# Infinique Solutions

Video Surveillance, Copper and Fiber Systems, Network Switches, Wireless Access Points, Routers, Gateways, Network Racks

About Us

2002 — Incorporated in Ontario, Canada

Designed Mobile Recorders for North America — **2003**

2005 — IP CCTV, Video Server, Encoder and UTP Cables

Operation in UAE to support ME — **2008**

2009 — End-to-End Structured Cabling Products

Media Convertors — **2015**

2019 — Network Switches with PoE

Network Racks — **2022**

2023 — Data Center, Campus Switches

Routers, Gateways, Access Points — **2025**

Registered Trade Mark
Infinique is a registered trade mark in
USA, Canada, India and China

www.infinique.com

Certifications & Approvals

Product Certifications
Certified products that are designed for high performance and safety

Local Authority Approvals
Copper and Fiber Systems are approved in UAE by Etisalat and Du

CSR and Safety
Our products are RoHS Compliant in line with our company CSR Policy

Quality Management
As an ISO certified company we offer quality product and service

Industry Associations
Member of ONVIF, IEEE, BICSI, FOA to keep up with latest technologies

Infinique Advantage

Presence in Middle East
Strategically located office, service center, distributors, logistics in ME

Qualified Team
Qualified Team of Engineers with in-depth knowledge of Industry

Estimation Tools
Estimation Tools for copper, fiber and CCTV to generate Bill of Materials

Value Engineering
Assist customers in design and estimation to arrive at right BOQs

Commissioning Support
Guidelines and support to authorized partners during installation

Customer Service
Prompt quotes and deliveries to ensure on-time project completion

RMA
Established RMA process to resolve issues with urgency

Distributor and SI Network
Established authorized partners to support and install Infinique products

25 Years Warranty
25 Years Link Performance Warranty for Structured Cabling Systems

Video Surveillance

Network Cameras
Indoor, Outdoor, Explosion Proof,
2MP Resolution, IP67, IK10, IR

Switches and Media Converters
Managed, unmanaged PoE, LAN
switches and media converters

CCTV Accessories
Ceiling, wall, pole mount brackets,
and junction boxes

Network Video Recorders
Server based and embedded
recorders, Up to 256 channels

Video Management Software
 Powerful and scalable VMS supports
large number of cameras

Central Monitoring Software
Enables operators to remotely
monitor recorders and cameras

Core Switches
Industrial Switches
PoE Extenders
Media Convertors
Power Adapters
Line Cards
Chassis

Copper Systems

100% Reliable Links
Robust and hassle performance with
ETL Verified Cable and Components

Cable Jacket
LSOH, CMX, PE Cable Jacket for
Plenum and Riser

Product Categories
Cat.8, Cat.7, Cat.6A, Cat.6, Cat.5E,
Cat.3

Keystone Jacks
110 type 90 and 180 degree Jacks
made UL-940 material

Un-Shielded and Shielded
Available in UTP, UFTP, FFTP, SFTP to
cater to different application

Other Components
Patch Cords, Unloaded Panels,
Cable Manager and Face Plates

Cat.6A Shielded Keystone Jacks
Cat.6A Shielded Patch Cords
Cat.6A UTP Keystone Jacks
Cat.6A UTP Patch Cords
Cat.6 Shielded Keystone Jacks
Cat.6 Shielded Patch Cords
Cat.6 UTP Keystone Jacks
Cat.6 UTP Patch Cords

Panels

24P Cat.6A Shielded Patch Panels
24P Cat.6 Shielded Patch Panels
24P Unloaded Patch Panel
12P Unloaded Patch Panel
Cable Manager 5 Ring
Cable Manager Brush Panel
Cable Manager Blank Panel

Accessories

US Face Plate 1 to 6 Ports
UK Pace Plate 2, 4 Ports
Floor Bracket
Back Box
RJ45 Plugs

Copper Multi-pair

Cat.3 Multi-pair Cable
Cat.3 Voice Patch Panels
110 Wiring Block Panel
110 Connecting Blocks

Fiber Systems

FTTH to Oil and Gas
A wide range of cable for different types of applications

Designing the Right Cable
We design the cable with a mindful evaluation of different variables

Steel Armored with Dual Jacket
Steel Armored, Aluminum Tape Armor, UV and Fire Retardant Jackets

Reliability
Fiber Patch Cords and Pigtails are factory polished for reliability

High Density Patching
Patch Panels are modular and offer high density patching

IP68 Splice Enclosures
Splice Enclosures are industrial grade and used in Oil and Gas sector

www.infinique.com

Product Matrix
Fiber Systems

Fiber Cables

FTTH Drop Cable (2-4 Cores)
Central Loose Tube (2-288 Cores)
CLT Armored (2-288 Cores)
Tight Buffer (2-288 Cores)
Steel Wire Armored (2-288 Cores)

Components

Adapters
Connectors
Pigtails
Patch Cords
UPC, APC Polish
Splice Protection Sleeves
Splice Trays

Enclosures

4Port Micro ODF
24P Patch Panel
48P Patch Panel
144P Patch Panels
240C Direct Splice Cabinets
Micro and Mini ODFs
Splice Enclosures

PLC Splitters

SC-APC 2x32 Splitters
LC-APC 2x32 Splitters
SC-APC 2x16 Splitters
LC-APC 2x16 Splitters
SC-APC 2x8 Splitters
LC-APC 2x8 Splitters
SC-APC 2x2 Splitters
LC-APC 2x2 Splitters
SC-APC 1x32 Splitters
LC-APC 1x32 Splitters
SC-APC 1x16 Splitters
LC-APC 1x16 Splitters
SC-APC 1x8 Splitters
LC-APC 1x8 Splitters
SC-APC 1x2 Splitters

MPO

Singlemode Hydro Cable
Multimode Hydra Cable
Trunk Cable SInglemode
Trunk Cable Multimode
MPO Cassette LC-MTP
MPO Cassette SC-MTP
MPO Cassette Panel

MPO
Multi-Fiber Push On Connector is a
registered trademark of US Conec

Data Center Solution

Category 8 Copper
Offers 25/40G at 2000MHz Bandwidth
for faster performance

Plug and Play Fiber
MPO Solution guarantees high
density, speed, and performance

Enclosure Aisle Containment
Modular and extensive portfolio of
enclosures and aisle containment

Server Racks
Racks with thermal management to
maintain optimum performance

100G Switches
CLOS Architecture, 7.2Tbps switching
capacity with rich DC features

Intelligent Patching
Copper and Fiber patching for auto-
mated infrastructure management
