	KIT284
Valued at	~~$508.60~~
Kit	**$457.00**

Slicks can be used on a variety of surfaces.

Slicks by Zart are a super smooth lipstick-like paint stick. Slicks glide easily on to a variety of surfaces including paper, card, canvas, fabric, papier-mâché, polystyrene, wood, glass and Magiclay. Fast drying and washable, they are ideal for all ages and are an excellent clean and portable painting solution.

Canvas: Slicks are a portable paint solution — brushes and water are not required.

Paper: Draw directly onto the paper – applies wet and dries without smudging.

Wood: Colour directly onto primed and unprimed wood surfaces.

Dark surfaces: White and metallic Slicks work effectively on brown kraft card, plus black and dark backgrounds.

Fabric: Slicks are a non-permanent textile and fabric decoration.

Magiclay: Use Slicks to colour dry Magiclay models.

Glass: Draw on glass windows. Slicks are non-permanent on glass. To remove wash glass with a wet sponge.

The twistable mechanism means no sharpening is required!

Bright Slicks by Zart

A colourful, clean and convenient way to paint and draw. Fantastic on a variety of surfaces including paper and card. Colours include four neon and two shimmer. Slick size: 15mm diameter x 88mm length.

Assorted colours	CR257

VALUE PACK

Pastel Tools – Class Set by Zart

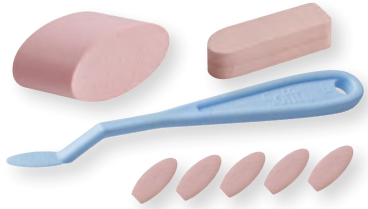
This comprehensive set has been designed for use with dry pastels and pan colours. Using tools with pastels provides artists and students with greater control, precision, and versatility when applying colour. 10 round tip tools, 10 point end tools, 30 round sponge heads, and 30 point sponge heads.

2 x tool types	PSZ123
Pkt of 80	$34.95

Sofft Sponge Bars

Sofft sponges are designed with a semi-absorbent micropore sponge material. This means they will transfer PanPastel in a way that does not dull the pigment intensity or release any oily residues that may limit the workability of the PanPastels. Set includes four sponge bars: round, flat, point and wedge.

Assorted shapes	PS119
Set of 4	$13.45



Sofft Tools Starter Set

Sofft sponges are designed with a semi-absorbent micropore sponge material. This means they will transfer PanPastel in a way that does not dull the pigment intensity or release any oily residues that may limit their workability of the PanPastels. This kit includes a big oval (great for covering large surface areas with the flat surface and fine lines with the defined edge), round sponge bar (ideal for medium-scale work) and an applicator tool with five oval heads (great for adding details and highlights).

Assorted tools	PS118
Set of 8	$23.50

Sofft Knives & Covers Set

The shapes of these tools are designed specifically for pastel work and allow both broad and fine strokes. Simply match up the correct knife and cover based on shape. Set includes four knives (round, flat, oval and point) and eight covers (two per shape).

Knives & Covers	PS116

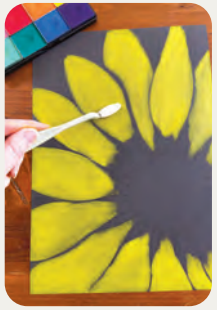
ASSORTED SET

Sizes 4, 6, 8 & 10 (2 of each)	PS907
Set of 8	$5.95

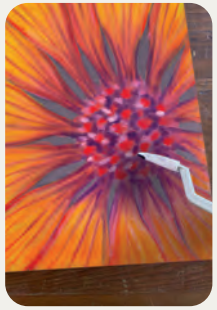
Pastel Palettes Exploration

Step 1: Lightly sketch a design onto a piece of textured paper using a blacklead pencil.



Step 2: Use a soft applicator tool to block in a layer of the lightest colour in the image.

Step 3: Build up colours by adding more layers of pastel. Work from broader areas to smaller ones.



Step 4: Finish off the artwork by adding highlights and lowlights with a fine tipped soft applicator.

- Use a separate piece of smooth paper to blend and create new custom colours.
- Use an eraser to lift off any unwanted colour.

Dry Pastel Palettes by Zart – Classic

A convenient and vibrant set of eight pan colours, all pans are encased in a single, easy-to-transport palette. Derwent Inktense XL Blocks Tin

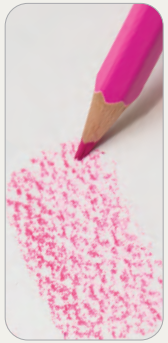
Pastel-like, water-soluble blocks in a protective tin. Containing an amount of pigment equivalent to eight pencils. The soft, textured blocks are easy for small hands to hold, offering broad coverage and fine mark-making control. Suitable for various surfaces – paper, canvas, ceramic, wood, fabric.

Block: 60 x 20 x 20mm (approx.)	PNZ587
NEW Pkt of 6	$51.95

Watercolour Pencils

Watercolour pencils are a good bridge between drawing and painting. Pigment can be applied first and water added second, giving greater control to the medium. Play with the amount of water applied to blend colour. Transparent layers of colour can also be created.



Apply & Wash: Experiment using light and heavy pressure while colouring on watercolour paper. The intensity of the wash will be determined by how much pigment is applied first as well as the amount of water used in the wash.

Sketch & Colour: Create a sketch of a drawing on watercolour paper. Add various intensity of colours.

Wash & Blend: Blend colour with water.

Faber-Castell Jumbo Stamp Markers

A dual-nib marker set designed to encourage creativity and self-expression. One end features a unique stamp nib for patterns and shapes. The other a bullet style nib. Water-based and non-toxic ink with jumbo-sized barrels for a comfortable grip.

NEW Pkt of 6	**$21.95**

Krylon Leafing Pen – Gold

A high-quality super metallic finish that resembles real metal plating. The unique chiseled tip draws both thick and thin lines. Extremely saturated and highly reflective, this leafing pen is perfect for metallic accents on any surface (wood, metal, plastic, craft foam, papier-mâché, glass, plaster, ceramic, fabric, dried silk flowers, paper and wicker). It is acid-free, touch dries in 10 minutes and fully dry in two hours.

Street Paint Markers by Zart

1mm tip

4mm tip

15mm tip

Street Markers can be used on a variety of surfaces:

Japanese nib

Glued barrel head, won't unscrew during use.

Now with 3 different sizes, the options are endless.

Create, Colour & Cover everything!

Street Paint Marker Techniques

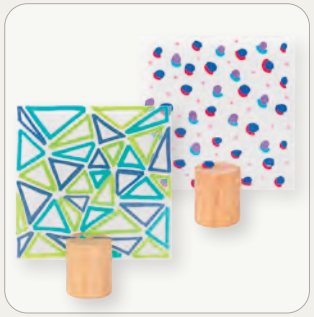
Wood

Fabric, canvas & rubber

Cardboard, paper & canvas

Natural found objects like leaves, pods & stones

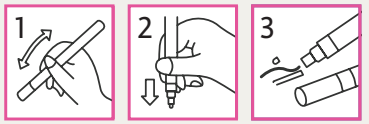
Terracotta, glazed/sealed ceramic pieces & Magiclay



Plastic

Watercolour effects: Use a wet brush (or aqua bush) to extend applied colour before it dries. Create puddles of paint and use fingers to smear and blend the colours together. (Be sure to wear gloves, colour will stain skin and clothes.)

Before use: With the lid on, shake the pen up and down, then press the tip down continuously until the paint oozes out. Do not squeeze barrel or push down hard on tip when using. Replace the cap after use.



Street Paint Markers by Zart – 4mm

These high-flow Street Paint Markers can create, colour and cover everything! This quality set of paint markers allows the artist to write and draw on all surfaces, including cardboard, paper, metal, wood, plastic, glass, fabric and stone - Just try it! Street Paint Markers contain strong pigmented paint ink, delivering excellent opaque coverage and durability. Best of all, they are sun proof and waterproof. This quick drying, water-based pigmented ink marker set is perfect for students, hobbyists and professional artists and includes a hard case for easy storage. Before use: shake the pen up and down, then press the tip down continuously until the ink oozes out. Do not squeeze barrel or push down hard on tip when using. Always replace the cap after use.

Exploring Alcohol Inks

Drop: inks onto mineral paper or Yupo paper. Add layers of ink while wet for interesting mixing results.

Layering: To avoid inks mixing and changing colours, allow the first layer to dry.

White/Gold/ Silver Ink: These inks interact best when used on top of other colours.

Rubbing Alcohol: Drop or mist onto inks. This will dilute and reactivate dried inks.

Extender: Drop onto mineral paper or Yupo paper prior to coloured inks. This will allow inks to layer and sit on different levels. It can also be applied to inks already on your surface.

Pre-colouring

Post-colouring

Jacquard Piñata Alcohol Ink Set – Overtones

Highly saturated, fast-drying, intense and acid-free alcohol inks. Suitable for glass, metal, plastic, ceramic, stone, leather, polymer clay, wood, canvas, acetate and Yupo, and tracing and bleedproof papers. The lightly textured surface enhances paint adhesion while supporting smooth brushwork and vibrant colour payoff. Thick enough to hold paint. 110gsm acid free paper.

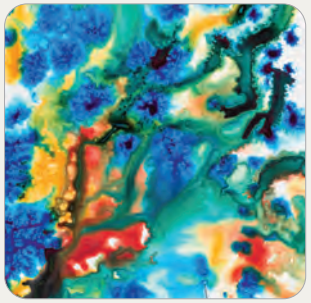
A3	PDZ044
NEW 25 sheet pad	$11.95

Mineral Paper

No Paper Grain: The smooth drawing surface allows for crisp, clean lines and no pitting.



Reworking the Surface: Create highlights and interesting effects by using blotting tools and techniques, applying Art Clean, hand sanitiser or rock salt while the ink is still wet. Applied water-soluble pigment will continue to be moveable after it has dried.

Inkjet Printing: Mineral paper can be used in an inkjet printer. Ensure ink is NOT fast drying or smudge proof. Prints will be water-soluble, allowing you to work back into them with water and a brush or spray mister. Experiment by embellishing your design with other media. Check printer requirements before printing.

BLEEDPROOF

Mineral Paper

Made from stone powder, this unique surface is different to synthetic paper. Tear and water-resistant, it does not wrinkle and can be used on both sides. Mineral Paper accepts any media, wet or dry, and the bright white surface allows for crisp lines and saturated colours. No paper grain. The smooth drawing surface allows for crisp, clean lines and no pitting. Try with alcohol inks!

Zart recommends connecting to your local First Nations community and building strong authentic relationships so your students, staff, and the wider school community continue to share in the beauty of First Nations culture and history.

Art and craft products are intended as a starting point for meaningful making and responding lessons; discussions within this context should enrich student understanding whilst acknowledging, respecting and valuing Aboriginal and Torres Strait Islander identities and cultural expressions.

Any art making tasks that replicate First Nations' cultural expressions must be done in consultation with the appropriate First Nations Peoples (owners of that cultural property).

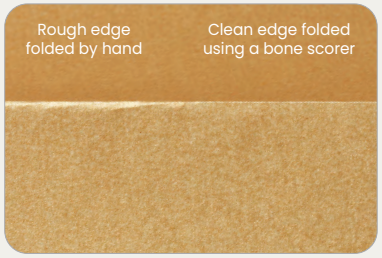
A smooth-edged tool for making precise creases in paper and card, also for embossing and burnishing.

2 sizes (12 & 20.5cm long)	TQ652
Pkt of 2	**$5.82**

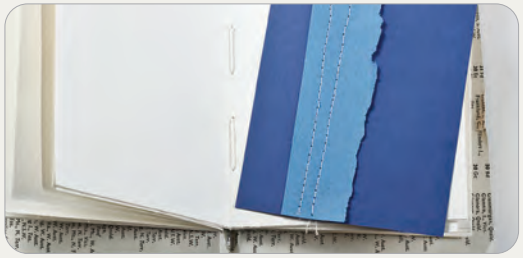
Paper Craft Techniques

Paper Grain: Like wood, paper has a grain – this is important when tearing and folding is required. Tearing along the grain produces a straight and neat edge, while folding along the grain will also produce a clean, smooth and flat fold. Folding against the grain will cause fibres to crack, creating an uneven fold.

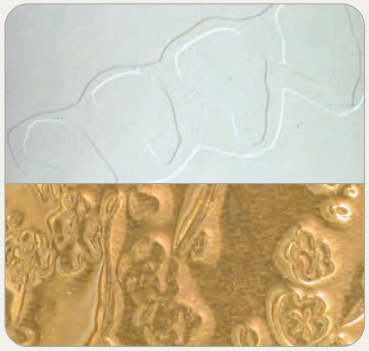


Scoring & Folding: Wash and dry hands thoroughly. Lightly score paper surface using a cutting knife and ruler. Gently fold along the score line and press down firmly. Reinforce the fold by sliding a bone scorer over the top. Scoring is important for all coated and foil papers to prevent cracked edges.

Embellish with Holes: Working on a cutting mat, use an etching tool or a T-pin to punch holes through the paper to create dotted embossed designs. Use graph paper to map out your design, or use a template to 'trace' over.



Sewing: Using a sewing machine, sew papers together. After sewing, secure threads by tugging the bobbin thread from underneath and knotting with the top thread. Alternatively, use a needle & thread to join pages. Using a T-pin, punch evenly spaced holes along the fold/seam lines of the pages. To secure pages, match up the holes and hand-sew a stitch through the holes. Pages can then be nestled into a heavy card cover.



Dry Embossing: Place paper over a stencil or textured surface. Use an embossing stylus or bone scorer to apply pressure around the inner edges of the stencil to create a raised embossed effect.

Sandpaper

Assorted grades in sheets. Work your way from coarse (low number) to fine grades (high number) to achieve a smooth surface. Grades include 60, 100, 150 and 240 grit.

Assorted grades	SP200
Pkt of 20	$18.64

MTN Universal Spray Primer – White

A fantastic all-rounder primer for a variety of surfaces. The primer enhances the adherence of paint to glossy surfaces including plastics (PVC and methacrylate), metals (aluminium, copper or zinc), glass, ceramic and tiles. Anti-rust prevention, fast drying (touch dry in 30mins, 36hours cure time). Resistant to temperatures of up to 100 °C, indoor and outdoor use.

400mL	PTZ445
Each	$23.59

Street Outdoor Surface Primer by Zart

A universal, multipurpose primer and surface sealer. It's clean, highly opaque, bright white finish is the perfect surface foundation to any outdoor (and indoor) mural and sculpture. Offering excellent adhesion and permanence. Suitable for interior and exterior use on a wide range of surfaces including brick, concrete, stucco and render, plaster, plasterboard, marine plywood, timber, MDF, Colorbond (other metal surfaces must be primed with an appropriate rust primer first). Offers better coverage for coloured paints, ensuring a more vibrant and even application when painted over the top. Works will last longer, and colours will be brighter and less likely to peel or degrade. Simply apply and allow to dry for 24 hours to turn any surface into a ready to paint blank canvas!

Atelier Binder Medium

A water-based acrylic emulsion for use as a spreader or sealant. Can be used as a sizing on canvas or cotton duck to seal the surface and prevent absorption of paint into the fabric. It toughens paint and can be used to increase gloss or translucency of paint without losing colour intensity. Use to seal artwork prior to varnishing.

250mL	PT304

Street Outdoor Sealer by Zart

High-quality, low odour water-based sealer offering superior protection for outdoor murals, 2D artworks, and 3D sculptures. Its UV protectant properties prevent the fading and yellowing of paint colours, preserving the integrity and the longevity of artwork. Non-toxic, it's suitable for a wide range of surfaces, including stucco, brick, concrete, plaster, render, wood, and steel. Whether you're looking to add a high-gloss finish or want to protect your artwork from the elements, this sealer and varnish is the perfect choice. How to use: Apply a thin coating of Street Outdoor Gloss using a wide brush or roller to mural or artwork. Allow to dry. NB: test on surface before use, wash up in water. Interior and exterior use.

1L	PTZ098
Each	$35.95
4L	PTZ099
Each	$119.95

Supergloss by Zart

Supergloss by Zart is a water-based, non-toxic varnish that provides a high gloss finish on a range of surfaces, including paper, canvas, cardboard, clay, metal, brick, concrete and wood. Great for interior and exterior applications – such as protecting garden art ornaments, skateboard decks, and as a suitable gloss finish over oil and wax based products that are generally difficult to seal (such as Supermix Pastels and oil pastels).

1L	PT902-ND
Each tub	$43.95

Paverpol

Indoor & Outdoor Art

Turn old T-shirts, timber and wire into outdoor sculptures that may be placed outside after three weeks of curing time indoors. Water-based, environmentally friendly, non-toxic and safe for children. The user can manipulate fabric to drape over armatures of wire, wood and polystyrene. Paint on a canvas to create a weatherproof surface for an outdoor mural. Mix Paverpol with dry papier-mache or Sculpt-It to model forms suitable for the outdoors. Mixing Paverpol with Zart Paper Mix will work, however the mix will dry very quickly so it would work best with pouring the mix into a mould. Paverpol adheres to wood, plaster, ceramic, clay, stone, concrete and polystyrene foam.

TRANSPARENT (NO COLOUR)

1kg	PT060
Each	$89.95

Viponds Multi Purpose Sealer

Universal water-based undercoat sealer for interior and exterior use on previously painted surfaces, brick, masonry, plasterboard, fibro-cement, MDF, timber and metal. 100% acrylic providing excellent opacity, adhesion, sealing, filling and sanding properties. Resistant against alkalinity. Smooth finish making it an ideal undercoat for high-gloss finishes. Makes Viponds Paints suitable for concrete and brick murals. Coverage: approx. 15 square metres per litre.

1L	PT394
Each	$36.95

Derivan Gloss Varnish

Acrylic Paint

A clear, water-based varnish suitable for Zart School Colours Paint to create a gloss finish. May also be added to the paint to create a water-resistant finish.

500mL	PT250
Each	$35.77

Atelier Gloss Varnish

Acrylic Paint

A low-viscosity medium/varnish used with acrylic paints to increase gloss levels, or as a final varnish to protect acrylic paintings.

Spray Painting a Skateboard Deck Using a Stencil

Safety: Always wear a respirator and gloves when using spray paint. Spray outside or in a well-ventilated area.

Step 1: Spray the skateboard with one coat of white paint. Attaching a spray can gun will make this process faster.

Step 2: Shake each can for two minutes before spraying to ensure the pigments are mixed.

Step 3: Create a speckled effect by varying the pressure and nozzle used. Hold the can back further to create a lighter spray.

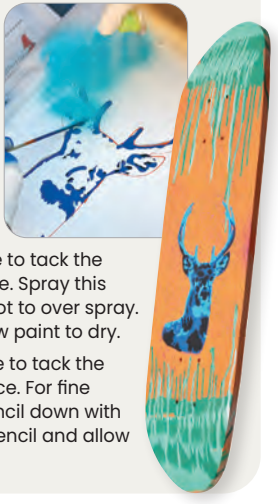
Step 4: Create drips by spraying very close to the skateboard and allowing the paint to pool and run.

Step 5: Once the background is dry, use a spray adhesive to tack the mid-tone stencil to the surface.

Step 6: Spray the paint using short, quick sprays from the outside of the stencil. Work your way around all sides. Be careful not to over spray. Remove the stencil and allow paint to dry.

Step 7: Use a spray adhesive to tack the shadow stencil to the surface. Spray this stencil while being careful not to over spray. Remove the stencil and allow paint to dry.

Step 8: Use a spray adhesive to tack the highlight stencil to the surface. For fine areas hold pieces of the stencil down with a satay stick. Remove the stencil and allow paint to dry.



PAINT

MTN Protective Mural Varnish – Gloss

A premium, quality clear coat designed to seal and protect mural surfaces while enhancing colour depth and vibrancy. Formulated for compatibility with water-based paints, this low-odour, non-yellowing varnish dries to a durable, high-gloss finish that also protects it from environmental factors such as UV exposure, moisture, dust, and physical wear.

Street Outdoor Surface Primer

A universal, multipurpose primer and surface sealer. It's clean, highly opaque, bright white finish is the perfect surface foundation to any outdoor (and indoor) mural and sculpture. Offering excellent adhesion and permanence. Suitable for interior and exterior use on a wide range of surfaces including brick, concrete, stucco and render, plaster, plasterboard, marine plywood, timber, MDF, trademark (other metal surfaces must be primed with an appropriate rust primer first).
Street Outdoor Surface Primer offers better coverage for coloured paints ensuring a more vibrant and even application when painted over the top. Works will last longer, and colours will be brighter and less likely to peel or degrade. Simply apply and allow to dry for 24 hours to turn any surface into a ready to paint blank canvas!

Street Outdoor Paint by Zart

Street Outdoor Paint by Zart is a multipurpose, highly pigmented, artist-quality outdoor paint. It's an excellent choice when painting outdoor (and indoor) murals, artworks and outdoor works. Excellent opaque coverage and smooth application, this acrylic paint is a brilliant performer on all hard surfaces including concrete, brick, metal, wood, plaster, panel, render, stucco, rocks and stones. Street Outdoor Paint has a satin finish, is fast drying, and is both sun and weather resistant. The bright and vibrant street colours are intermixable and lightfast. Apply Street Outdoor Paint by Zart directly to your indoor and outdoor surfaces. Clean surface, including removing any flaky or loose areas prior to painting. Clean up with soap and water. Murals, outdoor art and installations are a perfect way to display artwork on a more permanent basis and encourage students to enjoy and respect a space. They also help to create an inviting and welcoming space for teaching and learning. Making collaborative artworks (class and whole school works) promotes a sense of belonging among students and provides opportunities for interpersonal development and problem solving.

Chromacryl Students' Acrylic Paint

Chromacryl is a high-quality and versatile student-grade acrylic. The paint is thick with strong colour and excellent covering power. Students can create amazing textures, overpaint and glaze just like an artist's impasto acrylic. The colour range contains warm and cool primaries, allowing for great colour mixing results. Mix with Chromacryl mediums for textile painting, collage, watercolour, mono, block and screen printing techniques, and much more.

No more mess with this Crayola Less Mess Painting Activity Kit. With over 40 painting supplies, including washable paints, quick-dry and no-spill technology. Includes five washable paint sticks, three spill proof paints, one black and one white crayon, two stencil brushes, four foam stampers, three foam texture scrapers, four stencils, two silhouette sticker sheets, a scraper tool, 20 sheets of paper, and an easy-to-follow instruction idea guide. Non-toxic.

	PTZ1000
Each	$29.95

Reeves Artists' Acrylic Colour Set

A comprehensive collection of high quality, versatile paints designed for students, beginners, and experienced artists alike. Formulated with a high pigment concentration for strong, brilliant colours that retain their vibrancy when dry. These versatile acrylics can be applied straight from the tube or thinned with water for watercolour-like effects, making them suitable for a variety of techniques and projects.

12mL tubes	PTZ1010
Pkt of 18	$30.86

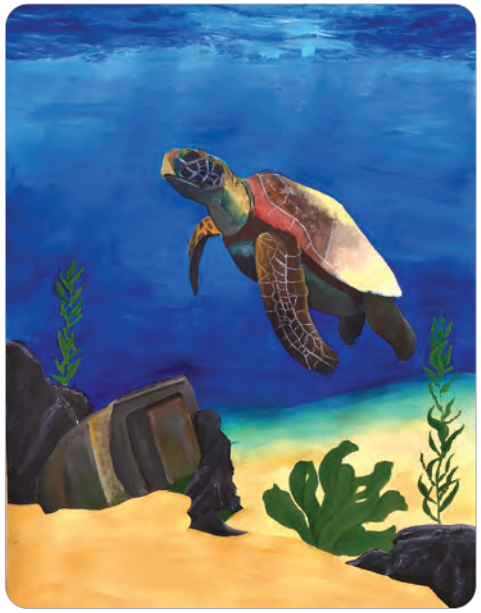
Haileybury, Brighton, VIC

NEW

Crayola Spill-proof Washable Paint Kit

This kit makes painting safe, easy, and classroom-friendly. With its unique spill-proof paint pots and washable formula, students can enjoy the creative freedom of painting without the mess. The thick, vibrant paint stays in place—even if the pot is knocked over—making it perfect for early learners and group art activities. The kit includes five washable paints, a brush, and painting paper, providing everything needed to get started right away.

	PTZ1023
NEW Each	$15.95



Broughton Anglican College, Menangle Park, NSW

Staedtler Acrylic Paint Set

These high quality acrylic paints are perfect for artists, students, and hobbyists alike, offering rich pigmentation and smooth application for a wide range of artistic techniques. Whether used in the classroom, studio, or at home, these paints provide excellent coverage and durability on a variety of surfaces.

12mL tubes	PTZ1001
Pkt of 12	$14.50

Staedtler Acrylic Paint Set

This comprehensive set of high quality acrylic paints offers a vibrant range of colours, perfect for artists, students, and hobbyists. With excellent pigmentation and a smooth, creamy consistency, these paints are ideal for a wide variety of projects, from detailed fine art to bold, expressive creations.

12mL Tubes	PTZ1002
Pkt of 24	$26.95

Chromacryl Textile Medium

With the addition of this medium, Chromacryl student colour becomes a fabric paint. Add one part medium to two parts paint. Print onto the fabric, dry and heat set fabric with an iron. Best on natural fibres such as calico, cotton or silk.

500mL	PT302
Each	$26.68

Derivan Fabric Fixative

Mix with acrylic paint to become permanent on fabric after heat fixing.

500mL	PT256
Each	$34.95

Derivan Printing Gel

Use in silk screen printing to keep the paint colours from drying and clogging up the mesh.

500mL	PT255
Each	$26.68

Chromacryl Clear Gel Medium

For screen printing on paper and monoprinting, this acts as a quick-release agent, and slows drying. Add the medium to Chromacryl paint to create a printing ink for paper only.

500mL	PT303
Each	$13.59

Jo Sonja's Clear Glaze Medium

An acrylic medium to mix with Jo Sonja's Artists' Colours to create transparent colour for glaze techniques, wood staining and blending.

250mL	PT385
Each	$14.86

Derivan Spreader Medium

Extends paint to maximum flow. Slows down drying time.

500mL	PT257
Each	$26.68

Atelier Pouring Medium

Mix with artist-quality acrylic paint to thin the paint, allowing it to pour easily and form smooth even puddles of colour. It increases colour translucency, enhancing paint layering effects. Once dry, the paint film is flexible, waterproof and durable.

1L	PT181
Each	$44.95

Atelier Universal Medium and Varnish

Add small amounts to acrylic paint to reduce its viscosity and make it more fluid and faster drying. Add water to adjust finish – low-sheen or high-gloss.

250mL	PT321
Each	$16.32

Chromacryl Impasto Gel Medium

Adds to the volume of paint and gives the paint an extra-gloss finish. Turns acrylic paint into an impasto-style paint to use on canvas or paper with palette knives.

500mL	PT301
Each	$19.95

Derivan Impasto Medium

Full-bodied texture paste and modelling compound. Dries to a low sheen.

250mL	PT251
Each	$17.95

NEW

Golden Acrylic Regular Gel Gloss

Provides the same creamy viscosity as Golden Heavy Body acrylics, making it an ideal medium for extending paint, enhancing translucency, and gloss.

237mL	PTZ1054-GL
NEW Each	$34.50

NEW

Golden Acrylic Regular Gel Matte

A versatile way to extend acrylic paint while reducing gloss and maintaining texture.

237mL	PTZ1054-MA
NEW Each	$34.50

NEW

Golden Acrylic Molding Paste Regular

A lightweight yet durable way to add sculptural texture and dimension to acrylic artwork. Can be applied with brushes or palette knives.

237mL	PTZ1018
NEW Each	$32.09

NEW

Golden Pumice Gel Coarse

A thick, texture-rich acrylic medium containing coarse volcanic particles that deliver a rugged, stone-like finish. Perfect for creating textured grounds, relief effects, and expressive surface treatments.

237mL	PTZ1016
NEW Each	$34.09

NEW

Golden Retarder

A professional-quality additive designed to slow the drying rate of acrylic paint without affecting its consistency. Ideal for techniques that require extended blending time, such as smooth gradients, subtle transitions, or detailed layering.

237mL	PTZ1017
NEW Each	$38.86

Ouyen P-12 College, VIC

Art Spectrum Gouache

Some of the benefits of this highly concentrated superfine gouache range include: made in Australia, ease of application, smooth even flow, brilliant colours with excellent opacity, exceptional tinting strength, can be applied on watercolour paper with brush or pen, suitably thinned for spraying, easily intermixed or lightened with white, permanency indicated by star system, suitable for airbrushing. Resoluble water-based colour with a consistent, velvety finish. Mix colours on a palette with a clean palette knife or spoon. To avoid contamination of the colour, do not dip paint-filled brushes into tubes. Very economical as this paint will cover large areas quickly and effectively.

Staedtler Watercolour Paints Sets

This set of premium watercolours is perfect for artists, students, and hobbyists looking to explore the subtle beauty of water-based painting. With a carefully selected range of colours, these paints offer excellent transparency and fluidity, making them ideal for both detailed work and broad washes of colour. These watercolours dry quickly, reducing the risk of smudging and allowing for faster layering. The colours maintain their brightness and intensity over time.

12 assorted colours	PTZ1003
Pkt of 12	$14.50

Water-based markers ideal for creating dots of colour. Colours may stain hands and clothes, wash with warm soapy water. It is recommended to wear gloves and an apron during use if concerned about staining.

Black	PM031
Set of 6	**$26.95**

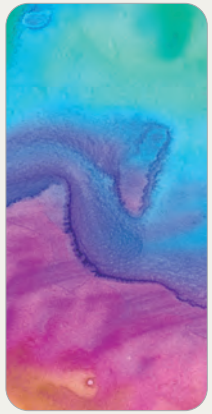
Colour Apps Techniques

Colour mixing: Create new colours easily by overlapping your dots. Great for an easy colour mixing lesson.

Mark making: Applying different amounts of pressure when using the colour apps will result in a variety of mark making.

Explore pointillism: Create pictures and designs just from dots – experiment with different dot colour groups, overlaping and combining.

Create backgrounds: Draw, paint, print or collage over the top.



Create watercolour effects: Extend stamped colours with a wet brush.

Zart Colour Apps Minis

A much-loved, easy-to-use paint marker designed for stamping vibrant dots and drawing smooth lines, now in a mini size! These self-inking, water-based markers feature a round sponge tip applicator that delivers clean, crisp dots with every stamp. The broad barrel ensures a comfortable grip, making them perfect for young artists developing their fine motor skills. With fast-drying ink that works best on paper, card, and canvas, these markers provide a mess-free painting experience—no need for brushes, water pots, or clean-up!

Safer Alternative Oil Painting Mediums

Gamblin Solvent Free Gel
NEW
A safer alternative to traditional oil painting mediums. Made from safflower oil and alkyd resin, this gel improves paint flow and transparency while preserving texture and brushwork.

150mL PTZ025
NEW Each $39.95

Gamblin Solvent Free Fluid Medium
NEW
A low-viscosity, safer alternative to traditional oil painting mediums. Designed to increase the flow of oil paint and reduce visible brushstrokes, this fluid medium is ideal for smooth blending, soft edges, and delicate glazing techniques.

250mL PTZ026
NEW Each $40.86

Gamblin Safflower Oil
NEW
A safer, slow-drying oil medium ideal for modifying oil paint and cleaning brushes without the use of solvents. With a pale colour and low tendency to yellow over time, this oil is an excellent choice for extending oil colours while maintaining their clarity.

250mL PTZ027
NEW Each $29.95

Gamblin Oil Painting Must Haves Set
NEW
Includes 60ml containers of Gamsol Mineral Spirits, Refined Linseed Oil, Galkyd Lite Medium, Cold Wax Medium, Gloss Gamvar Varnish, and a 37ml tube of Solvent-Free Gel Medium.

PTZ028
NEW Pkt of 6 $66.95

Take safety precautions with mediums and use in a well-ventilated area. Always read the label before use.

Citrus Turpentine
Double distilled for artists' use. Citrus aroma for those allergic to other turpentines. Made from orange zest.

500mL PT520
Each $54.50

Pure Gum Turpentine
A natural solvent for oils, used in most painting mediums. Double distilled from pine oleoresin. Less is best as excessive gum turpentine denatures the oil paint and weakens the bond between the oil paint and the canvas.

500mL PT516
Each $30.41

Odourless Solvent
Ideal solvent for those people sensitive to the odour of turpentine. Will dissolve Damar Varnish, thus can be used to make oil painting mediums.

500mL PT532
Each $30.41

Art Clean
A pleasant, citrus-scented cleaning solution. Ideal for cleaning brushes, studio equipment and hands. This is an all-natural product which is completely biodegradable.

500mL PT537
Each $38.77

Refined Linseed Oil
Pure refined linseed oil has been used in Art Spectrum oil paints. Add extra linseed oil to enhance flow and slow drying time. Great for Alla Prima techniques and cleaning brushes. Australian linseed oil is one of the finest in the world.

500mL PT518
Each $28.95

Wax Medium
Mixture of oil and wax. Add oil colour to wax medium to achieve a translucent effect. Imparts a lustrous, satin finish.

150mL PT525
Each $29.32

Lean Medium
Low odour. The leanest medium you should use. The same application as Medium No. 1, but made with odourless solvent.

500mL PT534
Each $47.23

Fat Medium
Reduced odour. Thicker, oilier and slower drying. To be applied as the final medium in the 'fat over lean' sequence.

500mL PT536
Each $52.46

Oil Painting Medium No. 1
The safe way to achieve thin colour washes without destroying the binder of the paint. Suitable for washes and fluid effects. Dries overnight.

500mL PT514
Each $49.32

Oil Painting Mediums No. 2 or No. 3
Medium-fat and fattest medium used in the progressive sequence when paintings are completed over many successive days.

No. 2 – 500mL PT522
No. 3 – 500mL PT524
Each $52.41

Oil Painting Medium No. 4 Liquol
A quick-drying transparent painting and glazing medium. Excellent for smooth brushwork, fine detail and multiple glazes. Mix thoroughly with oil paint on palette before applying to canvas. Dries within 24 hours.

500mL PT526
Each $60.86

Damar Varnish
For use as a final varnish for oil paintings. Is also used as a basis for making some painting mediums.

500mL PT512
Each $42.68

Our Lady of Sion College, Box Hill, VIC

Pkt of 9	$89.95

Gamblin 1980 Oil Paint Set

This set is a perfect choice for those who are new to oil painting or looking to expand their palette with high-quality, lightfast colours. Included is a solvent free gel medium which can speed up drying time. The eight paint colours are made from quality pigments and bound with the finest refined linseed oil, resulting in a rich buttery consistency that is a joy to work with. Includes: 8 x 37mL colour paint tubes, 1 x 37mL solvent-free gel medium and 1 x primed, handcrafted painting panel.

8 x 37mL colours, 1 x gel medium, 1 x panel	PTZ020
Set of 10	$123.50

Sennelier Oil Sticks

These superb oil sticks are artist quality. Highly concentrated, top-quality pigments with excellent lightfastness. Peel off the protective film before use. Dilute with turpentine for use with paint brushes, use on their own, or as a complement to other oil paint formats.

Stick size 38mL (13cm long x 2cm diameter)	PT859
Set of 6	$129.95

Reeves Oil Paint

Suitable for all levels of artist, from students to professionals. Quality pigments at an affordable price make this oil set ideal for the classroom or at home, great for helping students learn the fundamentals of oil painting. Use on a variety of surfaces including stretched canvas, canvas board, wooden panel and linen paper. Use traditional mediums to create smooth glazed surfaces or thick textured impasto finishes. Great for blending and realistic light effects.

ASSORTED COLOURS	
10mL	PT754
Pkt of 18	$30.86

ArtResin

ArtResin is a refined, specially formulated resin and the pinnacle of epoxy resins for art making. It has no VOCs, no fumes, no solvents and is non-flammable. Ideal in the artroom when working with students. Great for surface gloss coating and shallow embedding of objects. Use it to varnish your work with a hard, super-thick glossy finish. Great for resin pouring art, decoupage, photographs, mosaics, badge coating, tabletop art and any type of glazing, protective and resurfacing application.

474mL	GZ324
Each	$105.00
946mL	GZ325
Each	$135.00
3.7L	GZ326
Each	$335.00

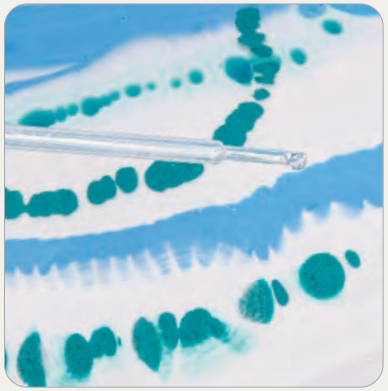
Epoxy Resin Clear Glaze

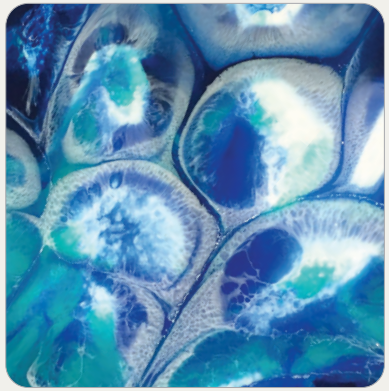
Multipurpose

A two-part, ultra-clear, glass-like epoxy coating resin. Perfect for resin pouring art, decoupage, photographs, mosaics, badge coating, tabletop art and any type of glazing, and protective and resurfacing applications. Safety: Always wear a mask, gloves and eye protection, and work in a well-ventilated area.

2L	GZ320
Each	$155.00
5L	GZ321
Each	$349.00
10L	GZ322
Each	$636.00

Resin Techniques





Patterns: Use a pipette with Art Spectrum Art Clean to create interesting flowing reactions to the resin. Hand sanitiser will also react with the resin and silicone oil makes resin move and expand in irregular cellular shapes. Drop solvents and oil close to the resin to avoid pitting: less is best.

Colour: Pearl Ex Pigments can be added to clear resin then poured onto the surface for metallic highlights in the artwork. Pigments can also be lightly dusted onto wet resin.

Wipe: Use a giant popstick on its side to wipe large areas of the resin around the surface.

Toorak College, Mt Eliza, VIC

Liquid Gloss

Multipurpose

A two-part epoxy gloss finish. Creates a tough, durable and heat-resistant glass-like finish – one coat is equivalent to 50 coats of hand-applied varnish. Mix one part hardener to one part resin in a clean container and pour/brush onto prepared surface. Allow to dry. May be used on wood, plaster, marble, photos, fabrics, canvas and crafts.

2 x 1L	GZ201
Set	$199.95

Resin Dye Translucent

110mm	CNZ904
Pkt of 100	$3.50

Brush Care

CLEAN

Make sure to clean brushes after use to ensure all traces of paint have been removed from the inner and outer bristles, the ferrule and the handle.

1. Wipe off excess paint
2. Wash
3. Rinse
4. Repeat
5. Remove excess moisture

Watercolour, Acrylic and Gouache: Wash in COLD water.

Oil Paint: Wash using an odourless solvent in a jar and wipe using a lint-free rag.

Brush and Hand Cleaner: Can be used for both oil and water-based paint. Scoop a 5c coin amount into the palm of your hand and dab the wet brush into it, working up a lather by gently rubbing it in a circular motion to infiltrate the inner bristles.

DO

- ✓ **RESHAPE:** bristles whilst damp.
- ✓ **DRY:** brushes by lying flat or hanging from the handle.
- ✓ **STORE:** upright or lying flat once dry. Avoid storing brushes in plastic bags or sealed containers.
- ✓ **PROTECT:** bristles within a plastic sheath, or within a loop of sturdy cardboard. Brush and hand cleaner can be added to the bristles during storage to condition the brush, and will act as sizing – but be sure to rinse the brush before use.

DON'T

- ✗ Avoid damaging the bristles and definition of the brush shape!
- ✗ Never mix paint with brushes (use a palette knife instead).
- ✗ Never leave paint to dry on brushes.
- ✗ Never wash brushes in hot water or use soap.
- ✗ Never leave a brush soaking in water or solvent.
- ✗ Never store brushes in **humid or damp** areas.

Tips & Tricks

- Use old brushes for creating textural effects or applying masking fluid.
- Brushes with an enamel handle will crack when soaking; just peel the enamel off and use it as a raw wooden handle. This will not affect the quality of the brush and is preferable to throwing the brush away.

Derivan Brush and Hand Cleaner

100% natural ingredients. Restore and deep clean paint brushes.

500mL	PT258
Each	$23.95

Disolv Brush & Hand Cleaner

Non-toxic clean-up cream safely removes oil paint and printing ink. Simply wipe off excess paint and ink with a rag, then work Disolv into hands, brushes, palettes and equipment. Wipe again and wash out in water.

500mL	PT298
Each	$37.95

Art Spectrum Brush and Hand Cleaner

A blend of natural oils and waxes to maintain brushes. It will remove both oil and water/ acrylic-based paints from hands and brushes.

500mL	PT538
Each	$57.68

Chroma Incredible Brush Cleaner

Each	$439.00

Spring Loaded Art Rack – 45 Shelves

Shelves are gridded so artwork will not fall through. Distance between shelves is approximately 3cm. Rack comes pre-assembled. Includes castors. Size of shelf 60 x 46cm with 15 x 12cm grid.

	DP050
60 x 60 x 170cm high	
Each	$1325.00

Spring Loaded Drying Rack – 50 Shelves

PLEASE NOTE: Special delivery is required

Practical and sturdy with 65 x 89.5cm shelf size – large enough to fit an A1 size piece of paper. Shelves are made from galvanised iron, making them waterproof and easy to clean. The spring-loaded hinges allow the shelves to be locked in a lifted position, making it easy to load wet work in – simply begin loading work from the bottom shelf up. The frame is made from strong steel and is set on casters for easy moving. Please note: These racks come pre-assembled and are packed in a crate. A trolley jack or similar will be necessary to transport this from point of delivery.

	DP135
72.5 x 96 x 148cm high	
Each	$2595.00

Classroom Sink Rack

Great for drying off paint pots, paint palettes, brushes, clay equipment and anything else that needs drying in the artroom and classroom. Place it on the draining area of the sink to keep drying items neat and organised.

	DPZ136
9 x 34 x 42cm	
Each	$15.95

Drying Rack Wall Mountable Spring Loaded – 20 Shelf

An excellent and helpful artroom and classroom space saver, as its shelves conveniently fold up when not in use. When ready to use, just fold out the shelves and insert artwork to store or dry. Features 20 spring-loaded wire racked shelves, each measuring 44.5 x 27cm. Perfect for storing both A4 and A3 sized artworks.

	DPZ124
Each	$359.00
B2S Special	$299.00

Drying Rack with Tray – 20 Shelf

This drying rack is practical and sturdy. The wire grid design fits up to A3 sized paper and includes a gap of 3.5cm between the shelves to allow for better air flow around the artwork which can improve drying time. Featuring a handy tray at the top and lockable castors. Assembly required.

	DPZ121
36 x 44 x 96cm high	
Each	$269.95

Drying Rack – 20 Shelf

This drying rack is practical and sturdy and features lockable castors. The wire grid design fits up to A2 sized paper and includes a gap of 3.5cm between the shelves to allow for better air flow around the artwork which can improve drying time. Assembly required.

	DPZ122
Each	$309.95

Mobile Drying Rack – 25 Shelf

A convenient and practical storage solution for the artroom, classroom and studio space. Perfect for storing both A4 and A3 sized artworks, this sturdy and portable drying rack can be easily moved around as required. Fitted with four durable and reliable castors, two of which are lockable, adding to this rack's practicality, movability and safety.

	DPZ123
Each	$427.00

Wooden Smock Holder

Perfect for storing and organising smocks, as well as bags in a classroom. Wood holder with four tiers (sustainably sourced timber).

Printmaking

Terang College, VIC

Footscray City Primary School, VIC

Printing Method					Plate (Equipment)	Creating Design	Inking	Transfer Design
Monotype Print can only be produced once. Artwork: Charlton College, VIC		All Ages & Abilities	Single Print	Design Will Print in Reverse	**Acetate Sheet:** Firm clear piece of plastic, reusable.	Begin by rolling paint over the plate using a foam roller or soft brayer. Use a finger or mark making tool to draw into the wet paint. Areas can also be masked prior to inking.		When transferring a print to a surface, simply apply pressure with your hand or use a hard brayer (roller).
					Gel Printing Plate: Gelatine plate, reusable.			
Collagraph (Collage Printing) Taking a print from a raised, built up and collaged surface. Artwork: Cheltenham East Primary School, VIC					**Plate:** Stiff card, a piece of wood or recycled board.	Glue and build up the surface with cardboard, fabrics and threads, mediums and found objects.	Use an inked roller, spread colour onto the plate.	When transferring the print to a surface, simply apply pressure with your hand, use a hard brayer (roller) or printing press.
Block Printing (Relief Printing) Taking a print from a raised surface. The flat surface of the printing block creates the print. The cut out and recessed areas do not print. Artwork: Our Lady of Sion College, Box Hill, VIC	 	Junior	Repeatable Prints		**Printing Foam:** Soft polystyrene plate, great introduction to printmaking.	Draw into the surface using a pencil or ballpoint pen.	Use an inked foam roller to spread colour onto the plate.	When transferring the print to a surface simply apply pressure with your hand, use a hard brayer (roller) or a barren.
					Soft Cut: Soft surface, easy to carve.	Carve a design using a lino carving tool.	Use an inked soft brayer (roller) to spread colour onto the plate.	
					Lino: Firm surface. Use the safety hand guard or bench hook if necessary.			Printing press, a hard brayer (roller) or a barren.
Screenprinting (Stencilling) Ink is transferred through a screen mesh onto a surface. Areas of the screen that have been blocked out do not print. Artwork: Strathcona Girls Grammar School, Canterbury, VIC		Mid-Senior			**Silk Screen:** A synthetic mesh that comes in various mesh counts. The mesh is stretched and glued onto a frame.	Block out areas of the screen by cutting a stencil, or use a photo sensitive emulsion.	Lay screen mesh side down. Apply a line of screenprinting ink on top of the screen. Using a squeegee, drag ink across and through the screen's mesh.	
Intaglio Printing Image is incised into the surface of the printing plate. The ink is pushed into the groves and the top of the plate wiped clean. When put through the printing press the ink from the incised areas transfers onto the paper. Artwork: Koonung Secondary College, Greythorn, Mont Albert North VIC				Prints In Reverse	**Metal Plates (copper, zinc or aluminum):** These soft metal plates are easy to etch.	**Etched (metal plates only):** Coat a plate with an acid resistant etching ground. Scratch a design into a plate using an etching tool. Sit the plate in an acid bath to 'etch' into the exposed areas of metal. Solar: Areas exposed to UV light will harden and unexposed areas will wash away. **Dry Point:** Scratch a design directly into the plate with an etching tool. **Engraving:** A design is cut into a plate using a cutting tool or burin.	Ink the entire plate with a soft brayer (roller). Use an inking dabber to firmly rub and press the ink into the incised lines/marks. Wipe the plate using a tarlatan cloth to remove excess ink. Polish the plate with newspaper (be careful not to remove the incised ink).	Printing press or burnish with the back of a spoon. The paper needs to be dampened before use.
					Solar Etching Plate: A steel-backed, photosensitive polymer			
					Zart Cardboard Etching Plates			
					Acetate: Heavy weight plastic			

Gel Press Printing Plates

These plates look and feel like gelatin, but are made of durable polymer, are reusable and store at room temperature. They're easy to clean and always ready for printing. Make sure to read the pamphlet included for the manufacturer's full recommendations, storage and cleaning information.

Pop Art Stencil Patterns by Zart

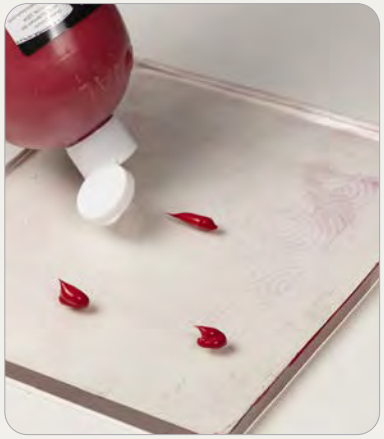
Create fun and striking Pop Art with this set of stencils by Zart. Laser cut from sturdy card, the included five designs can be used for printmaking, collage, decorative crafts, stamping, rubbings and mixed-media work. Use these stencil patterns to explore the Pop art movement, and to create your own inspired and striking works which POP!

A4 (5 designs x 2 each)	CBZ123
Pkt of 10	$23.50

Gel Printing Technique

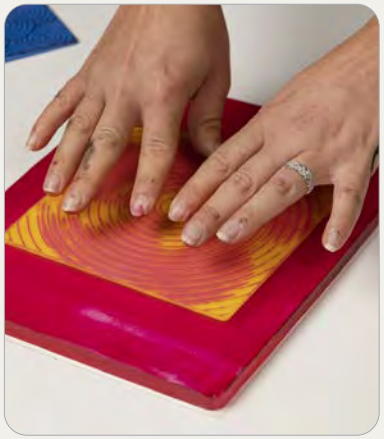
Gel printing plates produce unique monotypes and image transfers, which can be used as stand-alone artworks or may be incorporated into mixed media, collage and craft projects.

Unlike other forms of printmaking such as block or screen, monotype printing produces only one unique image.

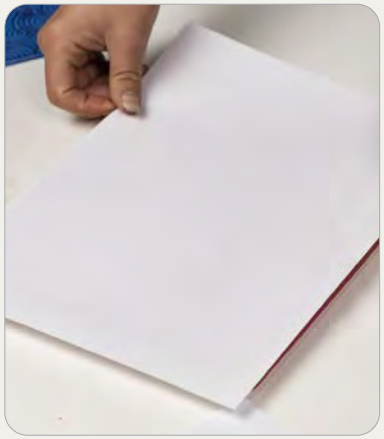


Step 1: Apply small dots of acrylic paint to the gel print plate, cover the whole plate.

Step 2: Roll out the acrylic paint with a rubber roller. Roll the paint in the same direction, back and forth for a few rolls to get even coverage.



Step 3: Use a variety of different materials, found objects and tools to create shapes, textures or patterns in the inked surface. Stencils, found objects, paper scraps and collage materials can also be used to mask out areas of the plate. NB: It is important to never 'dig' into the actual surface of the Gel Printing Plate.



Step 4: Line up a sheet of paper over the plate and press it down. Rub even pressure over the paper with a hand or clean roller.

Step 5: Gently peel back the paper to remove and to reveal the print. Do not allow the paint to dry before removing the paper as this will cause the paper to tear.

Scan for a Gel Plate cleaning video

Gel Print Plate by Zart

This quality gel print plate is designed for monoprinting. Gel print plates produce unique monoprints and image transfers which can be incorporated into mixed media, collage and craft projects. This plate may look and feel like gelatine, but its soft, durable, reusable surface captures textures and patterns with ease. Best of all, it's easy to clean and reusable. Use with a range of water-based paints and mediums and combine with stencils and patterned objects to create textures and effects. This high-quality, flexible plate is perfect for all ages and abilities. Pack includes one gel printing plate plus step-by-step instructions and exploration ideas.

Soft Cut Printing Value Pack (20 Students)

This value pack is the perfect introduction to block printing for up to 20 students. Soft Cut Carving Blocks carve like butter, making them quicker, easier and safer to cut than lino. The included V-shaped tools can carve a variety of line thicknesses and can be used to create interesting textures and patterns. Use an EasyClean Rubber Roller to apply a smooth coverage of ink to the carved block or use it if a press is not available. The included assortment of ink colours offers flexibility to explore chine-collé plus reductive or multicoloured prints.

This pack includes:

2 x Soft Cut Carving Blocks, set of 10, 11 x 11cm
20 x Deluxe V-shaped Lino Carving Tools
5 x EasyClean Rubber Rollers, 100mm
5 x EC Block Printing Inks, 250mL, one of each: black, white, red, blue and yellow

Printing Foam: step-by-step

Step 1: Create the 'block' by simply pressing lines and shapes into the special soft printing foam surface. Use a 4B pencil or a ballpoint pen. For larger areas, press into the foam with a popstick, spoon or similar blunt object.

Step 2: Use a foam roller to ink the printing foam surface with any type of water-based printing ink or paint.

Step 3: Carefully lay a sheet of paper over the inked surface and rub all over with a clean, hard roller, back of a spoon, palm of your hand, or baren.

Step 4: Peel off the print slowly. Repeat the inking and rubbing process as desired. Experiment with different coloured inks and different coloured papers.

Clean up: To wash the block, simply hold under the tap or soak in a dish of water. The surface and lines may be carefully cleaned with a soft brush. The block will store easily for future use when completely dry.

Techniques

Soft Cut Carving Blocks

This printing rubber is like carving into butter. Use lino carving tools to create intricate designs. It is quick and easy to use. The block may be used on both sides. 10mm thick.

Printmaking Metal Inking Plate

An essential tool for block printing and linocut artists. This durable metal plate serves multiple purposes during the printmaking process. It provides a smooth surface for rolling out ink and can also be used as a stop when carving lino or wood blocks by placing the block against the lip of the plate. This versatile tool ensures precision and control in both inking and carving.

7 x 9 inches	RLZ335
Each	$19.95

Block Printing Clamshell Press

A robust, all-metal hand press, designed for block printing and other printmaking techniques. With a compact size of 15 x 20cm, this durable clamshell press is perfect for small to medium-sized prints, providing even pressure and precise results. Ideal for both beginners and professionals, it offers a reliable and consistent method for producing high-quality prints in studios, classrooms, or home setups.

15 x 20cm	TQZ990
Each	$164.00

OLSH College Bentleigh, VIC

Rubber Roller – Soft

To roll out ink evenly, spread it across glass or acetate with a palette knife, then work outwards with the soft rubber roller until the ink forms a thin coating around the roller. Great for gel printing plates.

SINGLE SIZES

100mm	RL019
Each	$34.50
150mm (Speedball)	RL008
Each	$62.68

Rubber Roller – Hard

Long-lasting hard roller with easy-grip plastic handle and durable metal axle and frame. This quality roller provides a smooth application of ink and offers excellent holding capacity. Can be used when a press is not available – use pressure of roller to transfer print.

SINGLE SIZES

100mm	RL005
Each	$21.95
150mm	RL006
Each	$25.95

EasyClean Rubber Roller by Zart

Hard rubber roller with durable plastic handle. Roller has been cleverly designed to detach from the handle for easy cleaning. Provides smooth coverage of ink, and can be used when a press is not available – use pressure of roller to transfer print.

100mm	RL040
Each	$10.45
BULK BUY 10 or more	
Each	$9.75

Hard Rubber Roller with Wooden Handle

Narrow, hard roller with a steel frame and axle, a turned easy-grip wooden handle and a metal ferrule to provide durablity and comfort. The roller is made from high-quality rubber which offers excellent holding capacity. Great for small print work, and also when a press is not available – use pressure of roller to transfer print.

50mm	RL045
Each	$14.91

Speedball Baren

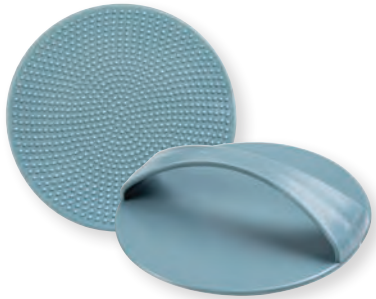
For hand printing small areas. Long-lasting tool for printmaking.

100mm	RL025
Each	$48.95

Bamboo Baren

The baren is an essential tool for hand burnishing. It is composed of a twisted coil of string fibres resting against a thin backing disc of laminated paper. Use to apply pressure to the back of the paper to transfer the image from the block to the paper without using a press.

100mm	RL020
Each	$8.95
B2S Special	$7.23



Plastic Printing Baren

An economical and efficient tool designed for printmaking and block printing. With a textured tooth for effective ink transfer, this baren helps create even pressure across your prints, ensuring smooth and consistent results.

100mm	RLZ024
Each	$4.90

Wooden Button Brayer

A practical and versatile tool designed to support a range of classroom art techniques. Featuring a thick 2–3mm felt pad securely glued to the underside. Perfectly sized for small hands, these sturdy wooden tools are excellent for applying even pressure during printmaking activities or when pressing down adhered papers and collage materials.

5cm high x 5cm diameter	WPZ100
NEW Pkt of 10	$39.95

Baren Kit – Lino Cutter

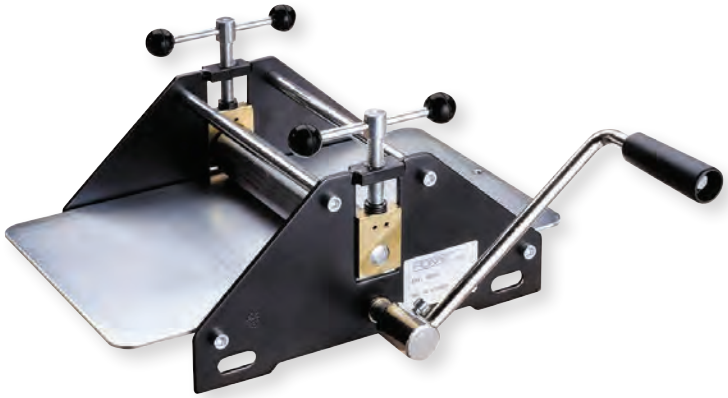
This is a versatile three-in-one kit. It can be used as: a lino cutter with the included handle and five cutters, as a baren to transfer ink from block to paper, and as a storage unit for cutter blades.

Assorted blades	LT150
Kit	$18.14

Fome School Etching Press 3620

This etching press is designed to be user-friendly, making it perfect for educational environments or those new to printmaking. This manual chalcographic etching press features solid steel rollers with adjustable height, making it versatile and easy to use for a variety of printmaking techniques. It comes supplied with a durable metal plate, ensuring long-term reliability for educational settings or personal studios.

25 x 23.5 x 17 cm	TQZ991
Each	$727.00



Art Roller Press

A high-quality tool designed to assist artists in printmaking, especially for blockprinting, linocuts, and other forms of relief printing. Its sturdy construction ensures even pressure across your work, producing crisp, clean prints with each use. This press is perfect for schools, art studios, and personal use, providing consistent results for creative projects. Ideal for use with our easy to use Cardboard Etching Card. Maximum print width of 15cm. Clamp will fit maximum table size of 42mm.

Maximum print width: 15cm	RLZ050
Each	$39.95

Siena College, Camberwell, VIC

Tarlatan Cloth – Coarse

This strong, very absorbent cloth is just what you need for wiping plates in the etching process. It will not mark or scratch plates and is lint-free.

1.2m wide	MT901
Each metre	$16.95

Etching Tools

Economical etching needle. Wooden handle and sturdy metal needle for drypoint etching.

	EP010-10
Pkt of 10	$35.95

Caligo Etching Ink – Carbon Black

Oil-based ink that can be washed away safely with liquid hand soap and water. You don't need solvents to clean up these inks. Suitable for all types of intaglio printing, such as etching, aquatint and line engraving.

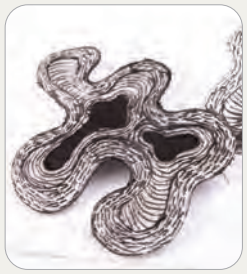
150mL tube	IN111
Each	$76.95

Inking Dabber – Leather

Used to push the ink into areas of a printing plate. Large 60mm diameter mushroom pad, covered with sueded leather on a comfortable wooden handle.

60mm	RL027
Each	$45.95

Cardboard Etching Plate Extension Ideas

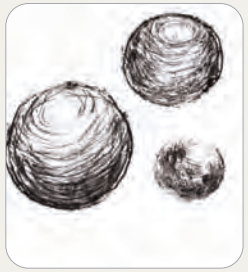


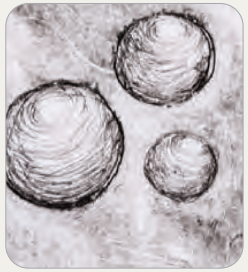
Be creative: Cut a plate to create a uniquely shaped print.

Add texture: Adding fold lines and creases to the cardboard will produce interesting textures when printed.

Effortless solid colour: Use a precision knife to cut and remove areas of the plastic film for a solid block of colour. Great for shapes, backgrounds and lettering.

Colour: Hand colour prints with watercolours, Poster Colours or gouache. Experiment with different coloured etching inks.





Tonal effects: Add highlights and shadows to artwork by varying how much the plate's surface is polished (cleaned). Leaving soft smudges will produce moody shadows and add depth to works. Strong highlights can be created by removing ink with a cotton tip. Experiment to create different effects.

Dry Point Etching – Cardboard Etching Plate

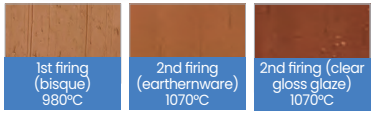
Northcote Pottery – Earthenware Clay

Earthenware

Porous clay not suitable for functional/domestic ware. Bisque fire at 1000°C. Use earthenware glazes. Approximate pug size: 24 x 20 x 10cm.

10kg ML106
Each $18.45



Northcote Pottery – Terracotta Clay

Earthenware

This brown clay becomes orange when bisque fired. Bisque fire at 1000°C. Use earthenware glazes. Approximate pug size: 24 x 20 x 10cm.

10kg ML101
Each $18.45

Clayworks – Earthernware School Clay White

Earthenware

An extruded, plastic clay that's easy to work. White to buff coloured clay with a broad firing range. Ready to use in a moisture-sealed bag. Ideal for schools. Not for functional/domestic ware. Bisque fire at 1000°C. Approximate pug size: 30 x 15 x 10cm.

10kg ML107-WH
Each $28.55

Clayworks – Earthernware Paper Clay White

Earthenware

A stronger dry clay enabling thinner, more delicate work. Joining dry-to-dry paper clay and dry-to-soft is possible. Bisque fire at 1000°C. When glazing, use earthenware glazes. Approximate pug size: 30 x 15 x 10cm. NB: Clayworks Terracotta Clay available on request.

10kg ML108
Each $31.81

Northcote Pottery – Midfire Yellow Speckled Clay

This lovely yellow speckled midfire clay is perfect for creating decorative homeware and pottery. This clay can be used for throwing plus decorative and/or functional/domestic ware. as it fully vitrifies. Bisque fire at 980-1000°C. Second Fire at 1180-1200°C. Approximate pug size: 30 x 15 x 10cm.

10kg MLZ165
Each $35.41

Northcote Pottery – Midfire Mahogany Clay

This rich mahogany midfire clay is perfect for creating decorative homeware and pottery. This clay can be used for throwing plus decorative and/or functional/domestic ware as it fully vitrifies. Bisque fire at 980-1000°C. Second fire at 1180-1200°C. Approximate pug size: 30 x 15 x 10cm.

10kg MLZ160
Each $36.50

Northcote Pottery Midfire Clay – Granite

This earthy midfire clay is perfect for creating decorative homeware and pottery. The groggy, elastic body is ideal for decorative ware and sculpture. For best results, knead clay before use. Approximate pug size: 28 x 15 x 11cm.

10kg MLZ164
Each $35.41

Chris' Midfire Clay – Light Speckle

This decorative light speckle clay is great for hand building and has excellent throwing properties. Suitable for modelling, decorative and functional/domestic ware, as clay fully vitrifies at cone 6. For best results, always knead before use. Bisque fire at 980-1000°C. Second Fire at 1180-1200°C. Approximate pug size: 30 x 15 x 10cm.

10kg MLZ111
Each $33.95

The Stages of Clay

Slip: Slip. A liquid mixture of clay and water used to join clay.

Stage 1: Malleable. The stage where you can build artwork.

Stage 2: Leather-hard. Clay has started to dry out but you can still carve.

Stage 3: Bone dry. The piece is fully dried out and ready for the kiln.

Stage 4: Bisque-fired. This is the first firing. It can now be decorated with glaze.

Stage 5: Glaze-fired. The last firing must be done at a higher temperature.

Northcote Pottery – Raku Clay

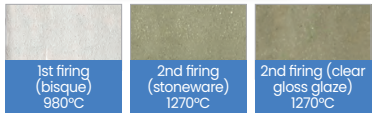
An open, white, sandy body ideally suited to raku firing. A robust clay with a natural grittiness makes it ideal for hand building and creating rugged sculptural forms. Fires to a stone-like appearance. Suitable for hand building and making sculptures. Bisque fire at 1000°C. Glaze fire at 1000-1300°C. Approximate pug size: 24 x 20 x 10cm.

10kg	ML100
Each	$18.45

Feeneys – Buff Raku Trachyte (BRT)

This clay has a warm brown hue with a coarse, sandy texture and a unique, speckled effect, created by the trachyte that is mixed through the clay body. Use on its own or glazed – translucent glazes work best as they allow the speckled pattern to show through. Kiln fire at 1100-1300°C depending on kiln properties and desired effect. Approximate pug size: 30 x 15 x 10cm.

12.5kg	ML109
Each	$62.70



Northcote Pottery – Stoneware Clay

An off-white, plastic stoneware body with excellent throwing characteristics for beginning throwers. Excellent green strength and easily recycled after throwing. Ideally suits domestic/functional ware. Bisque fire 1000-1100°C. Will show excellent coloured glaze effects at 1300°C. Fires to white with a grey tint at 1300°C. Approximate pug size: 24 x 20 x 10cm.

10kg	ML102
Each	$18.45

Ceramic Bisque Mug

This stylish bisque-fired mug is ready to decorate with your favourite glazes. Paint your design with Northcote Pottery underglaze directly on to the mug and allow to dry, cover with Northcote clear midfire brush-on glaze and fire in the kiln. The mug is made from midfire clay, so firing is a breeze.

Decorating Slip – White

Use with Earthenware & Stoneware

Apply decorating slip with a brush to leather-hard clay. Scratch back into the surface.

White	ML115
500mL	$25.95

Northcote Earthenware Slip

A refined, creamy fluid clay perfect for a wide range of ceramic applications in the artroom—ideal for slip casting, decoration, body slip usage, or as an underglaze base. Presented in a handy 10-litre container, this slip balances workability and consistency, making it a go-to material for both foundational technique and creative experimentation.

10L	MLZ095
NEW Each	$103.95

Northcote Stoneware Slip

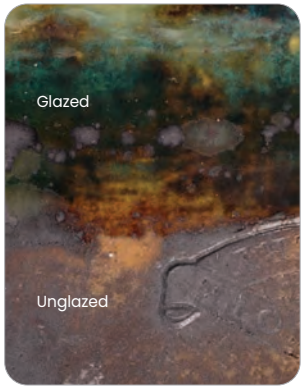
A beautifully smooth, pourable clay slip, perfect for a range of stoneware ceramic techniques. With its creamy consistency and dependable formulation, it's well suited for slip casting, surface decoration, slip trailing, and adding a refined finish to your pottery forms.

10L	MLZ096
NEW Each	$103.95

Ceramic Bisque Tiles

Off-white bisque-fired tiles, ready for decorating with acrylic paint or earthenware glazes! When decorating with earthenware glazes, kiln fire once the glaze is dry. Can also be used as a base for mosaics. Use as a trivet or coaster by attaching an adhesive cork sheet to the reverse side.

15.24 x 15.24cm x 9mm thick	TLZ120
Pkt of 24	$109.00



Copper Carbonate

For Earthenware, Midfire & Stoneware

Gives a sepia colour unglazed and a vintage mid-green colour when glazed.

250g	GZ001
Each	$69.95

Doncaster Secondary College, VIC

Iron Oxide – Red

For Earthenware, Midfire & Stoneware

When glazed or unglazed will create a reddish rusty colour.

1kg	GZ007
Each	$49.95

Underglaze

For Earthenware, Midfire & Stoneware

Can be used on bisque or raw clay surfaces. Stir well before and during use. Should only be applied to clean surfaces. For best coverage, apply two thin and even coats with a soft brush. Over application will cause peeling. To finish, apply the appropriate clear glaze for the clay type – e.g. stoneware clay requires using a stoneware clear glaze – and earthenware clay must be glazed using an earthenware clear glaze.

Stoneware Brush-on Glaze

For Stoneware

Fires to a higher temperature than earthenware glaze. Stoneware glaze must be used on stoneware clay for functional pieces, such as cups, plates or bowls, as the combination of the stoneware clay and glaze is the only way to guarantee item remains safe for use. Glaze fire to 1280-1300°C.

Midfire White Crawl Glaze

This glaze is applied like a standard brush on glaze but creates a globbed, smooth cracked, pooled effect. Brush onto midfire bisqueware and allow to dry. Paint crawl glaze over another brush on or underglaze colour for interesting effects. Firing range: 1190-1220°C.

500mL	GZSZ956
Each	$32.68

Clear Crackle Brush-on Glaze

For Stoneware

This glaze is designed specifically for stoneware clay bodies. It provides a crackled or crazed surface finish and can be used over underglazes or coloured stoneware glazes. Apply three to four generous layers for best results. The thicker the layer, the larger the crazing pattern. Glaze fire to 1280-1300°C.

500mL	GZS924
Each	$25.91

Mayco Clay Mender

This can be used on greenware or bisque clay to mend, fuse and correct clay defects. Moisten pieces with water, no extra adhesive required.

59mL	ML117
Each	$9.50

Kiln Wash

Kiln wash is recommended to protect and prevent glaze on ceramics from sticking to the kiln shelf.

5kg	GZA000
Each	$119.95

Tile Cutter 4" – Round

Cutting circles from clay has never been easier! Sturdy design made from stainless steel and primed timber, with an easy to use spring action handle. Simply punch out tile shape. Tip: Use wooden clay strips to roll out an even slab of clay before cutting tiles.

10.2cm (4")	TQ903
Each	$122.95

Tile Cutter 4" – Square

Sturdy design made from stainless steel and primed timber, with an easy to use spring action handle. Simply punch out tile shape. Tip: Use wooden clay strips to roll out an even slab of clay before cutting tiles.

Turning Wheel

This heavyweight banding wheel is ideal for shaping and decorating clay. Features a steel table top and turning wheel which rotates when manually turned.

18cm	AM1261
Each	$69.95

Wooden Armature Stand

Our wooden armature stand is an essential tool for sculptors and artists seeking the perfect foundation for their artistic vision. The stand can be reused, by simply removing the sculpture from the stand. Can be added to, built up or extended out with additional materials such as foil, wire, etc.

Base: 1 x 12cm, Pole: 2 x 20cm	CNZ514
Pkt of 10	$52.95

Hake Brush Set of 3 Sizes

These soft, wide brushes are ideal for applying large colour washes, wetting surfaces, blending colours, and absorbing excess paint or media. Excellent for wetting paper or canvas before painting, helping to achieve smooth and consistent results.

25, 50, 75mm	BRZ505
Pkt of 3	$23.95

Hake Brushes

Wide, flat, soft brush used for ceramic glazes and slip. Wash brush in water while glaze is still wet.

25mm	BR500
Each	$10.86
100mm	BR504
Each	$18.95

Slip Trailer

Produce fine-detailed decoration on clay work with this handy slip trailer. Slip trailing is a technique used in pottery that allows the creation of dimensional line work and dot work and to fill in areas with raised decoration. Simply fill the bulb with slip and apply your design to leather-hard clay. Complete with hard rubber nozzle and detachable soft rubber bulb. Create lines 2.5mm thick.

	MLZ151
Each	$22.30

Clay and Modelling Skills Mat by Zart

Enhance your clay and modelling skills with this unique and versatile clay and modelling skills mat. Made from long lasting, durable, reuseable silicone, this project mat is designed to guide you through a variety of essential and foundational modelling techniques, while incorporating Australian Indigenous symbols. First Nations symbols provided by artist Jo Wilson – a First Nations woman, contemporary Aboriginal Artist and a proud descendant of the *Ngemba* people of *Brewarrina* (Northwestern NSW).

30 x 40cm	MLZ721
Each	$14.95

Silicone Mat

Non-stick surface ideal for modelling and baking polymer clay. Non-toxic, non-porous, antistatic, germ-free surface and free of BPA. Keep away from sharp objects. Simply wipe or rinse clean. Heatproof to 220°C. Also can be used as a soft surface when embossing.

30 x 40cm	ML720
Each	$19.95

Rubber Scraper Texture Tool

The perfect tool for creating wide grooved patterns. Great for scoring clay joints and creating surface decoration, mark making in paint and gel plate printing. Made from durable easy to clean rubber. Three-sided rubber tool includes two serrated sizes and one comb – 3.5mm thick and 2mm medium serrated scrapers, and 1.5mm long comb tool.

8cm	MLZ149
Each	$7.15

Texture Effects Rubber Comb

The perfect tool for creating line patterns in a variety of mediums. The three sides of the tool offer fine, medium and thick line widths to accommodate any project size. Great for scoring clay joints and creating surface decoration, mark making in paint, and gel plate printing. Ideal for play-based learning and fine motor skill development.

7cm	MLZ150
Each	$11.95

1. Potter's Needle
Make small pin holes in soft clay for decoration and to release trapped air in models.

14cm	ML120
Each	$7.45

2. Potter's Knife
Cut away unwanted clay from models for a crisp edge.

21cm	ML121
Each	$11.95

Modelling Tools – Wire Ended
Double-ended tools to use when modelling clay. Use to hollow out and sculpt soft clay.

Assorted tools (15-16.5cm)	TQ210
Pkt of 6	$22.95

Basics Pottery Ribbon Loop Tools
Large steel ribbon loop tools with tapered and varnished wooden handles. Use to shape, cut and add detail and decoration to greenware. 10 assorted shapes.

Assorted tools (12-14cm)	TQ910
Pkt of 10	$28.95

Modelling Tools – Plastic
Double-ended tools with different shapes at each end. Use to sculpt models and create texture.

2 tool types (x5 each)	TQ209
Pkt of 10	$6.86

Modelling Tools – Boxwood
12 assorted double-ended wooden tools to use when modelling clay. Great for joining clay and creating texture on surfaces.

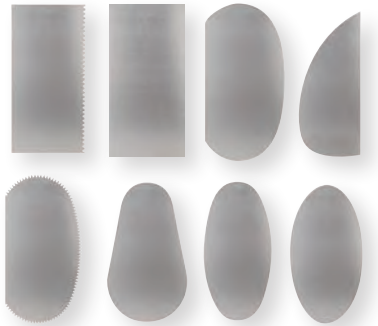
Assorted tools (20cm)	TQ212
Pkt of 12	$33.95

Synthetic Sponge
Used to smooth seams in clay joins.

7 x 2.4cm	ML141
Pkt of 2	$6.95

Rubber Kidney
Used to smooth seams in clay joins. Strengthens and smooths the surface of the clay.

10.5 x 5cm (approx.)	ML123
Each	$8.65



Steel Potters Ribs Tool Set
Flexible steel ribs in 10 assorted shapes and sizes. Ideal for trimming, shaping and smoothing clay. A must-have modelling tool.

8.5-14cm (approx.)	ML135
Set of 10	$16.32

Pottery Tool Kit
A great starter pack of eight essential clay modelling tools – including sponge, flexible metal kidney, potter's needle, ribbon loop tool, clay cutter with wooden handle, two wooden modelling shaping tools and a double-ended ribbon tool. Wallet of assorted tools.

Assorted tools	ML130
Set of 8	$26.95

Clay Modelling Clean Up Tool Kit
11 durable wooden-handled tools with 20 assorted stainless steel tips. Great for carving, decorating and cleaning up damp and dry greenware. Includes plastic wallet.

Assorted tools	TQ217
Set of 11	$36.35

Wire Texturing Brush
This handy brush has stiff, coarse bristles for use on greenware. It is specially designed for scratch joining and applying surface detail to large areas of unfired clay. This brush is made with stainless steel wires to stand repeated wetting and drying and fastened in a durable wooden handle. Brush tip 3-4cm width.

16.5cm	ML134
Each	$4.50

Wooden Clay Rolling Strips

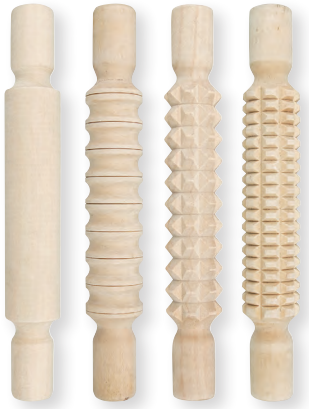
Set of four pairs of wooden strips 24" (61cm) long that are ideal for rolling out even slabs of clay or dough. Simply lay one under each end of the rolling pin with the clay in the centre and roll – ensures thickness of clay slab is consistent. Each pair is a different thickness so with four thicknesses (3mm, 7mm, 10mm and 13mm) to choose from, these strips are perfect for any slab-based projects.

61cm	MLZ729
Set of 4 pairs	$16.95

Rolling Pin – Wooden

Wooden rolling pin with handle for rolling out soft clay into a slab.

25cm	RP100
Each	$6.32



Pattern Rolling Pins – Wooden

Use on clay or sand. 20cm length rolling pins. Four assorted designs.

20cm	RP010
Set of 4	$29.95

Wooden Rolling Pin – French

Perfect for rolling out large slabs of clay. It will suit adults and teachers as well as upper primary to secondary aged students. It has no definable handles, meaning the entire length can be used for rolling. Great for clay modelling material – terracotta, earthenware, stoneware, kaku and Paperclay as well as Oz Clay, Magiclay, dough and Sculpey.

35cm	RP105
Each	$12.95

Plastic Rolling Pins

Economical, lightweight, durable and compact, these plastic pins are great for younger artists. Use with Claydough, Playdough, plasticine, clay and OzClay. Great for both indoor and outdoor use.

21 length x 4cm diameter	RP002
Pkt of 8	$18.50

Modelling Cutting Wheels

An essential modelling tool designed for cutting into a slab. Plastic blunt wheels make them safe for younger students. Includes straight and wavy cutter designs. 2 designs.

18cm with a 60mm wheel	ML142
Pkt of 6	$20.95

Art Roller Press

A high-quality tool designed for both polymer clay artists and young printmakers. With its table clamp and removable handle, it's perfect for conditioning, blending, and marbling polymer clay by simply winding the handle and feeding the clay through the press. it also doubles as an excellent introduction to printmaking for children.

Max roller width: 15cm	RLZ050
Each	$39.95

NEW

EC First Modelling Set

Especially designed for ages two plus, this set is ideal for use in the art room or classroom. Kit includes: 900g of fun dough in six bright colours in a re-usable tub, assorted tools and farm animal dough cutters. Ages 2+.

Air Drying Clays

Prices are current at time of print, but subject to change • Prices exclude GST

Cozi Form Air Dry Modelling Clay

This gluten-free, corn starch-based modelling material is soft, easily pliable, and designed to harden in the air within 24 hours, allowing you to create durable sculptures and art pieces without the need for baking. With a set of eight vibrant colours, this air dry clay can be painted and varnished after drying for a polished, long-lasting finish.

8 assorted colours	MLZ820
Pkt of 8	$29.95

Crayola Air Dry Clay

This clay will air dry with no need to oven or kiln fire. Easy to use with traditional modelling techniques, simply create and leave over night to dry. Clay dries to a hard ceramic like finish. The finish is smooth and can be easily painted with acrylic paint once dry. Finish with an acrylic gloss vanish for that polished finishing touch.

WHITE

Classroom Air Drying Clay – Terracotta

Model small forms and leave to dry in the air. Has a plastic feel but will harden after 24 hours.

1kg	ML225
Each	$15.95

Oz Clay: Modelling over an Armature

Step 1: Scrunch up newspaper and bind with masking tape onto a wooden block base.

Step 2: Flatten clay with hands and drape over the armature. Smooth and add more clay as needed to cover broken areas.

Step 3: Build up facial features by adding coils and balls of clay to the face.

Step 4: Use clay tools, satay sticks or popsticks to add details to the face.

Step 5: Clay can be smoothed when all details are finalised. Wet dry hands by dipping two fingers into water and rubbing over both hands to ensure clay isn't over wet.

Pinch Pot

Step 1: Create a pinch pot from a mandarin size ball of clay.

Step 2: Scrunch up newspaper and place inside the pot to add stability when turned over. Modify the shape of the pot to suit your sculpture.

Step 3: Use the upside down pot as a starting point for a sculpture. Add and join pieces of clay. Use tools to create textures.

NO KILN REQUIRED

OZ Clay (Mad Clay)

An Australian made, air drying clay that is inexpensive for classroom use when a kiln is not accessible to fire normal clay. This revolutionary clay has all the properties of natural clay: it requires the same skills for modelling with clay, yet it air dries. Very little shrinkage when drying so it can go over armatures such as newspaper balls, wire and foil to construct larger forms without using a large quantity of clay. Add water if clay is too hard or cracking while modelling. Leave models to dry in open air overnight. When dry, apply acrylic paint or Supermix pastels softened with a hair dryer to create a beautiful matte finish. Several coats of Street Outdoor Sealant will seal the clay models allowing them to go outside and withstand the weather without deteriorating. Store clay in a cool place wrapped in plastic when not in use.

WHITE	
2kg	ML712
Each	$18.95
5kg	ML715
Each	$34.35

NO KILN REQUIRED

No Fire Clay

If you want students to experience working with clay and do not have a kiln, use No Fire Clay as this does not need to be fired. It is a soft and pliable modelling clay which air dries. It is non-toxic, made from natural materials and manipulates as a natural clay with water and tools. Clay must be worked with water and kept moist. If the clay shows any signs of cracking when being worked, just wet fingers and work the moisture back into the clay. Always place used No Fire Clay in an empty airtight container, not back with the unused No Fire Clay. It will take approximately one week to 10 days to dry in room temperature. When dry it is greyish/white in colour and can be painted with Chromacryl or Viponds Paint.

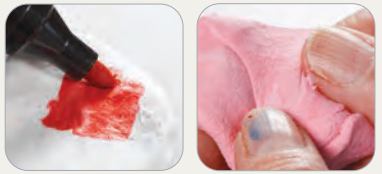
Magiclay Techniques



Colouring (wet): Add a small amount of pigment to white Magiclay (paint, marker or food dye) and mix through.

Colouring (dry): Once Magiclay is dry, surface can be painted or printed on.

Creating colours: Mix colours together to make new colours. Add white to lighten. For marbled effects, lightly mix colours.

Building up a surface: Press Magiclay directly onto canvas or paper to build up a surface on which to paint.

Embellish: When soft, embed objects & materials into the surface.

Dough, Plasticine & Cream of Tartar

Each	$7.77
BULK BUY 10 or more	
Each	$6.55

ArtRoc FAQ

Mask making: You can make approximately 60 full-faced children's masks from a 10kg bag of ArtRoc.

Drying time: Drying time will vary depending on room temperature and how many layers of ArtRoc have been used. It will take approximately six to eight hours for three layers of ArtRoc to dry in a moderate room temperature of around 20°C.

Reworking a form: Although ArtRoc can be softened with water after it has dried, it is not recommended. It is possible however to apply wet ArtRoc over dry, allowing a project to be worked on indefinitely.

Mosaics – Direct Method

Step 1: Draw a design onto paper. Place clear plastic sheeting over the design. Select tiles and consider how they will be arranged.

Step 2: Place a sheet of fibreglass mesh over the drawing (large murals can be broken up by mosaicing individual parts).

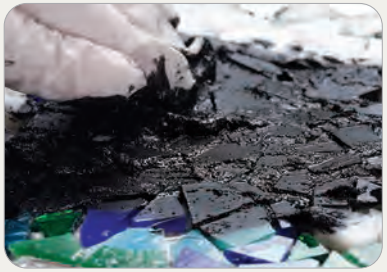
Step 3: Butter the back of each tile with tile adhesive and press into the mesh. Wipe off excess adhesive around the edges and the tile's face.

Step 4: Continue to cover the design, leaving a small clean and even gap between each tile.

Step 5: Leave the mesh to dry for a few days. When dry, the tiled mesh can now be adhered directly onto the final surface (wall, concrete pavers, cement sheeting, etc).

Step 6: Put a layer of the ceramic tile adhesive directly onto the surface to be covered. Lay the tiled mesh onto the wet adhesive.

Step 7: Using a damp cloth to remove any excess tile adhesive that has oozed around the piece. Allow to dry for 24–48 hours depending on the weather.

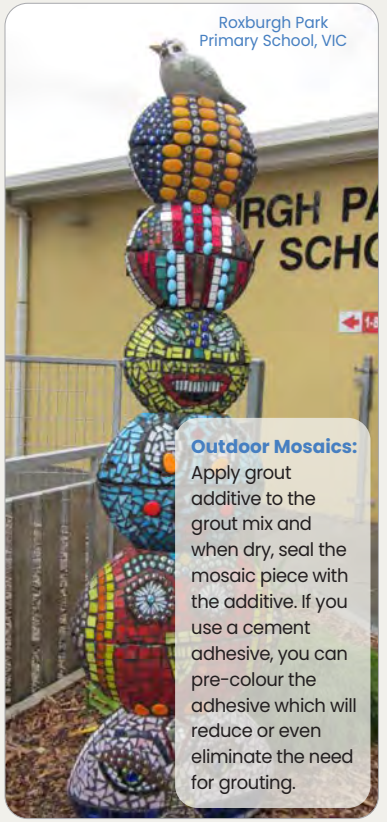


Step 8: Mix grout to a creamy consistency and apply with a rag or rubber squeegee. Use gloves to apply grout.

Step 9: Make sure that excess grout is removed quickly with a soft cloth as it will dry like concrete and will be difficult to remove when dry.

Step 10: Keep polishing the tiles with the cloth until all grout is removed and the tiles look very shiny.

Direct method advantages: Make large murals with a design that fits together like a jigsaw puzzle. The project will be lighter in weight as individual pieces can be added (a large cement sheeting covered in mosaic can be very heavy).



Roxburgh Park Primary School, VIC

Outdoor Mosaics: Apply grout additive to the grout mix and when dry, seal the mosaic piece with the additive. If you use a cement adhesive, you can pre-colour the adhesive which will reduce or even eliminate the need for grouting.

Mosaics can be used to decorate a myriad of 2D objects, 3D forms, and indoor and outdoor projects.

3D sculptures: To make a sculpture, first create an armature out of chicken wire and fill it with newspaper. Plastic containers, flower pots and polyballs can also be used as the base. Chicken wire provides the form with strength to hold the weight of the mosaics. Cover the form in a layer of Zart Paper Mix then allow to dry. The tessarae (tiles) can now be applied and then grouted.

Glass Pebbles

These rounded glass pebbles will add interest and shine to your next mosaic project. With a flat underside, they are easy to adhere. Please note that sizes may vary slightly. Ages 3+.

20mm (approx.)

Each	**$52.95**

Mosaic Grout Sealer and Waterproof Additive

An additive and sealant for indoor or outdoor mosaics. It also enhances the colour of the grout. Brush a final layer over your project once the grout has dried to give added strength and durability to the surface, and to provide water resistance. Acrylic-based.

1L	GA002
Each	**$37.50**

Mosaic Glue Clear Acrylic

A specially formulated clear acrylic glue, ideal for use in mosaic glass art, perfect for sticking glass to glass where a transparent finish is required.

125g	GA023
Each	**$11.95**

Glass Mosaic Cutter with Safety Shield

This cutter has a handy safety guard to stop glass debris from flying into your eyes. Sturdy and solid, the spring scissor design helps reduce hand strain when cutting up bulk amounts of glass tiles. It has circular pinching blades that can be rotated to extend sharpness. Always wear protective gloves and safety glasses.

	GA034
Each	**$54.95**

Safety Eye Goggles

For safe work practice, students and teachers should wear these to protect their eyes when cutting glass tiles.

One size fits all	GA005
Each	$11.77

Squeegee and Sponge Set

Ideal for mosaic works of all sizes and all grouting projects, indoor and outdoor. Set includes one 15cm squeegee and one haze sponge.

	GA011
Each set	$13.95

Deco Mosaic Tiles – Earth Colours

Easy to use, lightweight and colourful. Mix of earth colours in four surface finishes which creates glass-like effects. Made from high-quality resin. Use in craft, indoor decoration and art applications. Adhere with double-sided tape or press into Magiclay.

10 x 10mm x 2mm thick	SM600-EA
Pkt of 150g (approx. 560)	$24.50

Deco Mosaic Tiles – Warm Colours

These Deco mosaic tiles are made from high-quality resin. The pack includes a mix of warm colours (yellows, oranges, pinks, crimson and reds), in four surface finishes (opaque, frost, clear and glossy).

10 x 10mm x 2mm thick	SM600-WA
Pkt of 150g (approx. 560)	$24.50

Deco Mosaic Tiles – Cool Colours

These Deco mosaic tiles are made from high-quality resin. The pack includes a mix of cool colours (purples, blues and greens) in four surface finishes (opaque, frost, clear and glossy) which create glass-like effects.

10 x 10mm x 2mm thick	SM600-CO
Pkt of 150g (approx. 560)	$24.50

1. Ceramic Tile Nipper

Use to trim glass mosaic tiles to desired shape and size. Always wear protective gloves and safety goggles when breaking tiles.

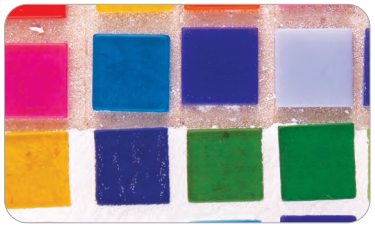
	GA008
Each	$35.36
B2S Special	$26.51

2. Glass Tile Cutter

Great for quickly cutting small mosaic pieces of glass and removing small points from a piece of glass. Little pressure is needed. Always wear protective gloves and safety glasses.

	GA009
Each	$42.95

Deco Mosaic Tiles



Magiclay Method

Step 1: Lay down a thin and even layer of white Magiclay onto a surface.

Step 2: Press tiles into the bed of Magiclay leaving a 1-2mm gap between tiles. The Magiclay will hold (glue) the tiles in place and will fill the gaps between the tiles (grout).

Step 3: Set aside and allow Magiclay to dry.

Grout Method

Step 1: Lay down double-sided tape onto a surface/base.

Step 2: Stick tiles to the taped base. Be sure to leave a 1-2mm gap between the tiles.

Step 3: Use prepared grout to fill gaps between tiles. Set aside.

Step 4: When grout is touch dry, use a damp sponge to wipe off excess grout. Leave to harden.

Deco Mosaic Tiles – Christmas Glitter Colours

Lightweight and colourful resin tiles. Mix of four Christmas colours (gold, silver, red and green) in sparkling glitter finishes. Designed for crafts, indoor decoration and art applications. Adhere with double-sided tape.

Conductive wire!

Wire – Copper

Excellent for wire sculpture, 2D and 3D craft, jewellery making and STEAM projects. Highly malleable and easy to bend, thread and wrap. Use it to coil and braid, join and embellish heavier wires, or as a conductive wire in your next STEAM project.

0.6mm x 18m	WG909
Each	$9.95

Conductive Copper Adhesive Tape

This tape is perfect for creating conductive tracks between components for paper circuits and STEAM activities. The copper tape is 8mm thick and will conduct from both sides, even through the adhesive back. For extra conductivity when joining components such as LEDs, battery packs and vibration motors, lay down the copper tape track first, then sandwich the terminal of the component with another piece of copper tape on top.

8mm x 20m	AT301
Roll	$8.95

Hammer Short Handle

This stubby hammer offers better control and safety for children. The shorter handle length and compact size is ideal for little hands, offering better balance and less weight than a traditional hammer. Great for STEAM activities, art and sculpture projects and general building exercises. Handle length 12cm.

16cm	TQZ403

Hot Melt Glue Gun

Bond ceramics, wood and almost any material in one minute.

	AA100
Each	$29.77
B2S Special	**$22.97**

REFILL STICKS 11 x 300mm

	AA111
Pkt of 10	$10.50
35 sticks (approx.)	AA112
1kg pkt	$31.95

What's the Difference between Hot Melt and Low Melt Glue?

Hot Melt Glue:
Melts at a higher temperature and therefore the bond is stronger. Glue dries a bit slower, allowing you more time to work before glue sets. Gun is larger and you must use 300mm glue sticks.

Low Melt Glue:
Best for lightweight bonds with its low melting temperature. Glue dries quickly, so there is not a lot of working time until the glue dries. Safer for younger children. Gun is small and requires the use of 100mm glue sticks.

Low Melt Glue Gun

Suitable for lightweight bonds.

	AA120
Each	$17.95

REFILL STICKS 7.5 X 100mm

	AA121
Pkt of 10	$3.15
240 sticks (approx.)	AA122
1kg pkt	$31.95

Glue Guns and Sticks Pack

Low melt glue is best for lightweight bonds and for adhering porous surfaces together. It's suitable for adhering cardboard, wood, embellishments and fabric. Great for craft, construction, display, decoration and STEM/STEAM projects. It dries quickly which works well in a class setting where time is limited. Low melt glue is not as hot as regular (hot melt) glue, which makes it safer to use for younger children. NB: Students should always use glue guns under adult supervision.

This pack includes:
10 x Low Melt Glue Guns
1 x 1kg of Low Melt Glue Sticks, approximately 240 sticks

14mL	AA505
Each	$10.95

St Vincent de Paul Primary School, Strathmore, VIC

Street Outdoor Sealer by Zart

High-quality, low odour water-based sealer offering superior protection for outdoor murals, 2D artworks, and 3D sculptures. Its UV protectant properties prevent the fading and yellowing of paint colours, preserving the integrity and the longevity of artwork. Non-toxic, it's suitable for a wide range of surfaces, including stucco, brick, concrete, plaster, render, wood, and steel. How to use: Apply a thin coating of Street Outdoor Gloss using a wide brush or roller to mural or artwork. Allow to dry. NB: test on surface before use, wash up in water. Interior and exterior use.

Zart Wool Tops Assorted Colours

VALUE PACK

NEW

100% natural wool, beautifully soft and smooth to handle, making it ideal for a wide range of textile and fibre art projects. Each pack includes 8 x 50g bundles of richly coloured wool tops in brown, cream, black, red, orange, yellow, green, and blue – perfectly curated for both natural tones and bright, eye-catching accents. The high-quality fibre is easy to dry felt, and use in crafts, giving students the freedom to explore needle felting, and simple hand-spinning techniques.

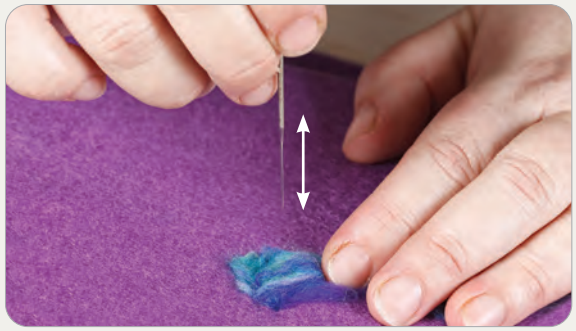
8 x 50g	CQZ541
NEW 400g	$74.95

How to: 2D Dry Felt

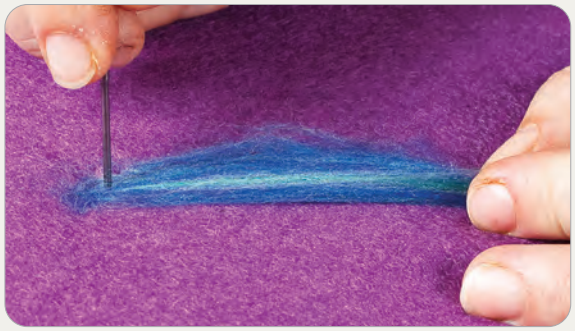
Step 1: A high-density felting foam sponge is essential along with a dry felting needle.

Step 2: Place a sheet of felt-wool blend on top of the felting foam, ready to dry felt crafting combed wool.

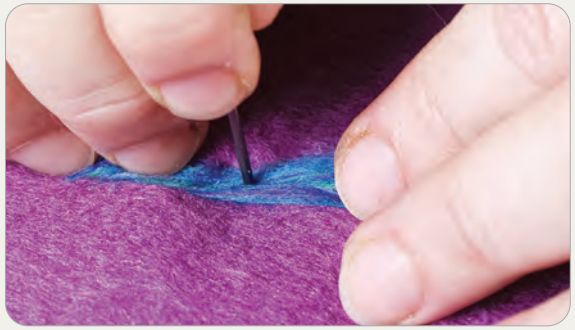
Step 3: To pull the wool apart, hold hands approx. 20cm apart and gently pull. The ends should be wispy.



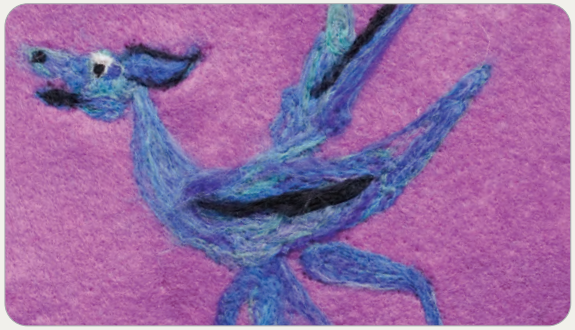
Step 4: Place the wool on the felt-wool blend sheet and firmly direct the dry felting needle all the way through to the felting foam. Always keep needle upright, not slanted.



Step 5: Move the wool in the direction you would like the dry felting to follow, using quick pricks of the needle to fix in place. Lift felt from foam every so often to loosen it.



Step 6: Continue to fill the design, introducing new colours as desired. Layer and blend wool as the work progresses.

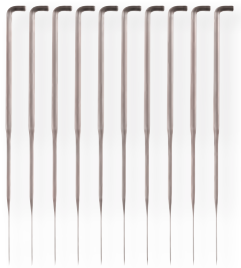


Step 7: Display completed dry felted artwork.

Felting Foam

The ideal hardness and density for dry felting without needle breakage.

5 x 15 x 20cm	F0900
Pkt of 10	$78.95



Dry Felting Needles – Medium

These needles have a sharp barbed end and are an essential tool in the creation of 2D and 3D dry felting pieces. With an up and down agitating action the barbed needle pokes through the wool which causes the fibres to interlace and bond together or 'felt'.

8.6cm	NEZ134
Pkt of 10	$15.95
BULK BUY 12 or more pkts	
Each pkt	$13.95

Clover Felting Needle Tool

Use for dry felting technique, this tool has five needles with a safety locking device. Just a light punch and the fibres become interlaced into the fabric.

	NE140
Each	$45.95

Dry Felting Kit

This starter set offers the perfect convenience for classrooms and artrooms, as it includes your dry felting essentials – just add the wool tops! This set is enough to get 10 students started in dry felting. And best of all it can be reused – you only need to restock on the felt squares and wool tops. Dry felting is the process of compressing and matting wool fibres using friction.

This kit includes:

- **10 x** Felting Foam Block: High density felting foam, Width 15cm x Length 15cm x Height 5cm
- **10 x** Dry Felt Needles: Medium thickness, Length 8.6cm
- **30 x** Wool Felt Square Pieces 14 x 14cm, assorted colours (colours may vary).

Wool Tops NOT included.

	FEZ911
Set of 10	$39.95

NEW Each	$4.45

Iron-on Transfer Sheets

Step 1: Cut out shapes from the Iron-on Glitter Sheets.

Step 2: Arrange shapes in a design on natural fabrics, shiny plastic side up.

Step 3: Place baking paper over the design.

Step 4: Iron with a dry hot iron, cotton setting for one minute.

Step 5: Peel off top plastic layer from the shapes, then cover with baking paper and iron again for one minute.

Step 6: Add more layers by repeating the process. Embellish designs further using fabric paints or pens.

Scan for a Iron-on Transfer project video.

Iron-on Transfer Sheets – Glitter

Apply to natural fibres, light or dark, for an extra-special touch. Easy to achieve, effective alternative to paint for decorating fabric. Easy-to-achieve effective results for children. Hand wash only. Assorted colours.

Jewellery Techniques

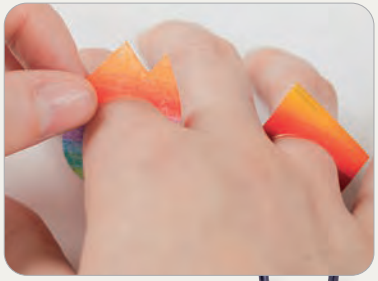
Threading: Use Sculpey or Modellina modelling clay to create beads. Thread handmade beads onto leather or beading cord to create a striking necklace. For bracelets, thread beads onto stretch beading cord for more flexibility. Pierce a hole through the beads while clay is malleable.

Polymer clay jewellery: Soft and easy to use, Modellina modelling clay and Sculpey are oven bake clays that are suitable for all ages. Available in a range of colours, which can be extended further by blending together.

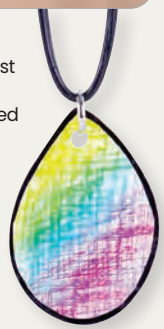
Soft wire jewellery: Soft wire is very easy to manipulate without tools. Create a range of unique pendants, earrings, rings and brooches!

Silicone jewellery moulds: Fill moulds with resin, Sculpey or air drying clay to create a pendant!

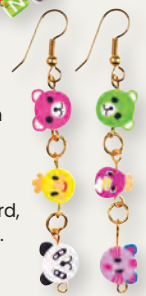
Jump rings: Use jump rings to connect your unique wearable designs together. Use coloured jump rings to transform traditional designs into fun, bright and contemporary pieces!



Shrink-Me Plastic: Shrink-Me Plastic is not just for little kids! The design possibilities are only limited to your imagination. Designs will shrink to approx. one-third of the original size and become thicker and more rigid, while retaining the colour.



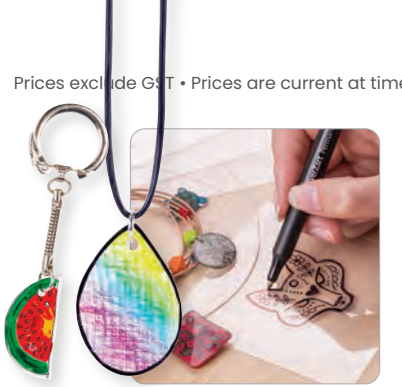
Beads: Versatile and easy to thread, perfect for creating bracelets, necklaces, or earrings. Available in various shapes, beads can be combined with jewellery findings, wire, leather, or synthetic cord, to craft unique designs.



Flat wire with resin: Resin is a unique material for creating beautiful, sturdy jewellery. Use flat wire to create a frame for a pendant, ring or bracelet and fill with resin!

Pendant settings: These two-piece settings are an easy, yet effective starting point for necklace and earring pendants. Insert artwork or a photo and adhere the cabochon in place with Mod Podge. Great for all ages and abilities.

Wooden earring drops: Design and construct stylish and contemporary wearable pieces! Decorate these wooden shapes with Street Markers by Zart, POSCA and Slicks. Pieces may be sealed with Zart Supergloss, Mod Podge or Dimensional Magic.



Shrink-Me Plastic – Clear

Sheets of thin, flexible polystyrene plastic. Prior to heating, the plastic sheets can be coloured with colour pencils, (lightly sand surface first), or permanent markers and then cut into shapes. Oily or waxy substances are not suitable. When heated with a conventional oven (160°C for three minutes or until flat), or a heat gun (on low heat), the design shrinks, becoming thicker and more rigid. Use a silicone mat to protect working surface.

A4	AE250
Pkt of 10	$31.95

Bond Fuse Beads

Enhance your classroom activities with our tub of 6,000 iron-on fuse beads, featuring 12 bright colours. Perfect for students of all ages, these beads are an ideal addition to your art and craft projects, providing an engaging and achievable activity for children. Create unique patterns and designs that showcase your individuality and artistic flair. Completed fused designs can be used as ornaments, keepsakes or coasters. To display, attach a key ring, suction cap, or thread on some string. Incorporate these beads into your lesson plans to encourage fine motor skills, pattern recognition, and teamwork.

50 x 50mm — BGZ512-AS
Tub of 6000 — **$29.95**

Colours of Country Fuse Beads

Enhance your classroom activities with our tub of 6,000 iron-on fuse beads, featuring 10 earth colours. Perfect for students of all ages, these beads are an ideal addition to your art and craft projects, providing an engaging and achievable activity for children. Create unique patterns and designs that showcase your individuality and artistic flair. Completed fuse designs can be used as ornaments, keepsakes or coasters. To display, attach a key ring, suction cap, or thread on some string. Incorporate these beads into your lesson plans to encourage fine motor skills, pattern recognition, and teamwork. Colours of Country logo designed by Jo Wilson, a descendant of the *Ngemba* people of *Brewarrina* (Northwestern NSW).

50 x 50mm — BGZ512-EA
Tub of 6000 — **$29.95**

Meet the Artist:
Jo Wilson

"I'm Jo Wilson, a First Nations woman & contemporary Aboriginal Artist. I am a proud descendant of the *Ngemba* people of Brewarrina (Northwestern NSW). I paint intuitively and through ritual. This connects me to my ancestors. I love to create my own dreaming, depicting healing rainbows, but often also include my love of the moon, sun, stars & universe in my works".

Bond Fuse Beads Pegboard Trays

Make fuse bead ornaments and keepsakes with ease using these trays. Designed specifically for use with iron fuse beads, these trays provide a sturdy and organised workspace for creating intricate designs. Perfect for students of all ages, they enhance the crafting experience by ensuring beads stay in place and designs are fused securely.

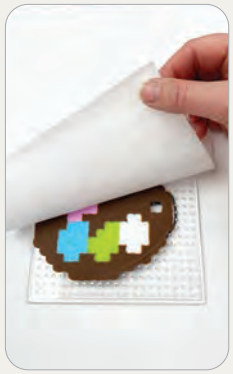
11 x 11 cm & 15.4cm diameter, 5 of each. — TRZ008
Pkt of 10 — **$16.18**

Fuse Bead Exploration

Step 1: Draw a design onto a piece of paper and place a pegboard over the top.

Step 2: Fill in the design by placing the fuse beads onto the peg board.

Step 3: Cover the beads with baking paper and apply heat using an iron on medium setting, working in a circular motion.



Step 4: When the beads have fused together and cooled down, lift off the paper.

Step 5: For a fun way to display the design, attach a key chain!

Deco Mosaic Tiles – Earth Colours

Easy to use, lightweight and colourful. Mix of earth colours in four surface finishes which creates glass-like effects. Made from high-quality resin. Use in craft, indoor decoration and art applications. Adhere with double-sided tape or press into Magiclay.

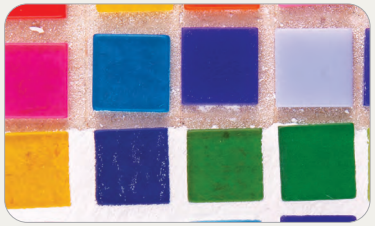
Pkt of 10	**$13.95**
BULK BUY 10 or more pkts	
Each pkt	**$12.95**

Deco Mosaic Tiles



Magiclay Method

Step 1: Lay down a thin and even layer of white Magiclay onto a surface.

Step 2: Press tiles into the bed of Magiclay leaving a 1-2mm gap between tiles. The Magiclay will hold (glue) the tiles in place and will fill the gaps between the tiles (grout).

Step 3: Set aside and allow Magiclay to dry.

Grout Method

Step 1: Lay down double-sided tape onto a surface/base.

Step 2: Stick tiles to the taped base. Be sure to leave a 1-2mm gap between the tiles.

Step 3: Use prepared grout to fill gaps between tiles. Set aside.

Step 4: When grout is touch dry, use a damp sponge to wipe off excess grout. Leave to harden.

Sea Grass

Natural twisted sea grass cord that is suitable for weaving seats and baskets.

Meet the Artist:
Jo Wilson

"I'm Jo Wilson, a First Nations woman & contemporary Aboriginal Artist. I am a proud descendant of the *Ngemba* people of Brewarrina (Northwestern NSW). I paint intuitively and through ritual. This connects me to my ancestors. I love to create my own dreaming, depicting healing rainbows, but often also include my love of the moon, sun, stars & universe in my works".

PKT OF 20 | PER STUDENT 85¢

Wooden Coaster NAIDOC

Celebrate Indigenous Australian culture with these beautiful DIY wooden coasters, featuring pre-printed designs by Australian First Nation's Artist Jo Wilson. This class pack includes 20 coasters, with four unique designs, ready for you to decorate, paint, or personalize as you desire. These DIY coasters are an ideal way to honour NAIDOC Week and add a touch of cultural charm to your desk, home or event.

PKT OF 60 | PER STUDENT 38¢

Cardboard Boomerangs

Cardboard boomerangs in two sizes. Ready to decorate. Zart recommends teachers and schools work in consultation with their local First Nations Community (start locally and extend out geographically) when designing teaching and learning activities. Templates and art materials are intended as a starting point for meaningful making and responding lessons. Discussions within this context should enrich student understanding whilst acknowledging, respecting and valuing First Nations identities and cultural expressions.

Aboriginal & Torres Strait Islander Histories & Cultures Resources

This symbol "Saltwater" was designed by Palm Island *Bwgcolman* Artist, Agnes Wottin. "Saltwater" is inspired by Palm Island's beauty.

"I've lived on Palm Island Bwgcolman, QLD all my life. My mother who is an *Indinji* woman gave birth to me in 1971 to my Father, a *Yalanji* Man. I've been painting for 17 years and got my first big breakthrough at the Cairns Indigenous Art Fair in 2019. Art is a way of expressing myself and escaping from reality; it gives me peace of mind, and I would like to use my work to help others also find their dreams". *Agnes Wotton.*

Zart recommends connecting to your local First Nations community and building strong authentic relationships so your students, staff, and the wider school community continue to share in the beauty of First Nations culture and history.

Art and craft products are intended as a starting point for meaningful making and responding lessons. Discussions within this context should enrich student understanding, whilst acknowledging, respecting and valuing Aboriginal and Torres Strait Islander identities and cultural expressions. Any art making tasks that replicate First Nations' cultural expressions must be done in consultation with the appropriate First Nations Peoples (owners of that cultural property).

Meet the Artist:
Jo Wilson

"I'm Jo Wilson, a First Nations woman & contemporary Aboriginal Artist. I am a proud descendant of the *Ngemba* people of Brewarrina (Northwestern NSW). I paint intuitively and through ritual. This connects me to my ancestors. I love to create my own dreaming, depicting healing rainbows, but often also include my love of the moon, sun, stars & universe in my works".

Washi Tape – Contemporary Australian Indigenous by Zart

A beautiful and painterly collection of contemporary Australian Indigenous Washi patterns designed by artist **Jo Wilson** for Zart, a descendant of the *Ngemba* people of *Brewarrina* (Northwestern NSW). Great for collage, decorative crafts and stationery use.

15mm x 10m	ATZ001

Slow Down, World

Tai Snaith

Sometimes life can seem so busy. We are always told: Quick! Hurry! Faster! How often do we stop, look and appreciate the world around us? From a fast-paced metropolis to the greener, magical places of a young girl's imagination, this is a whimsical journey towards mindfulness. From plasticine, paint and hand-cut paper collage, the stunning illustrations capture the beauty of the slower things in life.

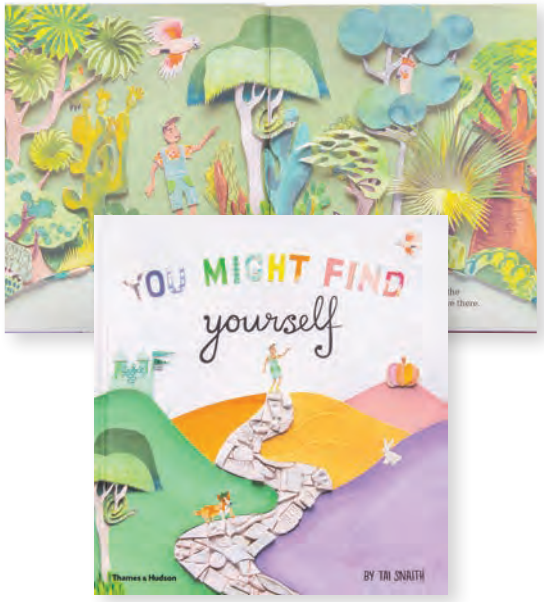
32pp	BK0003
Each	$23.63

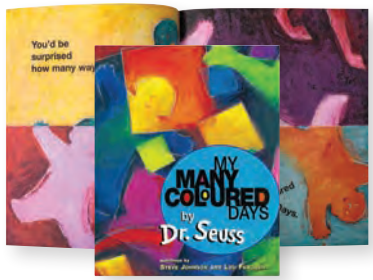
You Might Find Yourself

Tai Snaith

This book follows a child's journey as they navigate the world through their imagination. This charming book invites readers to examine notions of resilience and collaboration, and encourages empathy and compassion.

36pp	BK995
Each	$23.63





My Many Coloured Days

Dr. Seuss

The aim of this book is to help children and adults alike acknowledge and label their feelings. Using a spectrum of vibrant colours, the paintings utilise animals to express moods and emotions, such as a sad and lonely purple dinosaur, a cool and quiet green fish, and an angrily howling black wolf. This is a softcover book.

Improved Design – Now Stronger & More Durable for Everyday Classroom Use!

ColourSorts Junior Scissors

The colour coordinating table system for your classroom.

These junior scissors are a great introductory cutting tool for younger students. Their lightweight and compact design suits small hands, and the rounded, blunt, stainless steel blades make them safer for children learning to cut. Great for cutting paper to card (approx. 250gsm). Part of the ColourSorts Classroom Organiser by Zart range, this economical set includes 36 pairs of scissors in an assortment of six coloured handles. 66cm long, 2mm thick stainless-steel blade. Complete scissor length 132mm.

6 x 6 handle colours	SCZ301
Pkt of 36	$89.95

ColourSorts Taklon Brushes Coloured – Round

The colour coordinating table system for your classroom.

These taklon brushes by Zart are an excellent all-rounder, multipurpose brush. This studio-quality round brush is sturdy, durable and versatile. The brush itself has a thick belly which holds plenty of paint, whilst the tapered flags and natural spring of the bristles ensure its shape is retained. They are best suited for acrylic, watercolour, gouache and craft paint.

#6 Round Taklon Brush	BRZ001
Pkt of 36 (6 x 6 handle colours)	$130.00

ColourSorts Scissor Brush Block

The colour coordinating table system for your classroom.

The 12 pre-drilled holes neatly organise brushes, scissors, pens or pencils safely between uses. Made from sustainably sourced timber and have been designed for the artroom and classroom, and to sit on a desktop. Block Size 13 x 10 x 7.5cm. Hole diameter 17mm. Hole depth: 68mm.

Paper and Cardboard: Skills and Construction Charts by Zart

Paper and card construction is versatile across the visual arts, technology, STEAM/STEM and classroom learning areas. With six charts covering paper and cardboard sculpture, construction and engineering, your students will be better equipped to create artworks, build models, solve problems, construct, design, invent and make! In addition, students can translate these skills to other mediums such as wood, metal and textiles. Each chart has clear and colourful visuals and is labelled with a skill or technique that students of all ages can understand. Included are three charts dedicated to paper sculpture: folding, sculpting, rolling, decorative effects, tearing, cutting and scoring. The three paper and card engineering charts illustrate essential construction skills such as joining without glue or tape and constructing forms. Learn and elaborate on the joining basics with stitching, binding, split pins, satay sticks, notches, slots, tabs and braces.

Yayoi Kusama: From Here to Infinity!

Sarah Suzuki and Ellen Weinstein

Yayoi Kusama is arguably one of the most influential contemporary artists of the 21st century. This illustrated book tells Kusama's tale of art and inspiration from birth to now, and is a great introduction to her work.

36pp **BK155**
Each **$27.26**

Matisse's Garden

Samantha Friedman

This book shows how Henri Matisse used nothing but paper and scissors to create simple shapes like squares, leaves and birds, and experimented with scraps of leftover paper and new colour combinations to create lush gardens on his studio walls.

48pp **BK379**
Each **$22.72**

Wall and Piece - Banksy

A compelling collection of the groundbreaking works of Banksy, Britain's most elusive and provocative street artist. First published by Century in 2006, this trade paperback brings together stunning photographs of Banksy's most famous pieces. Known for his satirical social and political critiques, Banksy's art has transformed public spaces and captivated audiences around the world, blurring the lines between street art and high art.

Draw Paint Print like the Great Artists

Marion Deuchars

Young readers are introduced to more than 30 great artists, then encouraged to try out the techniques that lie behind their greatest works. Take your pencil for a walk in the spirit of Paul Klee, experiment with colour like Joan Miró or create your own surrealist-inspired artwork.

240pp **BK107**
Each **$29.99**

Big Book of Colours

Felicity Brooks & Claire Ever

Readers will learn about all the different colour names for a hue and a range of common objects and emotions that link to that colour. Turn the colour wheel and flip the transparent page to see colour mixing in action.

26pp **BK0007**
Each **$18.17**

Animation Techniques

Steve Roberts

A comprehensive guide that delves into the world of animation, offering both beginners and enthusiasts the tools they need to create their own animated films. Written by a seasoned animation tutor with over 40 years of experience, this book covers the twelve fundamental principles of animation, showcasing a range of artistic techniques including drawing, sculpture, painting, and even textile work.

176pp **BKZ1041**
Each **$54.54**

Animation Lab for Kids

Laura Bellmont & Emily Brink

This fun and practical project book provides a guide for creating visually engaging animation and the art of storytelling. Told through the eyes of The Good School, cartooning, flip books, claymation and stop-motion are explored, as well as background, basic editing and sound techniques. Materials, equipment and animation terminology are also covered. Students will enjoy seeing their art move and come to life! Includes 21 lab projects.

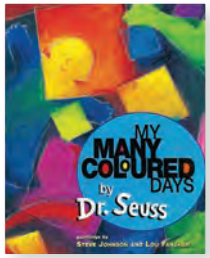
144pp **BK388**
Each **$40.91**

Creatrilogy Box Set

Peter H. Reynolds

1. *Sky Color*: Demystifies and celebrates the creative process.
2. *The Dot*: One little dot marks the beginning of surprise and self-discovery.
3. *Ish*: We need to kindle and tend our creative flames with care. There is something more valuable than getting things exactly 'right'.

32pp each **BK067**
Set of 3 **$45.45**



My Many Coloured Days

Dr. Seuss

The aim of this book is to help children and adults alike acknowledge and label their feelings. Using a spectrum of vibrant colours, the paintings utilise animals to express moods and emotions, such as a sad and lonely purple dinosaur, a cool and quiet green fish, and an angrily howling black wolf.

32pp **BK097**
Each **$19.99**

How Art Can Change Your Life

Susie Hodge

This guide introduces readers to new ways of looking at a wide range of art. Through careful examination and explanation, it investigates how engaging with art and drawing upon its ideas can help everyone feel connected and inspired.

192pp **BKZ1008**
Each **$27.26**

Invisible Things

Andy J. Pizza and Sophie Miller

A magical journey through the unseen forces that shape our daily lives. This beautifully illustrated hardback invites children and young readers to explore feelings, ideas, and sensations that are invisible to the eye but deeply impactful in our world.

zart Education

At Zart, we believe the Visual Arts are vital to the cognitive and creative development of young people. Valuing Educators and their role in this process is our priority. **What we offer:**

PROFESSIONAL LEARNING WORKSHOPS

Grow your skills
Build your confidence
Support your students

Zart Your Way: professional learning designed around your teaching practice, your time, and your classroom needs.

Choose single workshops as you need them, or invest in a 12-month package for greater value, richer learning, and lasting inspiration.

Online Courses – structured, skill-building video learning.

Onsite Studio – hands-on workshops with artists and educators.

Live Online – interactive, real-time sessions from your home or school.

Zart EDUCATION ON DEMAND

Zart Education on Demand – learn anytime, anywhere.

ZART CONFERENCE

Be inspired by leading contemporary artists & educators.

zart con26

One ticket, endless inspiration.

INSPIRE. CONNECT. CREATE.

The Zart Conference is Zart's premier annual education event—and the most attended visual art education conference in Australia. This flagship event brings together passionate educators from across the country to learn, share, and celebrate the power of visual arts in education.

BE INSPIRED

Experience keynote presentations and hands-on workshops with leading contemporary Australian artists, accomplished educators, and thought leaders in the arts. Each session is designed to spark creativity, expand your practice, and deepen your understanding of visual arts in education.

BE SUPPORTED

Every ticket includes curriculum-linked resources, classroom-ready ideas, and custom teacher resources by expert educators—so you can take the conference directly into your classroom. Plus, enjoy three months' access to video recordings of all artist-led workshops, so you can revisit or catch up on any sessions you missed.

BE CONNECTED

Join a vibrant community of educators who champion the arts. Share ideas, collaborate with colleagues, and celebrate the creative power of visual arts in classrooms and communities.

AUSTRALIA'S MOST CELEBRATED VISUAL ART EDUCATION EVENT

The Zart Conference showcases diverse artists, art styles, and materials—ensuring you leave with fresh inspiration, new skills, and renewed confidence.

EDUCATION ON DEMAND

Online lesson bank that has you covered.

Zart EDUCATION ON DEMAND

Unlock a wealth of high-quality, curriculum-aligned, sequenced lesson plans at your fingertips. Zart Education On Demand offers practical support designed to lighten your workload, enhance your expertise, and place the focus squarely on your students' needs. Created by accomplished educators and contemporary Australian artists, Zart Education On Demand provides real-time, online curriculum support tailored for Australian teachers. Empower your teaching today.

Subscribe to Zart Education on Demand.

What's included

- All lesson units and lesson plans in the current library
- Plus new content released weekly

Each lesson includes:

- A video walk-through of the whole unit of work
- Downloadable lesson plan
- Explicit links to the Australian, Victorian and NSW Curriculum
- Points on reflection which can be used in class for discussion or writing points
- Ideas for differentiation and extension tasks
- Ideas for assessment criteria
- Links to shop materials
- PDF art element and principle charts
- Downloadable PL Certificate upon completion

Buying Terms & Conditions

PRICING & GST

All prices in this catalogue are exclusive of GST. Prices are correct at time of publication and subject to change without notice. All current prices can be viewed on our website and should be checked before ordering. All purchases are subject to our detailed T&Cs available on our website.

BUY INS (Special Orders)

If you require a product not listed in our catalogue or online shop, please contact us and we will endeavour to source and order on your behalf. NB: please allow extra lead time (several weeks). Freight charges will apply and returns are not accepted (unless faulty/damaged).

CLAIMS & DAMAGES

All claims must be made to customer service at zartart.com.au within seven days of receipt of goods. If required, our customer service team will issue an instruction on how to return the goods. All goods must be returned in the same condition that they were received, in order for a credit to be processed.

NB: If a product is no longer available, we may substitute with an item of the same or better quality and value.

Freight Charges

National Delivery Rates

Receive the same delivery rate from no matter where you are from.

Order Value	Under $50	$50 - $99	$100 - $199	$200+
Delivery Fee	$7.50	$9.50	$14.50	$26.50

Freight for overseas orders will be advised prior to despatch.
