FOUNDATION

2025 COMMUNITY IMPACT GRANTS

The Madison County Community Foundation has been providing funding to our community since 1992. Grants to community organizations are supported through competitive grants awarded from unrestricted funds in the Foundation.

We create our primary impact through our grantmaking. MCCF currently manages over 200 charitable funds created by individuals, families, businesses, and organizations for charitable purposes. Income from these funds annually provides grants to organizations and projects and programs to improve the quality of life within our community.

Proposals are reviewed by a diverse committee made up of community volunteers and Board Members, which makes funding recommendations to the Foundation Board of Directors. Upon approval by the Board of Directors, funds are awarded.

The Impact Madison Fund is a permanent fund that helps Madison County Community Foundation meet emerging local needs through strategic grantmaking to our nonprofit partners. Grants from this fund reflect Madison County's unique people, issues, and ideas. The Impact Madison Fund helps us support long-term solutions, respond quickly to emergencies, and meet the changing social, cultural, and educational needs our community faces.

COMMUNITY IMPACT GRANTS ARE MADE POSSIBLE THROUGH THE GENEROSITY OF NAMED UNRESTRICTED FUNDS
