ABOUT US

Priksha Global Trade provides end to end export services connecting international buyers with trusted Indian suppliers. We specialize in sourcing, procurement, quality checks, customization and timely shipping ensuring consistent quality from sample to shipment.

We specialize in product sourcing, supplier identification, procurement management, quality inspection, customization, packaging, and timely shipment. From initial sampling to final delivery, our experienced team closely monitors every stage of the process to maintain consistent quality and compliance with international standards. Our deep understanding of global market requirements enables us to deliver products that meet buyer specifications, regulatory norms, and delivery timelines.

At Priksha Global Trade, we work with a wide network of reliable manufacturers and exporters across India, allowing us to offer competitive pricing without compromising on quality. We act as a single point of contact for our clients, reducing risks, minimizing delays, and ensuring clear communication throughout the export process.
