# HI!

My name is Eva. It's so nice to meet you.

I'm excited to show you all of my friends' rooms, so that you can find inspiration for your own place.

You can see my private hangout, meet all of my friends and see their space on **flexaworld.com**

# COTTAGE

— Created by FLEXA —

The **COTTAGE** bed is handcrafted in high quality pinewood. The natural material, the pale wood and the clean lines provide a natural, authentic and organic look.

The playful shape of the **COTTAGE** single bed allows it to be free standing. Children can easily access the bed from all angles which opens up for new ways of fun and decoration.

# FREJA

— Created by FLEXA —

The appealing design with its consciously chosen materials suits the modern living and makes the **FREJA** bed a premium quality choice for the child's room.

The bed combines contemporary Danish design and functionality by offering integrated storage units under the bed. The drawers are great for storing toys, bed linen, board games and clothes and children can easily and safely access them on their own.

# PLAY PLAY PLAY

Our quality toys for children ages 3 and older are made from carefully selected natural materials and are designed to promote your child's development. Play is about more than just fun. Children's experimental play has an intrinsic value in itself, while also serving as the most important source of learning.

FLEXA PLAY develop children's fine motor skills, inspiring them to seek knowledge and expand the boundaries of their creativity and social skills – thus providing the ideal conditions for strengthening a child's natural curiosity.

# TINY ROOMS WITH PLENTY OF SPACE

— Created by FLEXA —

Even a small room is possible to furnish smart to create more space. FLEXA beds makes it possible to design your kids dream room with space for both sleep and play – even if it is a tiny room. Create a study area, extra storage space or just a cozy corner underneath the bed to make the best use of the room. We have different designs and collections depending on your child's needs and when they need change, it is easy to change the components too.

# CREATIVE CORNER

102  
103

When I grow up I want to be a fashion designer. I spend most of my time by my desk drawing beautiful dresses for the catwalk. I can't wait to begin with sewing lessons so I can start making my own clothes.

**LOUISA** — 10 years

# WHITE

— Created by FLEXA —

Straight lines and a modern Scandinavian design is the essence of the **WHITE** collection. **WHITE** is designed to be build and re-build to grow with the child.

Add a beautiful light blue or light rose safety rail to give the simple design a new look. The collection is made of high-quality MDF and birch.

# SLEEP SLEEP SLEEP

— Created by FLEXA —

Well-rested children have the capacity and strength to grow and develop – and because good sleeping habits promote quality sleep, children benefit from a mattress that matches and supports their age, size, development, and various needs, such as proper regulation of body temperature.

With all this in mind, FLEXA introduces the GOOD SLEEP collection, featuring four quality mattresses and three covers that can be combined and adapted to children's specific needs.

## TYPES OF MATTRESSES

### THE FLEXA MATTRESS

A mattress with 3 cm latex with coolgel on one side, 5 cm cold foam in the middle and 4 cm latex on the other side. The mattress is reversible to secure the right support for the growing child. Latex with air ducts provide good ventilation and transport moisture away from the body. Suitable for children with sensitive skin or allergies.

### FLEXA LATEX

6 cm latex and 6 cm cold foam on each side of the mattress. Latex with air ducts provide good ventilation and transport moisture away from the body. Suitable for children with sensitive skin or allergies. A mattress that adapts to the child's body.

### FLEXA FOAM

12 cm premium foam and a zone landscape which adjust to the movement of the child. The foam mattress has good ventilation, which prevents the child from overheating.

### FLEXA SPRING

The spring mattress consist of 218 springs per m2. Surrounded by 3 cm soft flexible cold foam to ensure increased comfort for the child. Good ventilation, which prevents the child from overheating.

# SLEEP

## TYPES OF MATTRESS COVER

### **BAMBOO COVER**

Perfect for children with sensitive skin or allergies. The cover is antibacterial, creating a hygienic sleeping environment. At the same time, it has a silky soft surface.

### **EUCALYPTUS COVER**

Perfect for children who sweat at night. It has a cooling effect, so it helps the child to transport the heat away from the body. The cover has a good ability to absorb moisture, ensuring the sleeping environment is dry and comfortable.

### **COTTON COVER**

100% natural material, breathable and with a soft surface, which helps the child's body to breathe and regulate its temperature.

# FLEXA BED GUIDE

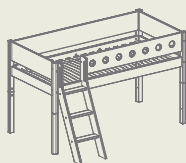

## Baby cots

Choosing your child's very first bed is an exciting and emotional time. At FLEXA we recommend a cot from when the child is born up until the age of 3 where a junior bed or a single bed can be used.

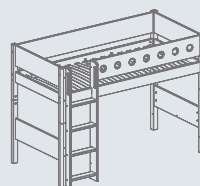

## Junior beds

A junior bed is a great transitional bed for toddlers since it is a smaller version of a single bed. The junior beds are both easy and safe for children to crawl in and out of and they will most certainly LOVE the feeling of having more space to move around.

## Mid-high beds

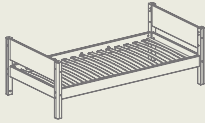

FLEXA mid-high beds are lifted from the ground and are a good middle way between a single bed and a high bed. Perfect for active children from the age of 6 and up. space to move around.

## Semi-high beds

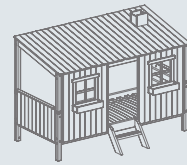

The semi-high beds are slightly taller than the mid-highs and lower than the high beds. We recommend the semi-high beds from the age of 6.

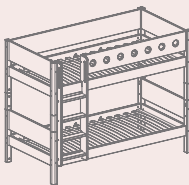

## Single beds

From the age of 3 a single bed can be chosen. Most children will love having a big bed like their parents that offers many new opportunities of play and fun. Safety rails can be added for when the child is still little and then be removed when no longer needed.

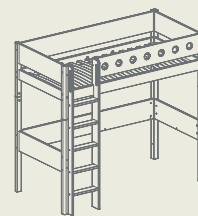

## House beds

A house bed is great for children from the age of 3 who want to add some extra playfulness to their room. Let your child sleep in their own private little house to provide them with a safe, private and fun space for hours of great cuddles.

## Bunk beds

Can you imagine your children bonding over bedtime stories at night and sharing secrets between bunks? A bunk bed is perfect for shared rooms. Smaller children from the age of 3 can sleep in the lower bunk with a safety rail and their bigger siblings from the age of 8 can sleep in the top bunk.

## High beds

As children get older their needs change. From the age of 8 they will be spending way more time playing outside the bed than in it and therefore a high bed can be recommended. FLEXA high beds are 180 cm. tall making space for storage, a desk or a play area underneath.

# ENVIRONMENTAL SUSTAINABILITY PROGRAMME

These are the first initiatives on our journey  
to achieving CO<sub>2</sub> neutrality.

## Certified Wood

We value the environment and use  
only FSC and PEFC certified wood  
in our production.

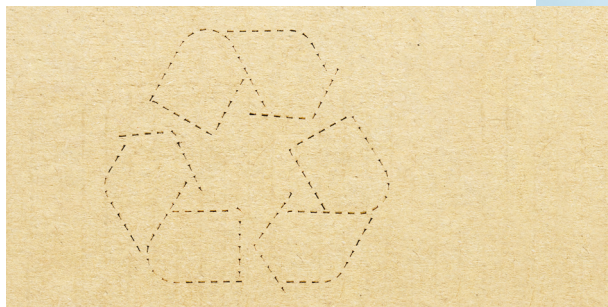

## Recycling Timber

We recycle all waste wood in  
our production and use leftover  
sawdust to heat our factories.

## Sustainable Surface Treatments

We only use safe and healthy surface treatments.

## Recycled Cardboard

We strive to use only recycled package material.

## Reduced Power Consumption

We aim to use only green energy by 2022 in our own production.

## Reducing Our Plastic Footprint

We are out phasing plastics parts and packaging material.

## Supply Chain Sustainability

Our products are packaged to optimize transport in order to ensure a low impact on the environment.

# OUR BRAND VALUES
