s. Karin and I are now very eager couch spectators of most sports.

MY MOTTO IN LIFE:

Always strive to leave people
better off for having met you.

Real, Relatable & Rooted in the Moot. With a Dash Of Purple.

I was born and raised in Pretoria, as the eldest of three sisters. I have a wide variety of interests and Saturdays was family time where we enjoyed a game of tennis at our local club in Rietfontein. In later years I received my Gauteng North colours and still enjoy the sport to this day. I played piano where I achieved my grade 4 at Unisa at a young age but did not pursue this any further.

After matriculating at Oos Moot High School, I studied at UP in Information Technology. Thereafter I started my career in the Civil Service as a PA to the Head Director of the Law Department and work my way up to PA for the Deputy General Director, Deputy Minister and Minister, although I enjoyed the travelling my interest always remained in IT. When the opportunity arose, I moved to the IT Department and became Head and Chief Information Officer at the Deeds Office and then completed an International CIW Diploma. Over the years I completed various diplomas in information technology and became a HTML and JAVA programmer.

I joined National Corporate Training Agency (NCTA) as a Director of Marketing and Public Relations and became a SETA accredited Trainer. I worked on many interesting projects where I was mainly responsible for the training and implementing of new systems. I worked on recovering of troubled project and had the opportunity to work with the Reserve bank, as well as, the Defence force, and various Departments and Private Companies.

When my two children, a girl and a boy were born, I slowed down professionally to accommodate my children. After a few years I joined a Real Estate business and started to manage their IT systems. I then got involved in the financial side of the business and took over the finances. That is where my interest shifted into property and I became involved in the management of various properties, the business prime focus was rentals but over time this shifted to retail.

When the Agency closed, I joined various charity organisations in the Moot and got involved in housing projects and community service, this is where I saw an opportunity to get back to Real Estate as a professional career. I then joined the Isabel Jacobs Property family and aim to grow and learn everything I can about Real Estate in South Africa and to complete my NQF4.

I was born in KwaZulu Natal, attended Melmoth Primary and Richards Bay High School, whereafter I exchanged the rolling green hills of KZN for the Joburg city lights where I completed my B.A. Linguistics and Languages degree at the Rand Afrikaans University (now UJ). I majored in Afrikaans and isiZulu and also acquired some knowledge of German, French and Northern Sotho during my years at RAU.

Whilst working at a Property Development Company in Bryanston, I gained valuable insights into the world of finance and property and I developed a love for real estate. Still finding my feet in the world of work and exploring my various fields of interest, I also completed a Post Graduate Diploma in Education and wrote the Estate Agent Exam at the former Estate Agency Board. During this period I was responsible for the human resources function, design and drafting of marketing material and business plans, administration, office management, road shows and event management.
