

Acoustic 0.3

**texdecor**

# ABOUT THE BRAND

# texdecor

The Texdecor group is made of 7 brands specialising in interior decoration. The “savoir-faire” of their design teams covers many different types of product created to enhance your interiors: upholstery fabrics, wallpapers, wallcoverings, interior blinds and decorative acoustic solutions.

The materials represent the essential base for our creations, it enhances them and adds functionality: fine or technical textiles, vinyl or non-woven fibre wallpapers, blackout or thermal blinds, each item is carefully designed or selected to add its uniqueness to each collection.

# ABOUT ACOUSTIC 0.3

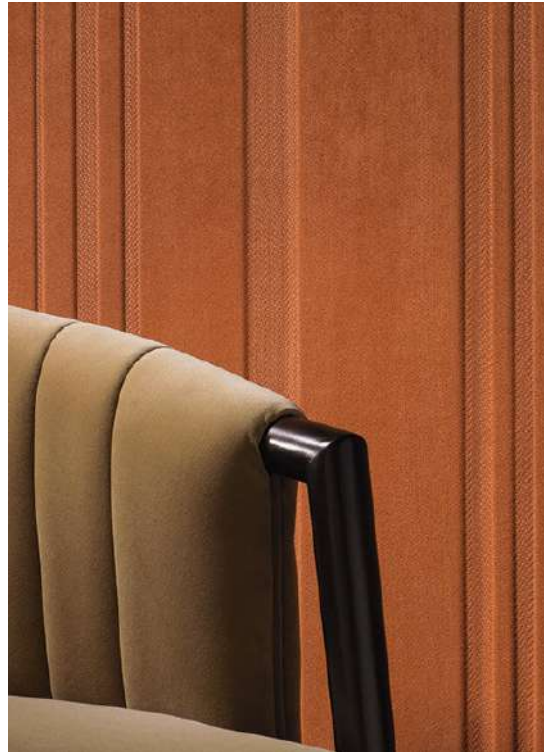

## Acoustic Wallcoverings

This range consists of wall coverings combining acoustic comfort, decoration and ease of use.

Their absorption performance -  $\alpha_w$  0.15 to 0.3 - means they can deal effectively with the resonance problems commonly encountered in different types of establishments which welcome the public, to guarantee compliance and user comfort.
