

PRODUCT CATALOG

Making your hotel more profitable and your guests' stay more memorable.®

Founded in 2004 and based in San Diego, Front Desk Supply is a trusted name in the hospitality industry, serving over 1,000 hotels with everything from custom key cards and signage to stationery, tags, and guest essentials. We understand what hotels need to run smoothly, because we've been doing it for decades!

Front Desk Supply, a LOC International Company

LOC International operates two specialized divisions, each dedicated to different aspects of the guest journey:

Front Desk Supply: Everything your front desk needs to deliver a polished, on-brand guest experience.

LOC USA: A complete range of in-room electronics, appliances and access solutions designed to enhance guest comfort and simplify operations.

With nationwide distribution and fast, reliable delivery across the U.S., we are close to our customers and ensure dependable support every step of the way.

This partnership brings together decades of hospitality expertise, seamless logistics and a growing portfolio of high-quality products. Whether you're outfitting the lobby or upgrading in room amenities, we simplify procurement by providing everything you need, helping you elevate every part of the guest experience.

Our commitment: To excel at hospitality, like you do!

Used by hotels across major hospitality brands and groups

Key cards & contactless access solutions

Whether you're restocking, upgrading your entry system, or launching a new property, we deliver customizable options that combine reliability with a standout design.

Our access products are engineered for compatibility with the industry's most widely used electronic locks and approved by leading hotel brands. You can order with confidence, knowing they'll work seamlessly with your existing infrastructure!

RFID technology for contactless convenience

RFID (Radio-Frequency Identification) uses wireless technology to securely transmit data between the key and the lock. There's no swiping required! RFID cards and devices unlock doors when held near the reader, offering a smooth, modern, and hygienic guest experience.

Why choose RFID?

- No risk of demagnetization
- No wear and tear from swiping
- Faster, contactless entry
- Higher data security
- Ideal for upscale or high-traffic properties
- Compact chip integrates into cards, fobs, badges, and wearables

Security you can trust

RFID cards not only streamline access, they help enhance security by reducing unauthorized duplication and limiting access to sensitive areas. Trusted by major hotel brands, RFID is the go-to solution for a safer, more seamless guest experience.

Fobs

Key Cards

Magnetic stripe key cards

Magstripe cards remain a popular choice for many hotel access systems. Featuring a magnetic stripe on the back, these cards open doors when swiped through a reader. Choose from LoCo, MedCo or HiCo formats to match your system's requirements.

Thinking of upgrading?

If you're ready to move from magnetic to RFID technology, we supply one of the leading RFID lock systems on the market, making the transition easy and cost-effective.

Swipe, tap & wearable options

Choose from brand-approved key cards, affordable generic models or fully customized designs created just for your hotel.

Wristbands

Key card holders

The easiest way to enhance your guest experience.

Whether you want to simplify your check-in process or make a lasting first impression, our custom key card holders are designed to be both functional and impactful.

We offer both brand-approved, budget-conscious generic options and fully customized designs that reflect your hotel's unique identity and guest journey.

What can you include?

With years of experience producing millions of folders and sleeves, we know exactly how to help you make the most of this space. From layout suggestions to practical recommendations, we'll guide you to ensure every square inch works for you.

Most requested details include:

- Wi-Fi password
- Room number
- Facility hours
- Check-out time
- Loyalty program info
- Digital tipping QR code
- Promotional offers or property map

Sleeves or folders? We've got both.

Sleeves

Sleek and practical, key card sleeves are ideal for properties that only need to share minimal information. They're especially useful for magnetic stripe keys, helping protect against demagnetization during guest stays.

Folders

When you want to say more or make a bigger impact, folders are your go-to! From one-pocket to multi-panel designs, folders let you include everything from property maps to special offers, all while elevating your hotel's presentation at check-in.

Tags & permits

Keep things organized from check-in to check-out.

Whether you're managing guest luggage, valet services, or self-parking, having the right tags and permits in place ensures a smooth, professional experience for both staff and guests.

From valet tickets to parking permits, our solutions help properties of all sizes stay efficient and guest-focused, even those without full valet service.

Reusable & cost-efficient options

Ask our team about non-sequential parking tags designed for repeat use.

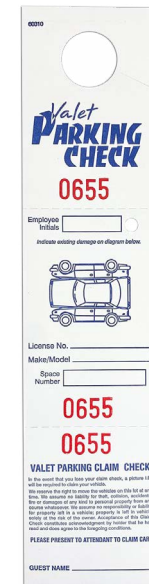

Available in custom and generic formats, including:

- Fold-over or tie styles
- Paper or plastic materials
- Sequential or non-sequential numbering
- Optional reinforced keyholes
- Sticker-style baggage tags
- Hanging or dashboard display parking permits

Luggage tags

Signage

First impressions matter! Hotel signage isn't just functional; it's a key part of your guest experience. From privacy signs to policy reminders and lobby messaging, clear, well-designed signage helps guests navigate your property while reinforcing your brand.

At Front Desk Supply, we offer both custom and ready-to-use signage options to meet the needs of hotels of all sizes and styles.

Why signage matters for guest experience:

- Create a strong first impression and reinforce your brand identity at every touchpoint
- Improve navigation and reduce guest confusion throughout your property
- Keep communication clear to ensure a smooth, no-fuss experience

Customization options

Teknotip

Seamless digital tipping for modern hospitality.

Enhance staff satisfaction and improve guest convenience with Teknotip: one of North America's leading cashless tipping solutions, designed specifically for the hospitality industry.

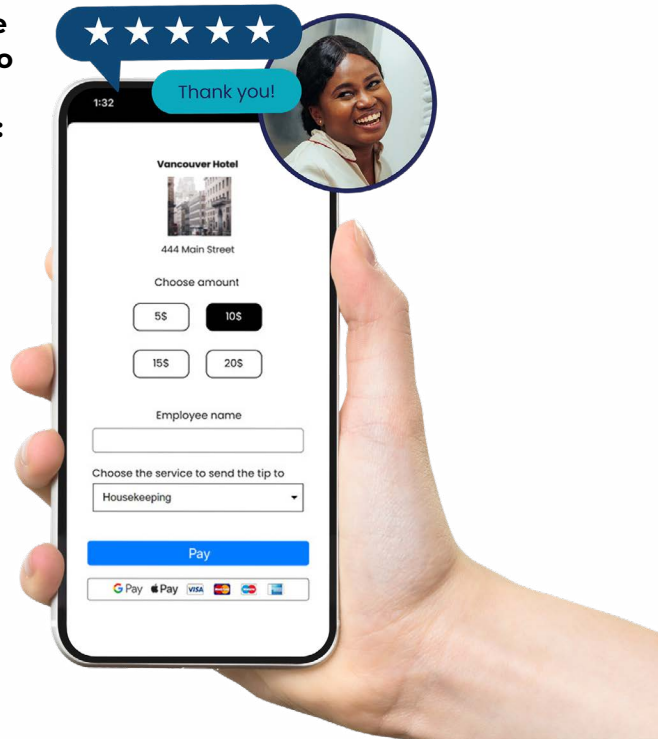

At Front Desk Supply, we make it easy to integrate Teknotip into your property by embedding QR codes directly into any of our products, from signage and key cards to branded in-room materials.

- No app required
- Guests simply scan and tip with their phone
- Fast, no-code setup
- We handle the QR code and integration
- Custom print solutions available
- Designed to match your hotel's branding

Simplify tipping, elevate service, and support your team, all with one easy solution!

Teknotip QR codes can be seamlessly integrated into a wide range of custom print materials, including:

- Tent cards
- Inserts for plexiglass sign holders
- Key cards
- Key card sleeves
- Tipping envelopes
- Comment cards

In fact, **79%** of transactions are made electronically, leaving hotel staff short on cash and motivation.

Why digital tipping?

- ✓ **Enhance staff retention:** foster employee satisfaction and position yourself as a top employer.
- ✓ **Increase guest satisfaction** by providing a seamless, sophisticated, and hassle-free experience.
- ✓ **Impress your guests** with modern tech and boost your 5-star reviews!
- ✓ **Accommodate business guests** with the added convenience of obtaining receipts for their tipping transactions.

More branded essentials

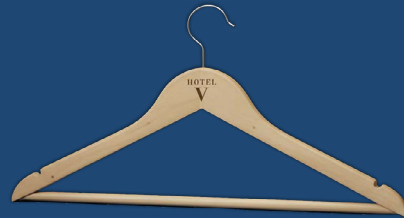

Looking for something else? We customize a wide range of in-room and back-of-house essentials from laundry bags, hangers, and coasters to branded glasses, cups (including coffee cups with lids), wine openers, and staff supplies.
