EVENT THEME

Timeless Tales

Stories endure. Across generations and cultures, the power of storytelling remains constant, shaping history, preserving voices, and captivating audiences for centuries. The 18th annual WriterCon, held at the historic Skirvin Hotel in Oklahoma City, embraces this enduring magic with the theme "Timeless Tales."

This year, we explore the craft of writing stories that transcend time, whether through classic storytelling techniques, innovative adaptations, or the reinvention of familiar narratives for new audiences. From historical fiction to speculative futures, memoir to myth, this gathering of writers, editors, publishers, and industry experts will equip attendees with the tools to craft narratives that resonate across eras.

ADDITIONAL DETAILS

Writers can skyrocket their careers now, if they have the knowledge they need to succeed. WriterCon has a long history of helping writers obtain the expertise they need to achieve their dreams. The conference's mission is to make sure the attendees get the support they need to get their work published and advance in their careers.
