# SAUNA Heaters

With over 30 years of experience manufacturing sauna products, SAWO offers a wide variety of tower, stone, wall-mounted, floor, and combi heaters.

A good starting point is to define the size of the sauna, choosing the corresponding kW option and the preferred control option.

Everything else is up to individual *löyly* and heater style preferences.

# TOWER Series

SAWO Tower heaters are best described as “sauna stone pillars.” Strong, stainless steel rings hold massive amounts of stones. These heaters are designed to circulate steam evenly from the lowest to the highest part of the sauna room.

# SAWO30 Heaters

**SAWO30** heaters celebrate the 30-year journey of the SAWO brand. Designed with precision and elegance, they combine robust performance with a sleek, modern aesthetic. The SAWO30 makes a striking centerpiece for any sauna, and its height ensures even heat circulation from top to bottom. SAWO30 heaters are available in three models: Round, Corner, and Wall.

Round

Wall

Corner

## SAWO30 Round

- » Power range: 4,5 – 24,0kW
- » Available controls: Saunova (Ni2), Saunova/Innova (NS) and Built-in (NB)
- » Casing: stainless steel or black steel
- » Easier loading of stones with separating middle part
- » Removable stone spacer: choose between faster heating time and hotter heat or slower, milder heat
- » Adjustable legs
- » Optional heater guard and integrated collar

## SAWO30 Wall

- » Power range: 4,5 – 24,0kW
- » Available controls: Saunova (Ni2), Saunova/Innova (NS) and Built-in (NB)
- » Casing: stainless steel or black steel
- » Easier loading of stones with separating middle part
- » Removable stone spacer: choose between faster heating time and hotter heat or slower, milder heat
- » Adjustable legs
- » Optional heater guard and integrated collar

## SAWO30 Corner

- » Power range: 4,5 – 12,0kW
- » Available controls: Saunova (Ni2), Saunova/Innova (NS) and Built-in (NB)
- » Casing: stainless steel or black steel
- » Easier loading of stones with separating middle part
- » Removable stone spacer: choose between faster heating time and hotter heat or slower, milder heat
- » Adjustable legs
- » Optional heater guard and integrated collar

# SAWO30 Round

**SAWO30 Round** is a magnificent-looking heater that can be placed perfectly in the middle of the sauna or embedded into benches.

The large amount of stones in the tall sleek body creates a rich, steam-infused atmosphere with an ideal combination of steam and humidity.

# Tower Heaters

**Tower** heaters are developed to produce steam from the lowest to the highest part of the sauna, similarly to a smoke sauna.

Our Tower heaters are equipped with a removable stone spacer, which allows for high temperatures while saving electricity due to reduced heating time. The stone spacer improves air flow in the heater and helps extend the heating elements' life span as the stones do not touch the elements.

When the stone spacer is not used, the *löyly* is milder and softer.

The Tower heaters come in Round, Wall, and Corner models.

Round

Wall

Corner

## Tower ROUND

- » Power range: 3,0 – 24,0kW
- » Available controls: Saunova (Ni2), Innova (Ni), Saunova/Innova (NS) and Built-in (NB)
- » Casing: Stainless steel
- » Moving steel rings for replacement of broken stones
- » Removable stone spacer: choose between faster heating time and hotter heat or slower, milder heat
- » Adjustable legs
- » Optional heater guard and integration collar

## Tower WALL

- » Power range: 3,0 – 24,0kW
- » Available controls: Saunova (Ni2), Innova (Ni), Saunova/Innova (NS) and Built-in (NB)
- » Casing: Stainless steel
- » Moving rings for replacement of broken stones
- » Removable stone spacer: choose between faster heating time and hotter heat or slower, milder heat
- » Adjustable legs
- » Optional heater guard and integration collar

## Tower CORNER

- » Power range: 3,0 – 12,0kW
- » Available controls: Saunova (Ni2), Innova (Ni), Saunova/Innova (NS) and Built-in (NB)
- » Casing: Stainless steel
- » Moving upper part for replacement of broken stones
- » Removable stone spacer: choose between faster heating time and hotter heat or slower, milder heat
- » Adjustable legs
- » Optional heater guard and integration collar

# Tower Round

**Tower Round** is a timelessly elegant heater that releases long-lasting mild, steady, and humid heat.

The Round model can be placed perfectly in the middle of the sauna or embedded into benches.

# Tower Wall

**Tower Wall** is a timelessly elegant heater that releases long-lasting mild, steady and humid heat. The Wall model is a wonderful space-saver while still being the show-stopper of the sauna.

To increase the heater's power output to over 24,0kW, two Wall heaters can be linked together for an output of up to 48,0kW.

# Aries Heaters

**Aries** heaters are designed with a straightforward structure, yet modern needs in mind. The collection packs a stronger punch heat-wise due to its towering design.

The Aries heaters come in Round, Wall, and Corner models.

Round

Wall

Corner

## Aries ROUND

- » Power range: 4,5 – 18,0kW
- » Available controls: Saunova (Ni2), Saunova/Innova (NS), Built-in (NB)
- » Built-in stone spacer
- » Casing: Stainless steel or black steel
- » Adjustable legs
- » Optional heater guard and integration collar

## Aries WALL

- » Power range: 4,5 – 9,0kW
- » Available controls: Saunova (Ni2), Saunova/Innova (NS), Built-in (NB)
- » Built-in stone spacer
- » Casing: Stainless steel or black steel
- » Adjustable legs
- » Optional heater guard and integration collar

## Aries CORNER

- » Power range: 4,5 – 9,0kW
- » Available controls: Saunova (Ni2), Saunova/Innova (NS), Built-in (NB)
- » Built-in stone spacer
- » Casing: Stainless steel or black steel
- » Adjustable legs
- » Optional heater guard and integration collar

# Aries Round

**Aries Round** is a stylish eye-catcher that delivers consistent heat from top to bottom. It can be placed perfectly in the middle of the sauna or embedded into the benches.

Corner Installation with Protective Cover

## Cubos

- » Power range: 4,5 – 9,0kW
- » Available controls: Saunova (Ni2), Saunova/Innova (NS), Built-in (NB)
- » Casing: Stainless steel
- » Built-in stone spacer
- » Adjustable legs
- » Optional heater guard and integration collar

## Protective Cover Accessory

### Wall Installation

The protective cover allows the heater to be installed against the wall, if the sauna is limited in space. The protective cover set for wall installation includes a covering sheet and a reflector that directs heat even to the lowest parts of the sauna room, ensuring that it heats up entirely.

Wall Installation with Protective Cover

MODEL	SIZE OF COVER		
	LENGTH (mm)	WIDTH (mm)	HEIGHT (mm)
CUB-PROCOV-WL	25	285	645

Corner Installation with Protective Cover

### Corner Installation

Cubos quickly changes to corner model with a protective cover for corner. Corner installation saves space and allows for different bench designs. The protective cover for corner set includes two pieces of covering sheet and a reflector.

# Phoenix

Rising from the ashes, our **Phoenix** heater makes the user feel reborn and refreshed.

The broadening shape, inspired by the Olympic torch, allows more stones to be placed in the top, ensuring the creation of a greater amount of pampering steam.

- » Power range: 4,5 – 18,0kW
- » Available controls: Saunova (Ni2), Saunova/Innova (NS)
- » Stainless steel tubes hold the stones
- » Stone spacer inside to prolong heating elements lifespan
- » Floor standing
- » Can fit from 85kg to 130kg of stones
- » Adjustable legs
- » Optional heater guard and integration collar

# Heaterking

**Heaterking** heaters by Stefan Lindfors emanate king-size heat and feature a bold design cover.

Its unique, stainless steel Junglefir pattern decorates the cover with style.

The Heaterking comes in Round, Wall, and Corner models.

(NS)

## Heaterking ROUND

- » Power range: 3,0 – 24,0kW
- » Available controls: Saunova/Innova (NS)
- » Casing: Stainless steel with intricate Junglefir pattern
- » Stone spacer inside to prolong heating elements lifespan
- » Can fit from 60kg to 360kg of stones
- » Adjustable legs
- » Optional heater guard

(NS)

## Heaterking WALL

- » Power range: 3,0 – 24,0kW
- » Available controls: Saunova/Innova (NS)
- » Casing: Stainless steel with intricate Junglefir pattern
- » Stone spacer inside to prolong heating elements lifespan
- » Can fit from 60kg to 250kg of stones
- » Wall type stainless steel casing
- » Adjustable legs
- » Heat reflector included

(NS)

## Heaterking CORNER

- » Power range: 3,5 – 12,0kW
- » Available controls: Saunova/Innova (NS)
- » Casing: Stainless steel with intricate Junglefir pattern
- » Stone spacer inside to prolong heating elements lifespan
- » Can fit from 45kg to 160kg of stones
- » Corner-type stainless steel casing
- » Adjustable legs
- » Heat reflector included

Sauna HEATERS

# FLOOR Series

Our Floor series features movable, sleek, and durable high-performance standalone heaters that ensure optimal heat distribution and comfort. Due to having more heater placement options, the heaters allow for a more customized look of the sauna room.

# Helius Mini

The **Helius Mini** delivers the same innovation as the Helius in a more compact form. It can be discreetly installed behind the benches, completely out of sight with a minimal safety distance. Its hood is made for its usage as a hidden heater. Combined with its powerful performance, it is thoughtfully engineered to evenly heat up smaller spaces

- » Power range: 2,0 – 3,0kW
- » Available controls: Saunova/Innova (NS)
- » Separate water basin with hose
- » Optional heater guard and hood

Helius Mini

# Helius

**Helius** with its slim shape gives the user increased flexibility in terms of heater placement. This "hidden" heater can be installed behind the benches using a wall divider, which effectively renders the heater invisible to the user. Once water is poured to the water basin that remains visible, the water is then transported into the heater via a hose, heating up the room. The model also requires a much shorter than usual safety distance (min. 5mm), by adding a separate Helius hood, the safety distance can be made almost minimal.

With its advanced airflow design, the Helius uses fewer stones, which leads more airflow and better heating efficiency.

- » Power range: 4,5 – 9,0kW
- » Available controls: Saunova/Innova (NS)
- » Separate soapstone water basin with hose
- » Optional heater guard and hood

# Taurus D

**Taurus D** revolutionizes the standard sauna heater by having two or more power options in the same heater. The heater is designed for industrial use, spas, and both public and private pools.

The Taurus D features an advanced sensory system that detects heating element malfunctions early. The stone container keeps the sauna stones apart from the heating elements, increasing the lifespan of the elements. Also, the heater features a cassette pull-out tray that makes any maintenance function simple, whether replacing the stones or the elements. This design reduces downtime and operational costs while ensuring long-term performance.

- » Power range: 9,0 – 36,0kW
- » Available controls: Saunova/Innova (NS)
- » Adjustable legs
- » Optional heater guard

# Taurus D Combi

Thanks to the **Taurus D Combi**, the wellness experience is now even easier to personalize. The heater combines a steamer with the Taurus D innovation: two or more heating elements options.

With the Taurus D Combi, bathers can enjoy a traditional or a steam sauna experience. It comes with a scent basin, so the user can rejuvenate in therapeutic steam infused with their favorite essential oils and fragrances.

Using the heater is as hassle-free as it gets. It features a water level detection system that signals when the water level is low, similarly to other Combi heaters. The heater's auto refill feature can also be activated for maximum convenience.

- » Power range: 9,0 – 36,0kW
- » Available controls: Saunova/Innova (NS)
- » Black steel casing
- » Automatic shut-off in case of overheating
- » Built-in aroma cups
- » Adjustable legs
- » Optional heater guard
- » Optional auto refill for automatically filled water tank

Nordex Floor (NS)

Nordex Floor Black (NS)

# Savonia

**Savonia** models are designed to withstand extreme heat with the least amount of time spent on overall care and maintenance. They can also handle a large amount of stones for a smoother, lower temperature sauna experience.

The heaters come in two versions, regular and cool-to-touch fiber coating. Both versions have adjustable legs that keep the heater level on the floor.

- » Power range: 9,0 – 24,0kW
- » Available controls: Saunova/Innova (NS)
- » Adjustable legs

Savonia (NS)

Savonia Fiber Coated (NS)

# Savonia Combi

**Savonia Combi** offers the best of both worlds: the heat of a Savonia and a water tank for more steam and humidity. It is available with cool-to-touch fiber coating and an auto refill function for the water tank.

- » Power range: 9,0 – 18,0kW
- » Available controls: Saunova/Innova (NS)
- » Built-in aroma cups
- » Separate water tank with 1,0kW or 2,0kW steam generator
- » Adjustable legs
- » Optional: auto refill feature for automatically refilling the water tank

(NS)

### Mini

**Mini** heater can be placed in tight spaces due to its size and reversible control unit that can be attached to either the right or the left side of the heater. The Mini is also available with cool-to-touch fiber coating.

- » Power range: 2,3 – 3,6kW
- » Available controls: Built-in (NB)

### Mini X

**Mini X** is a space-saver that is placed in the corner of a sauna room. It is available with cool-to-touch fiber coating, and compatible with Saunova or Innova controls (NS).

- » Power range: 2,3 – 3,6kW
- » Available controls: Saunova/Innova (NS), Built-in (NB)

### Mini Combi

**Mini Combi** combines a regular sauna experience with a water tank for increased humidity. It is available with cool-to-touch fiber-coating.

- » Power range: 3,0 – 3,6kW
- » Available controls: Saunova/Innova (NS)
- » Separate water tank with 1,0kW steam generator
- » Built-in aroma cups

# Scandifire

**Scandifire** by Stefan Lindfors gives the classic Scandia model a bolder, unique look with its Junglefire pattern. The pattern is combined with cool-to-touch fiber coating, and the heater is compatible with Saunova and Innova controls (NS).

ⓘ For more technical information, see page 65.

## Scandifire

- » Power range: 4,5 – 9,0kW
- » Available controls: Saunova/ Innova (NS), Built-in (NB)
- » Casing: Fiber Coated with Junglefire pattern
- » Wall mounted
- » Can fit 22kg of stones
- » Built-in models: Control knobs are with light indicator
- » Coating shields the heater from moisture and high temperature

Scandifire Red (NB)

Scandifire Black (NB)

Scandifire Red (NS)

Scandifire Black (NS)

# Minidragon

**Minidragon** is the most compact of the heaters designed by Stefan Lindfors, developed to decorate even tighter spaces with beauty. The heater comes with cool-to-touch fiber coating, and it is compatible with Saunova and Innova controls (NS).

! For more technical information, see page 65.

Sauna HEATERS

# STONE Series

Made of Finnish soapstone, the SAWO Stone Heaters have exceptional heat-storing and conducting properties. Their gentle heat provides a consistent and long-lasting sauna experience.

# Nimbus

The striking **Nimbus** heater features a soapstone casing that provides long-lasting heat. The Nimbus is compatible with Saunova and Innova controls (NS).

- » Power range: 9,0 – 24,0kW
- » Available controls: Saunova/Innova (NS)

## Safety Switch

### Safety Switch

code:	use:
HP20-001	Wall-mounted
HP20-100	Floor heater
HP20-200	Tower Round
HP20-201	Tower Corner

The safety switch will turn the heater off if a towel or similar object is placed on top. The heater will not turn off if it comes into contact with a foreign object or if the object enters the safety distances around the heater. (Follows standard SFS-EN60335-2-53, sec. 19.101)

## Emergency Stop

### Emergency Stop Button Switch

code: ESTOP

The push button allows the sauna heater to be switched off. Package includes extra overheat fuse.

## Cozy Tank

- » Water storage that adds instant steam when heater is hot
- » Refillable water via top cover holes
- » Thick stainless metal
- » Carved soapstone top cover
- » Available in 3 designs

# SAUNA Controls

Pleasurable moments are just few clicks away.

# SAWO Sense

The **SAWO Sense** takes smart sauna control to the next level with its sleek touchscreen interface. It offers effortless management of temperature, lighting, and other sauna functions through both its intuitive display and the SAWO app via built-in Wi-Fi connectivity.

With real-time monitoring and remote access, users can customize and control their sauna sessions anytime, anywhere. Designed for heaters up to 9,0kW, the system can be extended to 18,0kW with a contactor unit, ensuring flexibility for saunas of all sizes.

# Saunova 2.0 PLUS

Our new smart sauna control unit, the **Saunova 2.0 PLUS**, gives the user even more freedom of use.

The control unit includes Wi-Fi connectivity, meaning that it can be controlled via the SAWO app. The app allows for a more customized sauna experience and remote control of multiple sauna functions, such as temperature and lighting. With real-time monitoring, the app user gets instant access to the current sauna temperature and session time.

The Saunova 2.0 PLUS comes with an intuitive user interface that can be placed inside or outside the sauna room.

Engineered for heaters of up to 9,0kW, the Saunova 2.0 PLUS can also be extended to 18,0kW with a contactor unit.

## Saunova 2.0 PLUS (SAU-UI-V2-P)

- » Remote control: Set schedule and control the heater from anywhere and any distance.
- » Intuitive interface: Use the app and controls with ease, thanks to our streamlined UI/UX design.
- » Integrated controls: All control settings can be managed through one platform: the smart control or the mobile app.
- » Real-time monitoring: Get instant access to the current sauna temperature and session time.
- » Safety: Heaters automatically turn off when the timer reaches zero.

### Saunova 2.0 (SAU-UI-V2)

- » Dimensions: (L) 37 x (W) 104 x (H) 147mm
- » Direct control for all Ni2 heaters, for NS Heaters 2,3 – 9,0kW add Saunova 2.0 Power Controller, for 9,0 – 18,0kW add Saunova 2.0 Contactor Unit
- » Power Controller
- » More than 9,0kW needs a Contactor
- » Smart heater control feature for automatic heat control
- » Optional Fan and Combi features

### Saunova 2.0 Built-in (SAU-B-V2)

- » Dimensions: (L) 80 x (W) 320 x (H) 270mm
- » Combined User Interface and Power Controller

# Dragon

With unparalleled style and innovation, the **Dragon set** offers a unique, bold look with added flair. This set is part of the Dragonfire Series, designed by renowned Finnish designer *Stefan Lindfors*.

code: SET-DRAGON-D  
 SET-DRAGON-BL  
 SET-DRAGON-H

**SET INCLUDES:** Dragon Pail 4L, Wooden Ladle Dragon, Thermo-Hygrometer Square, Wooden Sandtimer, Wooden Pillow Wave, Aroma Cup, Aroma Oil Eucalyptus Scent (250ml), Sauna Signage, and Sauna Guidelines

codes: 342, 449, 225-TH, 553, 515, R-100, ARO-EUCA250, 950, and 955

# PAIL Shower

The **pail shower** is with a rope on the lever, hose and float valve. Its arc shaped holder design gives more possibilities to place shower either on the ceiling or to the wall. Pail shower is suitable for indoor or outdoor use. The hose needs to be connected to a water inlet so when water is flushed out, the pail will automatically be refilled – a never ending pail shower!

## Himalayan Salt Lights

Experience unmatched therapeutic benefits with the **Himalayan salt lights**. From mental relaxation to immunity and lung health, it's various benefits attract users.

Our authentic Himalayan salt actively purifies the air with the release of negative ions. This reduces airborne toxins, calming the skin and unclogging pores. Simultaneously it increases oxygen supply, reducing tension and improving mental clarity.

Enhance your sauna with the luxury glow of Himalayan salt walls, seamlessly adding ambiance with holistic wellness benefits.

# Sauna LED Lights

**SAWO Sauna LED Light** is designed to provide every sauna session with calm, balanced illumination. It is heat and moisture resistant, so it performs reliably in demanding sauna environments. The soft, glare-free light enhances relaxation while highlighting natural wood interiors. Energy-efficient LED technology ensures long service life and low power consumption.

Technical Data	
Ingress Protection	IPX4
Voltage	110 / 230 V
Power Consumption	6W / 1m
CRI	>90
CCT	2700K

\*Note: Silicon wires can be attached to any three-way splitter head.

# Door Handles

Wooden Arc Door Handle

code: 558-A | 558-D | 558-BL  
size: 40 x 900mm  
option: Aspen | Cedar | Black

code: R-500-D  
size: 90 x 128 x 178mm  
option: Soapstone/Cedar

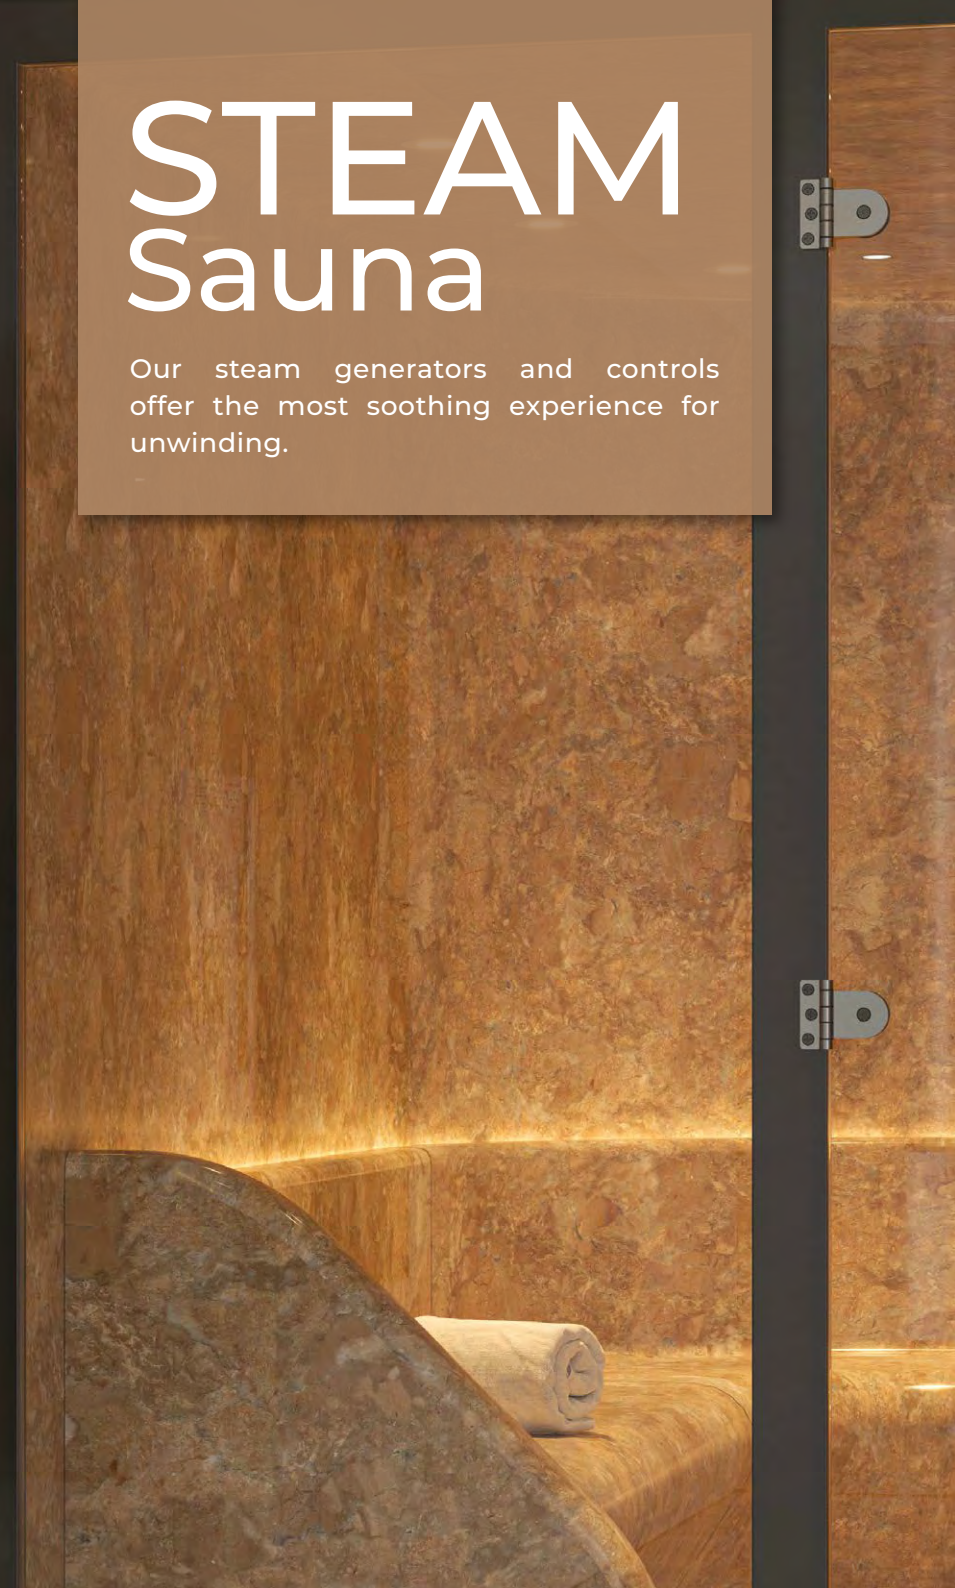

**Stone Plate w/ Wooden Tray**  
code: R-153-D / R-153-A  
size: 400 x 250 x 37mm  
option: Soapstone/Cedar, Aspen or Hemlock

**Tower Set 3**  
code: R-125  
size: 180 x 60 x 180mm  
option: Soapstone

# STEAM Sauna

Our steam generators and controls offer the most soothing experience for unwinding.

# STN-S Steam Generator

Built for power and performance, the **STN-S** steam generator features more flexible installation options. It has a separate electronics compartment, meaning that the generator can be installed in a different location than the electronics. Its cassette-style heating elements simplify cleaning and maintenance of the tank, while aroma, fan, and dimmer controls let you customize every steam session.

Extra steam is just a button away with the demand button feature that can be installed inside or outside of the steam room. Error codes appear on the control for quick troubleshooting. Up to five units can be linked for a maximum of 75,0kW output, all managed from a single SAWO control.

## 2 Heating Elements

- » Power range: 3,0 – 5,0kW
- » Steam output: up to 6,7kg/hr
- » Piping and electrical cables can be installed in either side
- » Own pipe for overpressure valve
- » Auto drain
- » Steam head included
- » Cassette type heating element setup for easy maintenance
- » 3/4" steam pipe
- » Stainless steel touch
- » Available controls: STP 2.0 user interface

## 3 Heating Elements

- » Power range: 4,5 – 7,5kW
- » Steam output: up to 7,5kg/hr
- » Piping and electrical cables can be installed in either side
- » Own pipe for overpressure valve
- » Auto drain
- » Steam head included
- » Cassette type heating element setup for easy maintenance
- » 3/4" steam pipe
- » Stainless steel touch
- » Available controls: STP 2.0 user interface

## 6 Heating Elements

- » Power range: 9,0 – 15,0kW
- » Steam output: up to 20kg/hr
- » Piping and electrical cables can be installed in either side
- » Own pipe for overpressure valve
- » Auto drain
- » 2 Steam heads included
- » Cassette type heating element setup for easy maintenance
- » 3/4" steam pipe
- » Stainless steel touch
- » Available controls: STP 2.0 user interface

# STN-W Steam Generator

A heavy-duty performer built for commercial use, the **STN-W** steam generator features a cassette for heating elements that makes cleaning or replacement quick and simple. The generator's aroma, fan, and dimmer controls allow users to fully customize the sauna experience, while an optional demand button delivers an extra burst of steam on command.

Maintenance and installation are straightforward: error codes are shown on the controller screen, and a removable side window provides easy access to the settings board. The steam outlet can be installed left or right, with the autodrain positioned on the side or bottom. Up to five units can be linked together for a maximum 75,0kW output, all controlled using a single SAWO interface.

! For more technical information, see page 98.

## 2 Heating Elements

# STN Steam Generator

Built for the demands of commercial use, the **STN** steam generator combines durability and performance. Its solid stainless-steel construction minimizes corrosion, while a range of optional features, including aroma, fan, and dimmer controls, allow for a personalized steam experience. An optional demand button releases extra steam for 30 seconds when needed.

Troubleshooting is effortless, with error codes displayed directly on the controller screen. The system can be installed in either left or right orientation and linked in series with up to five units for a maximum output of 75,0kW, all controlled through a single SAWO interface.

ⓘ For more technical information, see page 98.

(Included for STN-S, STN-W, and STN models)

Aroma, Fan and Dimmer Functions  
(Optional features for STN models)

Temperature sensor with wire and sensor holder

Steam Head  
(for 9kW models and up, two heads are included)

7,5m RJ12 Cable  
7,5m RJ10 Cable

# STE Steam Generator

Reliable and effortless to use, the **STE** steam generator is designed for residential environments. It is also simple to operate; just switch on the control and adjust the temperature knob. The stainless-steel construction ensures long-lasting durability and resistance to corrosion.

The STE can be oriented for connections on either side for easy installation in any layout. For greater power capacity, up to five units can be linked in series to deliver a maximum output of 75,0kW, all managed from a single SAWO control.

! For more technical information, see page 100.

- » Blackout memory
- » Celsius or Fahrenheit temperature unit
- » Autolight
- » Autofan
- » LCD contrast adjustment
- » Scent pump, light dimmer and fan
- » Temperature sensor with wire
- » Optional interface holder
- » 7,5 meters RJ12 cable with connectors included

## Steam STE (STE-INFACE-V2)

- » Thick stainless steel casing
- » LED digital display
- » 7,5 meters RJ12 cable with connectors included

OPTIONAL ITEMS

**Demand Button**  
code: STP-BTN-2.0

**Aroma Oil**  
code: ARO-EUCA250  
ARO-EUCA500  
ARO-EUCA4L

**Decalcifying Liquid**  
code: DECAL-250  
DECAL-500  
DECAL-4L

**Modern Aroma Pump**  
code: STN-PUMP

**Aroma Pump**  
code: STP-PUMP

**Steam Door**  
code: ST-746-L | R | I  
size: 790 x 1890mm

**Steam Door**  
code: ST-749-L | R | I  
size: 900 x 2100mm

**Installation Stand for STN-W**  
code: STN-W-STAND2  
STN-W-STAND3  
STN-W-STAND6

» For easier installation of STN-W steam generator

**Venturi Pipe L-shape**  
code: ST-LPIPE

**Venturi Pipe Straight**  
code: ST-PIPE

**Venturi Pipe**

- » Generate milder and softer steam
- » Create more steam clouds
- » Prevents hissing noise
- » Including steam head to spread the steam outburst
- » Thick stainless steel metal
