The Philippine Statistical Development Program

Legal Basis

Republic Act No. 10625 or the Philippine Statistical Act of 2013 mandates the Philippine Statistics Authority (PSA) to prepare, in consultation with the PSA Board, a **Philippine Statistical Development Program (PSDP)**.

PSA Board Resolution No. 1, series of 2023, “Enjoining Members of the Philippine Statistical System to Participate in the Formulation of the Philippine Statistical Development Program 2023-2029 and Approving the Creation of a Steering Committee and Sectoral Working Groups for this Purpose,” states that PSDP 2023-2029 will be formulated with guidance from a Steering Committee and inputs from Technical Committees (TCs), Interagency Committees (IACs), RSCs, Task Forces (TFs), Technical Working Groups (TWGs), and Sectoral Working Groups (SWGPs).

The Philippine Statistical Development Program

What is PSDP?

● **The National Strategy for the Development of Statistics** of the Philippines

● **Mechanism for setting directions, thrusts and priorities of the PSS** in the medium term for the generation and dissemination of statistical information for policy and decision-making of the government, private sector and general public

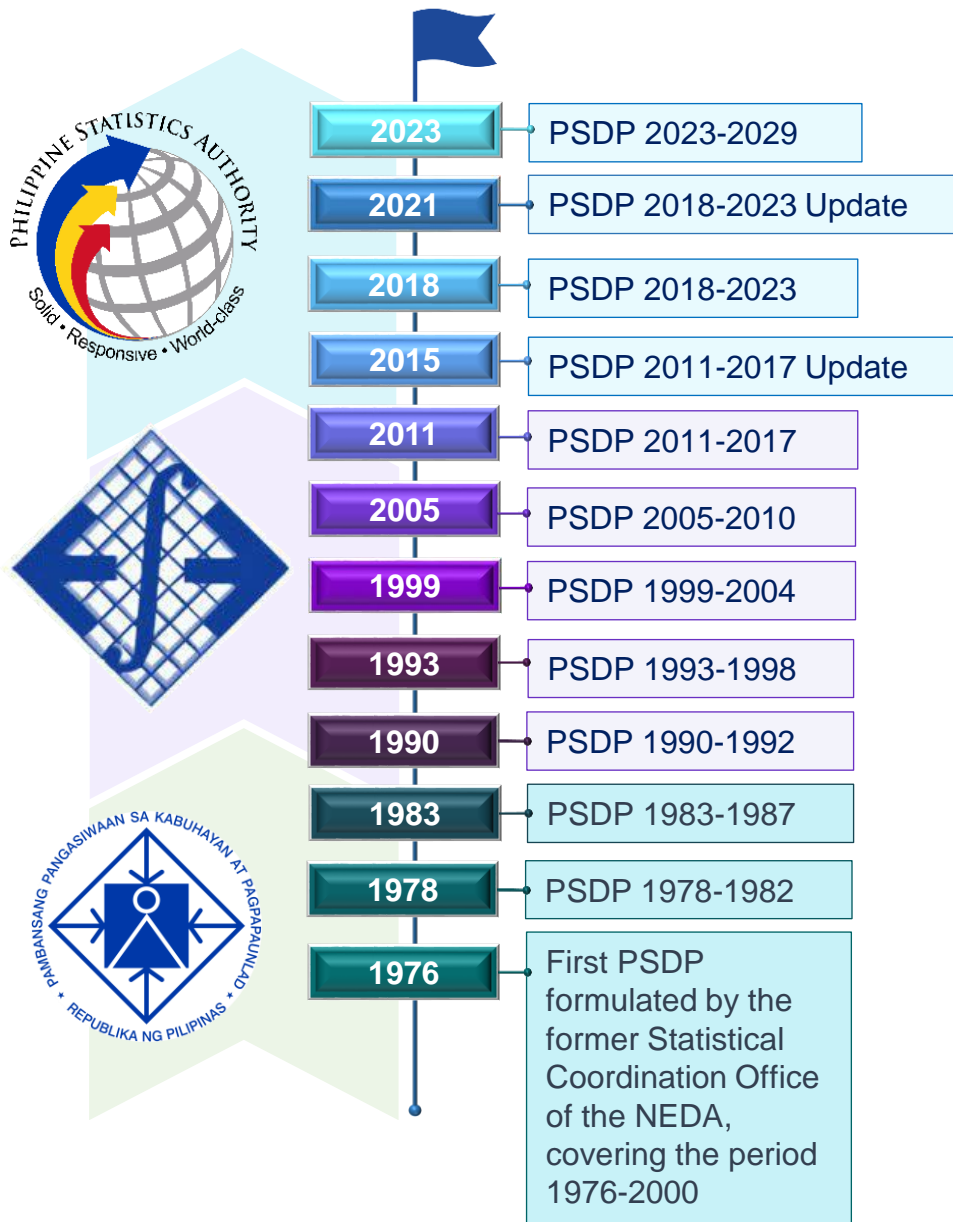

● **Contains priority statistical development programs and activities** designed to provide vital information support to national development planning and international commitments

● **A tool for integrating and coordinating the statistical activities** of the government.

PSDP Milestones

The National Economic and Development Authority (NEDA) spearheaded the formulation of PSDPs from 1976 to 1987. When the Philippine Statistical System (PSS) was reorganized in 1987, by virtue of Executive Order 121, the formulation of PSDP was transferred to then National Statistical Coordination Board (NSCB). Under Republic Act No. 10625, the Philippine Statistics Authority continued the formulation of the PSDP as one of its mandated functions.

Philippine Statistical Development Program 2023-2029

Key Priorities

Marcos administration's 8-point socioeconomic agenda in the near and medium term

Philippine Statistical Development Program 2023-2029

Vision

Responsive, relevant, and innovative statistical system that provides quality statistics for evidence-based planning and decision-making towards improved and sustained quality of life for all.

Goals

GOAL 1

Accurate, relevant, timely, reliable, and accessible statistics for evidence-based decisions and policies.

GOAL 2

Increased awareness, understanding, appreciation, utilization, and trust of the general public on statistics.

GOAL 3

Technologically advanced data production and generation

GOAL 4

Available and accessible more granular data

GOAL 5

Increased utilization of non-traditional sources of data

Philippine Statistical Development Program 2023-2029

Strategies

- ❑ Improvement of the generation of relevant, timely, and quality statistics to address recent developments and emerging statistical demands.
- ❑ Strengthening of the data ecosystem to include enhancement of administrative-based data, citizen-generated data and big data as possible sources of official statistics.
- ❑ Enhancement of data governance, coordination, and research and development at the national and subnational levels.
- ❑ Investment on necessary statistical resources and program.

- ❑ Strengthening data dissemination and advocacy of statistics through conduct of press conferences, use of various social media platforms and communications technology resources, and laymanizing statistical terms to be understood by ordinary people.
- ❑ Advocacy on the utilization of statistics for the formulation and implementation of policies and programs.
- ❑ Conduct of more consultation workshops and users' fora to improve appreciation of statistics.
- ❑ Strengthening mechanisms on data privacy/security to enhance the trust of data users.

- ❑ Enhancement of the management and harmonization of the PSS to uphold the promotion of quality statistics.
- ❑ Creating more capacity development programs to support existing human resources in the PSS as well as data users and stakeholders for better generation, dissemination and utilization of statistics.
- ❑ Maximizing use of ICT, i.e., online data portal and reporting systems, to improve accessibility and utilization of data.
- ❑ Strengthening institutional linkages between the national and local governments for the generation and utilization of local and national statistics.
- ❑ Strengthening partnerships with the international statistical community through adherence to international commitments such as the Sustainable Development Goals (SDGs), ASEAN Code of Practice, and the adoption of UN Fundamental Principles of Official Statistics as well as active involvement in international conferences/meeting.

Philippine Statistical Development Program 2023-2029

Chapter Scope and Coverage

The PSDP 2023-2029 outlines the key statistical development programs and activities from 2023-2029. It aims to continually respond to the existing and emerging requirements of development planning and policy formulation considering information demands, recent events and adherence to international commitments.

The publication contains 29 chapters, highlighting the accomplishments, as well as the key programs of the PSS in the next seven years.

1. Management and Coordination of the PSS
2. Human Capital and Social Development Statistics
 - 2.1 Health and Nutrition Statistics
 - 2.2 Education and Cultural Statistics
 - 2.3 Population, Housing and Migration Statistics
3. Social Protection and Food Security Statistics
 - 3.1 Income, Poverty and Hunger Statistics
 - 3.2 Social Protection Statistics
4. Labor and Employment Statistics
5. Agriculture, Forestry and Fisheries Statistics
6. Industry, Trade, and Services Statistics
7. Tourism Statistics
8. Science, Technology and Innovation, and Information Society Statistics
 - 8.1 Science, Technology and Innovation Statistics
 - 8.2 Information Society Statistics
9. Investment Statistics
10. Statistics on Children, Youth, and Gender and Development
11. Macroeconomic, Price, Monetary, Financial, and Government Finance Statistics
 - 11.1 Macroeconomic Statistics
 - 11.2 Price Statistics
 - 11.3 Monetary, Financial, and Government Finance Statistics
12. Energy, Transportation, and Infrastructure Statistics
 - 12.1 Energy and Water Statistics
 - 12.2 Transportation and Infrastructure Statistics
13. Security, Justice and Peace Statistics
14. Governance Statistics
15. Environment and Natural Resources Statistics
16. Statistical Capacity Development
17. Statistical Information Management and Dissemination
18. Civil Registration and Vital Statistics
19. Local Statistics Development
20. Community-Based Monitoring System Statistics
21. Partnerships and International Cooperation
22. Sustainable Development Goals Monitoring

Philippine Statistical Development Program 2023-2029

Chapter Scope and Coverage

1

Management & Coordination of the PSS

- Organizational frameworks and principles
- Partnership and coordination mechanisms
- Statistical policies
- Statistical frameworks, methodologies, and, standards and classifications
- PSS resources

2

Human Capital and Social Development Statistics

2.1 Health and Nutrition Statistics

- Health and nutrition statistics
- Mortality related statistics
- Food insecurity statistics
- Water, sanitation and hygiene

2.2 Education and Cultural Statistics

- Statistics on education
- Human and financial resources in education
- Statistics on cultural activities
- Sports and recreation statistics

2.3 Population, Housing and Migration Statistics

Population and Housing Statistics

- Population and demographic statistics
- Housing statistics
- Population projections

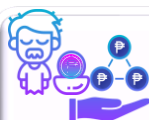

Migration Statistics

- Immigration, emigration, in-migration

3

Social Protection and Food Security Statistics

3.1 Income, Poverty and Hunger Statistics

- Measures of poverty, living conditions, and inequality
- Statistics on household income and expenditure

3.2 Social Protection Statistics

- Social assistance, social insurance
- Social services
- Measures to protect the people
- Social security schemes, social protection expenditure

Philippine Statistical Development Program 2023-2029

Chapter Scope and Coverage

<p>4</p>  <p>Labor and Employment Statistics</p>	<ul style="list-style-type: none">• Statistics on labor force and labor market, labor standards and working conditions• Employment, Unemployment, Underemployment• Statistics for emerging employment concerns
<p>5</p>  <p>Agriculture, Forestry and Fisheries Statistics</p>	<ul style="list-style-type: none">• Agriculture, forestry, and fisheries statistics• Statistics on land size, land use, number of farmers by type of commodity and by type of land ownership
<p>6</p>  <p>Industry, Trade, and Services Statistics</p>	<ul style="list-style-type: none">• Statistics on specific industrial activities• Establishment data by sector• International and domestic trade statistics• Commodity flow• MSMEs
<p>7</p>  <p>Tourism Statistics</p>	<ul style="list-style-type: none">• Statistics on visitor activities• Tourism-related industries, infrastructure, and employment• Tourism satellite accounts• Social and environmental impacts of tourism
<p>8</p>  <p>Science, Technology and Innovation, and Information Society Statistics</p>	
 <p>8.1 Science, Technology and Innovation Statistics</p>	<ul style="list-style-type: none">• Statistics on R&D activities• Scientific and technical education and trainings• S&T competitiveness and innovation activities
 <p>8.2 Information Society Statistics</p>	<ul style="list-style-type: none">• Statistics on information society which constitute the ICT sector:<ul style="list-style-type: none">✓ ICT goods and services✓ ICT infrastructure✓ ICT producers✓ ICT users and uses• Social and economic factors affecting ICT use and development

Philippine Statistical Development Program 2023-2029

Chapter Scope and Coverage

9

Investment Statistics

- Statistics on foreign and domestic investments
- Inward or outward investments

10

Statistics on Children, Youth, and Gender and Development

- Gender equality and gender responsiveness
- Women's empowerment and their living conditions and role in the society
- Situation of special population groups like women, children and youth
- Violence against men, women and children

11

Macroeconomic, Price, Monetary, Financial, and Government Finance Statistics

11.1 Macroeconomic Statistics

- National accounts
- Balance of payments
- Measures of progress of society
- Other macroeconomic accounts statistics and indicators

11.2 Price Statistics

- Price indices
- Other relevant price statistics

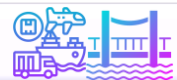

11.3 Monetary, Financial, and Government Finance Statistics

- Money, banking and financial market statistics
- Financial soundness indicators
- Financial inclusion indicators
- Government finance, fiscal and public sector statistics

12

Energy, Transportation, and Infrastructure Statistics

12.1 Energy and Water Statistics

- Energy demand and supply, sources of energy
- Energy balances
- Energy efficiency and conservation
- Water supply and demand

12.2 Transportation and Infrastructure Statistics

- Statistics on various transport modes
- Statistics on physical and social infrastructure

Philippine Statistical Development Program 2023-2029

Chapter Scope and Coverage

13

Security, Justice and Peace Statistics

- Security statistics (crime rate, crime solution efficiency, illegal drugs, cybercrimes, etc.)
- Justice statistics (court case disposition rate)
- Peace statistics (conflict-related deaths, peace agreements)

14

Governance Statistics

- Statistics on good governance and transparency
- Corruption statistics, election statistics
- Participation in political and other community activities

15

Environment and Natural Resources Statistics

- Natural resource statistics
- Statistics on environmental protection
- Environmental health
- Natural capital accounts
- Statistics on disaster risk reduction management
- Climate, climate change and its impacts

16

Statistical Capacity Development

Human Resource Development

- Management and development of Human Resource
- Investment in Human Resources

Statistical Research and Development

- Research and Development
- Institutional development in the PSS
- Practical use of combining multiple data sources

17

Statistical Information Management and Dissemination

- Improvement of data dissemination
- Management and development of technological resources
- ICT strategies
- Web developing
- Physical security of data

Philippine Statistical Development Program 2023-2029

Chapter Scope and Coverage

18

Civil Registration and Vital Statistics

- Civil registration systems, documents, guidelines and processes
- Statistics on vital events: births, deaths, and marriages

19

Local Statistics Development

- Subnational statistical policies
- Coordination of the local statistical system
- Localization of SDGs
- Generation of subnational statistics/ local-level data

20

Community-Based Monitoring System Statistics

- Coordination of implementation of CBMS
- Generation of local level data and statistics from CBMS
- Utilization of CBMS data
- Capacity development on statistics for LGUs

21

Partnerships and International Cooperation

- International cooperation programs
- Commitment to statistical communities (ACSS, BIMP-EAGA, APEC, CTGAP, Dubai Declaration, Bern Data Compact for the Decade of Action on the SDGs)
- Strategic partnerships with private sector data producers within the country

22

Sustainable Development Goals Monitoring

- Generation and compilation of indicators/data to address SDG targets
- Utilization of the SDG indicators
- SDG-driven investment
