The countless hours we spent grooming and  
caring for Zephyr

"A horse will teach you more about life  
than any person ever could." - Unknown

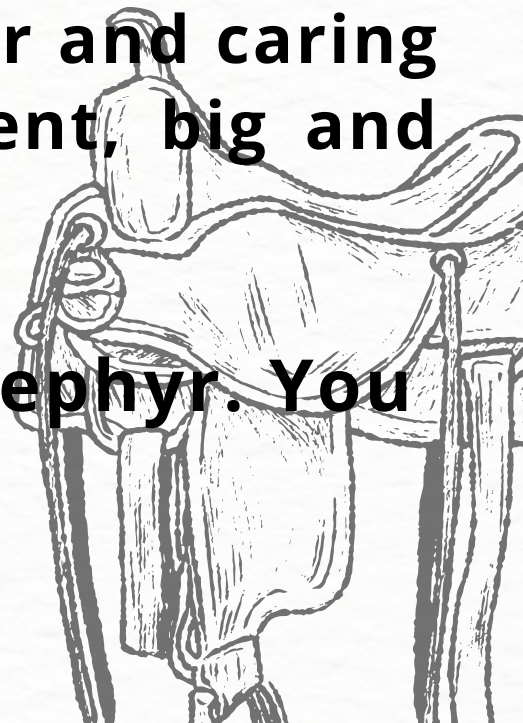

# *My dedication*

**I'll never forget the day Zephyr, as a young foal, first learned to jump over a small hurdle. Those early days of training were filled with joy and anticipation. We shared countless adventures together, from riding Zephyr to the beach to watch the sunset to celebrating his victory at the local horse show.**

**The countless hours spent grooming Zephyr and caring for him were a labor of love. Each moment, big and small, was a treasure I'll cherish forever.**

**Rest in peace my beloved companion, Zephyr. You will be deeply missed.**
