

Muscle Groups Focus

Ski Walker

As the Ski Walker is intended to be an excellent cardio and endurance tool, its design and function are inspired by skiing. The device makes it easy to strengthen the trunk, buttocks and thigh muscles without putting any strain on the user's joints, and is therefore highly recommended for all ages.

Material specification

The element is made of high quality S235 steel, which has been cleaned via sandblasting. A corrosion resistant powder coating finish is then applied. Also available with galvanized surface for even greater protection and longevity!

The footrests are made of premium quality non-slip HDPE with a high wear resistance.

The device is equipped with an ergonomic non-slip HDPE phone holder for convenience.

At the end of the arms, the handle is rubber-coated for a more comfortable and secure grip.

The device is fitted with composite bearings that are weather-resistant. The bearing does not require regular maintenance.
