A DEEP CLARIFYING
TREATMENT.

Beta Peel 22%

description

This deep clarifying treatment refines and resurfaces by actively exfoliating the top layers of the stratum corneum, enabling it to penetrate, rid the pores of acne-causing build-up and help fade hyperpigmentation.

benefits

22% Salicylic Acid dissolves pore-clogging debris while mallow extract and vitamin E help to calm and soothe the skin.

key ingredients

Distilled Water, Salicylic Acid, Caprylic and Capric Triglyceride, Glycerin, Dimethicone, Titanium Dioxide, Mallow Extract, Cetyl Alcohol, Glyceryl Stearate, Tocopherol, Panthenol, Plant Cellulose, Ethyl Alcohol, Coconut and Citrus Oils

Gly Peel 33%

description

Here is an excellent recommendation for clients new to peels because of its visible dramatic results even from the first treatment. By rapidly exfoliating epidermal cells, it instantly unclogs pores, smooths texture and clarifies the complexion.

benefits

Glycolic Acid exfoliates dead skin cells, unclogs pores, and smooths skin complexion.

key ingredients

Glycolic Acid, Aloe Vera Leaf Juice, Water, Glycerin, Sodium PCA, Propylene Glycol, Sodium Hydroxide, Hydroxyethylcellulose, Chamomilla Recutita (Matricaria) Flower Extract

IMMEDIATE RESULTS
AFTER THE FIRST
TREATMENT.

A PROFESSIONAL
SKIN BRIGHTENING
PEEL.

Lactic Green Tea Peel 25%

description

The “go-to” solution for dull, unevenly pigmented skin, here is a peel that efficiently smoothes and brightens skin without causing dryness or dehydration. Green tea and willow bark extract enable the skin to enjoy all of the exfoliating benefits of the AHA lactic acid but without irritation.

benefits

Lactic Acid, Green Tea, and Willow Bark Extract pair up to exfoliate, brighten, and protect the skin.

key ingredients

Water, Lactic Acid, Aloe Barbadensis Leaf Juice, Glycerin, Sodium Hydroxide, Propylene Glycol, Sodium PCA, Hydroxyethylcellulose, Chamomilla Recutita (Matricaria) Flower Extract, Salix Alba (Willow) Bark Extract, Camellia Sinensis (Green Tea) Leaf Extract

Stem Cell Cream Peel

description

Here is an elegant solution for skin that is sun damaged, thirsty and parched. A refreshing resurfacing cocktail blended with peptides, AHAs and collagen, Stem Cream Peel diminishes dryness, thoroughly hydrates and increases moisture retention.

benefits

Lactic Acid, Retinol, and Peptides work together in this unique cream formulation to provide gentle exfoliation, while firming and tightening the skin.

key ingredients

Water, Lactic Acid, Glycerin, Xanthan Gum, Caprylic/Capric Triglyceride, Myristic Acid, Palmitic Acid, Stearic Acid, Salicylic Acid, Pisium Sativum (Pea Peptide) Extract, Camellia Sinensis (Green Tea) Leaf Extract, Phenoxyethanol, Carica Papaya Fruit Extract, Cetyl Alcohol, Polysorbate 20, Retinol, Glycol Distearate, Calcium Gluconate, Gluconolactone, Sodium Benzoate, Dimethicone, Hydrolyzed Collagen, Citrus Grandis (White Grapefruit) Peel Oil, Citrus Grandis (Pink Grapefruit) Peel Oil, Glycine Soja (Soybean) Oil, Tocopheryl Acetate (D-Alpha), Allantoin, Citrus Aurantium Dulcis (Sweet Orange) Peel Oil, Collagen (Marine Oligopeptide), Caprylyl Glycol, Phenoxyethanol, Carbomer, Alcohol Denatured, Passiflora Laurifolia (Passion Flower) Extract, Polysorbate 20, Citral, Limonene, Linalool

IMMEDIATE RESULTS
AFTER THE FIRST
TREATMENT.

Zyme Peel

description

A gentle exfoliating mask treatment. Formulated with pancreatic enzymes to help soften sebum and dissolve keratin build-up. Our versatile enzyme therapy dramatically enhances the benefits of deep cleansing facials, anti-acne treatments and nurturing spa facials. It refines skin texture by dissolving dead skin cells and clogged pores, and makes extractions much easier too. Highly effective, it offers the added benefit of being a natural alternative to harsher chemical peels

benefits

Protein enzymes gently exfoliate the surface of the skin while purifying clay absorbs excess oils.

key ingredients

Kaolin, Malto Dextrin, Dextrin, Colloidal Oat Flour, Bromelain, Papain, Magnesium Aluminum Silicate, Soy Flour, Zinc Oxide, Sodium Benzoate, Quaternium-15, Deionized Water, Propylene Glycol, Aloe Vera, Carbomer, Bromelain, Papain, Triethanolamine, Allantoin, Chamomile, Caprylyl Glycol, Sorbic Acid, Ethylhexylglycerin

OUR MULTITASKING
EXFOLIATING MASK.

Skin Refining TCA Peel

description

This rejuvenating powerhouse of a facial treatment picks up where others have left off. Specifically developed for the motivated client who wants the renowned skin smoothing and brightening results of laser resurfacing but who cannot afford the down time, this clinically proven treatment helps improve skin texture and firmness, reduce the signs of aging (lines, wrinkles) and reverse the signs of sun damage (age spots, uneven pigment, roughness). TCA, a proven anti-aging peeling agent, paired up with skin rejuvenating Vitamin A work synergistically to deliver age defying results. Expect to experience some peeling for a few days after the treatment but once the week is out, welcome to your absolutely gorgeous and glowing new face! Best done in a series for cumulative firming smoothing and rejuvenating results.

benefits

This deep strength peel is for clients who desire more aggressive resurfacing, lifting, smoothing, and exfoliation. A significant fading of unwanted pigment makes the following week of light skin peeling well worth it.

key ingredients

Trichloroacetic Acid (15%), Salicylic Acid, Sodium Lactate, Sodium PCA, Glycerine, Lactic Acid.

RESURFACE, LIFT,
SMOOTH, AND
EXFOLIATE WITH THIS
POWERHOUSE PEEL.

GLYCOLIC ACID PEEL FORMULATED WITH 24.5% AHA AND 0.5% BHA

Double Peel

description

This **Glycolic Acid Peel** is formulated with 24.5% AHA and 0.5% BHA for the optimum chemical ratio to concentrate and refine skin texture by dissolving sebum and built-up dead skin cells.

It also regulates the turnover period, even up the skin's tone for a healthier, brighter look.

benefits

The Double Peel is formulated with the optimal AHA/BHA ratio to best exfoliate the skin without causing irritation or redness.

Glycolic Acid and Lactic Acid (AHA) exfoliate the skin while Salicylic Acid (BHA) melts sebum and oils to regulate sebum secretion and prevent skin troubles. Panthenol works to soothe and moisturize the skin.

key ingredients

AHA(Lactic Acid/Glycolic Acid)
BHA(Salicylic Acid)
Panthenol

HydraBeauty Facial 

Non Botox Peel

description

Using a complex blend of Glycolic Acid, Salicylic Acid, Citric Acids and Lactic Acid you can effectively eliminate dead cells, resurface and exfoliate, smooth and refine, reduce the appearance of pores, reduce in-growing hairs and encourage cell renewal. A fantastic professional treatment to offer within salon for those who are looking to soften fine lines and wrinkles, reduce pigmentation and tackle acne and scarring

benefits

Peels although good for mature skin, are also a welcome treatment for anyone suffering with blocked pores, breakouts, acne, pigmentation, uneven skin tone and texture and to generally increase overall skin health and radiance.

Courses should be recommended for clients with concerns such as scarring, pigmentations, acne etc. Usually a course of 6 peels can be performed once a week for 6 weeks, then to maintain results, a peel once a month should be undertaken.

key ingredients

Sodium Bicarbonate, Vitamin C, Grapefruit Peel Oil, Tangerine Peel Oil, Orange Oil, Glycolic Acid, Salicylic Acid, Lactic Acid, Citric Acid

PROVIDES
EXFOLIATION AND
MOISTURIZATION

PEEL SO EASY NO DOWN-TIME

SUPERIOR FACIALS WITH SUPERIOR PEELS!

33% GLYCOLIC PEEL

For all skin types

60 minute \$150

Gly Peel 33% provides improvement with the first treatment because it causes rapid exfoliation of epidermal cells, thereby loosening impactions, clarifying the complexion, and reducing scars, fine lines, and hyperpigmentation.

BETA PEEL

For all skin types

60 minute \$150

Strong anti-acne facial doubles up on the exfoliation to rid skin of both acne and sun damage (age spots, wrinkles, uneven texture). Following advanced enzyme technology with active salicylic acid this facial takes surface exfoliation to a new level (that is, a whole lot deeper). Sticky, hardened pore-clogging oils, debris and bacteria are swept away as unwanted pigment and textural irregularities are literally smoothed off the skin. Emptied of impurities, pores become more responsive to the healing and smoothing mask and serums to follow. Ideal for those with adult acne who are also concerned with aging issues. Not suitable for those who are allergic to aspirin.

SKIN LIGHTENING PEEL

For all skin types

60 minute \$150

A lactic acid peel is generally the safest exfoliation procedure for sensitive skin and those with hyperpigmentation because it is less drying and irritating. It is widely known for its ability to increase the water-holding capacity of the top layer of skin.

ZYME PEEL

For all skin types

60 minute \$150

Enzyme treatments may be performed with or without other exfoliation procedures. Zyme Peel Powder, when mixed with the Zyme Peel Activator, and steamed, softens sebum and dissolves keratin buildup. It eliminates dead cells, digests surface debris and reduces accumulated sebum deep in the pores, removing excess dry, flaky skin without irritating the epidermal tissue.

CONSULTATION REQUIRED

TCA TREATMENT

60 MINUTES \$200

This advanced treatment improves skin texture and reduces the appearance of fine lines, wrinkles, and sun damage. TCA, a proven anti-aging peeling agent, paired up with our skin rejuvenating Vitamin A Micro Peel Pro works synergistically to deliver progressive skin improvement.

This peel is ideal for clients who are concerned with the signs of aging, hyperpigmentation, acne scars, and texture problems. The results last longer than lighter AHA resurfacing peels. A series of three treatments, four to six weeks apart, is ideal.

VISIBLE FLAKING WILL OCCUR ON MOST SKINS

NON-BOTOX FACIAL

All skin types / wrinkles / Lifting / Breakout Skin / Smoothing

60 MINUTES \$168

Non-invasive resurfacing gentle peel. This includes facial waxing, steaming, cream mask, extraction massage, hand mitts and booties. Retail home kits are available Monu Skin Care from UK

Add-On For Peels

LED Light Therapy \$20

Red - Anti Aging

Green - Pigmentation

Blue - Acne

High Frequency \$25

Oxygenating the skin to improve the texture of the skin and absorption of products, while disinfecting the skin of acne prone lesions leaving a silky smooth finish. Results are amazing. Powered applicators deliver targeted skin boosting benefits, reducing appearance of fine lines and wrinkles over time.

STEM CELL AND LED LIGHT INFUSION FACIAL

Hydrating / Anti-wrinkle / Tightening / Breakout Skin / Extraction / Brightening

60 minute \$185 90 minute \$225

This restorative facial gets complexions in touch with their inner porcelain. How? Watch skin thinning, crisscrossing fine lines and crepe-like texture become a thing of the past. Exfoliation, treatment mask and serum all feature a potent mélange of bioactive peptides and allied ingredients that penetrate to where they're needed to encourage the formation of new collagen, the skin's support structure that is the foundation of youthful elasticity. At the same time, liposome-encapsulated fruit stem cells plus lactic acid deliver a deep infusion of nourishing hydration.

LED light therapy works by stimulating the production of collagen and elastin, which are the proteins that give skin its strength and elasticity. It also helps to reduce inflammation and improve the skin's ability to absorb nutrients

Best done in a series or as a monthly anti-aging maintenance program as cumulative collagen synthesis builds over time.

HydraBeauty Facial

The number one facial everyone is changing to. A vortex of special solutions and oxygen is power washed from a handheld piece on to the skin. A vacuum suction pulls out all the waste imperfections and the dead skin while simultaneously delivering powerful serums and those famous booster shots. HydraBeauty facial uses a multi-system of 12 different handheld pieces with different amazing effects and results.

One of the most powerful, non-invasive resurfacing treatments available today! Exclusive Oxygen Ceutical Skin Products

RESULTS**

Refresh HydraBeauty 30min \$185

The 30-minute HydraBeauty is a quick and effective way to improve the appearance of your skin. During the treatment, a fine stream of water is used to exfoliate the skin, removing dead skin cells and revealing the fresh, new skin cells underneath. The treatment also helps to hydrate the skin and improve its overall appearance.

30

Essential+Booster HydraBeauty 60min \$225

The 60-minute HydraBeauty is a more comprehensive treatment that includes all of the benefits of the 30-minute treatment, plus additional steps to help improve the appearance of fine lines and wrinkles, age spots, and hyperpigmentation. The treatment also includes a deep cleansing and extraction, which helps to remove any clogged pores or blackheads.

60

Premier+Booster HydraBeauty 90min \$285

The 90-minute HydraBeauty is the most comprehensive treatment available. It includes all of the benefits of the 60-minute treatment, plus additional steps to help improve the appearance of sun damage, acne scarring, and rosacea. The treatment also includes a customized serum application, which helps to deliver targeted treatments to the deeper layers of the skin.
