

COMFORT SERIES

LINDSAY

WINDOW & DOOR, LLC

since 1947

TRADITIONAL BEAUTY

Lindsay Windows strives to develop products to enhance the beauty of your home without compromising your wallet. With the Comfort Series window, you can have the traditional beauty of brickmold wood windows, with the convenience of vinyl windows.

PRODUCT HIGHLIGHTS

1 3 FRAME OPTIONS:

A) Nail Fin

A sturdy 1" nail fin makes installation a snap.

B) No Fin (Rip Fin)

Removing the nail fin allows for block frame installation.

2 SECONDARY GUTTER

Patented design prevents water from entering the interior.

3 CLASSIC BRICKMOLD LOOK

Provides traditional detail at an affordable price.
Standard on stucco fin.

4 MULTI-CHAMBERED PROFILE

For strength and energy efficiencies.

5 FUSION WELDED

Fusion welded corners on frame and sash.

6 CAM LOCK

Secure locking mechanism meets forced entry requirements.

7 CONSTANT FORCE BALANCE SYSTEM

Economical and reliable, ensures the sash stays open when you want it to.

8 REINFORCED MEETING RAIL

Adds strength and provides an anchor for hardware screws.

9 DOUBLE STRENGTH GLASS

Standard $\frac{1}{8}$ " double strength glass adds clarity and is stronger than single strength glass. $\frac{3}{8}$ " and $\frac{1}{4}$ " thicknesses are used when the window sizes are large.

10 COMFORT PAC GLASS

Low-E glass, argon gas and energy-efficient spacer provide optimum energy efficiency, performance and comfort.
