ADDING VALUE THROUGH TRUE CLIENT PARTNERSHIPS

MAPPING & PIPELINING

Our systems and processes track the skills, experience and abilities of candidates in our network to ensure we always provide a consistent flow of traditionally 'hard to source' applicants for our clients' vacancies.

COMPETITOR ANALYSIS

We complete regular analysis on competitor salaries, team structures, job roles and hiring processes (including interview questioning and testing) to provide relevant, consultative advice to our clients.

CANDIDATE EVALUATION

The detailed screening and competency questioning we use to evaluate candidates' skills and experience is submitted alongside applications to give our clients confidence in inviting our candidates to interview.

DIVERSITY & INCLUSION

D&I is of utmost importance in our line of business, so all our consultants receive training and are tested to guarantee we are not only treating people fairly but also promoting inclusion.

ASSESSMENT

We host and manage full client evaluation panel assessment centres in all European cities, offering greater flexibility to our clients, especially for those planning to relocate or set up satellite offices.

MARKET INTELLIGENCE

Continuously analysing the markets in which we operate allows us to identify external factors which may affect our clients and the people they look to hire so we can act in anticipation of market changes rather than reacting retrospectively.

GLOBAL PARTNERS

PETER APLIN

UK Procurement Practice Lead

COMMERCIAL STRATEGY & DELIVERY | FINANCE |

I am the trusted recruitment partner for organisations seeking top procurement talent across Financial Services and Commerce & Industry. Since joining 1st Executive in June 2024, I have led the UK practices in indirect procurement, supplier/vendor management, and third-party risk management, consistently delivering high-impact hires across both interim and permanent markets.

With over 21 years' experience, I combine deep sector knowledge with a proven track record of building and scaling recruitment practices that consistently outperform expectations.

CAREER HIGHLIGHTS

I previously led the TMT, Retail, Travel, Leisure & Hospitality Procurement Practice at Investigo and spent 15 years at Beaumont Select, driving double-digit growth and founding the Interim Practice - scaling it into one of the UK's leading suppliers of procurement talent to Financial Services, managing around 85 contractors annually between 2007-2019.

At 1st Executive, I partner with senior stakeholders to deliver talent across mandates ranging from £50,000–£165,000 and interim day rates of £450–£950. Known for building long-

term relationships, I make it a priority to meet clients and candidates face to face whenever possible, a practice I credit as a key factor in my sustained success and 80%+ repeat business rate.

EXPERTISE & IMPACT

- 20+ years' procurement recruitment expertise across interim and permanent markets
- Specialist in Financial Services, Commerce & Industry, indirect procurement, and supplier/vendor risk
- Proven ability to scale interim practices and deliver high-value, niche hires
- Strong client networks; trusted advisor to blue-chip, SME, and regulated-sector organisations

PERSONAL NOTE

With a degree in French from The University of Nottingham that was only really used during a couple of ski seasons as an Overseas Representative in the French Alps, I found my niche in and passion for Procurement recruitment and never looked back!

I also enjoy tennis, walking with my family and Golden Retriever Cooper, and keeping fit. A passionate foodie, I often support my local independent wine shop.

WHY ME...

- 20+ years' procurement recruitment expertise with 80%+ repeat business
- Proven leader in scaling interim practices and delivering high-value, niche hires
- Increasingly delivering successful permanent mandates, reflecting market shifts
- Strong personal engagement: meets clients and candidates face to face whenever possible - a key part of his success over many years
