DESIGN

Clad in rich walnut burl wood and accented with sleek half-round metal trims, the Gangnam Club exudes a sophisticated allure, enhanced by deep glossy reds and maroons. This intimate space grants private access to an exclusive collection of rare spirits, curated tasting menus, and bespoke programming designed for the discerning connoisseur.

Layered mirror installations reflect the artistry of hand-painted De Gournay wall coverings, where ancient dwarf trees intertwine with shimmering iridescent gold, infusing the room with both opulence and depth.

Above, AvroKO-designed chandeliers hang beneath a brass-tiled cove, their radiating brass fins inspired by industrial heat sinks. A luminous core and delicate hanging beads soften the bold, mechanical design, creating a space both striking and inviting.
