Habitat for Humanity New Brunswick

is a non-profit charitable organization working toward a world where everyone has a safe and affordable place to live.

Habitat brings people together to build homes, communities and hope.

As of Jan 1st 2026, Habitat NB partners with 115 families across the province in safe, affordable homes.

Trades in New Brunswick

Habitat NB & CMC deliver skilled trades training through affordable, energy efficient homebuilding – addressing workforce shortages and housing needs while building stronger, more resilient communities.

There is currently a significant shortage of skilled carpenters in New Brunswick. If you have ever considered a career in this in-demand profession, this course could be a great fit for you.

Through this program, you will construct houses that meet or exceed design and safety standards using the most up-to-date practices in building science.

Learn about advancements in materials, construction techniques, and energy-efficient design, as well as understanding evolving building codes and standards -

all while building homes for families in need of safe, affordable housing.

Build your Skills.
Empower your Future.
Strengthen your Community.
