REMEMBER.

mid·dle school

/ˈmɪd(ə)l ˌskʊl/

noun

It's like a nonstop TikTok trend where your life gets a new filter every five minutes - confused, excited, horrified, then back to confused again.

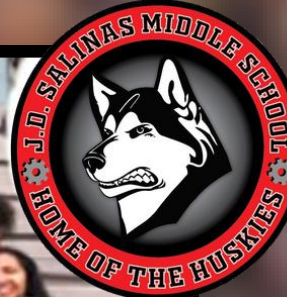

But unlike those challenges with impossible dance moves, you'll totally nail this one.

It's three years of finding your own groove, even if it involves a few epic stumbles along the way!

Middle school is your chance to create a highlight reel full of laughter, friendship, and maybe a few cringe-worthy moments you can laugh about later.

Just remember - even the blurry parts make the best stories!
