JUST MBX IT!

- Coating and Scale Removal
- Surface Preparation
- Weld Cleaning
- Texturing Applications
- Decontamination
- Corrosion Removal

## THE MBX BRISTLE BLASTER TECHNOLOGY

The MBX Bristle Blasting System – an innovative surface preparation solution that removes corrosion and generates an anchor profile in a single step. The MBX Bristle Blaster offers distinct advantages over conventional surface preparation methods and will yield superior results – with far less time and effort.

### The MBX Advantage

- Removes corrosion, coatings, mill scale and other contaminants without removing healthy material
- Restores corroded and pitted surfaces to a near white metal or white metal appearance
- Does not grind or polish the metal surface during operation
- Generates anchor profiles ranging from 2.5 to 3.3 mils on hardened steel
- Cleans and profiles quickly with long lasting, safe Bristle Belts
- Suitable for spot repairs as well as larger areas where other process are prohibitive

MBX Bristle Blaster	Specification	Item No.	Retail
	<b>MBX Pneumatic Bristle Blaster Kit</b> MBX Bristle Blaster Pneumatic Tool, 3500 rpm w/ air cooling & noise reduction systems plus: 1 ea 23 & 11mm Housings 5 23mm Carbon Steel Bristle Blasting Belts 5 11mm Carbon Steel Bristle Blasting Belts 1 Dust Intake Attachment 1 Tools Case	USSP-06-02	\$1,499.00
	<b>MBX Electric Bristle Blaster Kit</b> MBX Bristle Blaster Electric Tool, 3200 rpm plus: 1 ea 23 & 11mm Housings 5 23mm Carbon Steel Bristle Blasting Belts 5 11mm Carbon Steel Bristle Blasting Belts 1 Tools Case	USSP-06-02	\$1,379.00
	<b>Carbon Steel Bristle Blasting Belt, 23mm</b> <b>Wire</b> 0.7mm carbon spring steel <b>Tips</b> angled, hardened, sharpened <b>Finish</b> coarse, sandblast-like texture	USBU-110-23	\$32.50
	<b>Carbon Steel Bristle Blasting Belt, 11mm</b> <b>Wire</b> 0.7mm carbon spring steel <b>Tips</b> angled, hardened, sharpened <b>Finish</b> coarse, sandblast-like texture	USBU-110-11	\$32.50
	<b>Stainless Steel Bristle Blasting Belt, 23mm</b> <b>Wire</b> 0.7mm Stainless steel <b>Tips</b> angled, sharpened <b>Finish</b> coarse, sandblast-like texture	USBU-160-23	\$32.50
	<b>Stainless Steel Bristle Blasting Belt, 11mm</b> <b>Wire</b> 0.7mm Stainless steel <b>Tips</b> angled, sharpened <b>Finish</b> coarse, sandblast-like texture	USBU-160-11	\$34.50
	<b>MBX Vinyl Eraser</b> <b>Composition</b> rubber compound <b>Design</b> toothed wheel <b>Finish</b> clean metal, glass, fiberglass with no damage to paint /surface	USZU-010	30.00
	<b>11mm Housing Set</b> Includes screw, washer and wrench. Holds 11mm belts <b>23mm Housing Set</b> Includes screw, washer and wrench. Holds 23mm belts	USAS-009-11 USAS-009-23	\$20.00 \$20.00

Independent testing shows the Bristle Blaster gives a PEAK DENSITY of 20 – 22 peaks per centimeter in comparison to grit blasting which gives a peak density of 23 to 25 peaks per centimeter.
