Dear Alumni and Friends,

Ecuador and the Galapagos Islands are a dream destination for discerning travellers who value both natural beauty and intellectual discovery. Renowned for their extraordinary biodiversity and breathtaking scenery, this remarkable region offers an experience that blends elegance, exploration, and scholarly insight.

Join us on an exclusive 11-day journey beginning in Quito, where you will explore the vibrant culture, architecture, and history of Ecuador's Andean capital, an important centre of art, politics, and learning in South America. From there, you will continue to the legendary Galapagos Islands, a UNESCO World Heritage site internationally recognized for its pivotal role in shaping our understanding of evolution and the natural world.

The Galapagos Islands captivate with an almost otherworldly beauty, dramatic volcanic landscapes rising from sapphire waters, secluded beaches of ivory sand, and lush highlands shaped by time and tectonic forces. Each island offers a distinct ecological narrative, revealing complex relationships between land, sea, and species. This rare convergence of scientific significance and visual splendor creates an atmosphere that is both deeply enriching with a rare balance of sophistication and serenity.

Aboard the elegant M/V Galapagos Legend, you will cruise through crystal-clear waters in comfort and style, guided by expert naturalists whose insights illuminate the islands' unique ecosystems. Snorkel alongside playful sea lions, observe iconic giant tortoises in their native habitats, and marvel at the remarkable marine life that thrives beneath the waves.

This exceptional expedition promises unforgettable moments of beauty, discovery, and inspiration at every turn. For more information or to reserve your place, please contact GLP Worldwide at 1-866-760-1987 or alumni@glpworldwide.com.

Sincerely,
