ABOUT US

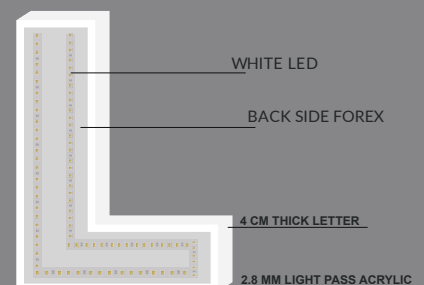

Welcome to Avocado Advertising, your one-stop shop for exceptional printing solutions. We offer services such as vibrant signage, corporate gifts, offset printing, and, all tailored to your brand's vision. With innovative technologies like NFC cards, we help clients stand out in a competitive market. Our customizable apparel, including T-shirts and jerseys, allows you to showcase your brand with pride. Committed to sustainability, we prioritize eco-friendly practices in everything we do, while focusing on building strong client relationships to meet unique needs and push the creative boundaries of the printing industry.

➤ 3D LETTER SIGN

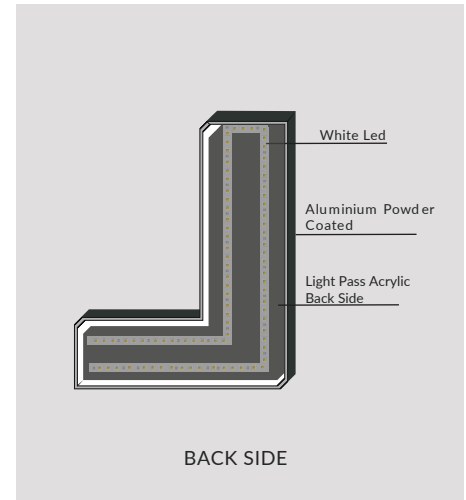

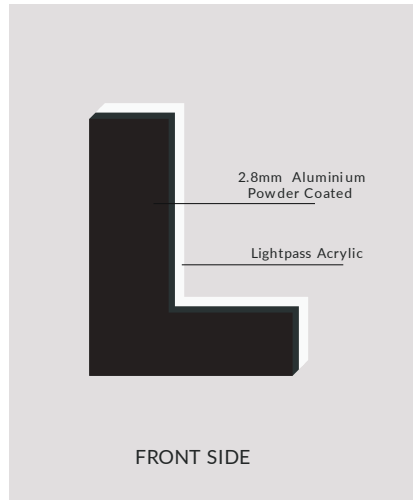

3D Lettering Signage is undeniably a bold and attention-grabbing solution that sets your business or organization apart from the rest. Widely favoured in the hospitality industry, shop fronts, and railway stations, 3-dimensional signage offers custom lettering and logos in any shape and size across a diverse range of materials. This is a powerful way to make a statement and leave a lasting impression.

➔ RECEPTION SIGNAGES

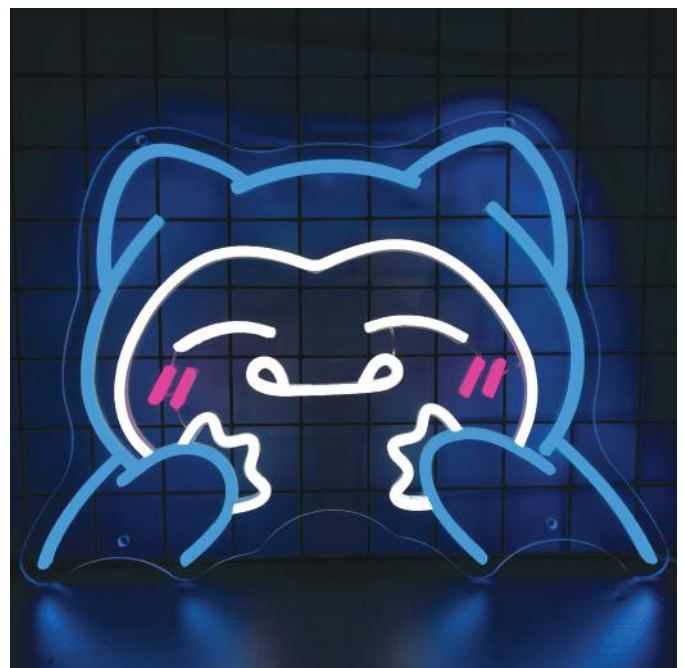

Reception signs come in many forms, but their primary purpose is to welcome customers and clients when they walk into your lobby. These signs can also serve several other functions, such as branding your organization and providing visitors with critical information.

NEON BOARDS

The Neon sign board is one of the most popular and attractive media of advertisement widely used by industrial and commercial firms to popularise their products among the general public.

DIGITAL PRINTING

Digital printing is a method of printing from a digital-based image directly to a variety of media. It usually refers to professional printing where small-run jobs from desktop publishing and other digital sources are printed using large-format and or high-volume laser or inkjet printers. Digital printing technology excels at producing on demand and short print runs quickly and cost-effectively.

UV PRINTED ACRYLIC BOARDS

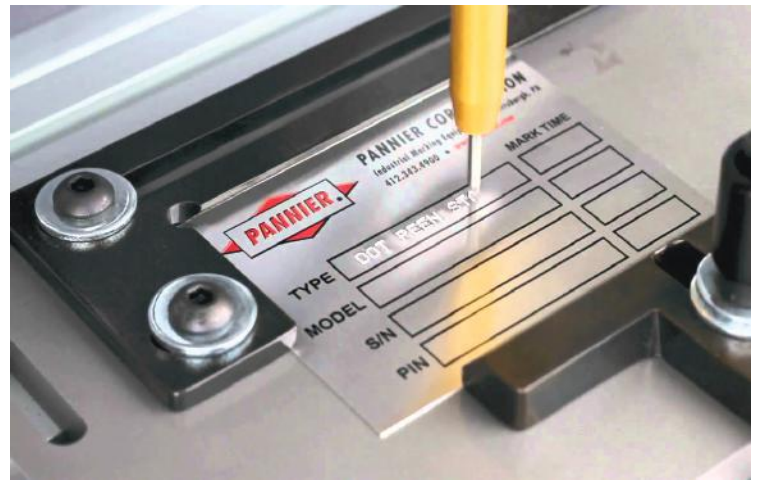

This technology gives you control over the print quality, colour density and finish. The ink is instantly cured during printing, meaning you can produce more, faster, with no drying times and ensure a high-quality, durable finish. UV printers can be used on a huge variety of materials/substrates. Some of these include Perspex, plastics, wood, glass, tiles, metals, paper, cardboard, Dibond and Correx. In terms of practical applications, think glass bottles, mobile phone cases, golf balls, pens & pencils, key rings, plastic cards.

INDUSTRIAL NAME PLATES

All industries that require long-term product identification or marking use nameplates for branding, identification, instructions, and other marketing. The properties of the nameplates vary from application to include: Material (including aluminium, stainless steel, brass, zinc, Copper or titanium)

➤ METAL TAGS

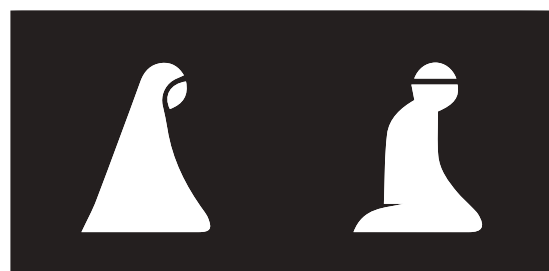

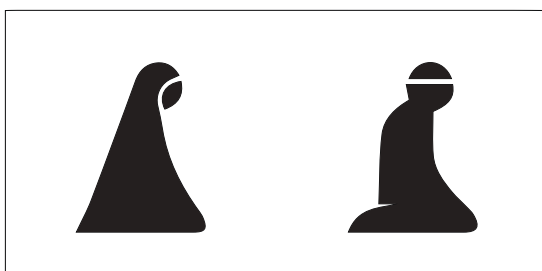

Metal tags are a widely used and durable method of equipment and asset identification. Your machinery needs to be labeled with essential data for safety and operation. Our tags remain legible throughout the lifetime of the machine or asset.

BUILDING SIGNS

Building signage can be used to convey information in and around buildings by means of text or symbols. The use of signage in buildings can be classified as: Safety signs. Identification and wayfinding. Branding and advertisement.

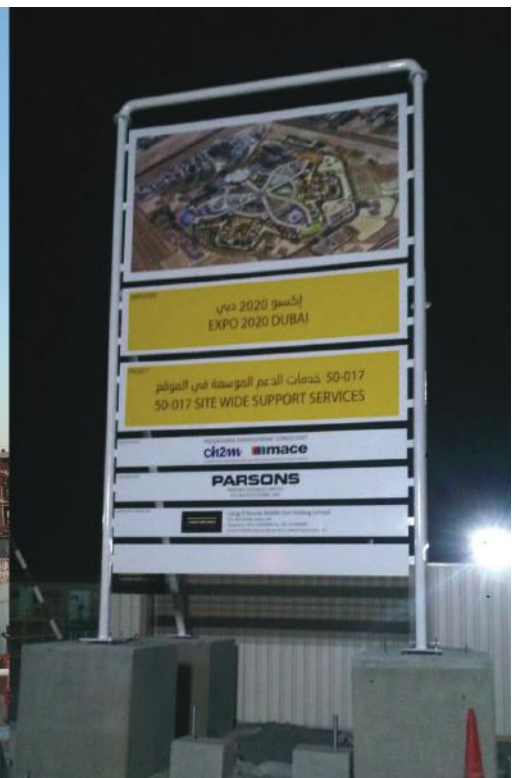

SAFETY SIGN BOARD'S

Safety signs are a type of sign designed to warn of hazards, indicate mandatory actions or required use of Personal protective equipment, prohibit actions or objects, identify the location of firefighting or safety equipment, or marking of exit routes.

➤ PROJECT SIGN

Signs posted at a project site can provide important information about future development, requested code changes, or other proposed action at a site or in an area of the City.

➤ VEHICLE GRAPHICS

Vehicle graphics allow you to personalize automobiles to match your company's branding. With custom vinyl designs, you can add valuable information, like your company name and contact information. You can also decorate it with your logo and other brand-appropriate images.

➤ EXHIBITION STANDS

Exhibition stands are the bread and butter of companies when they are participating in exhibitions, expos, conferences, and other public events. As a result, it is crucial to have an exhibition stand that is portable, sturdy, and easily transportable. That's where Mermaid Digital comes into the picture. We are one of the premier Exhibition stand design companies in Dubai, UAE with a laser-like focus on surpassing client expectations.

➤ PROMOTIONAL TABLES

Promotional tables is a new type, portable promotional stand that is extremely lightweight, affordable, and portable. This stand is simple to put together, and transport and is appropriate for both indoor and outdoor use. MDF is used to make the front and side panels. You may print and apply graphics. These can be used at retail establishments, malls, promotional events, and exhibitions.

➔ ACRYLIC DISPLAY STANDS

Acrylic stands are an ideal tool to market your stuff at malls or in retail outlets. They are durable and can be artistically modelled to suit your needs. Your products can be well displayed on these stands as they are eye catchy and built to catch the attraction of prospective customers.

➔ CORPORATE GIFTS

Our customized corporate gifts blend sustainability with branding, offering eco-friendly options that leave a positive impact. Thoughtfully designed to reflect your brand, these unique items help build lasting customer relationships while promoting your commitment to a greener future.
