## EVENT OVERVIEW

Women in Mining South Africa (WiMSA) is thrilled to invite you to our fourth annual WiMSA Golf Day, taking place on 15 May 2026 at the prestigious Randpark Golf Club.

We'd like to thank the sponsors, four-balls, players and supporters who have joined us over the past three years – your support has helped this golf day grow into a key date on the WiMSA calendar and an effective platform for driving change.

This golf day is about far more than a great round of golf. It is a cornerstone networking opportunity for professionals across the mining value chain – a space where conversations on the fairways lead to real collaborations off the course. Funds raised on the day go directly towards WiMSA's programmes, including mentoring, career development, leadership initiatives and GBV awareness, all aimed at making workplaces safer, more inclusive and more equitable for women in mining.

For 2026, we have refined our hole sponsorship packages and introduced a dedicated event photography sponsorship to offer even more focused brand exposure. Whether you select a high-visibility Par 3 or a premium signature hole, your placement keeps your brand at the heart of the day's most memorable moments – on course and in pre- and post-event coverage.

We invite you to partner with us, deepen your relationships in the mining community and stand visibly for inclusion, safety and opportunity for women in mining. Join us as we drive towards a more inclusive future, one fairway at a time.
