DIFFERENCE!

We'll Get You Ready.

JESSUP
UNIVERSITY

You are one of a kind.

EQUIPPED & KNOWN

Get to know Christopher

Christopher Hackey's portrait illustrates how God created each of us as a masterpiece with the purpose of using our unique gifts to make a difference in the world. A kinesiology major and student-athlete at Jessup University, Christopher hopes to positively influence youth by coaching and working as a middle school P.E. teacher.

YOUR STORY STARTS HERE

We partner with the Church to educate transformational leaders for the glory of God.

We'll Get to Know You.

Being known makes all the difference. At Jessup, our priority is to know, see and hear you. Your innate God-given talents become part of a community that encourages exploration of innovative ideas and naturally cultivates personal growth.

Acquiring knowledge, mastering skills and making connections during your college experience helps you become who God created you to be. We foster and celebrate that.

Jessup develops transformational leaders.

We'll Get You Ready.

The best education involves relationships.

— RAY BRYANT, SCHOOL OF BUSINESS FACULTY

Rooted in the value of community since 1939, Jessup provides students, faculty and staff the opportunity to regularly connect and grow together. As a Jessup student, you'll enjoy a dynamic, close-knit community and find a safe place to belong.

We are a fully accredited, Christ-centered liberal arts university. Jessup is centrally located in Northern California, with an additional campus in the heart of Silicon Valley, and another in Portland, Oregon.

BIG ENOUGH FOR OPPORTUNITY

Small Enough for Community

You're known here

Professors and staff get to know you on a personal level and often become life mentors. Faculty inspire students to explore, create, ask questions and engage in meaningful dialogue. Campus events also foster connections. From athletic contests, music and theatre shows, to student-run activities, you'll develop a community that lasts a lifetime.

Spiritual Growth

Paramount across all academic disciplines and curriculum, faith integration is the natural and intentional assimilation of Christian beliefs and practices into the learning process. Spiritual growth is cultivated through weekly chapel services, outreach trips and Spiritual Formation Groups.

Local and Global Outreach

Passionate about reaching our local community to meet physical and spiritual needs, our ongoing partnerships allow students opportunities to serve a variety of our neighbors including refugees, children, adolescents and the unhoused.

Students are encouraged to participate in impactful eye-opening global outreach programs, serving in teams led by Jessup staff or faculty members during the summer.

Get to know Kat

Kat Logan's portrait depicts her God-given unique talents and gifts while demonstrating many ways she contributes to her calling. As a Criminal Justice and Digital Communication & Design double major, Kat believes God is calling her to help others achieve their full potential. To do this, she aspires to work for the FBI, in journalism or as a Public Information Officer.

A student with curly hair is sitting at a desk, looking at a laptop. Their feet, wearing white sneakers, are propped up on a shelf next to a lit lamp. The background shows a window with a view of trees and a desk with various items like a plant and books.

LIVE
GATHER
EAT

Live on Campus

The Village consists of Phillips, Rispoli, Sunset and Tiffin Halls. First-year students primarily find themselves at home in the Phillips, Rispoli and Tiffin Halls, which each house 12-20 residents per wing. This allows resident assistants to build a community that feels like family. Predominantly for second-year students, Sunset Hall provides amazing sunset views, large balconies and is conveniently located next to an outdoor BBQ and fire pit.

The Block apartments provide the highest level of independence on campus for junior and senior students in preparation for self-sufficient living after graduation. Units feature living room space, a full kitchen complete with granite countertops, two large bathrooms and four double rooms to accommodate eight residents. Outdoor spaces include a community grill, hammock stands and underground covered parking.

Gather Here

The Shack. A great space for study breaks or coffee dates, offering Starbucks® Coffee, tea and menu items such as eXpress grab and go sandwiches and convenience snacks. For a quick and healthy alternative, grab a drink from our smoothie bar.

Study Spots on Campus. Gather at the West Student Union or the commuter corner in Crawford Commons—all great spots for study groups and collaboration. Take a break at The Green, our expansive lawn area.

Prayer Chapel. Located in the center of campus, come for individual prayer, quiet and reflection or an occasional night of worship.

Chapel & Events Center. Where students gather for morning chapels and special events including Jessup theatre and music performances.

Eat Here

Crossroads Café. Our on-campus dining facility has a wide variety of fresh, sustainable menu items, including a farm-to-fork station with allergy-friendly entrées and a brick oven with artisan-style pizzas. We're open to students, staff, faculty and community guests!

LIFE AT JESSUP

There is so much to do

THRIVE HERE

We Support You.

With proven methods in place, students don't fall through the cracks at Jessup. Our Success Coaches, Academic Achievement Center and Career and Life Planning services guide, mentor and support students from their first class to graduation. State-of-the-art facilities such as the Paul Nystrom Library and campus Innovation Center provide an incomparable backdrop and resources students need for success.

MAKING EDUCATION AFFORDABLE

“
For the first
time, I felt like
Jessup was not
just a possibility
but actually
achievable.

—NOAH CLASSEN
COMPUTER SCIENCE MAJOR
& SCHOLARSHIP RECIPIENT

Although the cost of many goods and services are on the rise, Jessup remains dedicated to providing affordable education. Jessup offers many opportunities for scholarships, federal and state loans and grants designed to activate your education and future dreams. Whether you are a veteran, single mom, former foster youth or first-generation college student, Jessup is passionate about removing barriers and providing pathways for future leaders to access and afford Christ-centered higher education.

Business Partnerships.

Jessup currently partners with over 20 local businesses that share strategic mission-minded objectives. We offer a 20% tuition discount to eligible employees representing these companies and their dependents for all graduate and online programs.

“The transformational impact Jessup has had in my life is unmatched.”

—STEPHANIE MAUS

CUTTING-EDGE CAREERS

Aviation

The Bureau of Labor Statistics projects approximately 18,000 job openings for airline and commercial pilots each year through 2031. The Aviation program prepares students for a successful career as a professional aviator. As one of few faith-based and FAA part 141 collegiate aviation programs in the region, Jessup aims to train and inspire a new generation of principled pilots for this high-demand field.

12

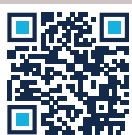

Earn a competitive degree in a high demand field. Jessup aviation students practice on leading-edge flight simulators and acquire hands-on experience at our local flight school.

Offering new majors, Jessup delivers a wide range of career-ready programs in traditional and online models, including remote. These options allow you to choose an education that matches your lifestyle.

Air Force ROTC is available. Programs subject to change. For an up to date list, please visit jessup.edu/majors.

LEARN MORE

Kinesiology

Jessup's Kinesiology program integrates personal faith with the latest advancements in biomechanics, exercise physiology and sports science. Students learn in state-of-the-art laboratories equipped with cutting-edge motion capture technology, allowing them to explore the intricacies of human kinetics. Curriculum is designed to foster critical thinking and innovation, preparing graduates to address the evolving challenges in sports performance, rehabilitation and health promotion. Graduates bring a Christ-centered perspective to the fitness, exercise, sports and health arenas.

Nursing

Jessup's Bachelor of Science in Nursing (BSN) program leverages the latest technologies and educational methodologies to cultivate a new generation of highly skilled and compassionate nurses. Students learn in our new 6,000 square-foot simulation lab using state-of-the-art technology and video streaming for training and educating future nurses. Gaining skills training with high fidelity mannequins, students engage in a curriculum that integrates interprofessional collaboration and cultural competence. With a focus on innovation, our BSN program equips students to navigate the complexities of modern healthcare, including telemedicine, informatics and patient-centered care. Our faculty are experienced healthcare professionals and researchers equipped to guide students through a program that embraces the forefront of medical advancements.

GRADUATE STUDIES

Earn Your Advanced Degree

Elevate your career trajectory

In the contemporary job market, an advanced degree isn't just an asset—it's a distinction. Beyond qualification, an advanced degree signals a deeper dedication to your field, setting you apart as a candidate of exceptional expertise and specialized knowledge. Stand out, not just for what you've achieved, but for the promise of what you will bring to the table.

- Set yourself apart in the workforce
- Enhance your earning potential
- Network with like-minded professionals
- Complete each class in only 7 weeks

JESSUP ONLINE

Learn on the Go

When you earn your degree online, you mold your learning environment to your personal preferences, allowing you the flexibility for what matters most.

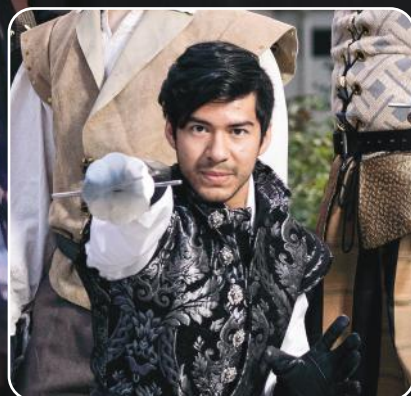

- Reach professional goals from your own home
- Flexibility to pursue your career while earning your degree
- Reduced tuition costs
- Expand your professional network
- Complete each class in only 7 weeks

“

I have found the program to be transformational. Jessup has enhanced my skills, and the Executive Coaching concentration fits my current gifting, opening me up to new opportunities.”

—CHRIS MANN, GRADUATE STUDENT

Students have the opportunity to engage in a variety of artistic endeavors, from producing and recording music at renowned studios like Skywalker Sound and Sony Pictures Studios, to exhibiting visual arts in a curated gallery space, and participating in comprehensive stage productions as part of the cast and crew.

LEADING WITH CREATIVITY

Digital Communication, Art & Design

Combining elements of a traditional communication studies degree with digital art and design, this program empowers you to craft messages, design artwork and deliver both effectively while exploring these disciplines in the context of faith.

Music

The B.A. in Music provides a thorough grounding in both traditional and contemporary theory and practice courses, along with opportunities to join performance groups who travel regionally to showcase their talent and represent Jessup.

Theatre

Jessup's Theatre program places students in an immersive, pre-professional training ground. From backstage to onstage, students learn to create theatre from concept to performance in a department valuing a hands-on, entrepreneurial approach to theatrical storytelling.
