2022/2023 IMPACT REPORT

# celebrating a year of Jewish connections

Over the past year, thanks to dedicated donors and volunteers like you, the Greensboro Jewish Federation was able to **do good that goes everywhere**, and achieved unprecedented impact in Greensboro, Israel, and worldwide.

Through our Annual Campaign, Global Emergency Fund, and support from foundations and sponsors, we raised funds that helped secure, build, and sustain our Jewish community.

From PJ Library books for children to Jewish Family Services' programs for seniors, we enriched and celebrated every stage of Jewish life. We engaged and prepared our next generation of leaders, combatted rising antisemitism by strengthening security, and, through the Jewish Foundation of

Greensboro, we worked towards securing a Jewish future for our community.

This year, our commitment to the global Jewish family grew stronger than ever. By investing in our international partners, financially supporting trips to Israel, and building a living bridge with Hadera-Eiron, we fostered connections that transcended borders.

As you read this report, you'll see first hand what happens when dedicated volunteers, professionals, and philanthropy come together to support our community. We thank you for your generous contribution and unwavering dedication to the Greensboro Jewish Federation. Together, we **do good that goes everywhere**.

## Greensboro Federation Leadership Institute

The Greensboro Federation Leadership Institute (G-FLI) centers on providing leadership opportunities to develop the next generation of the Greensboro Jewish community. Ten participants of the third G-FLI cohort spent 18 months engaging in immersive experiential education and graduated in June of this fiscal year.

G-FLI participants explore the Jewish-Mexican culture

Prior to graduation, Cohort-3 and a few Cohort-2 alumni traveled to Mexico City for the End of Session International Trip. **The city, home to 46,000 Jews, 95% residing in the capital, offered a robust immersion into Jewish-Mexican culture.**

The trip included a tour of Colegio Olami ORT, a Jewish day school that nurtures creativity through project-based learning, and caters to students from toddlers to high school seniors.

The tour continued with stops at Mexico City's two oldest synagogues. Mount Sinai Synagogue, built in 1918 by Middle Eastern Jewish immigrants, still stands as a remarkable place of worship and community. From the synagogue, the G-FLIers marveled at the Monument to the Revolution's arch.

It was clear to the cohorts that Jewish-Mexican culture is alive and robust, founded on hundreds of years of impactful history.
