Welcome to Piraeus, Welcome to the Heart of European Women's Water Polo

It is with great pride and heartfelt enthusiasm that we welcome you to the historic Papastrateio Swimming Pool, the home of Olympiacos, for the 2025 European Aquatics Women's Water Polo Final Four. On May 2nd and 3rd, the city of Piraeus becomes the center of European water polo, hosting four elite clubs in a celebration of skill, passion, and sportsmanship.

We are honored to be among this elite quartet alongside CN Sabadell, CN Sant Andreu, and FTC Telekom Budapest – three exceptional teams with rich legacies and outstanding athletes. Each club arrives here with its own story, dreams, and determination to claim European glory. We respect them deeply and welcome them warmly to our home.

For Olympiacos, this Final Four represents not only another step in our long and proud European journey but a reaffirmation of our commitment to excellence, discipline, and the values of our club. Our women's team has fought bravely and consistently to reach this stage, and they now stand ready to give their all in front of our passionate fans.

The Papastrateio is more than a pool. It is a fortress of memories, of historic battles and unforgettable victories. With the Red and White faithful behind us, it becomes a place where the impossible feels within reach.

But beyond competition, this event is a celebration of the sport itself. A tribute to the athletes, coaches, staff, and supporters who give life to women's water polo and elevate it to new heights each year.

We thank European Aquatics for the trust and the opportunity to host this prestigious event. We thank the city of Piraeus and our loyal supporters for their continued passion and belief. And most of all, we thank the players – the heart and soul of this Final Four.

Let the games begin. Let the spirit of fair play, respect, and excellence shine through every sprint, every pass, and every goal.

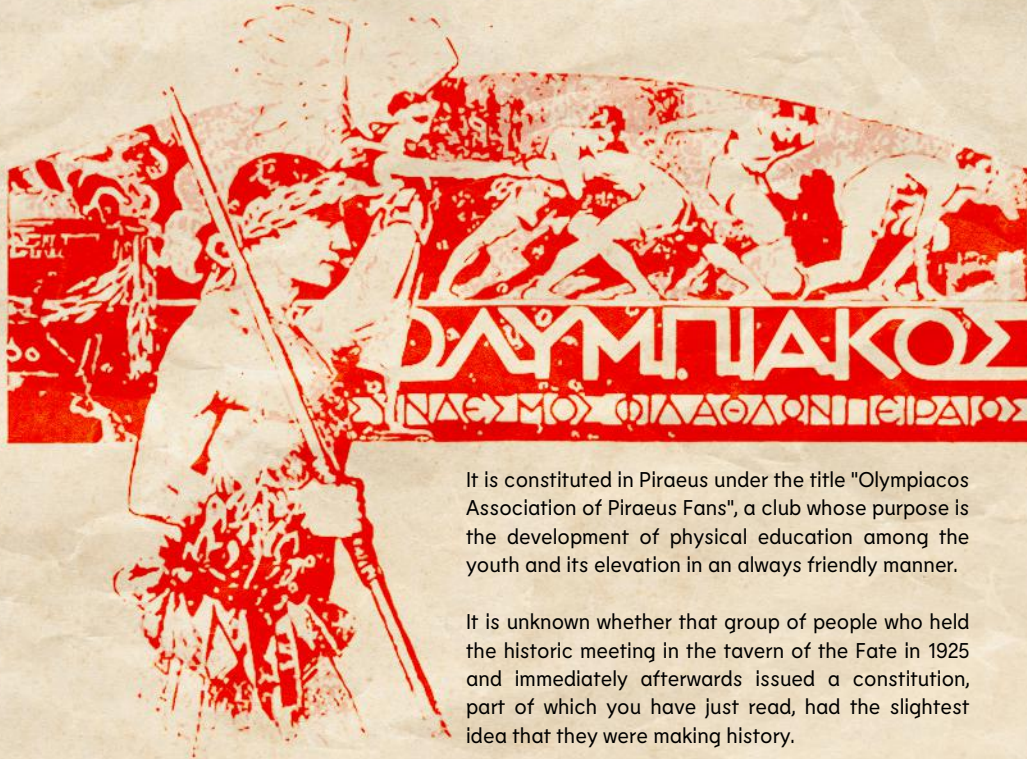

Welcome to Piraeus. Welcome to greatness.

ΜΕΓΑΛΟΣ
ΧΟΡΗΓΟΣ
ΟΛΥΜΠΙΑΚΟΥ

It is constituted in Piraeus under the title "Olympiacos Association of Piraeus Fans", a club whose purpose is the development of physical education among the youth and its elevation in an always friendly manner.

It is unknown whether that group of people who held the historic meeting in the tavern of the Fate in 1925 and immediately afterwards issued a constitution, part of which you have just read, had the slightest idea that they were making history.

The aim, as Michalis Manouskos said, was to create an Association that would be an inspiration for all Greeks.

"Olympiacos" was the name and the laurel-crowned teenager was its emblem.

In the end, Olympiacos was not only a source of inspiration. It became much more than that. It was the reason why the economically disadvantaged walked down the street with their heads held high. Proudly. It wasn't just their team, it was a way of life.

A club that comes from the people, walks with them and ends up with them. Olympiacos is not a team yet. It is above the game itself. More intense than the excitement of victory. A way of life. An example for everyday fighters. He doesn't give up. He overcomes obstacles. He is Olympian. He is Greece itself. He is Ideal. It is a legend.

He was born in Piraeus, the 2nd largest port in the Mediterranean. It was sung in: "no matter how hard I look, I can't find another port". He travels the world with the Olympic ideals. It inspires the Greeks. It is in the mind something magical.

The legacy is great. It is our duty to keep the legend on the road to success. The responsibility to pass on the Olympic ideals to future generations is also great. Olympiacos is a legend. Our Olympiacos family.

We are winners. We never stop. We never give up.

We keep dreaming!

MARIA MYRIOKEFALITAKI

First of all, we are very happy that we managed to get to another Final 4. We are excited that the Final-4 will be held here, because I have experienced it before and it was an unforgettable experience! I believe, we can experience it again, all the way to the end. I definitely remember our fans from the 2022 Final-4, because they give us a tremendous boost to give our best. It's something that excites us a lot and fills us with passion

to win another European cup and that's what we're fighting for. And we will fight now! I hope it's Olympiacos' turn, because last year, we lost it to Sampandel. Of course, Sabadell is a huge team, European champions seven or eight times. Right now, they have a real all-star team, with the best in world polo. On the other hand, we are a new team and I think, that's our important advantage: our thirst and passion! All this, combined with the cohesion we have as a team and the support of our fans, who will be our eighth player, can lead us to victory and qualification for the final. That's what we want and that's what we will fight for.

CHRISTINA SIOUTI

We are very happy to be in another Final-4. But we are even happier that the Final-4 will be here, in Piraeus, at our home. A huge challenge for us. People will be able to come and watch us in big European games and why not, win the trophy! It will be an awesome experience. We will be with our fans, we will play big games and challenging games. I'm really looking forward to it. I hope everything goes well."

STEFANIA SANTA

"It's a great pleasure to host the Final 4. After three years, the Final-4 returns here, in Piraeus, our home. We are very happy about it. For sure, we didn't have much time to prepare because there were the commitments with the national team, playing in the World Cup and we managed to win it. We are focused on our goal, we have prepared properly. We expect our fans in the swimming pool to

support us. Let's make the Papastratio... a madhouse, once again! Sabadell is a team with super players, we want to do the impossible. The best will win. Whoever has passion and soul will win in the end."
