ABOUT US

Export Inc is India's premier spices exporter, specializing in premium quality Turmeric, Red chilli, cumin, coriander and all type spices for global markets. With a strong commitment to quality, authenticity, and customer satisfaction, Export Inc has established itself as a trusted name in the global spice industry. Our journey is rooted in India's rich agricultural heritage, where spices are not just ingredients but an essential part of culture and tradition.

We source our spices directly from carefully selected farms across India, ensuring that every product reflects purity, freshness, and natural aroma. Our dedicated quality control team monitors every stage—from procurement to processing and packaging—so that only the finest products reach our customers. By maintaining strict international standards, we ensure that our spices meet the diverse requirements of global markets.

At Export Inc, we understand the importance of consistency and reliability in international trade. That is why we focus on building long-term relationships with our clients by delivering products that meet their expectations every time. Whether it is bulk supply or customized packaging solutions, we are equipped to handle diverse business needs efficiently.

Our product range includes a wide variety of spices such as turmeric known for its vibrant color and health benefits, red chilli that adds bold flavor and heat, cumin with its distinctive aroma, and coriander recognized for its refreshing taste. Along with these, we also deal in a complete range of whole and ground spices to cater to different industries including food processing, retail, and hospitality.
