Paraiso

Let's go to paradise! Transform your home into your own paradise. With fascinating designs and vibrant colours, the Paraiso wallcovering collection transforms any room into a walk-in work of art. Any room can become a place of individuality, opening up a world of inspiration, where the walls become a canvas for your creativity.

The non-woven wallcovering features oversized grasses in beautiful colour combinations – just like the tropical plant design with its generous shades. A relaxed painted image of a flower meadow promises a dreamy atmosphere. And the graphic pattern promises a touch of abstraction and modernity.

A wide range of matching solid-colour wallcoverings complements the fabulous patterns and lets the entire collection shine in a true blaze of colour. From bright bursts of colour to soft shades: Paraiso creates the freedom to design any room according to your individual style and fill it with colour.
