Lake EPIC – Evangelical Poland Impact Center

www.impactpoland.org

Dear in Christ,

Thank you so much for your interest in what God is doing around the world, in this case in Poland!

Two and a half years ago, I acted on a God given dream and a crucial need. I started to search for a location to establish the Evangelical Poland Impact Center (Lake EPIC). At the time, many felt it was an impossible dream. And it was. But I held onto a powerful quote that said: **“Attempt something so great for God that it is doomed to fail unless God is in it.”** And God was in it. And He did it!

God led us to a beautiful and full of potential property in a perfect lakeside location. Through many generous people He provided the resources needed to purchase it, and to cover part of the renovations. Few short-term mission teams came, many local volunteers helped and, in just six months, incredible progress was made on few of the key renovation projects. To me, every step has been a miracle.

One of these miracles is the story of **Bartek and Iza**, whom God called to lead Lake EPIC. From the beginning of their marriage, they dreamed of serving in a place like this. Yet such places hardly existed in Poland, and it felt completely impossible. At the same time, I was praying specifically for a couple with heart and vision to take on this great responsibility. It turned out, God knew and had already been preparing them.

Bartek had spent his childhood summers at a similar camp and he dreamed of serving in that kind of ministry. Even more remarkably, he had served for three years as the director of the Cultural Center in the very town where Lake EPIC now stands – gaining invaluable experience, connections, and relationships. Today, Bartek and Iza are working really hard on building a team and renovating this place for ministry.

We are in awe of how quickly Lake EPIC has already begun to fulfill its mission. In just the first few months, we’ve hosted events, conferences, and camps for leaders, pastors, families, and children, including one for Ukrainian refugees. People came to faith and two baptisms took place. The need is so great **Lake EPIC is fully booked for the entire summer of 2026!** We could serve four times as many people if only we had more capacity.

But our vision goes beyond running a campground. Lake EPIC was purchased to become a **Christian Training and Conference Center** – a place to equip leaders, pastors, church planters, and evangelists from across Poland and Central Europe. Our mission is clear: this place will serve to **train, equip, refresh, and send out** those who will transform the Church in this region.

I want to personally invite you to be part of this journey of faith. God has already done so much, and we believe He’s calling us to take the next bold steps together: acquiring adjoining lots, completing needed renovations, and beginning construction of a new training and conference facility.

This is just the beginning of a great adventure—one that will impact the Church in Central and Eastern Europe for generations to come.

So I encourage you: **get involved. Pray. Come. Bring a team. Introduce us to others. Support this mission.** Together, let’s see what God will do.

Thank you and God bless you,

Andrew Gorski

Evangelical Poland Vision Collaboration for Kingdom Impact

Evangelical Poland Vision

To see the Church in Poland grow from 0.2% to 1% of the population and planting 4,300 new churches by 2050.

Evangelical Poland Strategy

To build trust, deepen friendships, and strengthen relationships among evangelical leaders—fostering a culture of collaboration through multiple and diverse projects, including common prayer projects, that will advance God’s Kingdom in Poland.

Vision 2050: 1%

Planting 4,300
New Churches

Growing the Church
by 500%

In 2018, God inspired and guided us to initiate a collaborative movement among evangelical leaders in Poland.

This brought Polish pastors and leaders together, uniting them in prayer and shared purpose. After a year-long process of preparation and seeking God’s direction, they signed a visionary document with a bold goal: to multiply the Polish church fivefold.

Since then, 30% of all Polish churches participated in at least one collaborative project, 400+ pastors and leaders (there are 700 pastors in total in Poland) were part of strategic meetings, talks, seminars, prayer meetings, projects and conferences.

TODAY EP IS THE LARGEST INTERDENOMINATIONAL COLLABORATION MOVEMENT OF EVANGELICAL CHURCHES, PASTORS AND LEADERS IN POLAND.

EP’s collaboration areas and projects:

1. **Evangelism** – “Before and After”, “Thousands of reasons”, evangelism training in local cities.
2. **Discipleship** – central website promoting all available programs, Discipleship Academy, series of videos – how to make disciples.
3. **Church planting** – national survey, CP Summit Poland, common strategy for CP.
4. **Leadership development** – Annual Leadership Conference, Mentoring Academy, InspiraTour – series of study tours in growing churches.
5. **Media** – “Who are Evangelical Christians” guidebook, The Evangelicals – building awareness campaign, central website about evangelicals.
6. **Education** – collaboration to be developed.
7. **Mercy and Justice** – series of study tours, first ever national register of evangelical ministries, Ukraine refugee collaboration.
8. **Youth ministries** – series of study tours for young leaders.

Lake EPIC Vision

Lake EPIC is a strategic project, a key vehicle to reach Evangelical Poland's Vision 2050, which aims to see 1% of Poles (up from today's 0.2%) identify with biblical Christianity and to plant 4,300 new churches by 2050.

It will serve as **a hub for evangelism, training, equipping, and sending, uniting believers and ministries** to advance God's Kingdom in Poland and throughout the entire Central European region.

Lake EPIC will be a catalyst for unity and impact. Time spent together builds relationships, which create trust, leading to collaboration, common projects, and greater Kingdom Impact.

Why Christian Training Center?

1. **Huge need:** It will be the first Christian Training Center in Northwest Poland, filling a major gap in development of leaders, pastors and future leaders in a region where 10 million people live.
2. **Kingdom Impact:** A hub connecting leaders and ministries from across Poland and Central Europe—creating a vibrant network of shared projects, resources, and mission efforts for larger and more effective Kingdom Impact.
3. **Training and equipping:** We already host numerous events and trainings for leaders, pastors, and future leaders. At Lake EPIC, a Bible school will be established, along with regular leadership development courses and practical ministry workshops.
4. **Evangelism and mission:** A place where believers will be equipped to share their faith, and leaders will be trained to organize outreach and mission events.
5. **Rest and renewal:** The center will offer a space where pastors, leaders, and church planters can rest, pray, recharge, and strengthen their teams.
6. **Church planting:** A new local church will be planted in the town where Lake EPIC is located—the first Bible-believing church ever established in that area.

Lake EPIC

From Campground to Training Center

Lake EPIC Vision

To transform a small campground into a strategic Central and Eastern European hub for advancing God's Kingdom—through training, equipping, church planting, evangelism, and collaboration.

Four Phases of the Lake EPIC Development Plan

- **Phase 1 – Purchase (Accomplished)**

In February 2025, God provided 3.3 acres of lakeside property—an old summer camp that became the foundation for Lake EPIC.

- **Phase 2 – Renovations (In Progress)**

Ten key renovation projects finished and seven still underway to make it ready for ministry.

- **Phase 3 – Expansion (Preparing and Praying)**

An adjoining 2.5-acre property has miraculously become available for sale, which is essential for moving forward into Phase 4.

- **Phase 4 – Conference Facility (Planning and Praying)**

A three-stage plan to construct the largest Christian conference facility in Central and Eastern Europe—designed to serve as a hub for training, equipping, church planting, evangelism, and collaboration.

Location:

Near Poznan (largest city in western Poland with 1 million people).

- **35 minutes** from **Poznan**.
- **30 minutes** from **A2 highway** between Berlin and Warsaw.
- **50 minutes** from **International Airport** in Poznan.

Lake EPIC

Phase 2 – Renovations

We praise God for these **ten finished** (or nearly finished) **projects**:

Event Tent

Conference Room

Rooms in the Main Building

Cafeteria with Lakeview

Fence

Ten Wooden Cabins

Soccer Field

Basketball Court

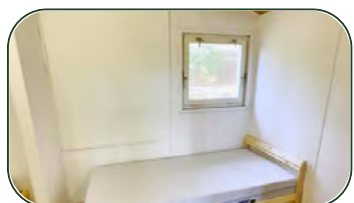

Ten Kayaks

Passenger and Cargo Van

We're still praying for these **seven key remaining projects** to be completed:

Wooden Cabins

Kitchen

Kids Playground

Volleyball Court

Hangout Area

Reception Area

Restrooms

Funding Needed – Still **\$170,000** required to complete all renovations.

Lake EPIC

Phases 3 and 4 – Adjoining Lots and New Facility

Phase 3 – Purchasing Adjoining Lots (Additional 2.5 Acres)

Miraculously, 2.5 acres of land have become available for purchase from the local town. As an NGO operating under Poland's highest reporting standards, we can apply for the purchase directly—without a tender process.

Time-Sensitive Opportunity:

Another buyer has recently purchased a neighboring property and may also seek to acquire these lots.

Cost: \$540,000

Phase 4 – Constructing the Christian Conference and Training Center (2027 and Beyond)

This long-term vision is divided into three stages:

- **Stage 1** – Build multiple auditoriums seating 400 people and add guestrooms for 60 guests.
- **Stage 2** – Construct a cafeteria, hangout areas, and additional guestrooms for 60 guests.
- **Stage 3** – Expand guestrooms to accommodate 120 more guests.

Lake EPIC

Mission Opportunities

Short term:

- Short term mission trips:
 - renovations
 - special events
 - Bible camps
 - church planting camps
 - conferences
 - family camps

Mid term:

- summer internships
- summer work

Long term:

- facility manager
- couple to co-lead local church plant at Lake EPIC

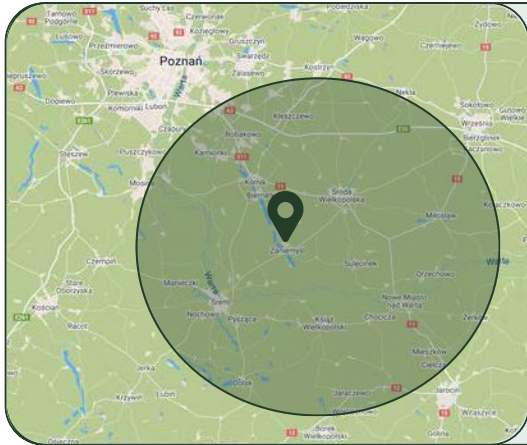

Become a Strategic, Long-Term Partner of Lake EPIC

We warmly invite your church, organization, and congregation to join this mission to transform Europe for Jesus. Together, **let's explore other ways** and opportunities for your missional engagement, training leaders, planting churches, and advancing God's Kingdom in Poland and across the continent.

Amazing Grace Church A Local Church in Poznan

Only two small local
churches serving
a population
of 130,000 in the area.

In 2018, we founded Amazing Grace Church as a small group of just six people. Today, by God's grace, we have grown into a vibrant community of approximately 60 individuals, joyfully serving God, supporting one another, and sharing the hope of the Gospel with our city.

Poznan, a city of one million residents, has only three small church buildings. There is a significant need for spaces where fellowship, conferences, retreats, and summer camps can take place—spaces that encourage spiritual growth and community.

Amazing Grace Church is planning, together with Lake EPIC leaders and staff, to **plant a new church in Zaniemysl (home of Lake EPIC)**, establishing the town's first-ever biblical community.

Lake EPIC Financials

\$1.6M Donated to Lake EPIC

We thank God for the generosity of over **150 individuals, churches, and organizations** who stepped out in faith to donate **\$1.6 million** toward the purchase and renovation of Lake EPIC. Their investment is already bearing fruit—**Lake EPIC is fully booked for the entire summer of 2026!**

\$250K Given Toward Renovations

Through the combined effort of **short-term mission teams, local volunteers, Amazing Grace Church members, and donors**, ten major projects have already been completed:

- Event Tent
- Conference Room
- Main Building Rooms
- Lakeview Cafeteria
- Fence
- Ten Wooden Cabins
- Soccer Field
- Basketball Court
- Ten Kayaks
- Passenger & Cargo Van

We praise God for this incredible progress accomplished in such a short time!

\$170K Still Needed to Finish Renovations (by end of 2025)

#	Item	Cost	Description
1	Wooden Cabins	\$44,500	Accommodations for 105 additional people
2	Kitchen	\$48,000	Makes Lake EPIC self-sustainable
3	Kids Playground	\$24,000	Fun for children and freedom for parents to fully participate in sessions
4	Volleyball Court	\$15,000	Recreation and opportunities for building relationships
5	Hangout Area	\$12,500	Space for conversations, events, and connection
6	Reception Area	\$14,000	Creates a welcoming first impression for every guest
7	Restrooms	\$12,000	Provides essential facilities for one-day events

\$540K Needed for Strategic Land Purchase

We are also trusting God for \$540,000 to purchase 2.5 acres of adjoining land. This land is vital for Lake EPIC to grow into the largest Christian Conference Center in central-eastern Europe. Currently, only 30 people can stay onsite year-round, with the rest limited to summer accommodations. Expanding will allow us to serve churches and organizations throughout the year.

In total, \$710,000 is needed to unlock the full EPIC vision at this stage - completing the current phase and entering Phase 4: constructing facilities for multiple simultaneous events and opening the way for year-round ministry, which will prepare, equip and train leaders for ministry in years to come in this part of the world.

Evangelical Poland Partners

Churches and organizations partnering with Evangelical Poland in the US:
