The job of a leader today
is not to create followers.
It's to create more leaders.

Ralph Marston

**A true leader
can create a
team that needs
no leader.**

Being a leader is the easiest and the hardest job at the same time. Here are the reasons which explain why

- **Take ownership for the team's mistakes while giving credit to team for its successes**
- **Balance politics, employees and company mission**
- **Make the hard decisions while taking adequate risks.**
- **Deal with people**
- **Wear multiple hats and constantly skill up**
- **Be harsh and kind at the same time**

Always remember that a leader loses all meaning when there is nobody to lead.
