Waves Trading & Contracting W.L.L. is many things to many people; what remains constant is our commitment to providing the right solution for the right requirements.

For over 30 years, we have been committed to changing the face of the region, and pride our success as a small contribution to the phenomenon of the transformation of the QATAR.

Our projects are as diverse as our clients demands; from designing outdoor landscapes of all shapes and sizes (Residential), building the worlds largest aquarium (Commercial), to providing support and expertise to some of DOHA's largest construction projects (Infrastructure), our experience and commitment to expansion knows no bounds.

With a family of over 2000 members, we are committed to understanding your requirements, providing the best solutions, and most importantly... getting the job done right.

Sports & Coatings

All Types of Coatings Performance / Industrial Floorings & Coatings, Decorative Floorings, Sports Floorings

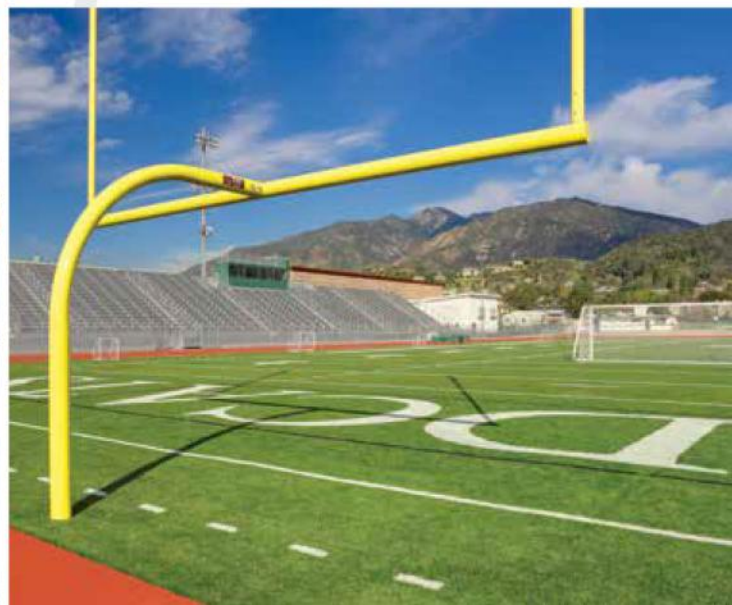

Waves Trading & Contracting W.L.L. has a long history in the implementation of top quality of indoor and outdoor sports playing surfaces in partnership with global leaders in materials technology and professionally accredited surface systems.

Our expertise in surfaces is complemented by our ability to also supply and install equipment such as lighting, fencing, stadia seating, a/v equipment, nets and specific play equipment.

Waves Trading & Contracting W.L.L. is able to realise any sports facility construction, as its list of prestigious past projects, local and international, shows.

External Insulation Finishing Systems

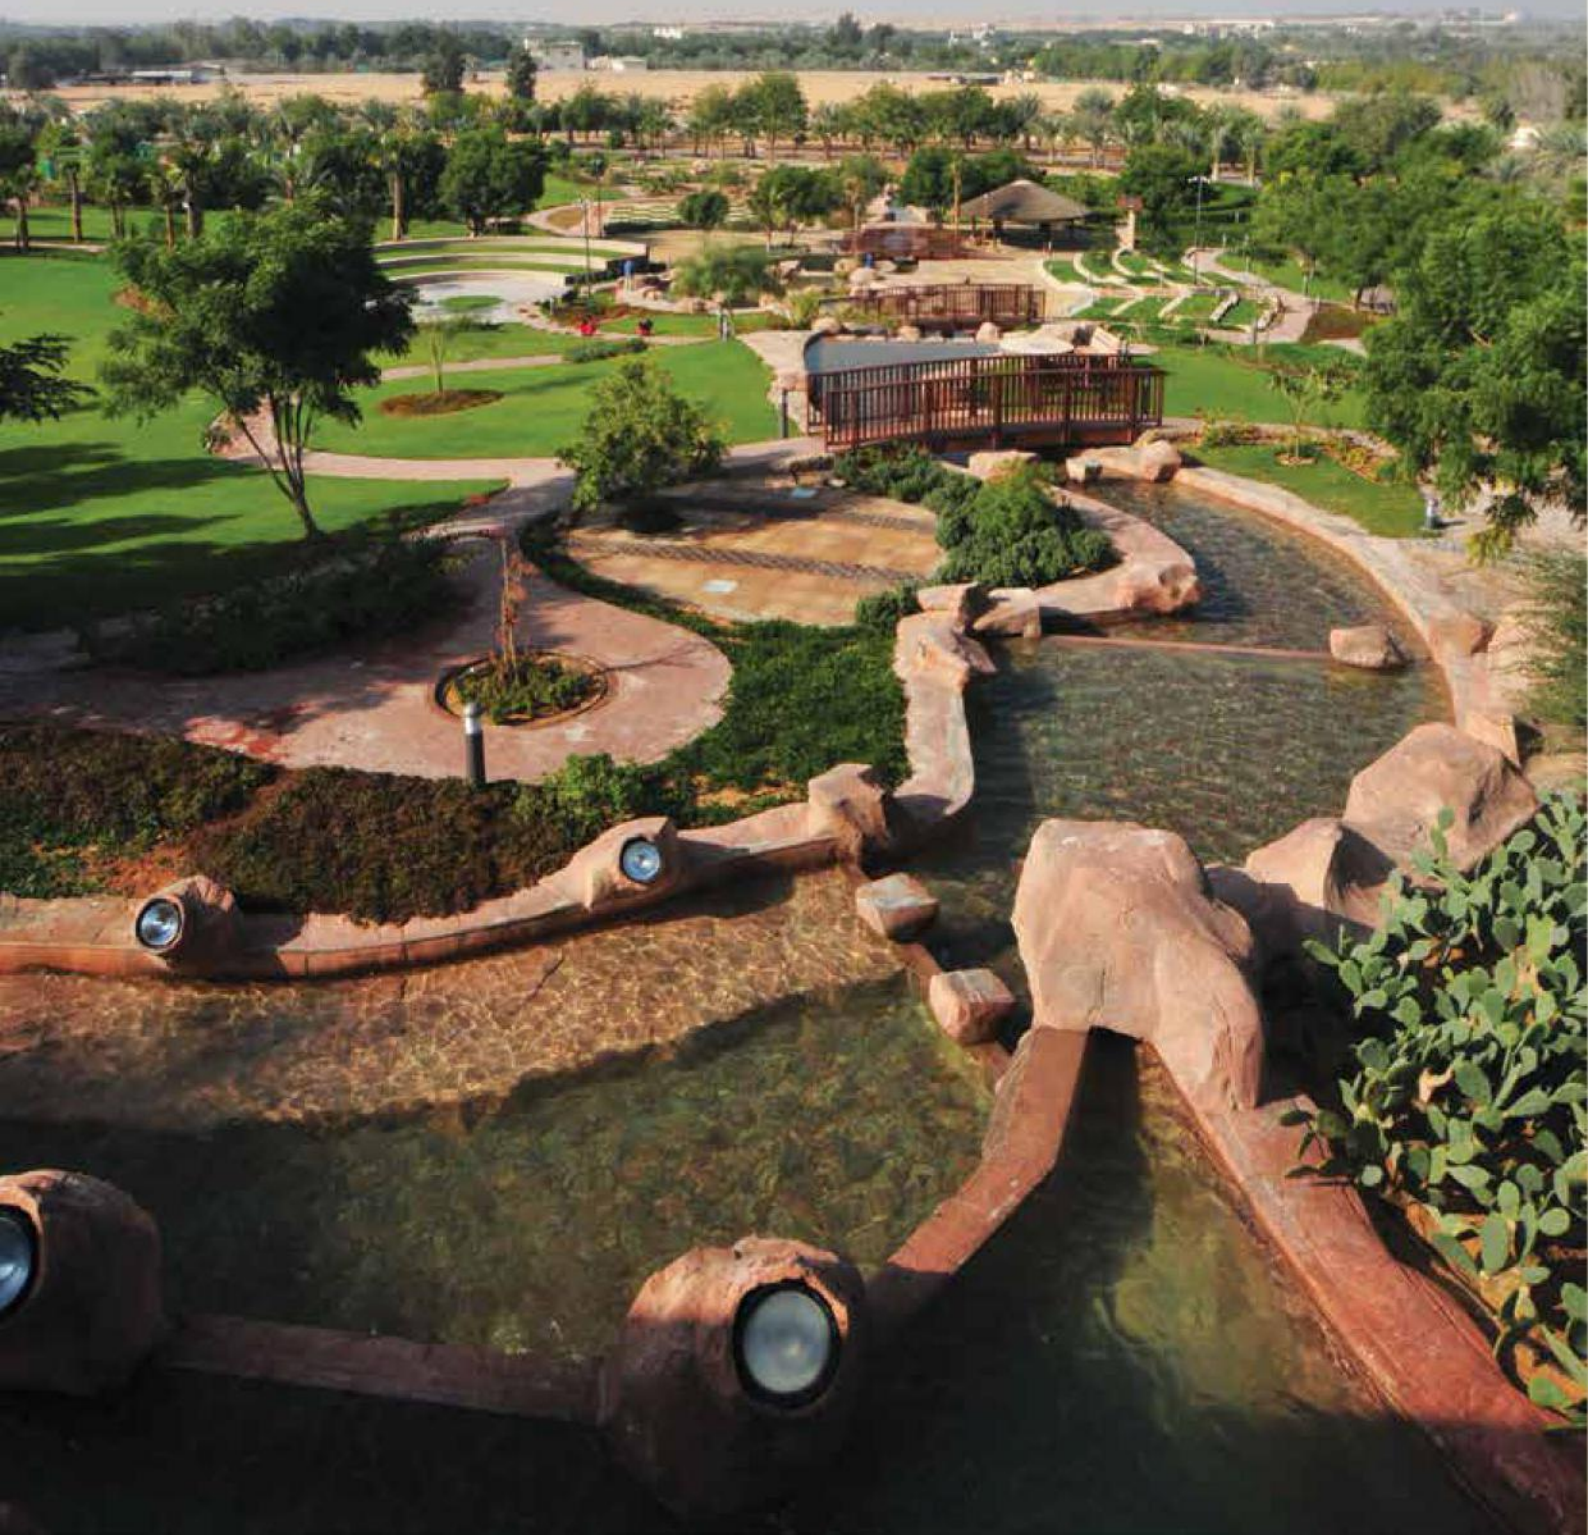

EIFS Sports Flooring Concreate Repair, Shotcrete and Slicate, Epoxy / PU Resin Injection Works, Ornate Structures and Light Weight Steel Framing

Waves Trading - Landscaping

An essential and enveloping component of **Waves Trading & Contracting W.L.L.** proposition to provide the complete one-stop solution to exterior works, is our landscaping division.

We have the trained horticulturalists, irrigation and civil engineers, and the knowledge of the prevailing climate and ground conditions, to deliver whatever hard or soft landscaped project you have in mind.

DESIGN & BUILD POOLS

TO ANY SIZE, SHAPE & BUDGET

Waves Trading & Contracting W.L.L. have been delivering the highest quality pools in the Gulf market since the company's inception in 1980.

We have an unrivalled depth of specialist experience and an unequalled history of completed projects in all segments of the market, from rooftop pools of residential towers, to sports clubs, hotels, resorts, and aqua parks.

There is simply no project too large or too complex for us to undertake. Satisfaction of technical specifications and client acceptance are absolutely guaranteed.

Waves Trading - Pools

In the Gulf climate one thing that will greatly enhance the enjoyment that you and your family derive from your property is to have your own swimming pool.

- **Soft & Hard Landscaping**
- **Timber Works**
- **Water Features & Theming**
- **Design & Consultancy Services**
- **All Type of Irrigation MEP Works**
- **Aqua Parks**
- **Swimming Pools Construction**
- **Equine** (Stables & Barns, Floorings, Synthetic Tracks & Riding Arena Floorings, Training & Exercise Machines, Animal Pools, Etc.)
- **Car parking Coating**

Kids Play Areas

Something that you expect your garden area to provide is enjoyment and relaxation for the whole family. An area of grass is fine, a pool designed for family use with the right depths and accessories is great, but to really put a smile on those little faces you can bring into your garden a taste of the kids park, even if it is on a small scale. And remember that you'll be far more assured of the safety of your children and their playmates in the secure environment of your own garden.

Piping & Concrete Repairs

Although extremely versatile and durable, eventually piping & concrete treatments and materials may need repair.

Waves Trading have extensive experience in this field, and are experts in the restoration the continuing safety and stability of your structure and systems.

- **Water Treatment Plant** (Sewage Treatment Plants, Industrial Effluent Treatment Plants)
- **Pumping Stations** (Sewage Pumping Stations, Drainage Network Pumping Station & Water Pumping Stations)
- **Piping Works** (Vacuum Sewage Systems, Water Networks & Lifting Stations, Districts Cooling Piping Works and ETS)

Fountains & Water Features

Technically closely associated to our original core business of swimming pools, it is self-evident that Waves Trading has massive experience and ability in the whole gamut of water features.

We also have partnerships with international specialists who can add their own particular magic to provide the ultimate, cutting edge, features that are nowadays demanded by clients who need something different.

Sports Facilities

Waves Trading & Contracting W.L.L. has a long history in the implementation of top quality sports playing surfaces in partnership with global leaders in materials technology and professionally accredited surface systems.

Our expertise in surfaces is complemented by our ability to also supply and install equipment such as lighting, fencing, stadia seating, a/v equipment, nets and specific play equipment.

Waves Trading & Contracting W.L.L. is able to realise any sports facility construction, as its list of prestigious past projects, local and international, shows.

It is made of a 100% polytan PE material formulation and features permanent texturizing . This has been made possible by plytan's research and development activities coupled with integrated production from the fibre yarn to the finished turf.

The success of this development work is that all the benefits provided by previous polytan mono tex turf have been retained and combined with additional improvements for the benefit of users of synthetic turf systems.

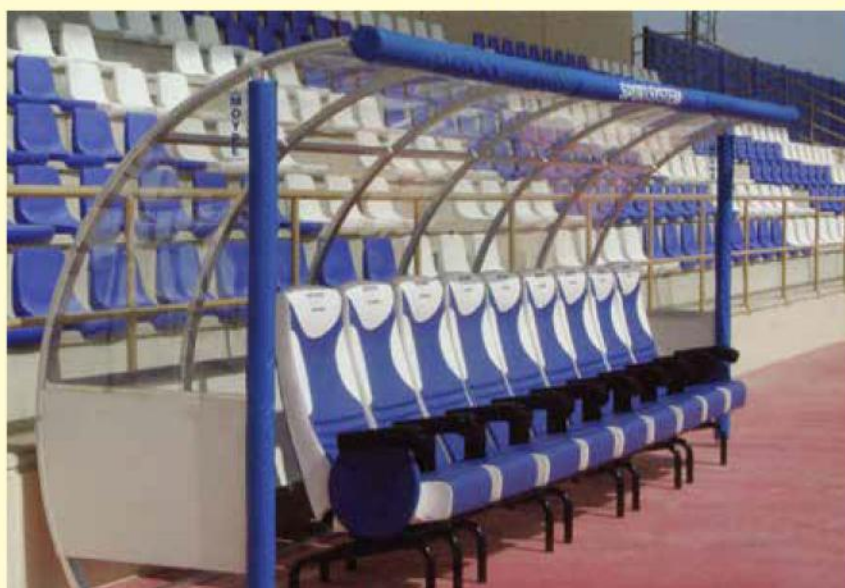

Artificial Grass Benefits:

- Permanent crimping of 100% PE filaments
- Ideal fixing of the infill materials sand and rubber granulate
- Simplified maintenance as result of high volume crimped filaments
- Excellent player protection and coverage of the playing surface

Sports Equipment

The quality of materials used, the design of equipment produced, the respect of each sports single technical requirements, the service provided both before and after sales, has all been helping Waves to accomplish both requests of institutional customers as well as the needs of the more sophisticated professional sportsmen.

Always focused on customer satisfaction **Waves Trading & Contracting W.L.L.** has been the first GCC company in this sector to implement an articulate quality system that has been certified accordingly to ISO 9000 and has been constantly kept updated accordingly to any standard's release. Actually the company's quality system is certified under ISO 9001/2008 standards.

AQUAPARKS AND THEME PARKS

We specialize in the design, planning, development and construction of all types of aquaparks. When you entrust your project to us, you are guaranteed maximum return on your investment. Our experience and expertise in the construction of aquaparks of any size, design, shape or complexity involves adapting to the necessities and requirements of our clients.

We are recognized throughout the Gulf region for integration of imagination and expertise with the aspects of safety necessary when designing aquaparks.

POOL, LANDSCAPE MAINTENANCE, SMALL WORKS AND FACILITIES MANAGEMENT

From maintenance requirements of your pools and water features to soft and hard landscaping, lighting and air conditioning, we provide the complete one-stop solution that ensures your peace of mind. Whether it's cleaning, maintenance, repair or renovation you can rest assured while we handle it professionally to ensure that your facilities are always in the best condition. What's more our highly trained staff is always at hand to help you make the right decisions.
