REFABRICATION AND
MATTRESS FILLING

01

UNDERSTANDING THE CLIENT'S VISION

Bespoke furniture begins with understanding your needs, refined through sketches and renderings to balance function and style.

02

MATERIAL SELECTION: THE FOUNDATION OF QUALITY

After finalizing the design, we carefully select materials—from frames to fabrics—to ensure durability, sustainability, and timeless elegance.

03

THE CRAFTING PROCESS: BRINGING DESIGN TO LIFE

In Semarang, Indonesia, our skilled artisans combine traditional techniques with modern technology to bring each design to life with exceptional quality and craftsmanship.

04

THE RESULT: TIMELESS, TAILORED OUTDOOR FURNITURE

At Urban Rattan Furniture, we create pieces where function meets artistry, brought to life by our dedicated and skilled manufacturing team.

About Our Sunbeds and Daybeds

Our sunbeds are masterfully crafted in our factory in Indonesia, where skilled artisans combine expertise with premium materials to create pieces built for both comfort and style. Each frame is made from **Grade A+ teakwood or rust-resistant aluminum, then elevated with handwoven rope or natural and synthetic rattan** — materials chosen for their durability, beauty, and ability to withstand the elements.

Designed with multiple reclining positions, our sunbeds are tailored for ultimate relaxation, whether poolside, on the patio, or in a garden retreat. Modern and stylish in design, they strike the perfect balance between function and elegance. With a diverse collection that complements a wide range of outdoor spaces, our sunbeds are more than just furniture — they are enduring investments in comfort, craftsmanship, and timeless appeal.

Outdoor Furniture Care Tips:

While our outdoor furniture is designed to be weatherproof and durable, it's important to remember that weatherproof doesn't mean unbreakable. To keep your pieces looking great and lasting a lifetime, follow these simple steps:

- 1 Regularly dust or wipe rattan and synthetic rattan with a soft cloth or brush to protect the weave.
- 2 Clean teakwood occasionally with mild soap and water; avoid harsh chemicals to preserve its natural finish.
- 3 Rinse aluminum frames periodically to remove dust, salt, and dirt buildup.
- 4 Use weatherproof fabric cushions, but store them in a dry place during extended bad weather or when not in use.
- 5 Cover your furniture when not in use to protect against dust, fading, and dirt buildup.
