## LITERACY Kits

Our Literacy Kits were created for use with children from birth to five years old to promote early literacy. Each thematic kit contains a selection of picture books, related literacy activities, and educational props such as puppets, toys and games. Literacy kits are a fun and educational way to bring some of the programs and toys that we have available at the library home with you! Each kit has a theme and an activity that will entertain and educate your child long after you have left the library.
