OUR SUSTAINABILITY REPORT

100% Legami projects to generate a positive impact

Sustainability is at the heart of our philosophy and guides all our actions. We believe that a product cannot generate a positive feeling if its creation exploits people or the environment. Our Sustainability Report is an essential tool to measure the results obtained and involve our entire community in a **path of continuous improvement**, focusing on a concrete positive impact. That is why we work on **100% LEGAMI projects**, dedicated to **improving the quality of life of communities** and **protecting the environment**.
