

STATE PRODUCT CATALOG

2025

Our mission is to provide employment opportunities for people who are blind or visually impaired.

ABOUT US

stlb™ has been changing the lives of individuals who are blind or visually impaired since 1964. Since it's humble beginning at a small warehouse, the Lighthouse has grown from only three to nearly 200 employees; from a small building to a 140,000 square foot facility over seven acres, and from providing only brooms and mops, to providing a series of office products, military supplies, and services to government agencies.

We are one of the Largest Manufacturers of quality 3-ring binders in the United States. But size is not what we are all about. Quality is. We are ISO 9001 : 2015 Certified, an internationally recognized quality standard. It is our employees that make us different, from our customer service staff that will work with you to meet your needs to our competent and highly trained manufacturing staff. Here you'll find a dedicated and responsive organization.

We know that if you put your name on it, you want quality. So we use the finest materials we can find. Thanks to our efficient operation, we are able to combine top quality with some of the most competitive prices available.

We hope you will give us a chance to prove just how good we are!

WorkQuest

The right solution.

Since 1978

A Message from Tim Hatch

Thank you for supporting stlb™! Just by taking the time to browse through this catalog and purchasing the products featured in the following pages you are helping to make a difference in the lives of our neighbors who are blind and visually impaired across South Texas and beyond!

stlb™ provides a wide spectrum of services. First, we are the premier employer of South Texans who are blind or visually impaired south of Houston and San Antonio. We operate two manufacturing plants, one in Corpus Christi and the other in Victoria, where our employees who are blind and visually impaired assemble office products, such as binders and index tabs and package supplies like toilet paper and cleaning products for state and federal agencies. We also assemble mail trays for

the United States Postal Service and, through our sewing department, gloves for the military in both our production plants.

Our work doesn't stop there. We operate seven Base Supply Centers (BSC) on military installations from as far away as California and Hawaii! We sell the products that we manufacture along with products from any of the other 90 agencies across the country that employ those who are blind or visually impaired. In keeping with our mission to employ, educate and empower our neighbors who are blind and visually impaired, we afford those with vision loss the opportunity to gain valuable retail sales and customer service experience in each of our Base Supply Centers through employment opportunities. stlb™ assesses and fully provides all needed accommodations to our employees who are blind and visually impaired, showcasing their talents and abilities despite their disability.

Finally, stlb™ is a go-to resource for those with vision loss. Folks with issues related with vision loss can call in, and our team will refer them to the appropriate place where they can get the assistance they need, whether it be finding affordable and accessible housing, financial assistance for a sight saving procedure or training in using assistive technology and orientation and mobility skills for traveling independently. In addition, stlb™ operates a low vision store where individuals who are blind and visually impaired can purchase adaptive aids that can help them live a more independent and productive life. Some of the adaptive low vision products we sell include a variety of canes for people who are blind, talking watches and alarm clocks, bump dots and much more, all at reasonable prices!

All of this is possible with your continued support. As an individual who is visually impaired and has benefitted from all of the services that stlb™ has to offer, and who now serves as part of the team to help employ, educate and empower our neighbors who are blind and visually impaired, I could not be more thankful to all of those who make our work and mission possible.

Once again, thank you!

Tim Hatch

Index Tabs

Produce print shop-quality documents at your desktop. Clear labels virtually disappear when applied to tabs. Creating tab labels for one or more divider sets is quick and easy with free Easy Apply™ Auto-Fill.

For laser and ink jet printers. Take advantage of the efficient, patented Easy Apply™ label strip that allows you to apply clear labels to all tabs all at once: simply print labels, align them against tabs, smooth down labels and peel the strip.

Binders

Utilizing the best components in manufacturing, our vinyl binders are some of the toughest in the industry. Anodized and strengthened rings that won't mis-align or open at the wrong time. Heavy duty vinyl that will not tear at the slightest catch. Pockets that hold those extra papers snug. Employees who are particular about and proud of their workmanship. All these are what make our vinyl binders work to keep your material where it needs to be: bound together. They come in a variety of colors.

Locks & MousePads

Individually-Keyed Master Lock® padlocks are made with dielectric Xenoy thermoplastic body guards against electrocution and resist corrosion from chemicals or moisture in industrial environments.

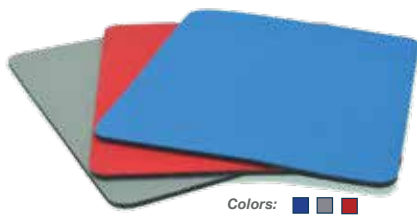

Key cannot be removed when padlock is open, eliminating any chance of padlock being left unlocked when locking-out.

Xenoy padlocks have a slim body that fits all lock-out hasps and take up less storage space, with 1-3/4" h x 1-1/2" dimensions.

Master Lock

- Shackle length is 1-1/2", 1/4" diameter, non-hardened shackle that can be cut in any emergency.
- Each lock is supplied with one key, per OSHA.
- 6-pin cylinder offers 10,000 key changes to prevent duplication
