# Systems

## Workbenches

### Base Series

All purpose workbench series designed to functionally serve your basic workspace needs.

### Scitec Series

An adaptable workbench series designed for diverse technical environment.

### Pro Series

An industrial grade workbench series designed to withstand rough work environments.

## Flexi System

### Work Station

Flexi Workstations easily adapt to current needs and reconfigure for future ones, delivering maximum productivity per square foot.

### Universal Cart

Flexi Cart organizes, stores, & moves parts, tools, & equipment across departments. Its accessories interchange seamlessly with Flexi Workstations.

### Flow Rack

Flow racks use gravity to stage & deliver parts, cutting handling time & cost. Bins loaded from the rear glide forward as ones in front are removed.

# Systems

## Link System

### Uprighter

Boost efficiency by integrating the link uprighter system with any of our workbenches, or your existing workbenches.

### Work Stand

Seamlessly integrate it into your production, assembly, or repair workspace for light duty or auxiliary operations.

### Trolley

A perfect blend into a production, assembly or repair workspace. They can help hold or transport all the WIP inventory.

## Flow Rack

Link Flow Racks simplify part feeding for picking, kitting, and assembly, using gravity to reduce manual effort.

### Base Cabinet

Furnisys offers durable cabinets in various sizes and drawer options, built to handle heavy storage needs.

### Mobile Cabinet

Furnisys mobile cabinets can be used in cases when a workflow would require storage plus mobility.
