A few words about MyGlassStudio

*There are two ways to live your life  
One is to live as if there are no miracles  
The other is to live as if everything is a miracle*

Albert Einstein

# Authentic Chinaware

## Design

### **Design** for the daring and the resolute

We know MyGlassStudio is not “normal” dinnerware design.  
It is precisely this that makes it **distinctive**.  
It is not a commodity.

It has all the wrong qualities!  
It is made of glass,  
It is not machine made.  
It is unpretentious, unusual and idiosyncratic.  
It is colorful, vibrant, funky and cool.  
It is not normal!

Moreover, it is not luxurious.  
That's because it is **precious**.  
It is precious because it is Unique and Authentic.

Nevertheless, it will leave a mark in the property.  
It will make a difference in the dining experience.  
It will help create an authentic **Memorable Experience**.

# authenticity

# Beauty of Imperfection

“MyGlassStudio makes me feel warm. How can I explain?  
I can feel the warmth of the personality who created them.”

Satoshi Nakata, Raku Raku restaurant, Kyoto, Japan

Everything in nature - the sea, hills, valleys, our body - is curved. We feel comfort with curves. It is a primal shape.

Machines produce the straight line. Machines produce perfection.

Hands produce **beautiful imperfection**.

A “boutique factory” like MyGlassStudio, is a place where people are focused on values like creativity, dedication and sharing.

Our purpose is to plant all around the world the **“Secret Beauty of Imperfection”**: the softness and quality of the Curve.

# hand made

Make objects to be admired by the feel  
not only by the eyes.

# Boutique Factory

*MyGlassStudio is not a glass factory*

*it is a “Boutique Factory.”*

Big enough to serve the market globally

Small enough to adapt to individual customer needs.

MyGlassStudio is a **Boutique Factory** specializing in glass dinnerware for professional use and a leader in the category. We have been serving the hospitality market for more than 20 years now.

Our aim is to create tableware concepts that add value to the offering of a restaurant as well as to conform to professional kitchen requirements:

As a Boutique Factory we work in a “boutique” way: We are small enough to adapt to specific environments and big enough to handle our luxury clients professionally and exclusively.

**Boutique**

**If it doesn't work, don't do it.  
We only do Instruments for Professionals.**

instruments

# Instruments for Professionals

I have used MyGlassStudio's extensive range in some of the worlds' most demanding volume hotel operations. The online catalogue, personal service and general "easy to deal with" philosophy of Anna and Vasily, makes the difference ... MyGlassStudio is number one in the glass plate category!

Wolfgang Fischer, Executive chef, Emirates Palace, Abu Dhabi

- **Ultra durable** dinnerware having extreme chipping resistance
- We use pigments that are exclusively **Non-toxic, Lead and Cadmium free**, passing both Californian and Japanese regulations for tableware that come in contact with food.
- All glass items are dishwasher safe in temperatures below 90°C / 195°F, as well as freezer safe to -20°C/ -4°F.
- Non glass items (metal, wood etc) are not dishwasher safe and should be cleaned with damp cloth only. Items that have metal parts attached, is recommended to be washed in low temperatures because metal part will get hazy, blurry or dull. Items denoted with a **red flag** are not dishwasher safe because high temperatures will result in adhesive failure.
- **Heat Retention.** Our glass has qualities like ceramics. It takes approximately 20minutes for the temperature to drop from 100°C/ 212°F to 40°C/ 104°F.
- Oven safe in temperatures up to 120°C / 250°F for five hours.  
We fire pigments in high temperatures and fuse them INTO the glass body. Colors will not be a separate layer "on top" of the glass body. Thus, colors will not become hazy or flake off with usage.
- We use only **citric acid resistant pigments** protecting our dinnerware against food ingredients that contain up to 4% citric acid such as vinegar, passion fruit, lemon etc.
- Our dinnerware are "light weight". Weight will not exceed the weight of a porcelain or ceramic plate of a similar shape or size.
