WHY DigiSmile Next

Dentistry is changing faster than textbooks. Digital workflows, AI-assisted imaging, and technology-led patient trust are now part of real clinics. Digi Smile Next is built for Dental undergraduate and postgraduate students who are close to practice decisions.

What students truly need (and this conference delivers)

What to learn now to be practice-ready in the next 12 months	What to adopt now vs later (avoid costly mistakes)
How to plan digital dentistry ethically and intelligently	How to communicate and build patient trust with modern workflows

WHO SHOULD ATTEND?

- **Interns preparing for practice** or seeking career clarity
- **MDS PG students** (all years; especially final-year PGs planning clinic setup)
- **Students interested in:** Prosthodontics, Implants, Radiology, CAD-CAM, Scanning, 3D Printing, AI

What students truly need (and this conference delivers)

Clear understanding of digital workflows	Confidence in equipment planning and ROI thinking
Practical exposure through Experience Zone rotations	Stronger clinical decision-making and patient communication

About the Indian Dental Association (IDA)

IDA is the largest and most representative professional body of dentists in India, committed to:

- Advancing dental education & research
- Promoting ethical, evidence-based dental practice
- Supporting students and young professionals through academic initiatives
- Driving innovation and global collaboration in dentistry.

For Any Queries, Contact: +91 98211 84441, +91 84483 98852

AGENDA

DAY 1
FOUNDATIONS OF DIGITAL DENTISTRY

SESSION 01

- The Know-How of Digital Dentistry — Digital workflows from diagnosis to execution
- How to Start a Digital Dental Practice — Financial planning, ROI logic, smart equipment selection & budgeting.

10:00 AM

SESSION 02

- Digital Scanners (IOS) — Intraoral scanners: Introduction, accuracy, applications & workflow demonstrations, troubleshooting common errors.

12:10 PM

SESSION 03

- Artificial Intelligence in Dentistry — AI in diagnosis, treatment planning & patient communication (what's real vs hype).
- Digital Radiological Applications

02:30 PM

SESSION 04

- Digital Implant Workflow Bootcamp: Diagnosis to Delivery
- Digital Implant Planning & Surgical Guides: Beginner-Friendly

04:30 PM

CAD CAM Workflow & Digital Radiology Hands-on Workshops

CAD/CAM hands-on: Scan, design, and mill restorations; students practice complete workflow.

Radiology hands-on: Capture RVG/OPG/CBCT images; interpret basics; plan cases interactively.

Pre-included with the Price of Registration

For Any Queries, Contact: +91 98211 84441, +91 84483 98852

DAY 2
ADVANCED DIGITAL APPLICATIONS

AGENDA

SESSION 01

- Digital Prosthodontics — CAD-CAM crowns/bridges, practical integration. Everything you need to know to run your own Lab
- Scan Strategy: Single Tooth vs Full arch

10:00 AM

SESSION 02

- 3D Printing in Dentistry — Models, surgical guides, prosthetics: what's useful now + future scope.
- Digital Orthodontic Applications

12:10 PM

SESSION 03

- Digital Smile Designing: smile proportions, patient communication, mock-ups, interdisciplinary planning, predictable esthetic outcomes.
- Digital Endodontic Applications

02:30 PM

SESSION 04

- Practice Management Tools
- Career Prospects in Digital Dentistry

04:30 PM

CAD CAM Workflow & Digital Radiology Hands-on Workshops

CAD/CAM hands-on: Scan, design, and mill restorations; students practice complete workflow.
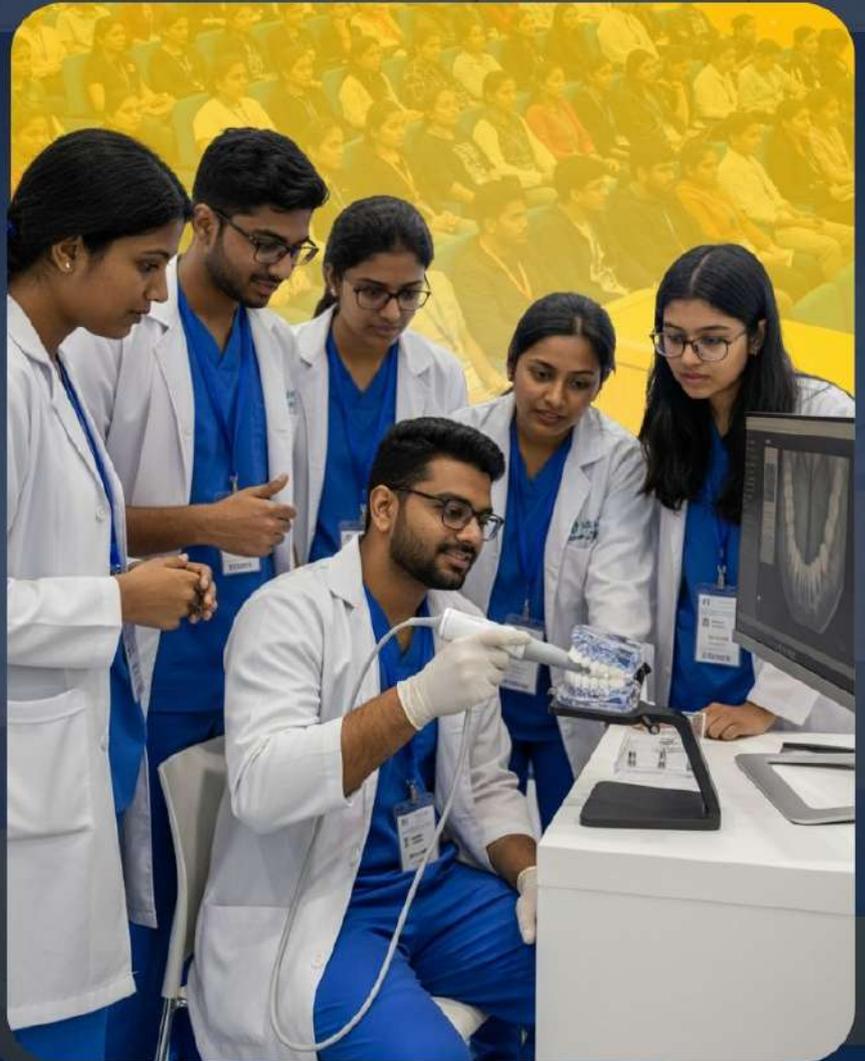

Radiology hands-on: Capture RVG/OPG/CBCT images; interpret basics; plan cases interactively.

Pre-included with the Price of Registration

For Any Queries, Contact: +91 98211 84441, +91 84483 98852

DIGITAL DENTISTRY EXPERIENCE ZONE

A guided, student-friendly zone designed to turn curiosity into clarity—experience the workflow, not just theory.

Guided Learning Rotations
(examples)

AI Imaging Orientation:
What to observe in RVG/OPG/CBCT and how AI supports interpretation

Intraoral Scanning Station:
capture → review → clinical use

CAD/CAM Workflow Orientation:
Design logic + output understanding

3D Printing Station:
models/guides/prototypes overview

Clinic Start Roadmap Desk:
Everything you need to know to get your clinic running.

Activities & Highlights

Interactive Hands-on Courses by Expert Faculty

Student-friendly Q&A and Practical Problem Solving guidance

Paper/Poster presentations

Experience Zone rotations have limited capacity. Priority access is reserved for early confirmed registrations.

For Any Queries, Contact: +91 98211 84441, +91 84483 98852

SPEAKERS & FACULTY (2026)

Some of the most in-demand clinicians are being scheduled with IDA HO. The next set of speaker names will be unlocked only for registered delegates.

Dr. Prashant Bhasin

Dr. Sagar Abichandani

Dr. Dhruv Arora

Dr. Sanjay Jain

Dr. Mayank Doshi

Dr. Divij Khullar

Dr. Vijay Viraj

Dr. Uday Sabherwal

Dr. Sahil Mustafa Kidwai

- The speaker you want to learn from will be revealed inside your confirmation kit.
- Our final faculty reveal is designed for confirmed delegates only.
- If you wait, you may miss the names everyone will talk about after the event.

For Any Queries, Contact: +91 98211 84441, +91 84483 98852

TECHNOLOGY & EXPERIENCE PARTNER

UNICORN DENMART LTD

Building Future Ready Dentistry

For over 31+ years, Unicorn Denmart has supported the evolution of Indian dentistry—helping clinicians and institutions adopt better technology, stronger workflows, and dependable post-sales support. This partnership with IDA Head Office for Digi Smile Next is driven by one belief: students should learn with clarity, not confusion—experience, not assumptions.

Why dentists trust Unicorn Denmart Since 1994

40+ Global Brands under one roof

125+ expert service engineers

110+ expert sales professionals

Pan-India Showrooms & Distributors

Known for long-term clinic success

Scale of Impact in Indian Dentistry

- 5,00,000+ products installed & supplied
- 1,50,000+ happy customers
- Trusted by government institutions, leading dental chains, colleges, hospitals, and private clinics
- Supporting clinics from first chair setup to advanced digital dentistry ecosystems

What Unicorn brings to Digi Smile Next (Education-first)

- Guided exposure to digital workflows (scan → plan → execute) in the Experience Zone
- Learning-focused stations for IOS, CAD/CAM, 3D printing, and digital imaging orientation
- Training-driven adoption culture supported by service readiness

Product Portfolio — From Basics to Advanced

- Dental chairs & operatory systems
- Digital Radiology (RVG | OPG | CBCT)
- Intraoral Scanners (IOS)
- CAD/CAM solutions
- 3D printing workflows
- Clinical set-up & advanced equipment
