ABOUT LAZZONI

LAZZONI is a modern furniture brand that stands for high-quality furniture. With more than 100 years and 4 generations of experience, the professionals at LAZZONI have developed a passion for the profession that is reflected in the wide range of quality furniture.

OUR DESIGN PHILOSOPHY

LAZZONI furniture not only stands for quality, but also for smart and beautiful designs. The furniture designers gain inspiration from emerging designers and artists to create unique furniture designs that are not limited by space and time. Each piece of furniture has a unique feature, such as extra storage space or the option to expand your table. In addition, your own input also plays a major role in LAZZONI's interior designs.

Our professionals will create an interior design for you, a 3D model with Augmented Reality and a photo display in which you can view your future interior for yourself. Of course you can also visit the showroom to discover the free 3D Design Service.
