At G & E Construction, we understand that a home is much more than just four walls and a roof — it's where life unfolds, where milestones are celebrated, and where cherished memories are made. A home is your sanctuary, a reflection of your style, and the place where your story begins. That's why, for years, we've dedicated ourselves to creating homes that go beyond the ordinary — homes built with precision, passion, and purpose.

Our reputation is built on a foundation of quality craftsmanship, innovative design, and unwavering commitment to value. Whether you're a first-time homebuyer taking an exciting new step, a growing family in need of more space, or someone looking to downsize without compromise, we tailor our approach to fit your unique needs and aspirations. No two families are the same — and neither are the homes we build.

At G & E Construction, our relationship with you doesn't begin and end with construction — it begins with a conversation. From the initial consultation to the final walk-through, our team is by your side every step of the way. We believe in clear communication, honest guidance, and a process rooted in transparency, integrity, and excellence. Every nail we drive and every beam we place is backed by decades of experience and a passion for helping you build the life you've always imagined.

Let us help you take the first step toward the future you deserve.

OUR MISSION

To create homes and communities that inspire connection, enrich lives, and stand the test of time — delivering quality, comfort, and value with every build.

OUR VISION

To be the most trusted home builder in Ottawa, known for innovative designs, sustainable construction, and exceptional customer experiences that redefine what it means to come home.

OUR VALUES

QUALITY

We are committed to delivering exceptional craftsmanship, using superior materials and proven building practices to create homes that stand the test of time and exceed our customers' expectations.

SUSTAINABILITY

We build with the future in mind, using eco-friendly materials, energy-efficient designs, and responsible construction practices that reduce environmental impact and create healthier communities for generations to come.

AFFORDABILITY

We believe everyone deserves a home they can be proud of, without compromising quality or design. We work to provide exceptional value through smart planning, efficient building methods, and transparent pricing.

CLIENT-CENTRIC

We put our clients at the heart of everything we do, listening to their needs, respecting their vision, and delivering personalized solutions that make the homebuilding experience seamless and rewarding.

COMMUNITY

We create more than homes — we build vibrant neighborhoods where people connect, support one another, and feel a true sense of belonging.

OUR FOUNDERS

Philippe Grégoire

Co-Founder of G&E Construction

As a husband, father of three, and Russell township native, I founded G&E with a clear purpose: to do more than build houses — to create welcoming communities where families can truly thrive.

From start to finish, I'm personally involved in every project, from renovations and custom homes to full-scale subdivision developments. For me, quality goes beyond craftsmanship — it's about clear communication, collaborating with the right people, and ensuring every home is built to stand the test of time. Each project is more than a structure; it's a place where families grow, make memories, and feel a genuine connection to their community.

As G&E continues to grow, my mission remains simple: to build with integrity, honour the neighbourhoods that shaped me, and create homes that families — including my own — are proud to call home.

philippe@gnehomes.com
613-913-7634

Steve Encarnacao

Co-Founder of G&E Construction

As a proud local from the Nation and a family man, I founded G&E with a simple goal — to help people bring their home projects and dreams to life. From small renovations and home additions to commercial retrofits, custom builds, and full-scale developments, I've stayed hands-on through every stage, guiding clients from design to completion.

For me, quality isn't just about building houses — it's about doing it right. That means paying attention to the little things, taking pride in every detail, and making sure the whole process goes smoothly. I love building in these communities because they're full of charm, friendly faces, and that special sense of connection you just can't find everywhere. My goal is to help families create homes where they feel comfortable, happy, and truly at home.

At the end of the day, I just want G&E to be known for doing good work, treating people well, and delivering homes that families can enjoy for years to come.

OUR INTERIOR DESIGNER

Founded with a passion for designing elevated, livable interiors, Olive & Oak specializes in creating cohesive, budget-conscious spaces that reflect each client's unique lifestyle and needs. Whether you're embarking on a full renovation, a new build, or refreshing a single room, our mission remains the same: to design spaces that enrich your everyday life.

At Olive & Oak, we believe great design is about more than just aesthetics—it's about creating spaces that feel like home and function beautifully for the people who live in them. Every project we take on is rooted in thoughtful intention, practical solutions, and an unwavering attention to detail.

We take pride in our ability to balance beauty with functionality. From initial concept to final styling, we bring clarity to the design process and work closely with you to deliver results that feel personal, refined, and effortlessly livable. With a modern yet timeless aesthetic and a warm, approachable style, we create homes that feel just as good as they look.

No detail goes untouched. No challenge goes unmet. And yes—every project receives a whole lot of love.

WORKING WITH US

At G & E Construction, we're dedicated to making your homebuilding experience seamless, transparent, and exciting. As a trusted home developer, we guide you through every stage of the process with our expert team, ensuring your dream home becomes a reality. Below, we elaborate on each step of working with us, from initial consultations to the joyous moment of receiving your keys. Our process emphasizes quality craftsmanship, personalization, and compliance with all regulatory standards.

THE JOURNEY, FROM VISION TO HOMEOWNERSHIP

INITIAL MEETING WITH OUR SALES TEAM - During this session, we'll showcase our diverse home models, including townhomes, semi-detached homes, bungalows, and detached singles. You'll explore available lots—standard or premium, with some offering stunning views backing onto our man-made pond. We'll discuss pricing options tailored to your budget, starting from \$490,000 for townhomes up to \$572,000 for 2-storey singles, and answer any questions about features like square footage, bedrooms, bathrooms, and optional in-law suites (e.g., the Piedmont model). This meeting helps you envision your future home in our welcoming community.

SIGNING THE CONTRACT - Once you've selected your ideal home and lot, we'll prepare a comprehensive purchase agreement. This contract outlines all details, including the home specifications, pricing, and timelines. It includes standard conditions such as lawyer approval (to ensure the agreement aligns with your legal needs) and financing contingencies (to confirm your mortgage pre-approval). Our team is here to explain every clause, promoting full transparency before you commit.

WAIVING CONDITION & SUBMITTING DEPOSIT - After your lawyer reviews the contract and your financing is secured, you'll waive the conditions to proceed. At this point, a deposit is required to reserve your home and lot. For added convenience, we now accept credit card payments alongside traditional methods. This step solidifies your commitment and allows us to move forward with planning.

ACQUIRING CONSTRUCTION DRAWINGS & SUBMITTING FOR PERMITS - With the deposit in place, our design and engineering team finalizes the construction drawings based on your selected model and any initial customizations. We then submit these to the local building authorities for permit approval. This process ensures compliance with all zoning, safety, and environmental regulations, typically taking a few weeks depending on municipal timelines.

SELECTING YOUR FRONT DOOR OPTION - Personalization begins early! Choose from our curated catalogue of front door styles, colours, and glass inlays. This selection sets the tone for your home's curb appeal and integrates seamlessly with your overall exterior choices.

SELECTION MEETING WITH OUR INTERIOR DESIGNER - Dive into the fun of customization during a dedicated meeting with our professional interior designer. Here, you'll make key decisions on kitchen cabinets and countertops for functionality and style; living room and kitchen flooring options; bathroom cabinets, countertops, and flooring to create spa-like retreats; bedroom flooring for comfort and durability; trim, interior doors, and paint colors to add personality throughout; and exterior siding and stone selections to enhance your home's facade. Our designer provides expert guidance, samples, and visualizations to help you craft a cohesive, personalized space.

PRICING & APPROVAL OF EXTRAS - If you opt for any upgrades or additional features beyond the standard inclusions—such as luxury kitchen or master ensuite bathroom upgrade packages—we'll provide a detailed quote. You'll review and approve these extras before they're incorporated, ensuring they fit your budget and vision without surprises.

FINAL APPROVAL & ORDERING OF SELECTIONS - Once all your choices are made, we'll compile a comprehensive summary of selections, layouts, and any approved extras. You'll receive this for your final review and sign-off. Upon approval, we order all materials and fixtures from our trusted suppliers, locking in your custom design and preparing for construction.

CONSTRUCTION PHASE - It's time to build! Our experienced construction team breaks ground, adhering to the highest standards of quality and efficiency. Throughout the process, multiple inspections by the local Building Department ensure safety and code compliance, including:

- Footing inspection (to verify the base supports)
- Foundation inspection (for structural integrity)
- Framing and plumbing inspection (to check the skeleton and systems)
- Electrical rough-in inspection (before drywall installation)
- ESA (Electrical Safety Authority) inspection
- Insulation inspection (for energy efficiency)
- Final building inspection
- Final ESA inspection

SITE VISIT DURING CONSTRUCTION - To keep you engaged, we schedule one exclusive site visit for you before closing. This allows you to see the progress firsthand, ask questions, and get excited about your emerging home—all while adhering to safety protocols on the active construction site.

PRE-DELIVERY INSPECTION (PDI) WITH TARION - As construction nears completion, we conduct a mandatory Pre-Delivery Inspection through Tarion (Ontario's new home warranty program). We will join you for a thorough walkthrough, identifying any minor items needing attention. This ensures your home meets our quality standards and provides peace of mind with Tarion's warranty coverage.

FULL HOME DETAILING - Before handover, our team performs a comprehensive cleaning inside and out. This includes dusting, vacuuming, and polishing all interior surfaces, as well as washing exterior windows and doors. Your new home will sparkle, ready for you to move in and make it your own.

CLOSING AND KEY HANDOVER - The exciting finale! On closing day, after all paperwork is finalized and payments are complete, you'll receive the keys to your brand new home. Our team will provide orientation on home systems, warranties, and maintenance tips.

CRAFTED WITH CARE, DESIGNED FOR YOU

We create homes and communities that inspire connection, enrich lives, and stand the test of time — delivering quality, comfort, and value with every build.

Stunning exterior designs with a modern farmhouse aesthetic

Custom fireplace features for a blend of warmth and sophistication

Bright and airy open-concept living spaces offering abundant natural light

Spacious, modern kitchens with premium finishes and ample storage

Generously sized walk-in closets showcasing meticulous craftsmanship

DISCOVER CRYSLER

Crysler, Ontario is a charming and picturesque village that offers the best of both worlds: the peace and beauty of country living with the convenience of being just a short drive from Ottawa. Tucked along the scenic South Nation River in North Stormont, Chrysler is a community that radiates warmth, friendliness, and a true sense of belonging. Life here moves at a more relaxed pace, where neighbors know each other by name and community pride shines through in every corner of the village. Families are drawn to Chrysler for its safety, affordability, and small-town values, but what makes the community truly special is the way residents come together to celebrate, support, and grow alongside one another.

Whether it's a winter carnival, the annual farm show, a craft fair, or weekly community dinners, there is always something happening that brings people together. The Chrysler Community Centre is a hub of activity, hosting events and programs that appeal to all ages, while outdoor amenities like the covered skating rink, baseball diamond, playgrounds, and walking trails provide endless opportunities for recreation and connection with nature. Exciting improvements, such as the planned accessible playground designed with inclusive sensory features, show how Chrysler continues to invest in its future while keeping families and community spirit at the heart of its growth.

Beyond recreation, Chrysler is equipped with the essential services that make day-to-day life easy and convenient. The village is home to a modern fire hall, a library branch, a Catholic church, a local healthcare clinic, and École élémentaire catholique Notre-Dame-du-Rosaire, ensuring that education, health, and safety are well within reach.

Crysler is more than just a place to live—it's a place to belong. Its strong sense of identity, rooted in agricultural heritage and enhanced by thoughtful, forward-looking projects, makes it a community that values both tradition and progress. It is a village where children can grow up playing safely outdoors, where families can put down roots in an affordable and welcoming environment, and where retirees can enjoy the comfort of a close-knit neighborhood while staying active and engaged. The village's calendar is filled with events that foster togetherness, while the natural beauty of the South Nation River and surrounding landscapes provides a serene backdrop for daily life. Whether you are raising a young family, looking for a quiet yet connected community to call home, or seeking a supportive environment for your retirement years, Chrysler offers something truly special.

The Township of North Stormont, located between Cornwall and Ottawa, is home to communities like Avonmore, Berwick, Chrysler, Finch, Monkland, and Moose Creek, offering residents a rural, family-oriented, and safe environment.

The village itself traces its roots back to the mid-19th century, when settlers were drawn to the fertile farmlands along the South Nation River. Agriculture quickly became the backbone of the area, with dairy and crop production supporting families and driving local prosperity. The arrival of the railroad in the late 1800s further spurred growth, transforming Crysler into a lively hub for trade and transport within the surrounding countryside. In the decades that followed, the community flourished with the establishment of schools, churches, and small businesses that gave the village both character and permanence.

Today, Crysler continues to celebrate its heritage while embracing steady population growth and economic development. Families and commuters alike are drawn to the village for its

welcoming atmosphere and affordable lifestyle, while local businesses have expanded beyond agriculture to include automotive services, healthcare, insurance, and retail, creating a more diverse and resilient economy.

Demographically, the village has become a vibrant blend of young families, professionals, and retirees, with both francophone and anglophone residents contributing to its bilingual, multicultural character. This combination of rich history, enduring community spirit, and thoughtful modern growth ensures that Crysler remains not only a place with a proud past but also a thriving and connected community for generations to come.

THE HISTORY OF CRYSLER

Crysler, Ontario is named after Col. John Crysler, celebrated for his leadership at the Battle of Crysler's Farm in 1813. The Crysler family originated in the Palatinate region of Germany and, as Lutherans, fled persecution under Louis XIV before settling in Holland, England, and later the United States. John's father established himself in Schoharie Valley, New York, and at just twelve years old John joined Butler's Rangers as a drummer boy before relocating to Canada in 1776. He became a successful businessman, amassing over 60,000 acres along the St. Lawrence River, including the land that would later become the village of Crysler. Serving as Dundas County's representative in Upper Canada's Parliament from 1808 to 1824 and as a militia colonel, he was a respected leader who also donated land for churches. Crysler spent his final years in the village, where he was buried in 1852. His legacy is remembered through a historic plaque erected in 1987, and while the last known family member, Kate Crysler, passed away in 1946, the land he once owned became the foundation of the thriving community that bears his name.

DISCOVER MOOSE CREEK

Nestled in the heart of Eastern Ontario's United Counties of Stormont, Dundas, and Glengarry, Moose Creek is a quaint village that embodies the serene beauty of rural Canada. With a population of around 2,000, this close-knit community offers a peaceful escape from the hustle of city life while providing all the comforts of modern living. Surrounded by rolling farmlands, lush green spaces, and the gentle flow of nearby creeks, Moose Creek is ideal for those seeking a balanced lifestyle that celebrates nature, community, and convenience.

Imagine waking up to the soft chirping of birds and the golden hues of sunrise over expansive fields—that's the everyday lifestyle in Moose Creek. It's a haven for outdoor enthusiasts, with opportunities for hiking along scenic trails, fishing in local waterways, or simply strolling through community parks like the Moose Creek Lions Park. The slower pace fosters a strong sense of belonging, where neighbors become friends at local events such as the annual Moose Creek Fair or casual gatherings at the community center. Families thrive here, with safe streets for kids to play and a supportive environment that prioritizes well-being over urban frenzy. Whether you're a young professional telecommuting from home, retirees enjoying retirement, or a family raising the next generation, Moose Creek's tranquil rhythm promotes a healthier, more connected way of life.

In town, Moose Creek punches above its weight with essential amenities that make daily living effortless. The heart of the village features a handful of local shops, including a well-stocked grocery store, a pharmacy, and charming boutiques for everyday needs. Dining options range from cozy family-run diners serving hearty Canadian fare to quick coffee spots perfect for a morning brew. Education is covered by the local elementary school, St. Augustine Catholic School, and the Moose Creek Public School, both known for their dedicated staff and small class sizes. Healthcare is accessible via the nearby North Dundas Medical Clinic, and for recreation, the Moose Creek Arena hosts hockey games and community programs year-round. It's a place where you can grab fresh produce from roadside stands in summer or attend a book club at the library—everything feels personal and approachable.

Just a short drive away, the world opens up without sacrificing that rural charm. Head 20 minutes south to Cornwall for big-box stores, a vibrant hospital, and cultural spots like the water park and historic waterfront. Northward, it's a quick 40-minute jaunt to Ottawa, Canada's capital, brimming with world-class museums, dining scenes, and professional opportunities. Montreal is reachable in under an hour for a weekend of urban excitement. This strategic location means you get the best of both worlds: the quiet of village life with the excitement of cities at your doorstep.

In Moose Creek, Ontario, living isn't just about a house—it's about building a life enriched by nature, community, and endless possibilities. If you're ready for a place where the stars shine brighter and neighbors wave hello, Creekside Estates in Moose Creek awaits to welcome you home.

Moose Creek may be small, but it's full of heart. All year long, the community comes together for festivals, sports, and family fun that celebrate local spirit.

THE HISTORY OF MOOSE CREEK

Moose Creek is believed to have earned its name from hunters who tracked moose to a rare unfrozen waterfall, a favored drinking spot for wildlife. Early settlers, primarily of Scottish descent, established the village on a high ridge west of the creek, with Mr. McFall building the first house. The area soon featured businesses like a renowned shoe shop, a tailor shop, and general stores run by Mr. Steinberg and Mr. Vineburg, the latter offering a variety of goods including "high wines" sold for twenty-five cents a quart from a barrel with a tap. Over time, the village grew as more families arrived, drawn by its fertile lands and proximity to water. The craftsmanship of the early tradespeople laid a strong foundation for the community's enduring legacy.

VIBRANT AND LIVELY. FAMILY-FRIENDLY. SMALL-TOWN CHARM.

Moose Creek, Ontario, pulses with vibrant energy. The recreation park echoes with the crack of a bat on the baseball diamond, cheers from the bleachers, and the joyful splash of kids in the outdoor pool or gliding across the stunning covered outdoor skating rink. Time slips away unnoticed, and as dusk falls, the park's lights flicker on, extending the fun for hours. It's a great place to call home and raise a family.

HOME OPTIONS FOR EVERY LIFESTYLE

Creekside Estates offers a wide selection of home types with unbeatable pricing to suit your needs and fit every budget.

2-Storey Singles starting at \$562,000

Bungalows starting at \$550,000

Semi-Detached starting at \$535,000

Townhomes launching soon

Choose from standard or premium lots. Our homes come in a variety of square footages, bedroom and bathroom configurations, with the option for a custom-finished in-law suite in the basement (see the Piedmont model).

PERSONALIZE YOUR DREAM HOME

Build a home that's uniquely yours with our wide array of customizable finishes. Whether you're upsizing, downsizing, or creating a cozy family haven, Creekside Estates has options for every lifestyle. Select from a diverse range of cabinetry, countertops, flooring, doors, trim, paint colors, and even exterior siding and stone to design a one-of-a-kind home tailored to your vision. We're here to help you take pride in the home you help create.

BAROSSA I/II

The Barossa models present two stylistic takes on contemporary home design. The farmhouse version blends rustic charm with modern lines, featuring vertical board-and-batten siding, a steep front gable, and a striking stone chimney element. The modern version emphasizes horizontal massing and clean geometry, with a flat-profile roofline, mixed cladding in stone, wood, and minimalist detailing that underscores a sleek, contemporary aesthetic.

CHAMPAGNE I/II

The Champagne models reflect two contrasting but complementary design directions. The farmhouse version features steep gabled roofs, board-and-batten siding, and a double garage with stone accents, offering a warm and timeless rural aesthetic. The modern version takes a streamlined approach with a flat-profile roof, horizontal siding, bold stone cladding, and sleek garage doors, emphasizing clean lines and geometric form for a crisp, contemporary presence.

NAPA II

NAPA I/II/III/IV

The Napa models highlight two architectural interpretations within a cohesive footprint. The farmhouse version blends classic and contemporary with steep rooflines, board-and-batten siding, brick accents, and a gabled entry that gives it a warm, traditional presence. In contrast, the modern versions opt for clean horizontal lines, smooth siding, large windows, and stone detailing, creating a sleek, geometric façade with a refined, urban appeal.

TUSCANY I/II

The Tuscan models feature modern and farmhouse styles with bold exteriors, clean lines, and high-contrast materials. Both include two garage doors integrated into sleek façades with mixed cladding such as vertical or horizontal siding, stone accents, and wood detailing. Their contemporary architecture is balanced with warm textures and well-landscaped surroundings for a refined curb appeal.

TUSCANY I/II

TUSCANY ECONO

The Tuscany Econo model home features a traditional two-car garage with a single double-door, differing from the earlier Tuscany models that include two separate garage doors. Its design blends farmhouse charm with modern elements, showcasing light horizontal siding, warm brick accents, and a welcoming front porch with stone pillars, offering a softer, more classic curb appeal compared to the bolder, more angular exteriors of the other two.

BURGUNDY I/II

The Burgundy bungalow models offer stylish single-level living with spacious front porches, low-pitched roofs, and large front-facing windows for natural light. Both include 2-car garages—one with a gabled roofline, board-and-batten siding, and farmhouse-inspired accents, while the other showcases a flatter roof, smooth brick façade, and a contemporary garage door with vertical windows. The contrasting styles highlight a blend of farmhouse charm and contemporary design.

BASEMENT FLOOR PLAN

MENDOZA I/II

PIEDMONT I/II

The Piedmont bungalow models showcase distinctive takes on rustic charm and contemporary sophistication. The farmhouse style showcases a steep gable roof, board and batten siding, and brick base, offering a cozy and classic countryside aesthetic. The modern style features a flat roofline, smooth horizontal siding, clean-lined brickwork, and an accent of natural wood, giving it a sleek, urban appeal while retaining warmth through earthy materials. Both homes are single-story, have front-facing two-car garages, and covered porches, making them ideal for accessible and stylish suburban living.

PROVENCE I/II

The Provence bungalow models showcase a blend of elegance and functionality, each with a distinct architectural style. The farmhouse model features board-and-batten siding, gabled rooflines, and warm accent materials for a charming, classic look. In contrast, the modern version emphasizes clean horizontal lines, flat roof edges, and contemporary finishes like sleek stonework and large pane windows for a more minimalist aesthetic.

VENETO I/II

The Veneto bungalow models stand out from previous ones by featuring a double door garage, a rare design element that adds symmetry and enhances curb appeal. The farmhouse style uses classic vertical board-and-batten siding, natural wood gable accents, and warm stonework to emphasize a rustic, country-inspired charm. In contrast, the modern style embraces clean geometry with a flat roofline, oversized contemporary windows, smooth stone cladding, and minimalist black accents, creating a strikingly urban, architectural presence that sets it apart from the more traditional or transitional designs.

BORDEAUX

BORDEAUX I/II

The Bordeaux semi-detached 2-storey homes offer a modern yet practical layout with each unit featuring a private garage, separate entry, and a symmetrical façade. Distinguished from the single-storey bungalows, these models provide increased vertical space ideal for larger households, with clear farmhouse and modern design influences seen in their siding, window styles, and rooflines. Their side-by-side configuration makes them suitable for multi-family living or investment opportunities while retaining a cohesive and upscale exterior.

TARION WARRANTY

TARION WARRANTY

This warranty coverage has been set, for protecting Ontario's new home buyer's. New Homeowners benefit from comprehensive warranty coverage that is standard throughout the province of Ontario and that is protected by the Tarion Warranty Corporation. For more detailed information, please see the Tarion Homeowner Information Package on Tarion's builder's link web site. This coverage begins on the date of closing and remains in effect for the duration of the timelines set out below, even in if the home is sold before the end of the warranty period.

ONE YEAR WARRANTY

G & E Reno Construction Inc. will give full one year warranty on:

- workmanlike manner and free from defects in material;
- accordance with the Ontario Building Code;
- fit for habitation;
- free of major structural defects.

TWO YEAR WARRANTY

G & E Reno Construction Inc. will give full two year warranty on:

- defects in materials, including windows, doors, and caulking and all defects in work that result in water penetration into the building envelope;
- defects in work or materials in the plumbing, electrical and heating systems;
- defects in work or materials which result in the detachment or displacement of any of the exterior cladding;
- water leaks through the foundation or basement walls;
- violations against the Ontario Building Code's health and safety provisions;
- major structural defect.

SEVEN YEAR WARRANTY

G & E Reno Construction Inc. will give full seven year warranty on:

- any defect in materials or work that results in the failure of a load bearing part of the home's structure.

THANK YOU! MERCI!

At G&E Construction, we are committed to delivering every project with exceptional quality and attention to detail. Your trust and collaboration play a key role in making your new build a success, and we are confident your new home will bring comfort and enjoyment for many years to come.

Our connection with you does not end with the completion of your home—it continues to grow. At G&E Construction, we believe that building a home is more than just a single milestone; it's the start of a lasting relationship. As your needs evolve, we remain committed to being a trusted partner you can rely on. Whether you have questions, require support, or simply wish to share how your home is serving you, our team will always be here to listen and assist.

Thank you for choosing us to be part of such a meaningful chapter in your life. We wish you endless happiness and lasting memories in your new home.

Sincerely,

Philippe Grégoire
