Connie Bowen Douglas, WY

Budger is a very nice friendly meet you at the gate type of gelding. He is very broke and soft in the hands. Has been ridden in big country and has a big motor, he is very tough and will go all day. He loves to go but isn't chary or hard to hold. Has had calves drug to the fire and flags ran off him to sort in the corral. He loves to please. Budger has kicked out with his hind feet in the past but he's been with some people in Casper being ridden and has been in all kinds of situations and has not done it. Budger is not a beginner horse due to his desire to go but is very suitable for anyone that has riding experience. Budger is sound, easy with his feet, stands tied quietly. A very very nice horse. Dallas is grandson of Magneticat and a great grandson of the one and only Metallic Cat on the top side and goes back to Blue Spark Olena on the bottom. He is bred to perform to say the least. Dallas was unusually easy to start. He has the sweetest personality and is just easy to be around. He's got a great stop for his age and is starting to turn around nicely. He has been ridden a lot outside and is figuring out how to travel. This colt is not easily spooked and does great in new situations. He lopes nice circles, saddles, ties, and trailers very well. He will stand still as long as you'd like when riding him but will give you his all at a moment's notice. He's easy to catch and great to shoe. Howie is what we call your one stop shop horse! He can literally do it all! He is very broke, with a one hand neck rein, he moves off leg pressure, he lopes off from a stand still, he side passes, pivots and has a fantastic lead change. He is soft in his face and stays broke! He been rode outside, down the trails, in the pastures and has been used to doctor cattle. We have roped the hot heels on him and has enough speed, rate and stop. He is wonderful in the arena as well. He is simple to ride and has been ridden by novice riders and kids. He has a wonderful disposition and loves attention. He been hauled in a livestock trailer and has also been hauled in slants/ ramps etc.. There's not really a lot that bothers Howie. He cross ties or will stand tied in the wash rack, tied to a tree, trailer, or pretty much anywhere. He is as smooth and level headed as any horse you will throw a leg over. He's beautiful strided and is definitely a horse to go on and show at any level in the ranch events if you choose. He stands 15 hands, good bone, excellent feet and a tail that I have to trim every few weeks. He's a good horse and can literally do anything. We have jumped him as well. He has been ridden English, but it's not our thing although it is his! We think he would be fun dressage as well! Sound and legit. No scars or blemish's. VIDEO: Contact Seller. Ben and Buck are an 11 and 12 year old team of full brothers. They are a gorgeous pair of 15.2 hh sorrel and white geldings. Have had a lot of fun with them! They have been out on wagon rides, used in the forecart and buggy, used to drag fields, pulled the sled with them and used them to disc the roping arena. They are a cool all-purpose type team of horses! They are fancy broke sound and gentle. Also broke to ride they have been rode down the road and trial. VIDEO: Contact Seller. FMI: 402-841-7763. Banjo is a really enjoyable horse with a good personality, the drive to go all day and never leave you afoot, and some fancy looks to go with it. At 7 years old, he's prime aged and experienced in alot of life. Banjo has been used on the ranch, in the arena, through the rough rocky mountains of Utah and has taken everything in stride. He stands 15.3 but moves with the smoothness and ability of a smaller horse, and has a great back to hang your saddle on; so no matter what the day brings, he is ready. While he has a big motor, he has always stayed gentle even with time off and is good to catch, bathe, clip, shoe, haul etc. Banjo is a really nice head horse that's ready to help you win money. He scores solid, can really run, stays honest in the handle and finishes strong. We have used him for every job around and he is a pleasure to own. He can pasture out with his buddies and get along well but when we have needed to put him in a stall, he handles that as well. Banjo does have a few bumps from daily life that are cosmetic and don't bother him in any way but they do go with him. 15hh | Sound | Stands Tied | Leads | Loads | Bathes | Good with feet | Not Spooky | Respectful | KID FRIENDLY | Rodeo, Ranch, or Trails. Currently barefoot. Does great barefoot or with shoes. She has zero buck, rear, bite, kick, spook, etc. She doesn't have a single mean bone in her body and wants to be in your pocket. Has gathered cattle in the mountains and been exposed to roping dummy. Has carried flags at the rodeo. Janie does have more go than whoa with a confident rider but will take her gears all the way down for a kiddo when riding. Has tons of experience on the trails. Has gathered cattle in the mountains. She's a very easy keeper. Good with other horses, not buddy sour. She's been stalled and out in a large pasture. She has a really good stop, simple lead changes (working on flying lead changes) Not the kind to run off or get hot by any means, just likes to move out. Very easy to catch first one at the gate to greet you. I think she would thrive as a high school rodeo horse! This girl is BROKE for her age. You can leave her for a couple weeks and when you pull her out she will be the same horse as you left her. Would make a kid a great step up horse! Rides in a bit or hackamore. VIDEO: Contact Seller. Rio is a finished calf horse. Rio has been there done that. He is very gentle and quiet but knows his job. He will let your little kid lead him through the carnival but will score, stop and pull when the time comes. Rio has been competed on and won money at the high school, college, and amateur levels. In his prime, he went to an average of 50 rodeos a year and was one of the best calf horses at the rodeo. He is a perfect rope horse for the whole family. Rio still has the talent to win at the amateur level, the experience and ability to teach a junior high kid how to calf rope, and the patience and calmness to track the dummy for your 6-year-old. He is honest and consistent; he will make the same run every time. Rio stands 15.1, 1100 pounds, size 2 shoe. Up to date on teeth, shoes, vaccines, and wormer. Mesa is a well-built 16-hand mare with solid black feet, a good mouth, and lots of muscle. She was originally purchased from Mahlstedt Quarter Horses to be a 4-H project, and sold to us when her owner left for college. Mesa likes people. She was easy to start, willing to please, and showed no buck then or since then. As a three and four year old she earned her keep as a ranch horse in the Little Snowies traveling many mountain miles for all aspects of ranch work. Last fall she was our 11 year old son's main ride for cow work. This year we have lightly started her on barrels, poles, flag racing, pen roping, roping the Smarty, and box work. We have hauled her for an obstacle course, lining cattle, flagging, and the grand entry at our kids' rodeos. She is easy to catch, energetic, fun to ride, stands tied for extended periods of time, handles new environments easily, and desensitizes quickly. She's UTD and easy to shoe, vaccinate, and deworm. Mesa has a blemish on her right front foot and left front cannon. Otherwise, she is healthy, sound, and ready to work! VIDEO: <https://youtu.be/So-8Nmi4tfY?feature=shared> FMI: 406-396-8828. King is a home raised gelding, sired by Frenchman's Elvis who is by the great Frenchman's Guy. We know everything there is to know about this wonderful gelding. He has been part of our program for 7 years. We have done everything with King, from halter breaking him and breaking him to ride, to heading steers and roping bulls in the pasture. King is a very versatile young gelding with a great mind, wonderful confirmation, and is sure to be great in any direction you choose to use him. I have been heading steers on King for over a year and is jackpot or rodeo ready. He breaks across the line as flat as one can get, runs hard to cattle with a great move and a snappy face. You don't get the combination that King has very often with his ability to move like a cat, watch a cow like a border collie dog, and gentle enough for the family to enjoy. King has seen every aspect of ranching one can possibly see. He has been night calved on, all while using a headlamp and flags, taking it all with ease. He has been sorted on and loaded numerous trucks, opens and closed gaits without any fuss, branded hundreds of calves, and doctored several yearlings outside by himself. King has spent many days and miles in the mountains with rocky terrain and is always sure footed wherever you take

Brownie  
2009 Grade Bay Pony Gelding  
John McPhail Lisbon, IA

Brownie is an approximately 52 inch bay gelding pony that is beginner friendly, extremely gentle and good broke. He is quiet and calm. He is slow for the beginners. Adults and children can ride him! He is not spooky. He never bucks bites or kicks. The last thing he would ever think about doing is going fast, Brownie has been in our lesson program for a long time and suitable for all different levels of riders. He has been rode in parades and out in the pasture he has been rode downtown in heavy traffic. Brownie is used to being around dogs, wildlife and other horses, he loves attention and he is good with his feet. He has been hauled to many different events with no issues. Brownie does not mind being fly sprayed or sprayed with the hose giving a bath, he picks up his feet very well. He has no issues with mud puddles or large bodies of water. He is up-to-date on all worming, shots and vaccinations. Brownie needs no maintenance at all and he is an easy keeper. Brownie can be kept in a stall or on pasture. He is the kind of pony that your kids can get on and be safe and mom and dad can trust him. He's 100% sound in mind and body. Chex is approx. 14.1 hh with a super cute head, a thick and wide build, and a long flowing mane and tail. He is an all-business go-all-day type with a smooth ground-covering jog and trail experience from mountains to plains. My son began riding him as an experienced 9-year-old without any trouble. He is the same horse every time and does best in low-stress trail-riding environments either with others or by himself. He will go on, into, and across narrow mountain-side trails, steep slopes, and any type of water. He is an easy-keeper with no blemishes, no required maintenance, and no buck. Just loop the reins and he will stand patiently. He leads, loads, hauls, and allows shoes, shots, and dewormer without stress. Take him home and hit the trail today! Brownie was born in 1999 and he's still doing fine! He has lots of go, loves to move, is easy to be around, and likes people. For the past two years he has been owned and used by a middle-age lady with minimal riding and horse-related experience. She has enjoyed him, but would like him to be with someone who rides more often. He would work for confident younger riders as well. He is easy to catch, lead, saddle, load, and haul. He is maintenance free and has yet to require any senior/extra feed. He runs in the pasture with other geldings and stud colts year round. He is UTD and easy to shoe, deworm, and vaccinate. He has very good feet with shoes on now, and also stays sound when barefoot. Brownie is good around other horses, dogs, goats, and 4-wheeler. He does not buck or pull back, and he stands still for saddling, bridling, and getting on. Take this big lovable bay-roan home today! TALK ABOUT GORGEOUS!! We call this mare Fancy because she is just that! If you think her picture is pretty, she is ten times prettier than that! She will lope off from a standstill, side pass, pivot, and she is excellent outside. She is sure footed and goes where pointed, she's not love sick or marish and settles in at new places. She opens and closes gates and has drug logs etc. She would be a super fun 4h kid wanting to DIY or she's so dang pretty for anyone to enjoy. BILLY & BARNEY are a team of 5 year old black Percheron geldings with long manes and tails. These geldings were originally broke and used on an Amish farm and have been used on our ranch ever since. They have been hooked to a lot of machinery including mowers, manure spreaders and feed wagons. They are good about traffic and have been in several parades, weddings and county fair ranch team shows. They have stood under feed augers and also while being loaded with tractors. We use them to plant our garden with a 2 row planter and also a garden cultivator. This team is easy to drive and can be shod free standing or with stocks. They are a real nice useful team. This mare is a finished ranch horse. She has had hundreds of wheat pasture cattle doctored on her in Oklahoma and been used in the rough mountains of Montana. Stays sound when used hard. The mare is very cowy and light in the face. She will run to a cow and stick to one. She has been used to pull cattle into the trailer both with a rider and without. Used in ALL aspects of ranching. She is gentle and anyone can ride her. The mare has hauled kids around on trail rides with no horse experience. Very careful horse and will take care of inexperienced riders. She has drug hundreds of calves to the fire and will handle any cow or bull you rope. Will stand when you are off doctoring and not move. Excellent behavior and will not get you in a bind. Stands to be shod and wearing new shoes. This mare can be laid off for months and picked right back up with ZERO issues. Outstanding ranch and using horse. VIDEO: Contact Seller. FMI: 620-507-7163. Finished head horse. Rip, as we call him, is a 15.1 hand good ole bay horse like everyone wants. He is classy as they come and a joy to ride. Rip has been ranched on and rode in the hills. He stops hard and has all the right buttons. I have been heading on him going on three years now and started hauling him this year. I have also heeled on him but he's better at heading mostly because I'm a header. Rip has some cinch marks and a scar on his back left that doesn't bother him at all. He is sound. We have put beginners on him and he did great but he may be too much horse for a little one that isn't confident yet. I'd love to keep him but I have too many young ones coming up and I'm not hauling him as often as he should be. Rip will take you to the pay window, or the top of the mountain. A been there done that gelding. Was ranched on extensively over the past few years. Headed on heeled on. Is currently at Jason Schaffers getting a month long tune up so he will be ready to go by sale day. The only reason I'm selling him is my life has gone a different direction and he would be just standing in the pasture and he needs to be doing more than that. He has a small knot on his back where another horse bit him. It does not affect him in the slightest but I just want everyone to be aware. This horse can and will do it all. I have roped bulls in the pasture doctored cows yearlings and then went to the arena and headed twenty steers that evening on him. He is a go all day every day horse. Old Hollywood

My Sweet Valor

Hollywood is an incredibly athletic and versatile mare. But also very gentle and easy to get along with! Hollywood stands 16 plus hands and 1200lbs. Don't let her height scare you she will side pass over to get you picked up off anything wether it's a trailer, stump, fence etc. She has been one of our go to horses for everything on the ranch. We have used her gathering broodmares and colts along with roping, gentling, halter breaking range colts. She puts up with a lot for us and takes it in stride! She does have money earned on the track as well! This mare has a lot of rate to her when roping and will lock onto whatever you want to catch. And I haven't found anything that could come close to outrunning her! Hollywood does like to work but is not hot by nature. NO buck, bite, kick etc. Good to shoe and load. She could easily make an all-around rodeo horse from head horse, barrels, poles, and probably picking up. She's a true gem to have around you don't want to miss her. VIDEO: Contact Seller.
