About Our Course Names

TEKNOLOGY TRAINING make it easy for managers to select the right courses for their needs!

These naming standards will help identify which course version is the perfect fit. A Brain Bites mini-course? An Essentials course to get one up and going as fast as possible? A master class to become an app Guru? Or simply the correct version for the company's system!

Brain Bites are short, information-rich courses designed by experts in the topic and presented by actors.

Mastering courses cover a topic in extensive detail. E.g.: "Mastering Excel 2019 – Basics"

Essentials courses cover a topic well, but are are not comprehensive.

... *In 30 Minutes* courses are a quick overview of a specific topic in about 30 minutes.

Year in parentheses, i.e. (2020) indicates this is a topic which is frequently updated, and the year indicated is when this version of the course was updated.

Year not in parentheses, i.e. Mastering Excel 2019 means the year is likely part of a specific product name.
