ANTHONY WAYNE HIGH SCHOOL

Pathways to Graduation Course Selection Guide

Anthony Wayne High School is committed to empowering students to be future ready by helping them develop their path toward graduation and beyond. This Pathways to Graduation Course Selection Guide is intended to help students and their families visualize the course progression for classes offered at AWHs and help answer the question, "How do I get there from here?"

HOW TO USE THIS GUIDE: The courses for each department are presented in a flowchart format, with each course leading to the next in the progression. In some cases, there are multiple pathways to advance to a course, some have specific requirements. *Each student's goals and pathway are different. Please consult with your counselor if you have questions about which class is right for you.*

Start here. This is the first course in the course pathway. The diamond includes the name of the course, and the potential grade level for enrollment.

Available courses in this department. The rectangle includes the name of the course, and the potential grade level for enrollment.

These boxes will provide more information about pre- or co-requisites, auditions or instructor referral, and/or recommended pathways.

Arrows indicate options for progressing to the next course.

Multiple arrows along brackets indicate choice among any of the associated courses.

More information about each class is available in the AWHs Course Description Guide.
