Discover your career in the NHS and Care

The Careers & Engagement Team within the Lancashire and South Cumbria Health and Care Partnership, work collaboratively on offering a myriad of opportunities to those seeking a career within the Health and Social Care sector. We do this by offering a range of opportunities, such as; Employability Programmes, Work Experience, Step into Work schemes, Industry Based Placements for Further Education, Summer Schools, Workshops, Mock Interviews, Mentoring Circles, school and college engagement sessions and much more.

In order to ensure that our offers reach as many people as possible, we work with all of the following stakeholders within our footprint: Primary Schools, Secondary Schools, Further Education Colleges, Universities, Job Centres, Employability Support Organisations such as Prince's Trust and Inspira, Social Care Providers, Primary Care Networks, Voluntary organisations and of course colleagues within the Hospital Trusts. We have built up years of contacts and have excellent working relationships, which enables us to provide a wide range of experiences. Equality, Diversity and Inclusion lie at the heart of what we do and we want to ensure that the programmes and opportunities we provide are accessible to all.

For '21/22 the LSC careers platform has prioritised digital accessibility to ensure maximum reach to those who can benefit.

Launched in September 2021, the www.nhscareersnw.co.uk careers platform has received national recognition as being the 'go to place' for people interested in health and care opportunities and experiences across Lancashire and South Cumbria. Offering information on all of our activities and programmes, workshops, face-to-face and virtual work experiences, open days and functional skills courses, the platform is designed to help people find the next step or career of their dreams.
