# ABOUT US

**Nature Green Industries is a Kolkata-based agri-export company dedicated to delivering natural, sustainable, and eco-friendly products worldwide. Established in 2023, we specialize in Green Coconuts, Husked Coconuts, Vermicompost, Biocharcoal, and Rice Bran Oil.**

**Our products are sourced directly from trusted Indian farms and processed under strict quality control to maintain freshness and purity. Certified by FSSAI and the Kolkata Municipal Corporation, we ensure every product meets both domestic and international standards.**

**At Nature Green Industries, we believe in growing with nature – our focus lies in sustainability, organic production, and responsible trade practices. With a growing export presence in markets like the UAE, Bangladesh, Nepal, and Sri Lanka, we aim to represent India's agricultural excellence globally.**
