**WE HELP purpose-driven
companies & contractors
TO achieve clarity on their
steel structure design,
strength & durability BY using
professional Tekla software
designers & detailers following
AISC standards THAT inspire
action & construction.**

Back Story:

John had always been passionate about steel detailing. He had worked in the industry for over a decade, starting as a draftsman and working his way up to become a lead detailer for a major steel fabrication company. However, despite his success, he always felt that something was missing.

John had a deep desire to help small businesses and contractors who needed detailed steel plans and drawings but could not afford the high fees charged by large steel detailing firms. He knew that these businesses were struggling to survive in an already challenging industry, and he wanted to do something to help them.

So, after much contemplation and soul-searching, John decided to take a leap of faith and start his own steel detailing company that focused on providing affordable and high-quality services for miscellaneous steel projects. He poured all of his savings and energy into his new venture, and he worked tirelessly to establish his company in the competitive market.

It was not easy at first, as John faced numerous challenges and setbacks. He had to work long hours and often had to sacrifice his personal life to keep his business afloat. However, his dedication and passion for steel detailing never wavered, and slowly but surely, his company began to gain recognition for its exceptional work and customer service.

Today, John's company is one of the most respected and trusted steel detailing firms in the industry. His employees are happy and fulfilled, and he has helped numerous small businesses and contractors achieve their goals by providing them with the detailed plans and drawings they needed to succeed.

For John, starting his own steel detailing company was more than just a business venture; it was a way to make a meaningful impact in the lives of others. He had found his true calling, and he knew that he was making a difference, one steel detail at a time.

SINCE 2020

COMPANY INFO

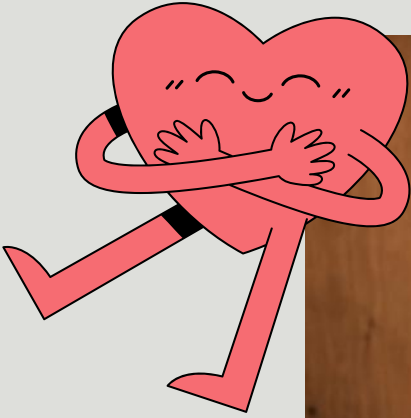

Welcome to our steel detailing company (the place where the **magic** is done), where we specialize in providing high-quality and affordable miscellaneous steel detailing services. Our team of experienced detailers is dedicated to delivering accurate and comprehensive plans and drawings for a wide range of **miscellaneous steel projects**, including **stairs, handrails, ladders, grating, platforms**, and **catwalks**.

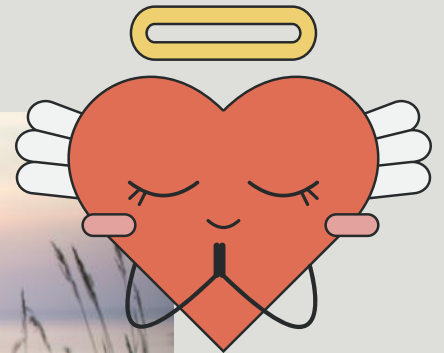

At our company, we understand the importance of precision and attention to detail when it comes to steel construction, which is why **we work closely with our clients** to ensure that their needs and specifications are met with the utmost care and professionalism. We use the latest technology and software to create detailed 2D and 3D models, ensuring that every element of the project is accurately depicted and accounted for.

We take pride in our commitment to customer satisfaction and strive to exceed our clients' expectations with every project we undertake. Whether you are a small business or a large contractor, we have the expertise and resources to deliver the **highest quality steel detailing services** at an affordable price.

Thank you for considering our steel detailing company for your miscellaneous steel projects. We look forward to the opportunity to work with you and help you bring your vision to life.

We give importance to family (#familytime)

We give importance to work-life balance

I've been working for Steel Detail PRO for over a year now, and I must say, I've never been happier with my job. The management understands that our personal lives are just as important as our professional lives, and they go above and beyond to support us in achieving a healthy work-life balance. It's refreshing to work for a company that truly values its employees.

"Alex"

As a parent, finding a job that accommodates my family life can be challenging. However, since joining Steel Detail PRO, I've had the flexibility to work from home when needed and take time off for my child's important events. I appreciate the company's efforts to support us in managing our personal responsibilities while maintaining a fulfilling career.

"Emma"

What I love most about working for Steel Detail PRO is the supportive and collaborative culture. The team members are always willing to lend a hand, and the management is approachable and open to feedback. It's great to work in an environment where everyone is committed to the success of the company and each other.

"Robert"

F.A.Q'S

How much does miscellaneous steel detailing cost?

The cost of miscellaneous steel detailing depends on several factors, such as the complexity of the project, the scope of work, and the level of detail required. Typically, steel detailing companies provide estimates based on the project specifications.

Get a FREE Quote

How long does it take to complete a miscellaneous steel detailing project?

The duration of a miscellaneous steel detailing project depends on the size, complexity, and specifications of the project. Steel detailing companies provide estimated timelines for each project based on the scope of work.

Can you provide 2D and 3D drawings for miscellaneous steel projects?

Yes, most steel detailing companies use software such as AutoCAD and Tekla to create both 2D and 3D drawings for miscellaneous steel projects. These drawings provide a clear and detailed representation of the structural elements, allowing clients to visualize the finished product and make informed decisions.

Can you customize miscellaneous steel designs to suit specific project requirements?

Yes, steel detailing companies can customize miscellaneous steel designs to meet specific project requirements. They work closely with clients to understand their needs and preferences and make modifications accordingly.

What is the typical process for miscellaneous steel detailing projects?

The process for miscellaneous steel detailing projects typically involves consultation and collaboration between the steel detailing company and the client to identify project specifications and requirements. The steel detailing company then creates detailed plans and drawings for approval by the client before proceeding to fabrication and construction.

EXPERIENCE & EXPERTISE

020

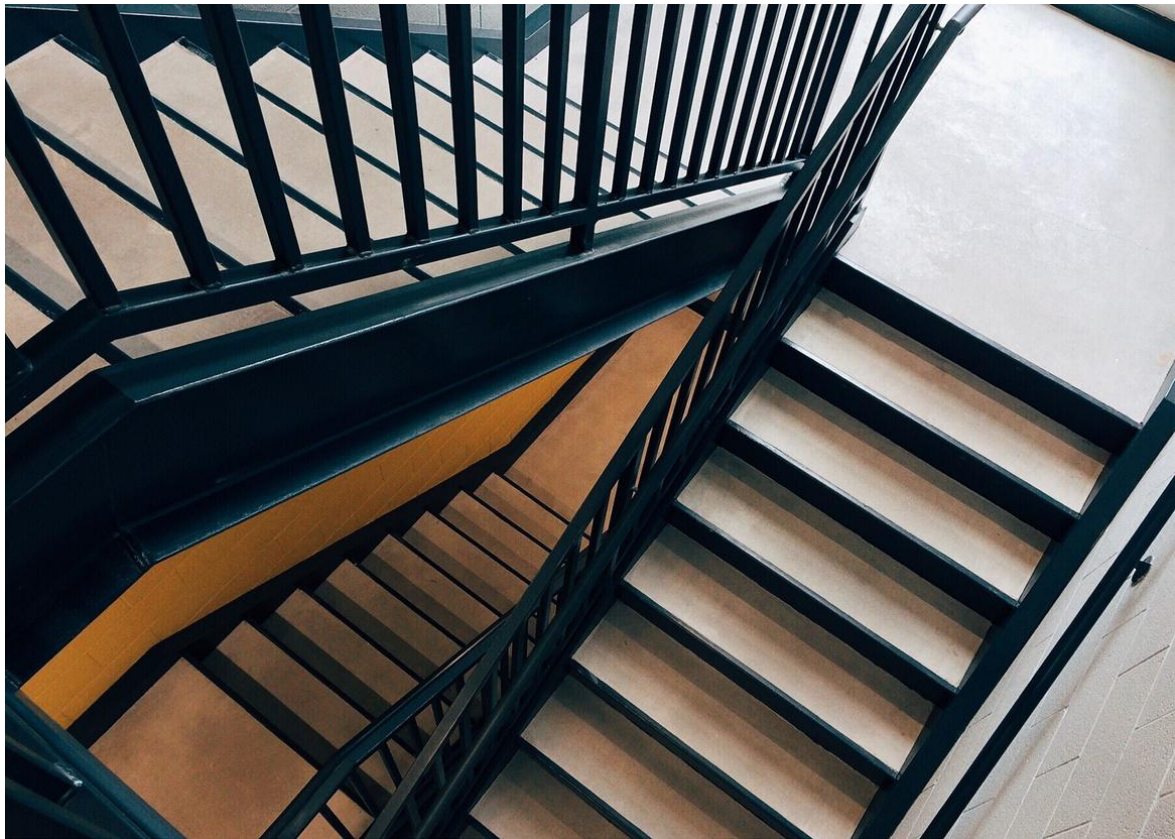

"Steel detail PRO" is a steel detailing company that **specializes in miscellaneous work**. Despite being a relatively new company, having started in 2020, they have quickly established themselves as a leader in the industry, thanks to their **expertise** and **experience** in providing high-quality, accurate, and **affordable** steel detailing services.

The company's team of detailers consists of **experienced professionals** who are well-versed in the latest steel detailing software and technology, enabling them to create detailed and comprehensive plans and drawings for a wide range of miscellaneous steel projects. They **work closely with clients** to understand their needs and preferences and to provide **customized solutions** that meet their specific **requirements**.

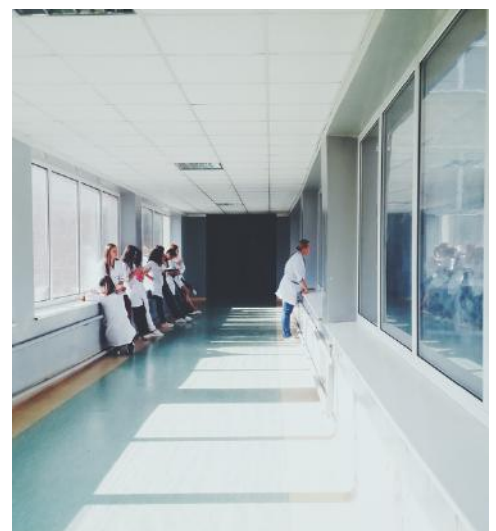

One of the company's strengths is its focus on **precision** and **accuracy**. They employ a rigorous **quality control process** to ensure that every element of the project is accurately depicted and accounted for, and that there are **no** errors or omissions in the plans and drawings. **This attention to detail ensures that the finished product is safe, functional, and durable.**

In addition to their **technical expertise**, the company's detailers have extensive experience in the field of miscellaneous steel detailing. They have worked on **a wide range of projects, including stairs, handrails, ladders, grating, platforms, and catwalks, and have the knowledge and skills to manage projects of any size and complexity.**

Overall, "**Steel detail PRO**" is a steel detailing company that clients can rely on for expertise, experience, and quality. They are committed to providing the highest level of service to their clients and to **delivering projects on time and on budget.**

PROJECT PORTFOLIO

001.

ABC OFFICE BUILDING

Year: 2021 | Budget: \$50,000 | Rating: 4.5/5

Review:

"We hired Steel detail PRO for the miscellaneous steel detailing work on our new office building. The team was professional, responsive, and easy to work with. The finished product was exactly what we were looking for, and we couldn't be happier with the results. We would definitely recommend them to anyone looking for high-quality steel detailing work. - **John Smith, Project Manager**"

023

002.

XYZ RESIDENTIAL PROJECT

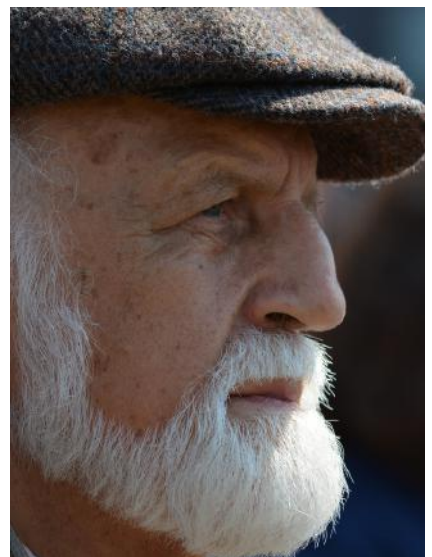

Year: 2020 | Budget: \$20,000 | Rating: 5/5

Review:

"Steel detail PRO did an excellent job on the miscellaneous steel detailing work for our residential project. They were thorough, efficient, and delivered on time and on budget. The quality of their work was outstanding, and we would definitely use them again for future projects. -

Sarah Johnson, Homeowner"

003.

DEF HOSPITAL EXPANSION

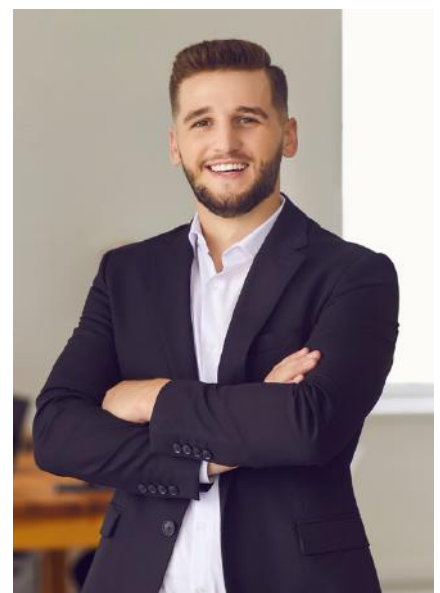

Year: 2022 | Budget: \$100,000 | Rating: 4/5

Review:

"We hired Steel detail PRO for the miscellaneous steel detailing work on our hospital expansion project. The team was knowledgeable and experienced, and they provided excellent customer service throughout the project. The only reason we didn't give them a 5-star rating is because the project took longer than expected. Overall, we were pleased with the quality of their work and would recommend them to others. -

Tom Wilson, Project Manager"

025

004.

JKL STEEL CANOPY

Year: 2021 | Budget: \$15,000 | Rating: 5/5

Review:

"We had a great experience working with Steel Detail PRO on our JKL Steel Canopy project. They were able to deliver the detailing work we needed within our budget and on schedule. The team was responsive and addressed any concerns we had during the project. We would definitely work with them again - **David Brown, Project head**"

005.

GHI RETAIL CENTER

Year: 2021 | Budget: \$75,000 | Rating: 5/5

Review:

"Steel detail PRO was a pleasure to work with on our retail center project. They were responsive, professional, and provided us with high-quality drawings and plans for the miscellaneous steel work. The project was completed on time and on budget, and we are very happy with the results. We would definitely use them again for future projects. - **Mark Davis, Developer**"

PROCESS AND DELIVERY

*Steel detail PRO is a steel detailing company that specializes in miscellaneous steel detailing projects. The company prides itself on its high-quality work and on-time delivery. **Here is a brief overview of the process and delivery of projects to clients from Steel detail PRO.***

1) Project Inquiry: The first step is for a client to contact Steel detail PRO with their project requirements. The company will review the project scope, specifications, and timeline to determine if they are a good fit for the company's capabilities.

2) Proposal: Once the company determines that they are a good fit for the project, they will prepare a detailed proposal for the client. This proposal will outline the scope of work, pricing, and timeline for the project.

3) Contract: If the client accepts the proposal, a contract will be prepared and signed by both parties. This contract will outline the project scope, pricing, timeline, and any other relevant details.

4) Project Kickoff: Once the contract is signed, the project will officially begin. The client will be assigned a project manager who will be their main point of contact throughout the project.

5) Design Review: The client will provide Steel detail PRO with the project design files, including architectural and structural drawings. The company will review these files to ensure they have all the information they need to begin detailing.

6) Detailing: Steel detail PRO will begin the detailing process, which involves creating detailed drawings of the steel components that will be used in the project. This includes creating shop drawings, erection drawings, and fabrication drawings.

7) Review and Approval: Once the detailing is complete, the client will review and approve the drawings. Any necessary changes will be made before moving on to the next step.

8) Fabrication: Once the drawings are approved, Steel detail PRO will send the fabrication drawings to the fabricator. The fabricator will use these drawings to create the steel components for the project.

9) Delivery: Once the steel components are fabricated, they will be delivered to the job site. Steel detail PRO will ensure that the components are delivered on time and in good condition.

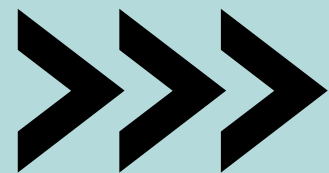

10) Project Completion: Once the steel components are installed, the project will be considered complete. Steel detail PRO will follow up with the client to ensure their satisfaction with the project and address any concerns or issues that may arise.

In conclusion, Steel detail PRO follows a thorough and **well-defined process** to ensure that each project is delivered on time and to the **client's satisfaction**.

From project inquiry **to** project completion, the company works closely with its clients to ensure that their **needs** are met and that their projects are **successful**.

PRICING & PAYMENT

Steel Detail PRO is a steel detailing company that specializes in providing high-quality and reliable services for miscellaneous steel work. Our pricing and payment structure is designed to be transparent, fair, and accommodating to the needs of our clients.

When it comes to pricing, we consider several factors, including the complexity of the project, the amount of detailing required, and the timeline for completion. Based on our experience with 11 previous projects, we have a minimum to maximum pricing range for our services.

For simple projects that require minimal detailing, **our pricing starts at \$5000**. However, for more complex projects that require intricate detailing and have a longer timeline, our pricing can go up to **\$100,000**. This pricing range is just a general guideline and **can vary depending on the specific requirements of the project**.

We understand that payment is an essential aspect of any project, and we aim to make the payment process as convenient and flexible as possible for our clients.

We offer various payment options, including **online payments, wire transfers, and checks**. *Our payment terms are also flexible, and we can work with our clients to establish a payment schedule that works for them.*

In conclusion, Steel Detail PRO's pricing and payment structure is designed to be **transparent, fair**, and accommodating to the needs of our clients. With our minimum to maximum pricing range and flexible payment options, we aim to provide our clients with a hassle-free experience and ensure that they receive **high-quality and reliable services** for their miscellaneous steel work projects.
