Welcome to the Storage Design Limited 'Group Products Catalogue'

With 36 years experience in supply and installation of storage systems, we pride ourselves in offering the highest level of service.

From the smallest product like a '**Rhino**' container through to a complete '**Pallet Racking System**' we will be able to maximise your storage facilities and workplace.

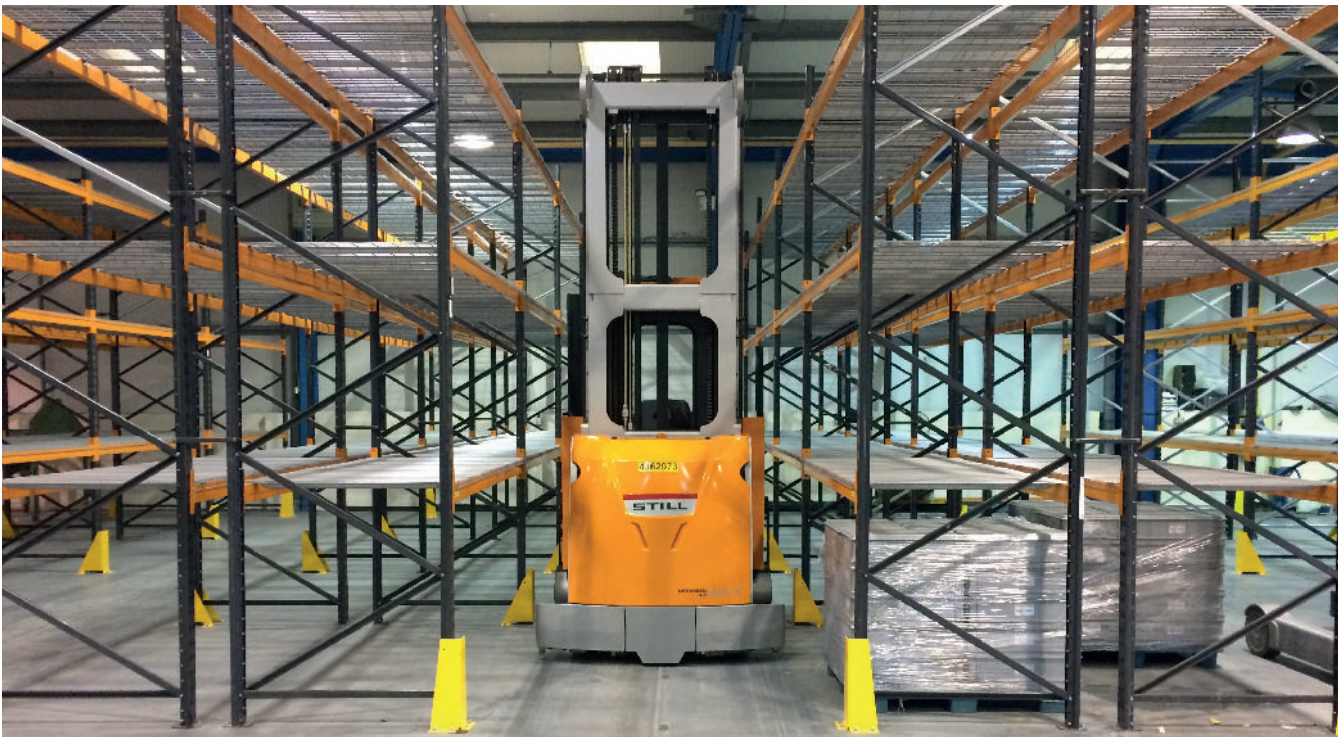

Special discounts are available for Projects. Please ask for a quote!

We hope you find this catalogue useful and look forward to hearing from you.

Yours sincerely

Industrial Buildings	2 & 3
Partitions & Guards	4 to 9
Access Equipment	10 & 11
Office Partitions	12

If your storage requires a more bespoke solution, we can help. We can advise you on a wide range of systems which will help increase your storage efficiency

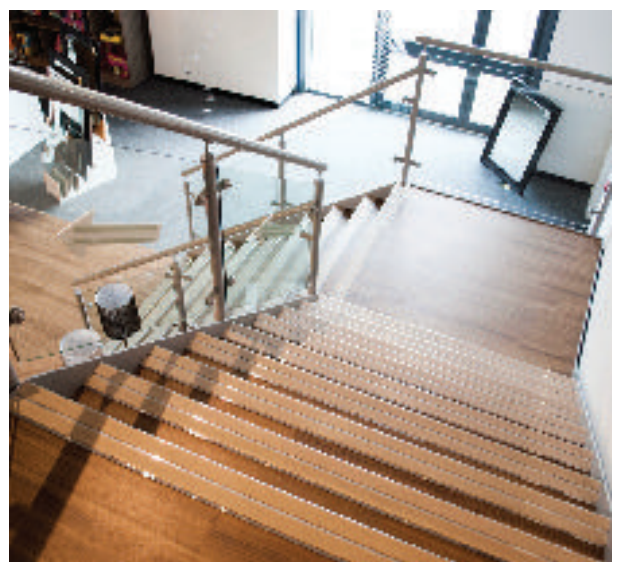

After discussing your requirements with you, we will design, project manage & install your system, helping you implement the new facility with the minimum of disruption.

From mezzanines to conveyors, from drive-in racking to multi-tier structures, we are here to help.

If you have a project brief to take forward or would like to arrange a site survey, just pick up the phone & talk to us.

Mezzanine Floors

A mezzanine floor is a quick & easy way of utilising the available height of a building, by doubling or even tripling the available floor space. Installed quickly & cost effectively, a mezzanine floor can prove to be a rational alternative to relocating your business or expanding your premises. Mezzanine Floors are typically designed as free-standing platforms & comprise cold rolled galvanised secondary floor beams bolted into the main universal beams, in turn supported by rolled hollow section steel columns. This structure is topped with a tough 38mm thick tongue & grooved particle board, although we can provide alternatives when required.

Please call us for further details & advice

Industrial Buildings & Loading Bays

Custom designs & flexible solutions
Made to measure for your business

Creating extra space laterally & vertically is best done with equipment & processes in mind.

Make us part of your team & we will build it for you!

We design industrial fabric buildings which retract, multi-task & integrate with loading & handling systems throughout your workplace.

Purpose built steel framed buildings

Technical internal designs to accommodate processes & machinery

Palletised storage created in goods yards to free up internal manufacturing space

Dry containing decanting facilities

Retractable production space in an open quarry

Allows lifting equipment access

Cover for all weather protection of soft fruits

Raised loading docks

Retractable & Curtain Sided Buildings

Turnkey solutions on all our structures

J.I.T. engine storage for assembly line, heavy duty construction equipment

Raised storage dock with enclosed retractable shelter

50M L retractable drying tunnel for wind tower steel columns prior to shot blasting

Home delivery hygienic marshalling space for van collection of online orders

1500 sqm of engineering workshop space with a 2 x 20T, 1 x 10T & 2 x 5T OET cranes, a mezzanine & loading bay

Gantry mounted retractable workshop

Enclosed testing facilities for container sized compressors - 4 sided for airflow

In floor electrical power conduit for engineering workshop to clear overhead space

Installation service available (subject to a site survey) - CALL FOR DETAILS

Titan - Double Skin Partitions

Please call us for further details & advice

A high quality double skin system that is ideal for cleanroom & office applications where appearance is important. When used in conjunction with the correct HVAC system, Titan is ideal for working toward an ISO 14644-1 class 5 cleanroom environment

- » RAL 9010 - other colours available upon request
- » Flush double glazing with integral magnetic blinds, coved & bull nosed skirting
- » Anti-static/electro-dissipative & anti-microbial powder coating
- » Sound reduction

Ask about our installation service

Price on application

Please call us for further details & advice

Ideal for offices, facility areas, machine enclosures etc, where sound reduction & insulation are important.

- » Standard powder coated colours; sandstone, medium grey, white or light grey
- » Fire rating
- » Double glazing
- » Ceilings
- » Integrated venetian blinds

Available on rapid delivery

Price on application

Single Skin Partitions

**Ask about our
installation service**

Price on application

Bastion - Single Skin Partitions

Heavy duty angle-framed industrial partitioning suitable for harsh environments. It provides secure storage & screening and can feature a combination of full steel, mesh & glazing. 25 x 25mm and expanded metal mesh inserts are also available upon request.

Sigma - Single Skin Partitions

Demountable & relocatable medium duty partitioning, ideal for applications requiring a high quality appearance.

Caelum Industrial Mesh Partitions

Caelum is a modular mesh panel system that is specifically designed for factory & warehouse division. Panels are constructed using strong, durable steel frames. We also offer a variety of posts & fixings for attaching panels to the floor & ceiling.

**Ask about our
installation service**

Price on application

Anti-collapse System

TUV Certified pendulum test method

Troax anti-collapse system is tested and approved by TÜV Rheinland to withstand an impact of 2,500 Joules.

Anti-collapse system prevents any risk of spillage from pallets in warehouse storages. The system is used for safe handling and storing of products in a logistics environment. It is made from fully welded mesh and steel frames and is strong and durable.

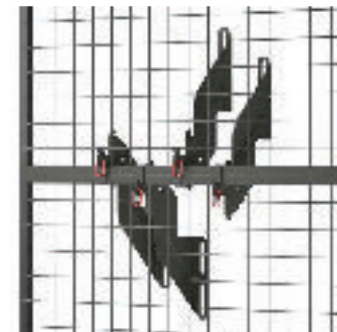

The panels are available in three models with different safety levels to suit your specific needs. The Anti-collapse screen can be made from 700mm, 1,200mm and 1,500mm high panels by 1,100mm and 2,200mm wide.

Please call us for further details & advice

Speed Bolt

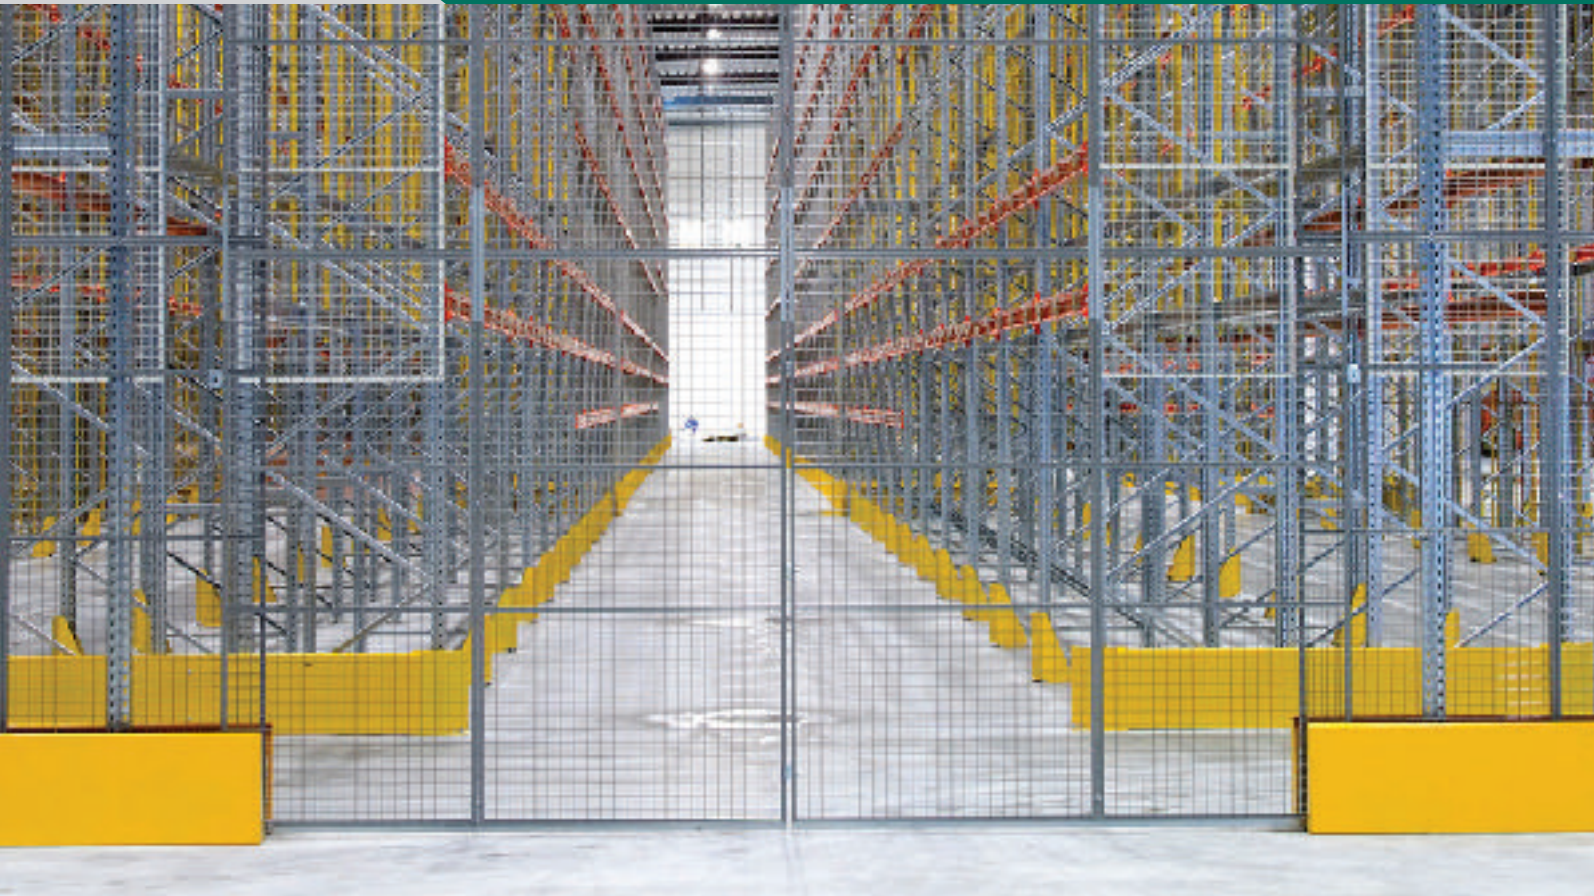

Speed bolt is developed for the anti-collapse system. The speed bolt is a perfect fastener, especially when you require a fast & safe assembly. It's only one item which you mount from the front and you don't need to reach around the backside of the upright.

Uni-bracket

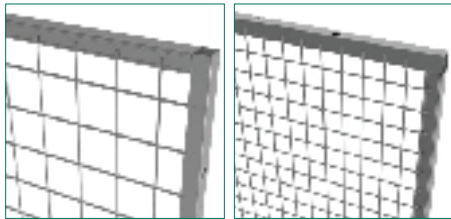

Uni-bracket is a versatile bracket which can be mounted in four different positions. The unique kit secure method keeps the panels locked in position. It has a cut-out which eases the removal of pallet racking beams located near the brackets. A user-friendly system as it can be built more logically from the bottom of the screen upwards.

Anti-collapse system prevents any risk of spillage from pallets in warehouse storages. The system is used for safe handling and storing of products in a logistics environment. It is made from fully welded mesh and steel frames and is strong and durable. The panels are available in three models with different safety levels to suit your specific needs. The Anti-collapse screen can be made from 700mm, 1,200mm and 1,500mm high panels by 1,100mm and 2,200mm wide

Mesh Shelves

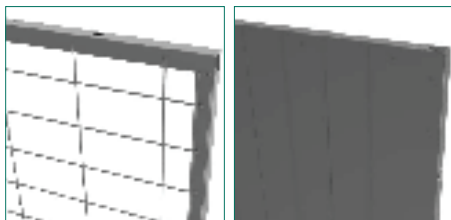

(UR350 & UX450)

50×50 mm mesh panels are an ideal solution for providing a safe working environment that allows natural light and ventilation.

(UR325)

25×25 mm mesh panels are adapted for applications that require a high level of safety, such as storing aerosols, or hazardous or high-value goods. The panels allow natural light and ventilation.

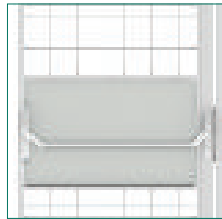

(UR300)

100×50 mm mesh panels are a lighter alternative to 50×50 mm, but still a perfect solution for providing a safe working environment.

(URSP)

Full steel Modular panels are ideal for creating storage areas for storing goods out of sight. They are made from profiled steel sheet and available in a number of different standard widths.

Locks for Doors

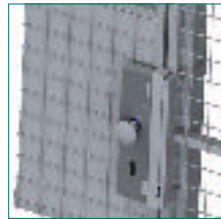

PANIC BAR

For emergency evacuation. Available as a hinged door, fitted with euro profile cylinder. The Troax Panic Bar meets the requirements of norm EN1125

ABLOY EL460

A kit with the electrical lock ABLOY EL460 is combined with split function for emergency exit from the inside

KNOB AND HANDLE

When it shall be possible to open the door from the inside with only the handle and necessary to use a key from the outside

ASSA CYLINDER

A frequently used door, which can be used both locked with a key or unlocked with just the handles.

EURO CYLINDER

A frequently used door, which can be used both locked with a key or unlocked with just the handles.

ELECTRIC STRIKE

When an electric keyless control is needed. For example together with a tag/ code/ card system.

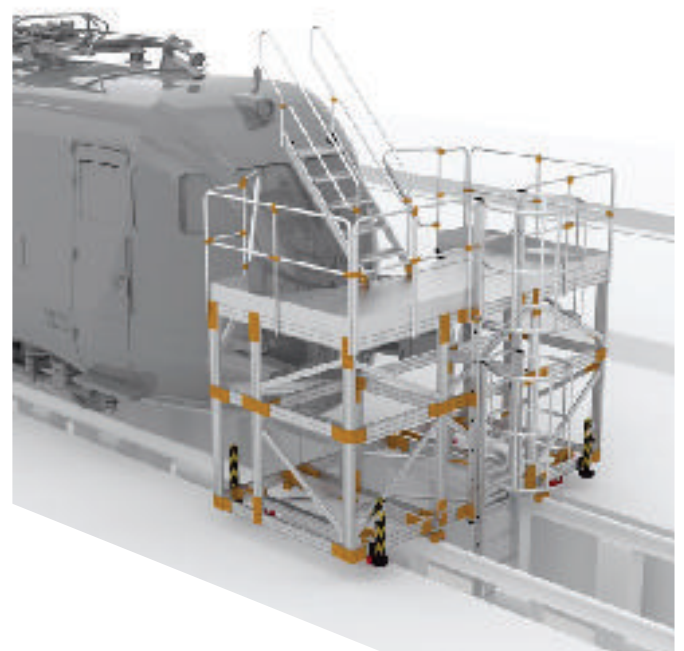

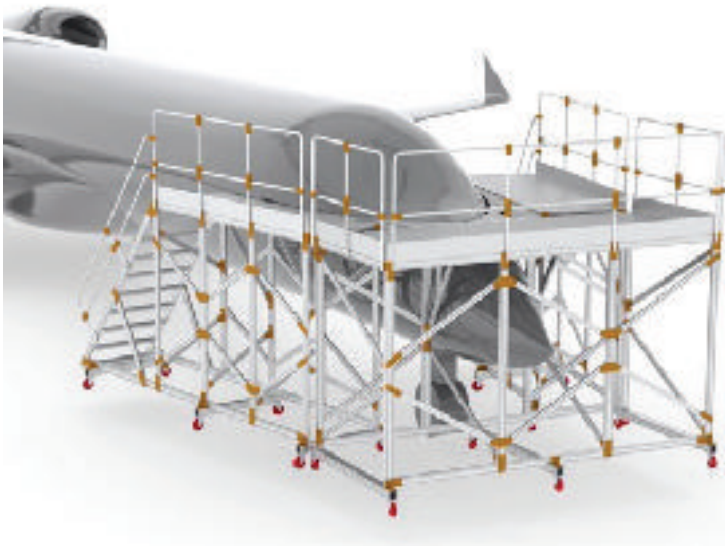

PADLOCK

For less frequent access.

Access Solutions

Bespoke access solutions for all your needs. From design to manufacture we can help

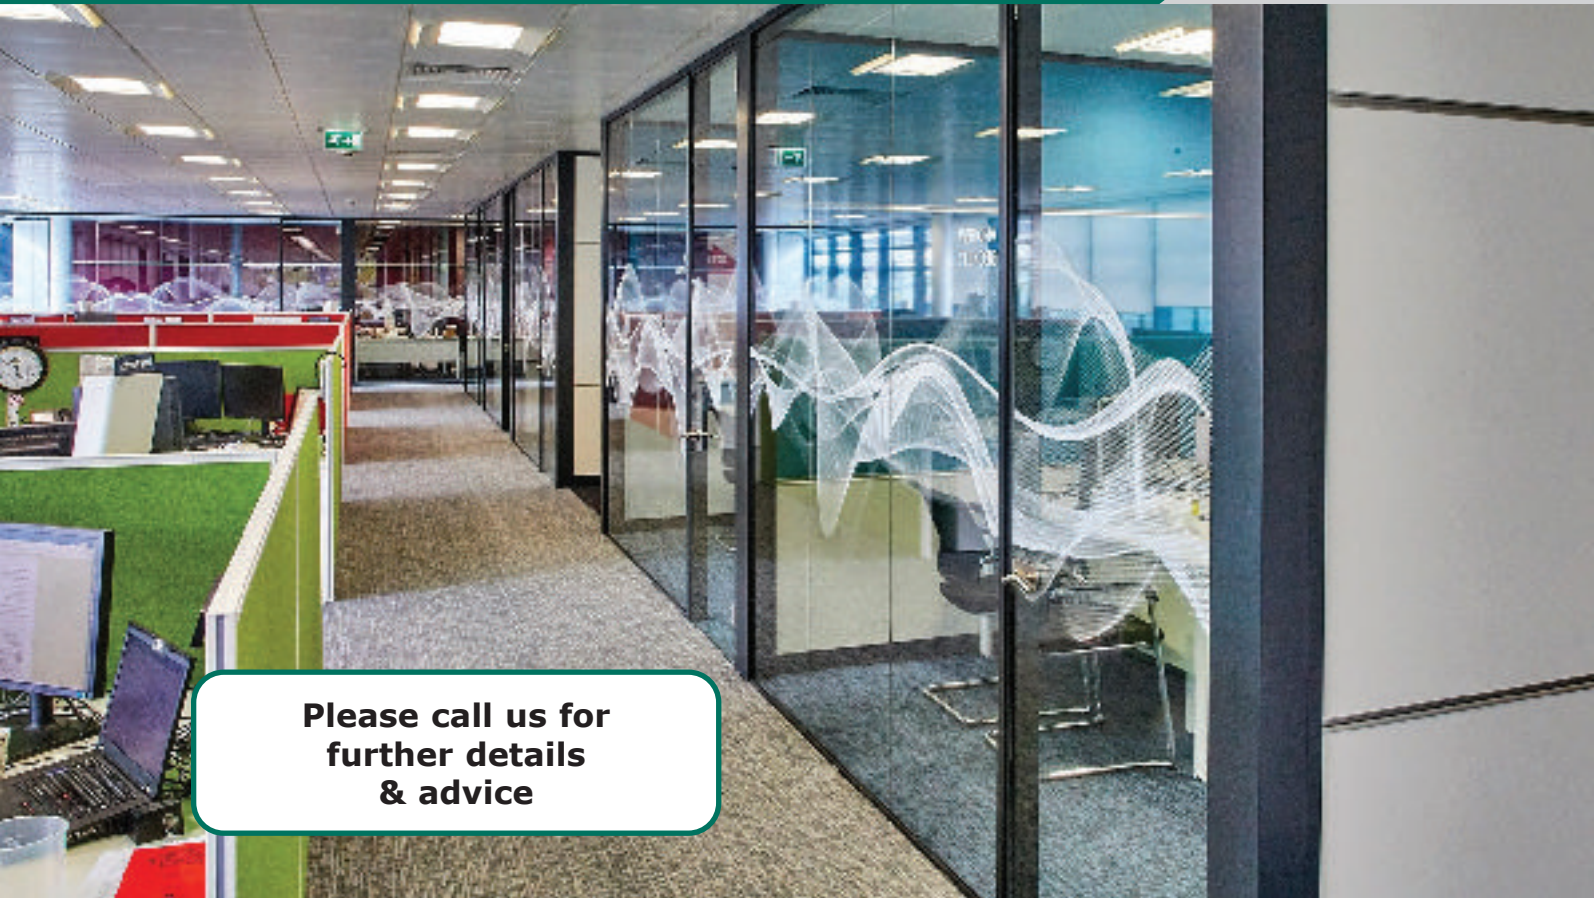

See pages 438 to 463 for our standard Aluminium Access ranges

Office Partitioning

**Please call us for
further details
& advice**

A Partition Wall creates a dynamic, functional working environment. Demountable Partition Walls allow you to reconfigure the space as your business requirements evolve. Glass Partition Walls in an office environment create light, open spaces whilst maintaining privacy, security & control over sound, temperature & lighting needs of individual areas.

Make the most of your space...

You may require a more open plan office or the opposite. Utilising the flexibility that Office Partitioning gives, you are able to create the space & / or individual working areas that you need. Having the option to increase privacy, sound reduction or add fire protection routes.

Whether it is a simple alteration or a complete office refurbishment it needn't be a daunting task. With our expertise, experience & skills in space planning we will endeavour to meet your requirements no matter how big or small the project may be.

- » Quick & easy installations - tailored to your individual requirements
- » Utilise space & create privacy where needed
- » Re-locatable – can be moved or extended to suit your future needs
- » Wide range of designs, finishes & accessories available
- » Fully glazed or partial glazed modules 7 doors
- » Fire resistance of up to 60mins
- » Sound reduction up to 50dB Rw
- » Integral colour co-ordinated blinds & other furnishings are available

Mesh Shelves

Troax mesh shelves are secure, flexible & relocatable. No fixings are required as the panels are held in place by their own weight with angle sections or formed wire mesh.

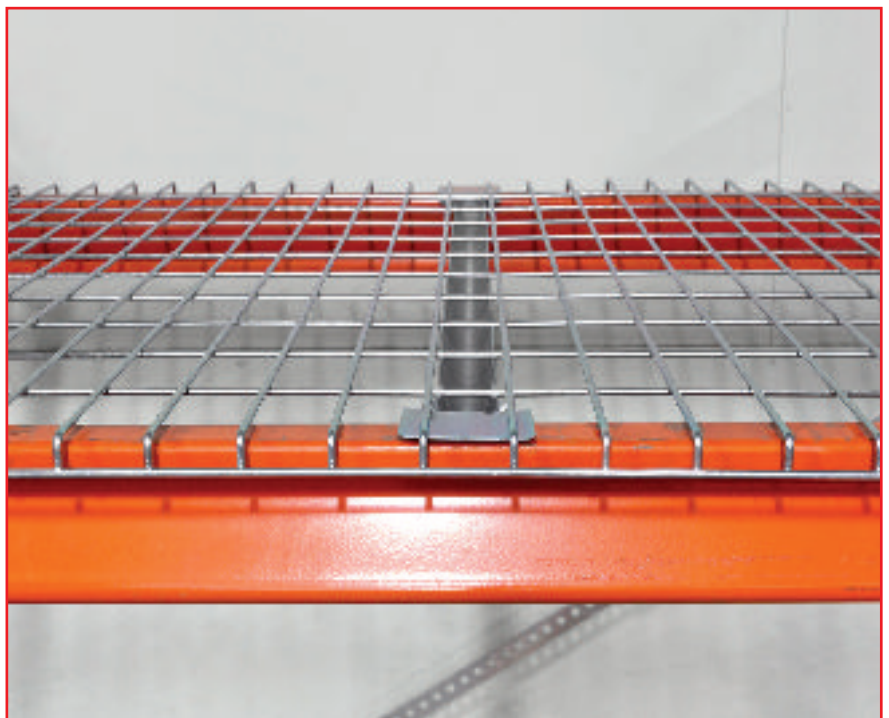

- » Recommended by Fire Authorities & Insurance Companies for premises with Sprinkler Systems installed
- » Dividers optimise storage space
- » Custom made to fit requirements
- » Ideal for underguarding below conveyors

Bioplastic Shelf Bins

Why is bioplastic better for the environment than classic plastic?

When we use renewable raw materials such as wood, which absorbs CO2 during its life, at the end of the production process, more carbon dioxide can be retained than is released into the atmosphere during production. The end product can thus be carbon neutral or carbon negative.

- >> Reduce the environmental impact of industry
- >> Reduce the use of non-renewable resources
- >> Positively affect our planet's well-being

HOW A TREE IS TRANSFORMED INTO AN INDUSTRIAL BIOPLASTIC STORAGE BIN

Supra Bins

- » Large heavy duty bin with a strong heavy duty reinforced base, sides and stacking rim
- » Resistant to most industrial solvents
- » Designed so that they can stack one on top of each other
- » Open front design allows clear access to contents and all bins have space on the front for labelling
- » Bins sit flush on top of each other and a stopper prevents the stacked bins from shifting forward

Small Parts Storage & Containers

Distribution Pallets

- » Lightweight pallets are ideal for multi-trip logistic operations, making significant fuel savings over heavier pallets
- » Unlike timber pallets there are no splinters or metal fixings that could damage contents or injure personnel
- » Eco Pallets - when not in use, pallets nests by 62% of overall height for even greater savings on return transport. Do not harbour wood-born pests &, so, do not have to be treated for export. Also have a constant tare & do not absorb water or contaminants
- » Heavy Duty Pallets are ideal for heavier loads

Hazardous Substance & CoSHH Security Cupboards

**FROM ONLY
£765.90**

It is vital that employers & employees comply with the control of hazardous substances in all working environments. This range of cupboards and cabinets enables the separate storage of hazardous substances as demanded by the CoSHH regulations. They are constructed from welded 1.5mm steel for strength combined with a superior anti-pick locking mechanism, to ensure security.

- » Welded all steel structure for extra strength
- » Seven lever safe lock for high security
- » New regulation labels enclosed to be fitted by customer to suit regulations
- » Full length heavy duty hinges with concealed fixings to prevent forced entry
- » Adjustable spill-retaining galvanised shelves for superior spill management
- » Powder coated with Germ Guard Active Technology anti-bacterial paint
- » Integral liquid-tight sump encourages the correct handling of spills through the use of absorbents
- » Reaction to Fire Classification EN 13501-1

Safety Cabinets for Flammable Substances

5 day delivery

10 YR
GUARANTEE

FM
APPROVED

- » Exceed the requirements of HSG51, 2015 (HSE Storage of Flammable Liquids in Containers, 3rd Edition)
- » Meets the requirements of HSG140, 2015 (HSE Safe Use & Handling of Flammable Liquids, 2nd Edition)
- » 10 minute fire tested at up to 1,300°C (independent testing)
- » Internal temperature during fire test kept below the auto ignition temperature of vast majority of flammable liquids
- » Can help justify storage of more volume of flammable liquids than HSG51 would normally allow
- » Fully load tested
- » Self-closing models have fusible links that close the doors at 74°C
- » Dual wall construction with insulating air space
- » Fully welded construction with 1mm steel used throughout
- » 3 point heavy duty stainless bullet self-latching doors – positive door closure without manual rotation to ensure latching
- » Leak proof integrated sump & 2 air vents with flame arresters built-in

- » Concealed self-close mechanism – release doors on self-closing models from any open position & the door will shut & latch
- » Adjustable shelf positions on 76mm centres, each with 156kg UDL rating
- » Continuous piano hinges on doors
- » Shelves direct leaks to back & bottom of cabinet
- » Adjustable levelling feet
- » Built in grounding connector

Storage Vaults

- » Designed to comply with the Flammable Liquid Storage Regulations (1972) as appropriate & the Factory Inspection Guide HSG51
- » Adjustable vent meets the requirements of both flammable storage (vents closed) & agrochemicals (vents open)
- » All welded units conforming to the A.P.E.A. construction requirements
- » Provide a half hour protection from collapse & the passage of flame
- » Multi-lockable for high security & fitted with a lift up action lid assisted by gas struts
- » For extra protection & fork lifting the units have skids on the base
- » Middle shelves pivot on models SSV01Z & SSV02Z to enable larger items to be stored on the base level
- » Model SSV03Z has a central partition & four shelves - the two middle shelves fold away & the two top shelves are made in 3 sections - the back section is fixed in position & the front two sections removable
- » All models have a liquid-tight base to contain spillage

N.B. A Fork Lift will be needed to unload these vaults

Galvanised Secure Stores

Manufactured in accordance with PPG 26 regulations as per the requirement of the Environment Agency

INFORMATION

Hazardous stores to meet all your storage needs

- » Side & roof panels are manufactured from 0.6mm cold rolled corrugated galvanised steel & for additional strength the unit has a structural frame which is fitted at each end & at the centre of the unit
- » The sump is manufactured from 2mm structural grade galvanised steel & is fitted with base plinths to keep the underside of the units out of contact with the ground
- » The double doors, fitted with 3 upper & 3 lower vents in each door, are located on one of the short sides of the unit & are secured with a Kale mortis lock with cylinder (152R)
- » Complete with two sets of shelves (60kg shelf U.D.L.) on each of the long sides of the unit
- » Fork lifting pockets are underneath the units
- » Subject to availability

This unit will be delivered by an articulated vehicle, therefore please ensure that a vehicle of this size can access your premises before ordering and advise us accordingly. You will require an appropriate size-capacity fork lift truck or Hiab unit to offload this item from the delivery vehicle. **IMPORTANT:** our standard delivery doesn't include any offloading due to insurance restrictions - if you require this service then please call for details. The unit must be positioned on a solid level surface, ideally concrete of circa 150mm in depth and 100mm bigger overall than the unit. The purpose of this is to ensure the unit does not settle unevenly when placed in position.

Storage, Security Cages & Hazardous

Troax Cage

Troax Cage is a quick and easy theft deterrent, suitable for warehouses or on construction sites. It has a flexible and modular construction, and all depths are possible from 1200mm up to the infinity. Also the depth can be extended as and when needed using additional modular panels and brackets. The unique design of the hinge enables a 270 degrees opening of both doors.

Single & Double Lockers

Single and Double Lockers customise storage spaces depending on the specific need required. The single doors can be created out of eight standard wall panel widths. Both the single and double lockers can be built out of UR350 panels (19x19mm framework) or UX450 panels (20x30mm framework). Securing plates for padlocks are standard.

Help reduce accident & injuries by eliminating blind spots - These convex traffic mirrors are ideal for outdoor use

Safety, Security, PPE, Matting & Flooring

Wheel Chocks

- » Wheel chocks are a low cost effective way of minimising the unexpected movement of vehicles whilst parked or being (un)loaded
- » Moulded rubber units have built-in lifting handles
- » An anti-theft retaining chain is available

TWC-8

TWC-1

TWC-10

Description	Overall Size L x W x H mm	Model	Price each
Rubber Chock	270 x 190 x 190	TWC-1	£46.77
Retaining Chain	5M Long	TWC-2	£56.47
Aluminium Chock	400 x 180 x 180	TWC-3	£109.63
Rubber Chock	150 x 175 x 150	TWC-8	£32.91
Steel Chock	268 x 200 x 230	TWC-10	£42.92

Wheel Chocks with Handle

- » The handle allows operatives to position chocks from a standing position (reducing manual handling effort), whilst also providing a clear visual marker to operatives & drivers that the chock is in place

NEW

TWC-3-HANDLE2-RH

TWC-10-HANDLE2-RH

Description	Orientation	Model	Price each
Cast Aluminium Chock with Handle	Left Hand	TWC-3-HANDLE2-LH	£342.00
Cast Aluminium Chock with Handle	Right Hand	TWC-3-HANDLE2-RH	£342.00
Steel Chock with Handle	Left Hand	TWC-10-HANDLE2-LH	£264.17
Steel Chock with Handle	Right Hand	TWC-10-HANDLE2-RH	£264.17

Dock Lights

- » Ideal for lighting up the inside of HGV's / shipping containers against a loading dock
- » Improve safety by improving visibility for operatives
- » Minimum IP54, for both indoor & outdoor applications
- » Switch included for stand-alone operation
- » Arm length of 1000mm when fully extended
- » Light head swings & pivots to allow optimum positioning
- » Can be mounted either side of the loading bay door

TWDL-5L

TWDL-4L-240

NEW

Description	Voltage	Lamp Type	Model	Price
Deluxe Dock Light	AC 110-240V	18W LED, 900 Lumens	TWDL-4L-240	£368.73
Super Deluxe Dock Light	AC 110-240V	30W LED, 3300 Lumens	TWDL-5L	£409.46

Dock Bumpers

- » Reduce damage to loading docks & buildings caused by vehicle impact
- » The use of rubber dock bumpers, cushions the impact thus minimising ongoing maintenance requirements
- » The correct thickness bumper also helps with the positioning of loading dock equipment such as dock levellers

Safety, Security, PPE, Matting & Flooring

PVC Strip Curtains

- » Bespoke-made curtains to fit any location & opening
- » Light to heavy duty use
- » Ambient or freezer grade
- » Pedestrian & forklift friendly
- » Supplied ready to hang

INFORMATION

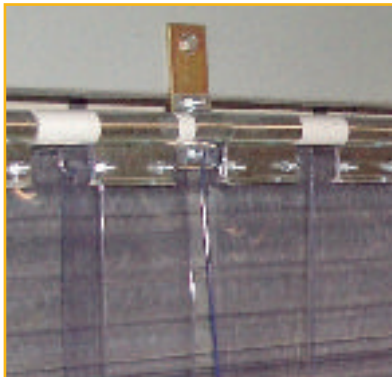

**Despatched within
2/3 days of ordering**

- » High quality clear PVC
- » DOP & DEHP free
- » Flexible -15°C to +50°C (polar to -25°C)
- » UV stabilisers & high impact resistance

Swivel-hinge

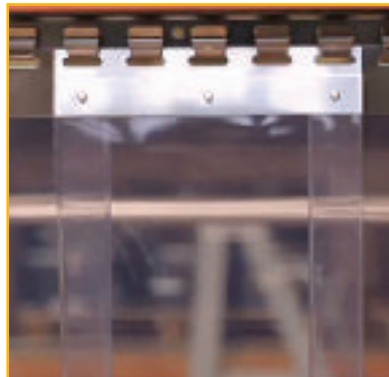

For heavy & frequent use by forklifts. Strips bolted into hinges so they can't be pulled down.

- » Strip widths: 300 & 400mm
- » Strip thickness: 3 & 4mm
- » Overlap options: Min & Max

Hook-on

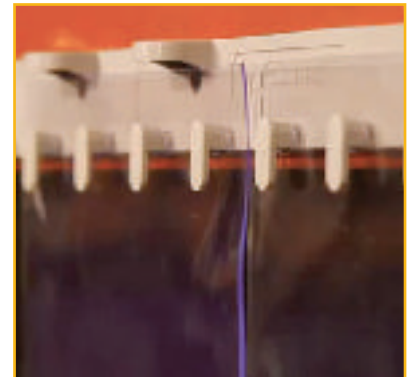

For pedestrian, pallet truck & occasional forklift use. Available in galvanised or stainless steel.

- » Strip widths: 200, 300 & 400mm
- » Strip thickness: 2, 3 & 4mm
- » Overlap options: Min, Med & Max

Quickmount™

For pedestrian areas where safety is key. No steel plates, so no one can be hurt if strips are dislodged.

- » Strip widths: 200, 300 & 400mm
- » Strip thickness: 2, 3 & 4mm
- » Overlap options: Min, Med & Max

PVC in standard grade, polar grade, double ribbed & anti-UV

Replacement Strips & Rolls

Available in all sizes & formats. Supplied in 50M rolls or cut to any length & priced per metre

COBAGRiP

Safety Flooring

- » UV stabilised GRP sheets, treads & stair nosing designed to offer exceptional levels of slip-resistance both indoors & out, while having outstanding wear & tear qualities
- » Ideal for pedestrian & factory walkways, access ramps, gangways & bridges
- » Resistant to most solvents & chemicals
- » Manufactured from a flame retardant silicone carbide 'gritted' top surface
- » Easy to install, simply bond or screw to the existing floor surface

COBAGRiP

- » Suitable for use with forklift traffic
- » Thickness: 5mm overall

COBAGRiP Light

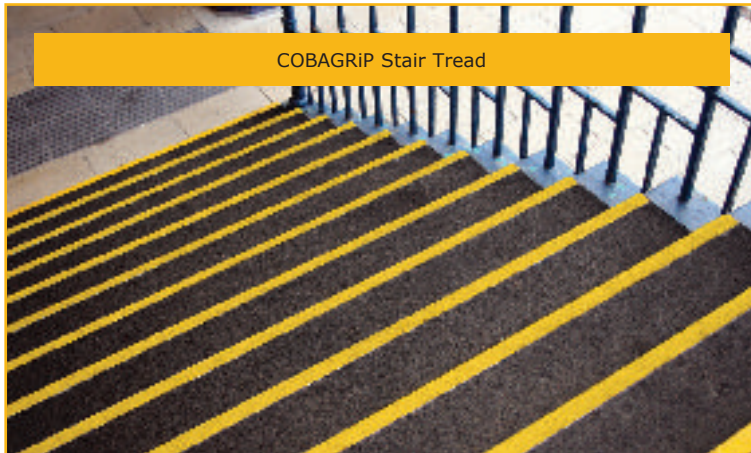

- » Also suitable for food production areas
- » Thickness: 2.4mm overall

COBAGRiP Stair Tread

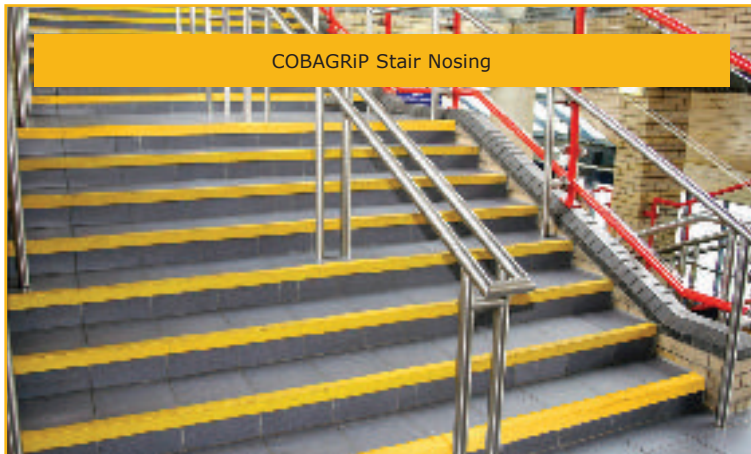

- » Designed to fully cover the stair area
- » Thickness: 5mm overall

COBAGRiP Stair Nosing

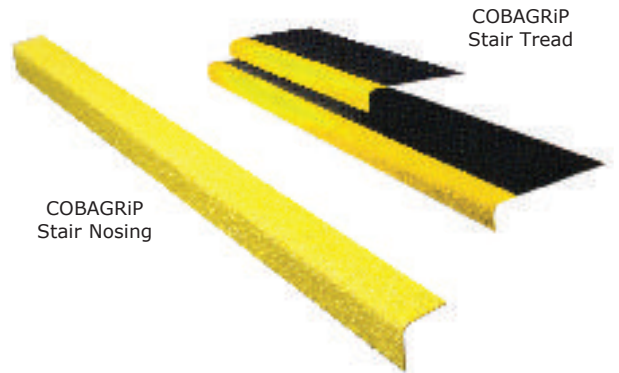

- » Designed to cover the edge of the stair
- » Thickness: 5mm overall

1150 x 1750	LM-0203	£196.45

Superdry Doormat

- » Heavy duty entrance matting, ideal for office spaces & general workplaces
- » Raised, reinforced 'waffle' pattern scrapes dirt away from footwear, helping to reduce the amount of dirt/debris brought into the building
- » Exceptional moisture wiping properties (able to retain up to 5.4 litres water/m2)
- » Lipped edges to help reduce tripping hazards & rubber backing for slip-resistance
- » Colours: Black, Blue, Red, Brown or Grey

Overall Size L x W mm	Model	Price
600 x 900	WH--0001	£40.56
900 x 1500	WH--0003	£113.86
1200 x 1800	WH--0004	£180.95

Cobascape

- » Hard wearing surface scrapes dirt from your shoes
- » Gives a sure footing grip in wet/oily conditions
- » Bevelled edges to help prevent trips
- » Manufactured from 100% nitrile
- » Ideal for all weather conditions
- » Machine washable
- » Colour: Black

Overall Size L x W mm	Model	Price
850 x 750	CS-0001	£48.36
850 x 1400	CS-0002	£89.16
850 x 3000	CS-0003	£170.91
1100 x 1700	CS-0004	£136.46

Ringmat Octomat

- » Manufactured from hard wearing rubber matting for a long life span even in demanding conditions
- » Conforms to EN-13552 Category R10
- » Connectors available for a larger area coverage
- » Colour: Black

Overall Size L x W mm	Model	Price
1000 x 1500	RM-0003	£70.09
Connector	RM-0004	£0.92

Rampmat

- » Manufactured from durable NBR rubber making this popular doormat suitable for most climates
- » Superior slip resistance conforming to Slip Resistance Test EN-13552 Category R10
- » Raised circular pattern surface provides grip while scraping dirt & moisture
- » Moulded bevelled edging for safety & wheeled access
- » Thickness: 10mm

Overall Size L x W mm	Model	Price
1200 x 800	RP010002	£28.38
1500 x 900	RP010001	£35.54

Superdry Heavy Traffic Mat

- » Waffle pattern absorbs moisture & scrapes away dirt from forklift wheels
- » Reduces slips, forklift skidding & loss of control
- » Easy to install with **Double Sided Adhesive Tape*
- » Mats can be installed individually or laid next to each other to cover vast areas
- » Easy to clean with a vacuum or stiff brush
- » Protects floor from damages
- » Thickness: 10mm

Overall Size L x W mm	Model	Price
Superdry Heavy Traffic Mat		
1800 x 1150	WHT010005	£152.25
*Double Sided Adhesive Tape

Protect-It XL Rack Guard

Protect-it XL rack guards are large format upright protectors that improve warehouse safety & reduce rack damage caused by forklift trucks, & other vehicles.

- » Overall Height: 500mm
- » Fits uprights with widths to 90mm
- » Easy to fit - no fixing or tools required
- » Easy to remove for rack inspections
- » Passes both front/side impact tests to conform to FEM 10.2.02
- » Fits most pallet racking makes

NEW

INFORMATION

HSE guidelines state that every upright should be protected

Free delivery on orders over £250.00. For orders less than this please add £25.00 per order.

Protection Height	Upright Width	Price
500mm	up to 90mm	£24.95

Protect-It MAXI

Wall Protection: can conform to the shape of the wall (1080L x 500H mm)

Protect-it MAXI is a revolutionary structural column guard designed to minimize damage to building columns especially suited to mezzanine floor columns

- » Reduce vehicle impact damage to columns, walls & structures
- » Low profile, space saving design
- » Quick & easy installation on all column shapes including square, round, H & I beams
- » Inexpensive purchase, installation & replacement costs
- » Suitable for cold stores

Free delivery on orders over £250.00. For orders less than this please add £25.00 per order.

INFORMATION

HSE guidelines state that every upright should be protected

Please specify type of racking if known when ordering or send a photo of the racking

Does your warehouse meet HSE requirements?

HSE document HSG76 states: 'Where racking is likely to be struck by lift trucks & other vehicles it should be protected'

If you are going to conform to HSE requirements make sure you fit a protector that meets the recognised European Standard FEM 10.2.02.

- » Kit includes: 3 x 133mm guards
- » Overall Height: 400mm
- » Fits uprights with widths from 90mm to 120mm
- » Effective in cold stores up to -40 degrees
- » No fixings or tools required
- » Passes both front/side impact tests to conform to FEM 10.2.02
- » Fits most pallet racking makes

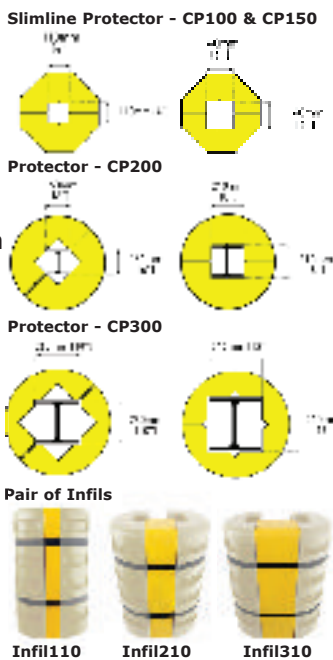

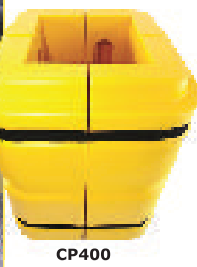

Protection Height	Uprights between 90mm x 120mm wide
400mm	£24.95

Free delivery on orders over £250.00. For orders less than this please add £25.00 per order.

Surface Mounted Flow Plates

- » DON'T BE FOOLED BY FAKE, this original patented design is and has been UK Manufactured for over 25 Years. The Surface Mounted Flow Plate has been designed to offer advantages over the sunken design. This product is strong enough to withstand the heaviest goods vehicle, or with the flap reduced to 115mm, will provide the strength and flexibility to allow all types of vehicles (standard design maximum weight 1 tonne per axle) to travel over them. Another advantage these plates offer is eliminating the problem of piercing roadway surfaces, no more digging holes as these simply bolt down to the surface providing an easy yet effective traffic control solution.

Description	Model	Price
Standard Flow Plate (up to 1 tonne per axle)	SB14S	£209.63
HGV Flow Plate	SB14 HGV	£356.64

Height Restriction Barriers

- » Strong and sturdy design perfect for car parks or anywhere similar
- » Manufactured from 100mm Steel Box Section
- » Fixed & opening designs
- » Bolt down (up to 7m only) or concrete in (recommended)
- » Manufactured to suit your width requirements. E.g. If 5.5m is required order a 6m & specify bespoke size on your order
- » 2.1 Metre height restriction is standard. However, 1.9m, 2.0 & 2.3m is available. Alternative heights will require a quotation.
- » Latch back posts are recommended extra
- » "Maximum Height" Nudge bar is recommended extra
- » Available Powder coated or Galvanised Double Finish (both) is also available extra cost.
- » Low level locking available upon request

Workbenches & Drawer Cabinets

Team Leader Workstations

A range of robustly constructed workstations designed for Team Leaders, Supervisors or Line Managers. Fully-welded steel framework ideal for tough environments. The compact design recognises the pressure on factory workspace but still allows the team leader to have a workstation with everything they need. Colour coordinated range of tops for area segregation are available.

Leak Diverters

- » Redirect roof or pipe leaks to prevent water damage
- » Deal with your nuisance ceiling leaks without disruption to the workplace until a permanent repair can be made. This device can be hung from the roof directly under leaks to catch rainwater & divert it to a convenient collection point, keeping it off the floor, reducing the potential for slips & falls whilst minimising damage to goods & machinery.
- » Adjustable hanging straps (not included) ensure easy levelling & positioning - call for details. Standard UK Hozelock fittings ensure water can be safely channelled into a suitable receptacle or other convenient area
- » Can be connected to a garden hose - not included

Drum, Cylinder & Spill Control

Drum & IBC Secure Stores

Manufactured in accordance with PPG 26 regulations
as per the requirement of the Environment Agency

EDRIB1604

- » Base is manufactured from 3mm mild steel with RHS cross members & pressed ribs
- » Corner posts, shelf frames & main rails are rolled hollow section
- » The roof is pressed with suitable bracing & fully welded around the perimeter, while the back, side & door panels are pressed from 2mm mild steel sheet & corrugated where required
- » Fitted with crane lifting points (maximum 2000kg per lift point) & sliding doors
- » The floor area above the sump is covered with galvanised steel channel sections so that loose drums or pallets can be stored directly onto it, whilst the upper shelf is an open box section which is designed to support pallets. Grid mesh shelving is available - please call for details
- » Shot blasted before being painted (RAL 6029) for greater durability
- » EDRIB9624 - push back system above the sump, allowing the units to be pushed to the back of the units

Push Back Loading System on the EDRIB9624

Manufactured in accordance with PPG 26 regulations as per the requirement of the Environment Agency

EDRIB9624

This unit will be delivered by an articulated vehicle, therefore please ensure that a vehicle of this size can access your premises before ordering and advise us accordingly. You will require an appropriate size-capacity fork lift truck or Hiab unit to offload this item from the delivery vehicle. **IMPORTANT:** our standard delivery doesn't include any offloading due to insurance restrictions - if you require this service then please call for details. The unit must be positioned on a solid level surface, ideally concrete of circa 150mm in depth and 100mm bigger overall than the unit. The purpose of this is to ensure the unit does not settle unevenly when placed in position.

INFORMATION

Perforated base for good air circulation

Liquid Disposal Safety Cans

- >> High density polyethylene disposal cans provide superior chemical resistance & leak protection
- >> Spring loaded sealed cap, normally closed, automatically vents between 3 & 5 psig (0.2 & 0.35 bar)
- >> Stainless steel handle & hardware with latch-catch system hold the cap in the open position for easy filling & pouring
- >> Large mouth opening features a built-in stainless steel flame arrester to guard against outside ignition
- >> Current carrying, patented carbon insert embedded in the container allows for proper grounding
- >> Broad base design provides stability & resists accidental tip over

Capacity Litres	Overall Size Dia x H mm	Model	Price
7.5	305 x 375	LDS075	£331.30
19	305 x 508	LDS190	£361.45

All products on this page are:

Bench Cans

- >> Easy means of cleaning small parts in solvent
- >> Simply place work on spring loaded, perforated dasher plate, press down, agitate, then release to return dasher to drain position
- >> Plated steel dasher also works as an effective flame arrester to reduce the risk of fire flashback
- >> Hinged cover minimizes evaporation losses & protected rim reduces the possibility of hand injury

Capacity Litres	Overall Size Dia x H mm	Model	Price
1	124 x 140	BC001	£122.15
2	238 x 83	BC002	£134.25
4	238 x 114	BC004	£131.85
8	292 x 149	BC008	£218.60

Dip Tanks

- >> For cleaning parts & sub-assemblies where the volume of work does not warrant a larger rinse tank
- >> Dip tank covers stay open for convenient access; self-closing mechanism & fusible link metals at 74°C to snap the cover shut in case of fire

Capacity Litres	Overall Size Dia x H mm	Model	Price
4	238 x 140	DT004	£166.00

Plastic Multi Purpose Trolleys

- » Strong polyethylene moulded trolleys
- » Easy to clean - will not rust, dent or chip
- » Ideal for workshops, storerooms, warehouses, automotive, electronics, chemical & pharmaceutical industries
- » Manufactured from a non conductive polyethylene which will not pass an electrical current & is unaffected by battery acid, solvents & cleaning solutions
- » Models GI237L & GI337L have a higher load capacity as the shelves are re-inforced with a steel bar
- » Mobile on 4 x 100mm non-marking rubber swivel castors, 2 with brakes

Optional Buckets

- » Set of 2 buckets to suit "Super Strength" Trolleys with Storage Trays

Complete with removable, half open lids

Overall Size H x W x D mm	Weight kg	Model	Price

TI545R

INFORMATION

Units available with puncture proof wheels "will not let you down"

TI541R

Turntable, General Purpose & Ackerman Trucks

Tip-A-Trucks

- » Unique tipping action - the trucks easily tip when lifted to make it easier to dispense the contents
- » Large wheels give these units a smooth ride over rough & uneven terrain
- » The easy to clean polyethylene body is supported by a strong & durable steel frame

UNIQUE TIPPING ACTION

As the unit is tipped, the wheels slide to the middle of the unit, giving you a greater degree of stability when emptying

Locking mechanism keeps the easy clean Polyethylene body from tipping, controlled by an easy release mechanism

Wheels, Castors & Conveyors

Medium Duty Steel Castors

- » Wheel sizes from 50mm to 150mm
- » Load capacities from 27kg to 600kg
- » Traditional style castors with original UK bolt hole spacings

Footbrake

- » Brakes are available on 75 or 100mm swivel castors with RN or NY wheels
- The 75mm castors have a single ended brake & the 100mm castors have a double ended brake
- add suffix **BR** to swivel castor code
- Price Extra: 75mm = **£3.25**
- 100mm = **£4.75**

Wheels, Castors & Conveyors

Telescopic Container/Trailer Conveyor – (for use over a level loading dock)

The Telescopic Expressway has been developed as a cost effective solution for efficient loading & unloading of shipping containers & trailers over a level loading dock. High impact, low inertia, 50mm diameter PVC rollers mounted in fully welded, powder coated steel channel frames. 50mm bright zinc plated mild steel rollers at load point & 20mm diameter bright zinc plated mild steel rollers at deck transfer sections. Each deck height adjustable by screw jacks. Alternative widths & lengths available on request.

Description	Model	Price
600mm Wide x 12M Extended (5M Closed)	TE4-600-3-12.0	£4977.00
600mm Wide x 16M Extended (5.5M Closed)	TE4-600-4-16.0	£6511.00

Container/Trailer Conveyor – (where no loading dock available)

The High Rise Telescopic conveyor has been developed as a safe, efficient & cost effective solution for quickly unloading shipping containers or trailers where no level loading dock is available. 600mm wide the conveyor will extend up to 10m inside the shipping container or trailer & will convey cartons under gravity to an offload point at ground level. The conveyor can be further extended by connecting an Expandaveyor, please see opposite page for specification. Suitable for container floor heights of 1,300-1,650mm (height options from 250-1,700mm available on request)

Description	Model	Price
High Rise Telescopic Conveyor	HRTE	£8999.00
6M Expandaveyor Extension	6MEE	£2080.00
7.5M Expandaveyor Extension	7MEE	£2533.00
9M Expandaveyor Extension	9MEE	£2986.00

Medium Duty Belt Conveyors

Motorised drum drive belt conveyor ideal for warehousing & light industrial use. Smooth faced anti-static PVC belt, supplied with variable speed controller with forward & reverse function. Rated at 30kg per running metre uniformly distributed load. Runs from a 230V (single phase) supply.

A complete range of belt conveyors, including inclined, mezzanine floor & vehicle loading conveyors available on request.

Expanding Conveyors

- » Versatile mobile conveyor system which improves productivity & reduces manual handling - ideal for warehouse & industrial applications
- » Extends to suit changing applications & closes for efficient storage
- » Can be stretched around corners
- » High impact PVC Skatewheel & roller models available
- » Height adjustable from 650 to 1100mm
- » Supplied as standard with handles & 100mm swivel braked castors
- » Rated at 80kg per metre
- » Axle pitch when fully extended 125mm
- » All steelwork protected with a bright zinc plated finish
- » Options include end stops & hooks to connect multiple conveyors

Available on request

- » Bright zinc plated steel roller & skatewheel models
- » Height ranges of 450-700mm or 900-1200mm
- » Heavy duty models
- » Different lengths & widths
- » Roller end stops

Gravity Roller Conveyors

- » Improves productivity & reduces manual handling
- » Versatile modular design
- » Ideal for warehouse & industrial applications
- » Powder coated mild steel multipunched smoothline section frames
- » 50mm diameter rollers - 20kg capacity free running PVC or 80kg capacity heavy duty bright zinc plated rollers
- » Bright zinc plated steel stands, recommended 1500mm centres. Stands can be used to join lengths
- » Can be set at a decline or used horizontally
- » Other roller diameters, widths & pitches available & also gate sections, bends & ball transfer tables - *call for details*

Aluminium & Glass Fibre Steps/Ladders

Climb-It® Telescopic Ladder with Stabiliser

- >> **Certified to EN 131 standard**
- >> To open the unit lift from any step dependent on the height you are trying to achieve. The step can be adjusted all in one go or step by step to suit your requirements
- >> Folds quickly & easily for compact storage
- >> Controlled retraction to guard against trapped fingers
- >> One time release locking mechanism
- >> Manufactured in strong aluminium
- >> For safe use, do not stand on or above the red rung

Climb-It®

LOWER PRICE

Folds quickly & easily for compact storage. Simply push the buttons to close. The unit has a flange in the legs which restricts air flow and therefore gives controlled retraction to compact the unit smoothly from 3810mm extended height to 910mm closed height

No. of Rungs	Extended Height mm	Closed Height mm	Weight kg	Model	Price
13	3810	910	14.5	GXF21Z	£222.60

NEW spacers allow the unit to sit away from the wall at the top in line with new EN 131 regulations

5 Way Combination Ladder

- >> Combines a stepladder, extension ladder, stairwell ladder, work platform & stairwell platform
- >> Complete with large platform for increased safety
- >> Rigid construction with wide base stabilisers

Aluminium & Glass Fibre Steps/Ladders

Ladder Log Inspection Systems

The Ladder Log Inspection System is a simple & straightforward process to ensure you are complying with the work at height regulations of 2005. Carry out a full inspection of your ladder every 3 to 6 months, file the paperwork & give the user a visual sign the equipment is safe to use.

The range consists of reversible tags slotted into holders or a self-adhesive plastic sticker. Both variations of this tag enable the user to record their asset reference alongside the date & time it was last inspected, as well as the name of the competent person who inspected the ladder.

Description	Model	Price (each) 0-49 off	Price (each) 50-250 off	Price (each) 251+ off
Reversible Tag	LLRT01	£2.75	£2.50	£2.38
Tag Holder	LLTH02	£3.25	£3.00	£2.75
Green Sticker	LLGS03	£3.00	£2.75	£2.38
Red Sticker	LLRS04	£3.00	£2.75	£2.38

Ladder Log Inspection Systems

The Ladder Log Business pack is perfect for getting started with ladder inspections if you haven't already got a system in place. It comes with tags and holders, or stickers if you prefer alongside an A4 register and all the paperwork required to make recording inspections as straightforward as possible. All business packs come with an A4 Inspection Folder & indelible marker pen.

Description	Model	Price (each)
Inspection Folder, 10 Tags, 5 Holders & 1 Pen	LLBPS05	£58.93
Inspection Folder, 30 Tags, 15 Holders & 1 Pen	LLBPM06	£73.75
Inspection Folder, 50 Tags, 25 Holders & 1 Pen	LLBPL07	£87.50
Inspection Folder, 10 Green & 2 Red Stickers & 1 Pen	LLBPS08	£56.25
Inspection Folder, 30 Green & 6 Red Stickers & 1 Pen	LLBPM09	£62.50
Inspection Folder, 50 Green & 10 Red Stickers & 1 Pen	LLBPM10	£68.75

Personalised Ladder Log Tags

Why not add your company logo and brand colours to your inspection tags? Modify your tags to suit your business requirements; colour code based on department, add extra information or change the tag material, they don't even have to be used just with ladders in mind.

Description	Price
Bespoke Tag with your logo & colours	Starting at £315.00 for 100

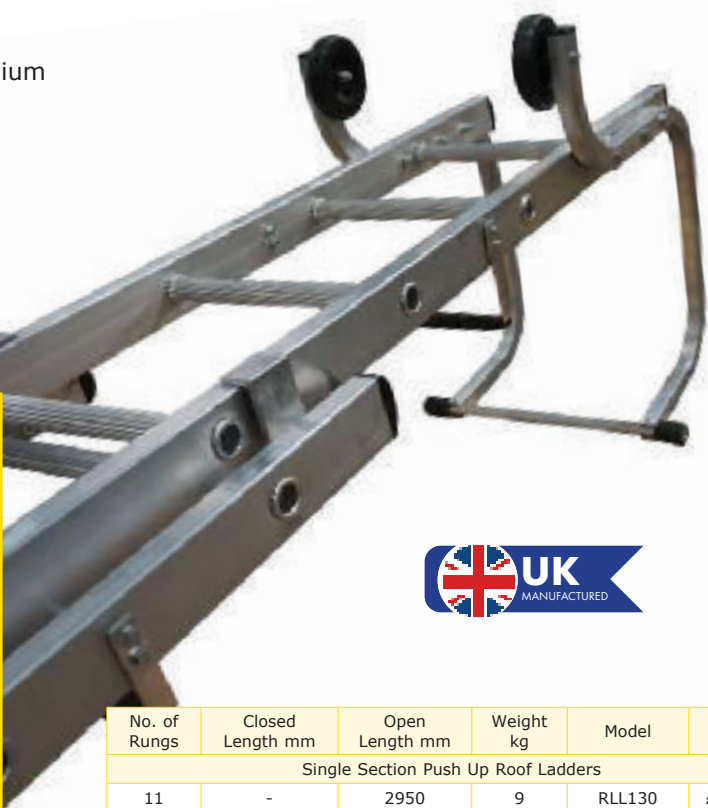

Aluminium & Glass Fibre Steps/Ladders

Roof Ladders

- » Heavy duty galvanised steel hooks with aluminium cross bars give best strength whilst remaining lightweight & easy to move around
- » Large diameter wheels allow easy positioning on roof
- » PVC covered bearers for improved grip & protection of roof tiles
- » Large heavy duty 33mm square rungs with 4-way crimp & swage for comfort and grip whilst working from the roof

Standard Slope Work Platforms

- » Manufactured from durable powder coated strong tubular steel with a handlock mechanism which engages or disengages the front castors so the steps become mobile or static
- » Punched steel treads (730 x 195mm) & platforms (1200 or 1800mm) ensure secure grip
- » Box section base gives extra strength & stability
- » Lift out handrails on 3 sides of the platform allow easy access to your work area
- » Load capacity of 300kg - can hold 2 people on the platform at one time

Fork Lift Cages

- » Robust fully welded construction
- » Complies with Health & Safety guidance note PM28 - 4th Edition. Units are supplied with a user guide
- » Fits quickly & easily to the majority of fork lifts
- » Safety gate opens inwards, closing automatically through the use of a tension spring loaded retention latch
- » Non-slip floor plate with a high kick plate
- » Various safety features including:
 - » Internal grab rail
 - » Safety harness anchor point
 - » Drivers warning plate
 - » High visibility yellow finish

Economy Range

- » Front opening gate
- » Full height mesh rear guard

Standard Range

- » Front opening gate
- » Mesh back & half sides

Heavy Duty Range

- » Side opening gate
- » Large tool container

INFORMATION

Safe & stable access at high levels

FLC08Z

FORK POCKET FOR ECONOMY RANGE

Simply lift the bar on the side of the cage once the fork has been entered. The brace at the rear of the mechanism will then swing, fitting neatly behind the heel of the fork tines, securing the cage to the fork lift

Defibrillators

- >> Reliable, durable & easy to use
- >> Dustproof & waterproof resistance IP rate 56
- >> It can be easily operated by anyone in the medical field (e.g. ambulance, emergency room, etc.) & non-medical field too (e.g. public or private places)
- >> It allows to deliver one or more de-fibrillating shocks on adult or paediatric patients affected by ventricular fibrillation or ventricular tachycardia, by means of a thorax impedance-compensated, biphasic truncated exponential discharge (BTE).
- >> The semi automatic model analyses the patient's ECG & if a shockable rhythm is detected it automatically starts charging the reservoir capacitor. The AED vocal message will suggest the operator to press the shock button to deliver the de-fibrillating shock
- >> The fully automatic model will, if a shockable rhythm is detected, warn the user of the imminent shock delivery & after 5 seconds the de-fibrillating shock will be released automatically; the CPR phase will follow

Description	Model	Price
Semi automatic Defibrillator	SM1B1001	£1075.00
Fully automatic Defibrillator	SM1B1002	£1150.00

Eye Wash Solution

- >> Sterile, single use emergency eye wash solution for ocular, topical irrigation & wound cleansing. Ready to use, twist off top for ease of use

Description	Pack Size	Model	Price
20ml Eye Wash Pods	25	7912	£4.95

Steam Cleaners

- » Provides thorough, deep & hygienic cleaning without the use of detergents
- » With steam pressure of 4 bar & a 4 litre tank, these steam cleaners are highly effective & productive
- » Simple to use, heats up quickly & can be used continuously thanks to its two-tank system
- » These machines are equally suited to detail work around kitchen appliances & bathroom fittings as they are to cleaning floors & walls
- » Includes; steam suction hose with handle, 2 steam tubes, floor tool (1 with slats & 1 with bristles), hand tool, round brush, upholstery tool with brush, power nozzle & detail nozzle

Tank Capacity L	Size L x W x H mm	Voltage V	Steam Pressure (bar)	Model	Price
4	475 x 320 x 275	220/240	4	10922820	£943.55

Professional Steam Cleaner

- » Steam pressurised to 8 bar & a powerful wet & dry vacuum function ensures hygiene-critical environments like kitchens, bathrooms, restaurants, hospitals & care homes are kept hygienically clean with minimal operator effort
- » The pressurised steam easily cuts through grease, fat & dirt and the vacuum instantly dries the area being cleaned
- » The unique self-clean function ensures the machine itself is fully cleaned after each use & the detergent function is ideal for deep cleaning of large areas like floors, or where a shine or fragrance is preferred
- » The small footprint, high handle & large wheels make it easy to manoeuvre in tight spaces

NEW

Scrubber Drier

- » This scrubber drier eliminates the hassle & safety risks associated with floor mopping in public areas
- » As easy to use as an upright vacuum cleaner, this unit thoroughly cleans & dries floors in a single pass & can also be used for deep cleaning
- » Its 4 litre clean & dirty water tanks are fully removable & easy to clean & refill, while the roller brush & squeegees can be removed & replaced without tools

INFORMATION

More hygienic & faster to clean than traditional mopping

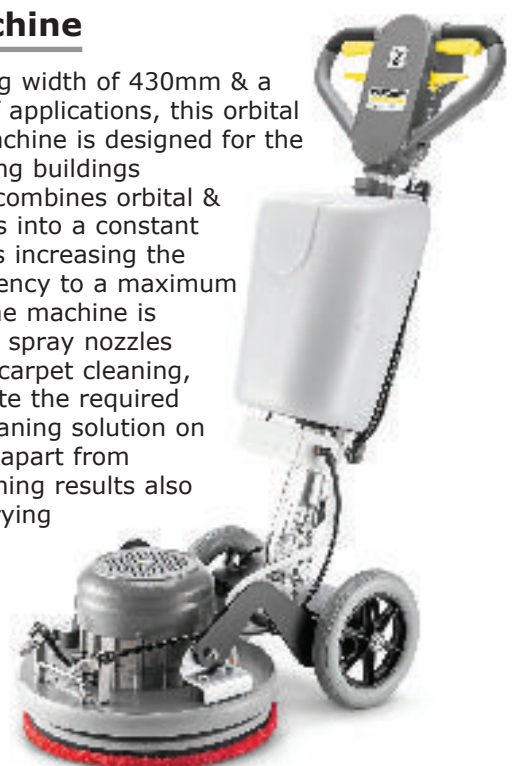

NEW

Orbital Machine

- » With a working width of 430mm & a large range of applications, this orbital single-disc machine is designed for the area of cleaning buildings
- » The machine combines orbital & rotary motions into a constant vibration, thus increasing the cleaning efficiency to a maximum. In addition, the machine is equipped with spray nozzles especially for carpet cleaning, which distribute the required amount of cleaning solution on large areas & apart from excellent cleaning results also make short drying times possible

CONDITIONS OF SALE:

1. ACCEPTANCE

Acceptance of any order by the purchaser for the supply of goods will be subject to these conditions of sale.

2. PRICES

PRICES QUOTED ARE NORMALLY EX-WORKS EXCLUSIVE OF VAT & CARRIAGE

Whilst we shall endeavour to maintain the prices shown, this we cannot guarantee & we reserve the right to charge the price ruling at date of despatch. In the event of a price alteration after an order has been placed & prior to despatch notification of such alteration will be made before despatch of goods.

**Low value orders may be subject to an administration charge.
Prices will be subject to any customs tariffs following Brexit**

3. SPECIFICATIONS

Due to continual improvements in the design & manufacturing methods strict accuracy of specifications & illustrations cannot be guaranteed. So that any product improvements can reach the purchaser as soon as possible the Company reserves the right to change design of specification without formal notice. Stated load capacities are for evenly distributed loads only & must not be exceeded.

4. GUARANTEE*

Where the goods have been supplied by the seller & are found to be defective, the seller shall repair, or at their discretion, replace defective goods free of charge within one year (unless otherwise stated) from the date of delivery, subject to the following conditions:

- 4.1 The buyer notifying the seller in writing immediately upon the defect becoming apparent.
- 4.2 The defect being due to faulty design, materials or workmanship of the seller.
- 4.3 Any goods to be repaired or replaced shall be returned to the seller at the buyer's expense, if so requested by the seller.
- 4.4 Where the goods have been manufactured & supplied to the seller by a third-party, any guarantee granted to the seller in respect of the goods shall be passed on to the buyer.
- 4.5 The seller shall be entitled at their absolute discretion to refund the price of the defective goods in the event that such price has already been paid.
- 4.6 Guarantee excludes product finish & paint, locks, feet, wheels & castors.
- 4.7 The remedies contained in this clause are without prejudice to the other terms & conditions herein.

5. DELIVERY

Delivery dates are estimates only & the company shall not be liable for any loss or damages resulting from any delay in delivery. In addition we shall not be liable for any matter which results from any act of God, war or riot, extreme weather, strikes or any other events which are beyond our control. The company reserves the right to deliver goods by installments, each installment being treated as a separate contract. Goods will be delivered at the point most convenient to our carrier, usually the goods inwards department or reception on the ground floor. Further transfer or installation within the purchasers premises, particularly for large or heavy items, must be arranged prior to delivery & will be charged extra.

We can also not take responsibility for deliveries that require pallet trucks or fork lifts to offload from the courier or move the goods within your premises. All goods must be examined upon receipt & any damage or discrepancy recorded with the carrier.

6. CLAIMS

All goods must be examined upon receipt & any damage or discrepancy recorded with the carrier. The company must be notified in writing of any damage or incomplete delivery within 3 days of delivery. **No claims for shortage or damage will be entertained after a clear receipt has been given to the carriers.** The company will not be liable if this procedure is not followed or if the goods have been moved by a third party to a further address.

Total non delivery due to loss in transit must be notified within 7 days of invoice. Goods are not sold for any particular purpose, the end user should be responsible for the suitability of the product for use. The company shall not be liable for any indirect or consequential loss arising out of or in connection with the sale of goods. Any claim is limited to the value of the goods purchased.

7. RETURN OF GOODS

Standard goods will only be accepted for return after prior agreement with us & within 14 days of receipt. A handling charge may be imposed which will vary dependent on the condition of the goods when returned. Carriage charges for the outward journey plus the return of standard goods are payable by the purchaser. Bespoke goods manufactured specially for a customer **will not** be eligible for return.

8. RESERVATION OF TITLE

Goods supplied will remain the property of 'the company' until full payment is received. In the event of sale of these goods to a third party "the company" reserves title to the proceeds of sale. Responsibility for maintenance & insurance passes to the purchaser on delivery.

KEY TO SYMBOLS

Denotes the maximum UDL that can be applied to a particular product

Denotes where a product requires **some assembly**

Look for the EN-14183 & EN-131 symbols for Steps with accreditation

Look for the **UK Manufactured** symbol highlighting our quality UK manufactured products.

We will endeavour to deliver products showing these symbols within the shown working days (subject to quantity).

Orders must be received by 11am

The possibilities are endless.

The paper in this catalogue has been produced using wood/pulp supplied from sustainable sources

Look for this symbol which highlights quality products which are on sale for low, low prices
