HOLESHOT RACE GATE

Practice Like the Pros

Most races are won and lost at the drop of the gate,
so perfecting your starting technique is key to any MX racer who wants to be on the podium
Improve your reaction time and learn to control power out of the gate and into the first corner

Risk Holeshot Practice Start Gate

Product ID | SKU

£155

1404 | 77839

£249.99

Features

Random timing drop sequence

Wireless signal - Rider operated

Link multiple gates for "bar-to-bar" practice.

"Instant Drop" feature for use with trainer

Very durable construction - used by the Pros

Easy reset & works with Quads

The "Holesshot" is a random timed, electronic, wireless, practice starting gate. This innovative product allows riders to independently practice their starts. When the rider presses the wireless remote button mounted on their crossbar pad, it will activate a computer controlled timing sequence which will drop the gate randomly. Watch the glowing LED, when it starts blinking it is like the 30 second board turning sideways. The gate will drop randomly between 1-5 seconds. Resetting the gate is as easy as riding by and stepping on the backside of the hoop without dismounting. Weighing only 14lbs, the gate is also light-weight and portable. Stake the gate to the ground and practice starts anywhere.

Includes; (1) Holesshot Race Gate, (1) Wireless Remote, (1) linking wire, (1) 6' instant drop cable, (4) mounting stakes

THE RIPPER AUTOMATIC GOGGLE ROLL-OFF SYSTEM

£65.73

Product ID | 6174 SKU | 00398 RRP | £119.99

Automated Goggle Roll-Off System

The Ripper is a revolutionary system for the Roll-Off Goggle. With the press of the wireless handlebar button, The Ripper rapidly pulls the cord on most roll-off systems to clear the riders vision in less than a second.

The wireless main unit replaces the need to take your hand off the handlebar to reach up and pull the cord on the roll-off system. Not only is this safer, but faster, and means you're free to clear your vision whenever you NEED to!

Risk Palm Protectors

£3.95

RRP | 7.99

Protects Against Blisters & Reduces Vibration

Motocross and trail riders are all too familiar with blisters. They can tear up the hands of even the strongest riders. Blisters can make holding onto your handlebars a painful and sometimes dangerous experience due to loss of grip. Knowing the debilitating effects of blisters, it was the goal of Risk Racing engineers to develop a solution that offered full coverage protection to the areas of the hand which are affected by intense friction, rubbing, heat and moisture. Motocross racers, trail riders, and road racers alike can benefit from the Palm Protectors.

ATS Adjustable Top Magnetic Stand

£75.65

Product ID | 5384 SKU | 00381

RRP | £119.99

The Stand that can level any bike

The chassis for every dirt bike brand, year, and model are designed a little differently, and as a result, not all bikes sit level on a traditional dirt bike stand. Subsequently the front or back tire often touches the ground when placed on a stand. Aftermarket skid plates can also affect this angle leaving the bike dangling low on one side or the other. The Risk Racing A.T.S. Stand solves this issue.

- Adjustable Top
- Magnetic Bolt Panel
- High Quality Finish

RIDE ON LIFT

Risk Ride on Lift Stand

£79.50

Product ID | 1530 SKU | 77829

RRP | £129.99

Ride of the track and onto your stand

No more lifting and grunting, or trying to kick a motorcycle lift under your bike. Simply push or ride the bike onto the lowered lift. As the front tire touches the front plate, the lift goes into action rising to the bottom of the motorcycle frame. Step on the foot pedal and your bike will rise effortlessly into a secure position. Getting your bike down is just as effortless and simple

The EZ Utility Jug is exactly what the name implies. It is a 3 gallon (12 litre) or 5 gallon (20 Litre) Utility Jug that is simply easy to use. It has a triple handle design that is completely unique. The top handle and side handle are obvious, but it is the third fingertip handle at the front of the jug that comes in handy during the end of the pour. This triple handle design allows the user to carry and pour at any angle with comfort and control.

Add the floor mount for safe, secure transportation and add the Hose Bender for an easy to use, pour spout for your fuel.

MUD AXE

£8.80

Product ID | 1510 SKU | 00122

RRP | £14.95

Removing the excess mud is always a dirty task. Historically, riders have used screwdrivers, sticks, or their bare hands to try and free their bikes from a thick coat of mud. All of these methods are inefficient and slow. Even when using a power washer, removing the majority of the mud first is a huge time saver, especially when water is in limited supply at the track. Luckily, Risk Racing now offers an alternative to screwdrivers and sticks with the new Mud Axe. The Risk Racing Mud Axe is specifically designed to make the task of removing excess mud from your dirt bike, quad or UTV quick and

Product ID | **1476** SKU | **00139** RRP | £7.99

Every rider has, at one point or another, experienced arm pump from gripping too hard while trying to hold on to wet, muddy, slippery grips during a ride in the rain or on an over-watered track. By slipping the Risk Racing Mud Grips over their regular grips, they can prevent slippage and loss of control, while helping to reduce the chances of arm pump. The Mud Grip enables riders to keep a tight grasp by making the grips feel dry, even on the nastiest tracks or trails.
