## Welcome Home to SPLF 2025

Welcome home family! Here we go again! This is the third year that we have produced South Plains Leatherfest, and we are thrilled to be back at our fabulous hotel take-over. In this year's program book, you'll find all of the incredible parts of SPLF that you have come to expect, as well as some new additions and special events that we hope that you will enjoy.

This year marks a very special occasion, with the 10th Year Celebration of the International Person of Leather Contest! We'll be celebrating all weekend, starting with a gift in your run bag (a commemorative IPOL 10th Anniversary Pin), an IPOL Cruise at the bar, and of course awarding the 2025 International Person of Leather Title on Saturday evening alongside our 2025 Master and slave Titleholders.

It cannot go unacknowledged that a turbulent road has brought us here this year, with many in our community experiencing a rise of fear and stress, as our identities, legal protections and cultures are increasingly targeted for attack. It is my belief that we need each other and need to gather now more than ever. We must stand, we must be seen, and we must protect each other as best as we are able. As a leader and an event producer, I will continue to do this work. One of my intentions in developing this year's event was to create a space where we can learn from, support, empower, comfort and hold each other, even as we celebrate our way of life. More than ever, I am grateful for the potential and the practice of solidarity in our kink, Leather and authority exchange communities.

We are stronger together than we are alone. Thank you for joining us this weekend to create and share in community with each other. And an extra special thank you to our staff, volunteers, sponsors and collaborators who help bring SPLF to you. I promise that SPLF will live up to your expectations, and that we'll have an incredible party again this year.

## Sir Andrew

**Brunch Keynote Speaker**

**Hot Seat Cafe Luncheon**

Sir Andrew is a born and raised Southern Gentleman, having lived in SC or NC most of his life. He discovered the BDSM lifestyle in the late 90's and began his journey with T3WD in 2005. There he met the people who would become his first leather family and would set him on the path he is still on today.

Sir Andrew is proudly serving as Mr SouthEast LeatherFest 2024. He has worked with many events over the years, including Frolicon, DomCon Atlanta, Southern Sole, and South Plains. He has served SELF for the last 16 years in a variety of

capacities, most recently as part of the Den Mafia.

Sir Andrew teaches many subjects locally, regionally, and nationally. His interests in the lifestyle are diverse and evolving every day, with an emphasis on spanking and on the sharp, pointy, and bloody. He is passionate about evolution and change and the need to accept those changes not only within yourself but in others as well. He is always happy to share about his journey as a Trans Man and the changes that have brought him from the young person who walked into a library in Richland SC to the stages at SELF.

You'll most likely find Sir Andrew in the smoking area of whatever event he's at - looking to share space and talk with new friends and old. Let's chat!

## A New Look

In 2024, Tomo introduced a new look for South Plains Leatherfest. Assuming responsibility for an event with a 25-year legacy entails a commitment to both upholding its traditions and charting its future course through an ever-changing world. We have many opportunities to reflect the core values which drive and define us, including the visual representations of our event, which is demonstrated with the new South Plains Leatherfest logo.

- The waving Leather Pride Flag symbolizes our embrace of both our rich leather traditions and our community's dynamic movement, growth and evolution.
- The Heart represents the essence of South Plains - our family, our devotion, our passion, our fire and our home.
- The Red Circles around the heart signify our commitment to welcoming all who wish to make SPLF their home in our ever-expanding diverse leather community.

# Attendee Conduct Agreement

SPLF Family - while we are grateful to have been able to buy out the hotel and have the entire space just for our family, please remember that the hotel staff have not consented to see your parts or your play! Street legal rules in all hotel spaces except the actual Play Party spaces still apply!

Even though SPLF has reserved the entire hotel for attendees, you must still dress in a manner that is PG rated or more conservative when in ANY public area - this includes but is not limited to the lobby, the bar, the restaurant, and hallways.

You must wear street legal attire that covers the buttocks, breasts and genitals. Please be respectful of the hotel employees. If your attire is revealing, please be sure to wear a cover-up in any area of the hotel in which you may encounter hotel employees. The hotel staff has consented to only see street legal PG attire.

Do not walk around in the public areas of the hotel with toys hanging from your belt, clothing or anywhere visible on your person. Use a toy bag. The hotel staff have not consented to see your toys.

When in public areas of the hotel, please use good judgment and be discreet when conversing about BDSM activities in front of hotel staff. Absolutely no BDSM play may take place in the public areas of the hotel. Save it for the privacy of your hotel room, or the play space. The hotel staff has not consented to see BDSM activities.

Unless this is about an issue in your personal hotel room, please contact the SPLF Staff before you contact the hotel staff if you have any issues requiring attention.

If at ANY time you are asked to stop ANY activity by ANY person, please stop immediately. Once you have stopped doing whatever it was you were doing, then you can have a conversation about what the issue is.

Practice common sense and common courtesy towards all people at all times, including the hotel staff and other guests. Be kind to each other, remember that you are representing our community. Avoid exposing anyone to non-consensual kink.

Some members of our community are highly affected by scented products. Please eliminate or reduce the use of scented personal care products at SPLF as much as you are able.

Violation of these rules will result in the attendee being removed from the premises and NOT allowed to return with no refunds given.

## Photo Policy

At SPLF 2025, to protect our attendees, no photos are permitted except by our official event photographer. There are two locations that are exceptions to the no-photo rule.

The locations that photos are permitted are in front of the leather quilt in the South Plains Living Room and the South Plains Backdrop Photo Marquis located near Registration and the Main Ballroom.

Please gain the consent of all people in your photos in these two locations and refrain from taking photos anywhere else at South Plains Leatherfest.

# SPLF Consent Policy & Procedures

## Consent Policies and Guidelines for Attendees

We believe that consent is not only a fundamental principle of the Leather Community, but a defining cornerstone of our practices, relationships, and authority exchange dynamics. It is what fosters trust, safety, and mutual respect in the event environment that we create when we gather each year, and more broadly in the community that we strive to cultivate.

This Consent Policy offers guidance and guidelines for all attendees on understanding, practicing, and upholding consensual interactions. It also provides a clear process for reporting consent incidents to the leadership of SPLF and outlines how our internal team will handle and respond to reports of consent incidents. Our goal in developing and transparently sharing this process is to create a better pathway by which, together, community and leadership can work toward the highest standards of safety and accountability. SPLF is committed to doing this very challenging work with mindful intention and integrity.

This policy was developed in close collaboration with our trusted partners at the National Coalition for Sexual Freedom (NCSF), who have brought their extensive expertise and passion to this work. We extend our deepest gratitude to them for leadership and for their tireless efforts on behalf of our community and the larger world of sexual expression. It is our shared responsibility as individual community members, event producers and community organizations to create impactful solutions and develop cultures of consent together.

You can access SPLF's full Consent Policy here: <https://southplainsleatherfest.com/ConsentPolicy.html> or through the use of this QR Code.

If you would like to speak with our DEI Coordinator to offer feedback or make any support requests while onsite at SPLF, please ask any staff member to help connect you with Joy Perez directly.

# South Plains Play Space Rules

- Play Party attendees may not have cameras, tape recorders, recording or transmitting instruments of any kind at the Play Parties. Don't bring cell phones with you into the play space. If you wish to use your phone, do so outside of the play space.
- No illegal activities. Do not engage in any illegal activities anywhere on the hotel premises. No exchange of money for sessions.
- No drugs, inhalants, or other intoxicants are allowed. No alcohol is allowed in the play space. If you witness this behavior or are approached for these purposes, report this immediately to a play space Monitor (DM). If the Senior DM deems that a person is under the influence of drugs or alcohol while in the play area, they will be removed from the premises and NOT allowed to return. Each person should understand everyone's limitations or barriers to their ability to consent to the planned activities.
- No wax play, liquid latex play, open flame branding, cell popping, medical branding, or fire play allowed.
- No breath control, suffocation or strangulation play of any type, including but not limited to choke holds, sleeper holds, re-breathing apparatus, hoods that interfere with breathing, plastic bags, or other play which restricts the flow of oxygen or blood is allowed.
- No guns or firearms allowed, whether real or facsimiles.
- Never touch someone else, their toys, props or property without asking and receiving permission.
- Do not attempt to participate in an on-going scene unless invited explicitly by all current participants.
- Keep conversation very quiet in the play area.
- The decisions of the play space Monitors (DMs) are FINAL. Any person(s) not responding to a DM's instructions shall be removed from the premises and NOT allowed to return. No refunds shall be given.
- All play must be Safe, Sane & Consensual. When in doubt, ask a play space Monitor (DM) before you begin your scene. If you plan to engage in play that may have the appearance of being non-consensual, inform the DM before the beginning of the scene.
- The "house safeword" for this event is "RED." Please use this safeword if outside assistance is required. In an emergency these words are our version of calling for help.
- Consent for activities will be negotiated between the individuals engaging in the activities, not by third parties and will include duration of consent. This includes obtaining assent when playing with individuals whose scene has been negotiated & consented to by an in charge person (Master, Dominant, etc).
- Everyone, regardless of role, is free to withdraw consent at any time during the activity. At the use of the house safeword, the activity must end immediately.
- Remember that NO means NO.
- Do not bring nor attempt to use your own crosses, benches, tables or other major play station equipment. Only SPLF equipment may be used.
- Blood Play (including needle play): The play space floor is carpeted. Please bring your own tarps, blankets or other coverings to ensure that the carpet stays free of blood. Please bring teknicare, betadine or other anti-infective, as well as band-aids or gauze as required. Any blood play scene that does not include sufficient protective coverings will be stopped immediately.
- SPLF HIGHLY recommends the use of barrier protection when engaging in intercourse, fingering or having oral/genital sex. All sexual activities must be contained within your play station (this includes protecting equipment, furnishings and flooring from contamination). When negotiating sexual interaction, get clear consent about barriers usage and for which activities you will not require barriers. If you do not have explicit prior consent to barrierless contact, assume barriers are expected. Safer sex supplies are available for free in each of the play spaces.
- No food or drink (except water) is allowed in the Play Spaces. No food scenes, no splashing.
- Protect the play surfaces during your play. CLEAN UP the area thoroughly afterwards.
- No glitter or confetti is permitted at the Play Parties.
- Do not sit on the play equipment or in the play stations, unless you are playing. Do not move chairs, tables, or other furniture/equipment. Do not adjust the lighting in the Play Space. Do not sit on or use the speakers as tables. Do not congregate or socialize at play stations or the Team Dungeon booth unless you are involved in a scene in progress.
- The Team Dungeon booth is not to be used for toy bag storage.

# 2025 Opening Summits

Please join us for these important discussions led by community leaders to open South Plains Leatherfest 2025.

## The Talk - The Conversation BIPOC Folk Need to Have

Thursday 11:00 AM - 12:30 PM - Longhorn 1,2, Welcoming BIPOC Only

South Plains Leatherfest has been described as a wonderful Leather family gathering. Leatherfolk from around the country & even around the world all come to fellowship, play, be entertained, & enjoy each other's company. But like most families, there can be internal issues. Recent events have put a strain on our familial relationships. To this end, Sir Guy, Master Lola Smiles & Goddess Indigo put together this conversation to have an open conversation about the things that unite us, the things that divide us, & to iron out differences in the hope that we can be united in bringing about safe spaces & welcoming arms to all in BIPOC Communities. As Malcolm X said, "You can't separate peace from freedom. No one can be at peace unless he has his freedom." This is about helping us acquire what Leather is about: our peace & our freedom, so this is exclusively for those who identify as being BIPOC. BIPOC Family, please join us.

We've been here before, we know what to do & we can do it again. Please join us & add your voice as we come together & speak about how we will use our community force to not only survive but thrive in the coming challenging years.

# Class Descriptions

## **Beyond the Bedroom: Exploring the Full Potential of bottoms, submissives & slaves**

### **with Master Thaddeus Twist**

What do you think about when it comes to choosing a bottom, submissive or slave? Is it in the sexual/ pleasure realm? What about outside those scenarios? We'll delve into the multi-faceted roles that bottoms, submissives & slaves can play in our lives beyond sexual service. We'll explore their potential contributions, skills & qualities that enrich dynamics and daily life. Join us to discuss how to harness their full potential.

## **Bottoming for Tops**

### **with Hardy Haberman**

The Old Guard Myth was that all players start as bottoms or boys and work their way to the Top. Not true, but there is a good deal to be learned by bottoming. How can I understand what my partners feel if I haven't at least tried it myself? This class will offer suggestions for Tops who want to better understand their actions and for anyone interested in how the dynamics of BDSM work. Discussion and participation are included.

## **Codependency in Power Exchange with Master Malcolm and farrah**

This thought-provoking presentation explores codependency in Power Exchange and kink. Codependency is a complex pattern of interaction that can occur in any type of relationship, but due to the power imbalance in Power Exchange & cultural context of the kink community, can be difficult to navigate.

## **Command, Condition, & Care: Nurturing a Desire for Control with Master PlaineJane**

Join Master PlaineJane for a discussion on control and the power of conditioning within Authority Exchange dynamics. She'll discuss the importance of positive and healthy consensual conditioning as well as how to inspire and nurture the desire for control in dynamics. She will also explore some ideas for new and existing partnership structures that can be leveraged for long-term success. Join Master PlaineJane for an in-depth discussion on nurturing the love of control for both sides of the slash!

## **Concentric Consumption or Vitality? with Lady Catherine**

How many skills have you learned? How many skills do you believe you may need to learn? Our young community has developed a social context and knowledge management schemata which may come with emotional hazards. We'll explore the darker side of our need to learn, our pursuit of better, best, more, to the detriment of ourselves & our relationships. Are we concentrically consumed or fully exploring vitality?

## **Creating, Keeping & Dissolving a Leather Family**

### **with Lady Catherine & Jack**

We have our first family & are born into it-- when you create a family the concerns & contributions can be intentional & organic. We'll discuss what works, what doesn't, & how families are formed. Families shift, change, & become something new over time-how do you move in it & keep your focus on sustaining what is valuable to you & others? We'll discuss spectacular & painful experiences not only synergetic union. Come explore the infinite possibilities of families.

# Class Descriptions

## **Evolution of BIPOC Folks in the Community with MsDDom and CreamDream (LSC Track)**

Evolution; a process of change. Black, Indigenous, People of Color are not new to kink, BDSM, authority dynamics, or Leather. We invite all to join the discussion & share space with us.

## **Female Mastery with Lady D (LSC Track)**

What is Female Mastery and what does it take to be a Female Master? How do you identify your role and how do others identify you? What attributes should a Female Master have? When you consent to a suggestion & add impact to it, the subspace & top space high is deeper & the connection greater.

## **Integrity: More than Lip Service with Ms. Kelly Chance and boi Di**

## **M/s Challenge Building a Values- based Dynamic (Intensive) with Beast and echo**

It's no secret that power exchange dynamics can be difficult to build & maintain. The secret often seems to be "why?". What have those in successful dynamics figured out? It's about building a foundation based on your values rather than a sexy contract you found on Google. Come hear both Master/Dominant & slave/submissive perspectives on building a values-based power exchange dynamic. They'll discuss the tools & tricks used to create a strong & sustainable dynamic & what didn't work. This is an interactive discussion, & attendees need not be in a dynamic or relationship to attend.

## **M/s, is it real? with Master Varii**

Most people are well acquainted with authority transfer dynamics & have lived them all their lives, they just haven't thought of them as such. A Parent/child, Teacher/student, Employer/employee, & Military service are examples of authority transfer dynamics. So what makes M/s so difficult to accept? Two things: History and Social Conditioning. We'll look at what M/s is from our perspective & debunk a few myths.

Understanding yourself is extremely important in any relationship building. And coming to the table already self-aware and able to communicate your needs, wants, and desires is not only an attractive characteristic in a partner but also a valuable one. So how do we communicate our personal standards, skills and core values to prospective partners? Join Master PlaineJane as she discusses Lifestyle Resumes, Owner's Manuals & Service Plans. Master PlaineJane will cover the purpose, uses, types, as well as options for communicating your personal standards, core values, and skill set(s). She will discuss how both partners (no matter how they identify) can prepare themselves and their prospective partners for their personal standards with clarity and deliberate execution.

## **Safety Last! Anatomy of a Risk**

### **Profile with Mara**

Many people have gravitated to the less judgment-based motto RACK (Risk Aware Consensual Kink) vs SSC (Safe Sane Consensual). From traditional edge play, CNC dynamics, & even rope suspension, we know that nothing we do is inherently safe. So how do we effectively negotiate & develop a risk profile so we can engage in these activities? We'll explore how to understand & mitigate risk, how to negotiate consent for activities where a black/white model doesn't work, & how to build a RISC profile to navigate the exhilarating, dangerous, & oh-so rewarding, edgier types of play.

## **slave Circle with Mama Vi**

This is a time for slaves to talk to each other with no Dominant ears around in the slave circle hosted by Mama Vi. Join Mama Vi in the circle.

## **Still Waters: Take A Deep Dive into Taboo Play with Master PlaineJane (Intensive)**

Taboo play can provide rich & robust experiences that allow fantasies to flourish. Navigating the delicate balance of consent & the forbidden is a challenging but intriguing paradox. Master PlaineJane will uncover the paradox & provide an enticing journey into taboo play. This intensive is not for the faint of heart as she'll delve into different types and expressions of taboo play to include: religious, dark age, integration, objectification, degradation, & humiliation play. She will also discuss the core values that can be utilized for effective taboo scenes. Along with powerful demonstrations, Master PlaineJane will discuss the emotional requirements for playing with taboos and degradation play safely; without emotional damage to your partner(s).

## **The Dance of Energy and Catharsis with Daddy Crone Leenie**

We talk a lot about energy in a scene, but not how to feel it, create it, move it. Bring an item that you like to use on yourself or your partner, and let's experiment with intentions: catharsis, playing with tension, inviting our partner and ourselves to be in the now. Sometimes learning to feel the present enables us to release the past, old pain, a limited version of ourselves. Let's open the door to the freedom to BE.

## **The Journey: Birth, Life, Death, Resurrection with Master Jim & slave marsha**

Master Jim and slave marsha trace the winding, rocky, path of their 27+ year M/s journey. Beginning with the new Master & slave who began in 1997 without experience or resources. With this interactive dialogue, you will also (re)connect with the joy of being fully who you are.

## **The Modern Slave with Charlie Doll**

Modern technology and society have had a substantial impact on our community. Together, we will explore how Master/slave dynamics have evolved, and what characteristics have changed. Some of what we will discuss will include what is a slave in this modern context, how can the institution of consensual slavery fit into modern society, and what unique challenges M/s dynamics face now, including managing long-distance dynamics. While there are many new challenges to Master/slave relationships, there are also many tools that we have available to help us to navigate them.

## **The Relationship Cycle - Conscience Relationships & Attuning with Your Partner(s) with Mister-Blue & Mrs. BlueFrost**

From its inception in 1995, ONYX has established itself as the premier national organization formed and operated by men of color who identify with and are active in the leather community. This workshop will explore the ways that ONYX has mixed it up and helped create further diversity within the leather and BDSM community by providing safe spaces for erotic and sexual exploration, education and empowerment for gay and bisexual men of color; helped men of color connect to and make an impact on the larger leather community; instituted the ONYX Pearls (women of color in leather); and promote discussions on the visibility, challenges and other issues that people of color in the leather community face.

## **Titles & Relationships with Bri Burning & Megan**

Let's talk about how to prepare for the unexpected! We will go over negotiating a relationship with people who are running for a title, have earned a title, and or maybe thinking about the title system. Share stories of the glimmer moments that added joy to our lives and the struggle moments that were hard to move through. This facilitated discussion is an opportunity to share, listen, and grow together.

## **Traditional Talking Circle with My\_Naughty\_Self**

Native American or Indigenous talking circles are a tradition dating back thousands of years. They are a form of community, healing, and spirituality. They are a Native tradition, & only people trained in leading one can do so. After a Smudging ritual, participants enter the circle from the East opening & sit. Walking within the circle should be done clockwise. The facilitator guides the conversation.

We're a family & need to support others. We can create inclusiveness at events. Offering diverse classes, gender neutral bathrooms, & safety measures so everyone feels safe, & so much more. Together, let's create a community where everyone feels seen, heard, & respected.

## **Well?! My Power is a gift! Come & Take It! with Master Malcolm & farrah**

You met the person of your dreams! You want to take control of or surrender to them. It should be easy, right?! You both want the same thing, but now you are having the same fight over control and power every three months. Why? Why won't they just take it? Why won't they just give it?! Through a combination of theoretical exploration, case studies, personal anecdotes, and experiential exercises, participants will gain the insights and tools necessary to navigate complex power struggles and conflict within Power Exchange relationships to help stop having the same fight every three months.

## **What's Spirit Got to Do with It? with Liza Sibley and Jody, Liza's slave**

Navigating a successful M/s relationship can be tricky when the M-type and the s-type have different cultural backgrounds and approach life from opposing spiritual contexts. This can lead to confusion & mismatched expectations. The talk will start here & we'll see where it goes.

# Class Descriptions

## **When Crying isn't a Safeword:**

### **Brutal Filthy Sex with Felice Shays**

Hungry. Hard. Deep. Mean. This sex is not for beginners. This fast-paced, demo-packed, interactive class is one of sex and BDSM educator Felice Shays' favorites. First, some rough sex and safety basics. And then let's go: discussion, technique and demos: face slapping, punching, biting, humiliation, fucking with knives, choking, playing with power + fear, pissing in your favorite hole, kicking, forced blowjobs, rape, gang bangs & more. All passions & sides of the slash welcome.

## **Who Does the Dishes?**

### **with Master Trent & s. Kelly**

In a M/s dynamic it is often difficult for a Master to find the balance between control and compassion. Even in high-level authority exchange relationships there needs to be an understanding that "everything" can't fall on the shoulders of the slave, well, at least not for very long. How do we adjust roles and tasks to maximize quality time and balance.

## **Why Does a Brat-Brat? with Joy Perez**

There's a lot of stigma surrounding brats and their behaviors. We'll take a deep dive into motivations behind bratting behavior. If you're looking for tips and tricks, this isn't the class for you. But if you're ready for deep self-reflection and peer support discussion, come with an open mind & be prepared to self-actualize!

## **Will I Lose My Dignity?**

### **with Daddy BBeeFF**

Discussion on Aging Male Kinksters dealing with the Dysmorphia of Erectile Dysfunction.

## **WTF Did You Just Call Me?!**

### **with Amanda Wolf**

Negotiating humiliation play is a landmine in itself! How do I degrade you, keep you erotically charged, and avoid your real-life landmines? If you know your bottom's love languages and their specific currency, you can design scenes to specifically target emotional, physical, or existential masochism. We will do practical exercises to help tops and bottoms determine what kind of activities highlight which sadistic and masochistic experiences they want to have.

## **You Want Me to do What?!**

### **An interactive look at service**

### **with Adeena**

Do you like service and want more? How do you ask to give or receive service? What are your "specialities?" This interactive presentation will show your strengths in your life, and we will discuss how to converse about your type of service and needs.

## Eating Disorder Recovery/ Body Image Support Group

- Hosted by Kat
- Welcoming folks recovering from eating disorders and/or body image difficulties.

Kink conferences can be challenging for folks recovering from eating disorders. We're off of our routines and around foods we have less control over (which can be overwhelming!) These factors can be triggering and lead to relapses. With this event I hope other kinky folks in recovery can come together, discuss these issues, & offer support/solutions so that we can enjoy the conference while being mindful of our recovery.

- Hosted by ImperatorFuriosa
- Welcoming men, masculine presenting, transmen

A roundtable discussion to establish a safe place for men to discuss their feelings openly about the perception of men in the community. Discuss questions like: How does it feel to be considered automatically not safe? How can we reframe our thinking to align with community values? Do we compromise our egos as culture evolves? How does the expectation feel to be a strong dominant man then also be asked to be equitable, to make space by being smaller, & leave room for others? Are those things mutually exclusive?

# Roundtable Discussions

## Sexual Rebellion without Sexual Attraction

- Hosted by Giant
- Welcoming all with a focus on asexuals and their partners

What is it like to be asexual in the hypersexual world of kink, BDSM & leather? Join me for a roundtable discussion about asexuality, leather & kink & being ace in a leather space. This will be an open discussion. Open to those who identify as asexual, demisexual, & grey ace, have an asexual partner or want to learn about asexuality.

## Spirituality and BDSM

- Hosted by Mufasa Ali
- Welcoming All

We'll discuss what meaning is given to the concept of spirituality in a BDSM context & how this spirituality resembles spiritual practices in our lives. Which common denominators between BDSM practice & spiritual belief can be found, & how do we interpret the parallels? How can BDSM broaden our understanding of spirituality in different contexts, & thus contribute to our life in community, relationships, & play.

## Stigmas around littles

- Hosted by Tay (Bambi) Twist
- Aimed for littles, middles & bigs, but everyone is welcome!
