THEIR HABITS THEIR WAY

Keeping a bit of independence is about integrity and pride. It's about being able to have a glass of milk in the middle of the night if we want. To be able to decide for ourselves – it's one of life's small comforts when it means the most.

WELL PROVEN FOR DECADES

DOMETIC REFRIGERATORS AND SAFES FOR HEALTH AND CARE FACILITIES

Dometic is a leading manufacturer of cooling appliances for special applications – with decades of experience in the healthcare sector. Our reference list includes hospitals, retirement and nursing homes, doctor's surgeries, pharmacies and laboratories.

Dometic Food Grade refrigerators and Dometic Medical refrigerators have been proven thousands of times over, across Europe and beyond. They are not only among the most compact of their kind available in the market, but with the new HiPro Care line, also offer a completely silent food grade cooling solution. With its ProSafe range, Dometic also provides a reliable solution for secure storage of the patients' or residents' valuables.

All products for the healthcare sector are manufactured to stringent quality and environmental standards in Dometic's, certified factories. Our sales and service network spans almost 100 countries and provides personal support to customers and planners on all continents.

RESPONSIBILITY FOR THE ENVIRONMENT

At Dometic, thinking and acting ecologically is an all-embracing process that extends to all levels – from the design of resource-saving, energy-efficient products to sustainable production processes and special recycling measures. You can be 100% sure that all applicable regulations, directives and guidelines are fulfilled.

CERTIFIED QUALITY

- All Dometic Healthcare production plants are certified acc. ISO 9001 (quality management), ISO 14001 (environmental management) and ISO 50001 (energy management)
- All Dometic Healthcare products fulfill the European Union's product safety and environmental compliance requirements, i.e. Low voltage directive 2014/35 EU, EMC directive 2014/30/EU, RoHs directive 2011/65/EU and F-gas regulation No. 417/2014.

Dometic's certified production facility at Jászberény, Hungary

DOMETIC PRODUCTS VALUE PROPOSAL

FOR HOSPITALS, RETIREMENT HOMES

HOSPITALS & CLINICS

Having their own food grade Minifridge and ProSafe in the room gives patients peace of mind and comfort while away from home. They are less dependent on staff for drinks and food and can rest assured that their valuables are safely stored. This, in turn, relieves the staff and cuts on operating costs. Hotel-like amenities can also help hospitals and clinics stand out from their competitors. Medical refrigerators on the station floor provide easy access to daily medications and common prescriptions, which means shorter distances to go for the hospital staff.

RETIREMENT HOMES

Dometic food grade minifridges take up very little space and offer a great deal of comfort. With the introduction of the new HiPro Care line, residents and patients can not only maintain their independence by keeping their favorite food items close to them but also enjoy the serenity of the noiseless environment due to its silent operation. Designed to meet the unique needs of elderly homes and hospitals, it enhances the daily experience of residents and patients while simultaneously minimizing operational costs for healthcare facilities.

HIPRO CARE

SMALL. SILENT. STRONG.

Dometic HiPro Care minifridges seamlessly blend into the appearance of elderly homes and hospitals. Not only are they highly efficient, with remarkably low energy usage, but they also operate silently, contributing to a peaceful environment. The strong door rack maximizes storage space, improving the functionality of its elegant design. Furthermore, they stand out for their food-grade refrigeration capabilities, designed to accommodate a range of items—from delightful cakes to fresh milk and nutritious fruits—catering to the diverse dietary needs of patients and residents alike.

Ideal for
Patient In Room
Comfort

**DOMETIC HIPRO CARE.
THE SILENT MINI FRIDGE.**

Dometic HiPro Care food-grade absorption minifridges reach an interior temperature of 4°C at up to an ambient temperature of 32°C while being completely noiseless.

IDEAL FOR:

- Resident rooms in Elderly homes

(Absorption models)

Spacious door storage

Control panel with led strip

Lockable door

EASY CUSTOMIZING WITH BUILT-IN MODELS

Designed for built-in use: BI minifridges are fitted in the factory with a sliding hinge to be fastened to the furniture door to compensate for the differing turning points between the furniture and fridge door. That means the refrigerators can be easily fitted with a front panel to suit your interior design concept.

INSTALLATION TIPS FOR BUILT-IN REFRIGERATORS

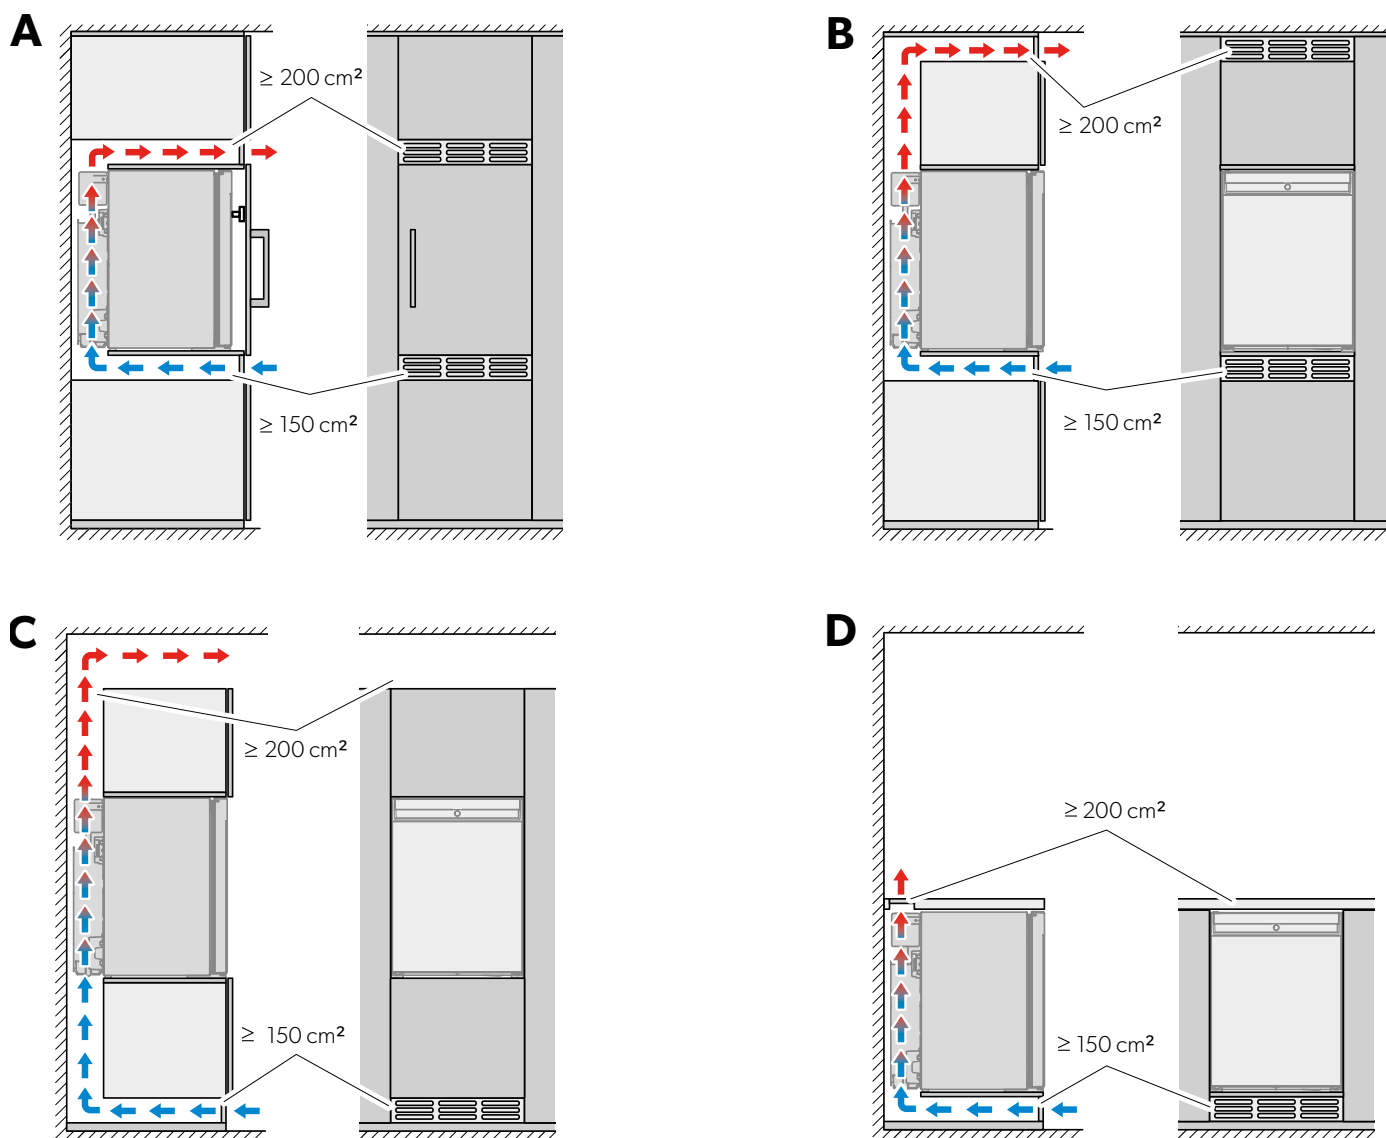

Dometic absorption fridges are equipped with an electrically heated cooling unit which is virtually silent in operation. The heat which the cooling unit extracts from the refrigerator interior is emitted at the back of the fridge. If you have a free-standing model, sufficient ventilation is provided in most cases. If you want to integrate the fridge into a piece of furniture, however, the following instructions need to met.

Please note that there must be sufficient room for ventilation behind the refrigerator to prevent heat build-up. During installation, make sure that the refrigerator is standing on a stable, level surface, and not directly near a heat source. Ventilation must be provided as shown in the drawings below (A, B, C or D).

You can find all our documents, manuals and guidelines at documents.dometic.com.

VENTILATION GUIDELINES

Important note

Please read these instructions carefully and follow all instructions, guidelines, and warnings included in all our product manuals in order to ensure that you install, use, and maintain our products properly at all times.

By using our products, you hereby confirm that you have read all instructions, guidelines, and warnings carefully and that you understand and agree to abide by the terms and conditions as set forth herein. You agree to use our products only for the intended purpose and application and in accordance with the instructions, guidelines, and warnings as set forth in the product manuals as well as in accordance with all applicable laws and regulations. A failure to read and follow the instructions and warnings set forth herein may result in an injury to yourself and others, damage to your product or damage to other property in the vicinity. Our product manuals, including the instructions, guidelines, and warnings, and related documentation, may be subject to changes and updates. For up-to-date product information, please visit dometic.com.
